LETTER OF UNDERSTANDING - RE: ATTENDANCE MANAGEMENT 26

ARTICLE 1 - PURPOSE & RECOGNITION

- 1.01 The general purpose of this Agreement is to maintain mutually satisfactory employment relations between the Employer and the Association. It provides means for the settlement of grievances and for the final settlement of disputes. Salaries, hours of work and other conditions of employment are hereby established by mutual agreement. It is recognized that Nurses wish to work co-operatively with the Employer to provide the best possible community health services.
- 1.02 The Employer recognizes the Association as the exclusive bargaining agent for all registered and graduate nurses and registered practical nurses, employed by the Employer on a full time or regular part time basis, save and except Supervisors of Nurses and all other persons above the rank of Supervisor of Nurses.
- 1.03 Nurses shall not be required or permitted to make any written or verbal agreement with the Employer which conflicts with the terms of this Collective Agreement.

ARTICLE 2 - REPRESENTATION AND ASSOCIATION SECURITY

- 2.01 In this Agreement:
- (a) "Nurse" shall mean a Registered Nurse, a Public Health Nurse, or a Registered Practical Nurse covered by this Agreement.
 - (b) "Full time Nurse" shall mean a Nurse who normally works thirty five (35) hours over a five (5) day week, Mondays through Fridays, exclusive of lunch periods.
 - (c) A Nurse shall be considered a part time Nurse if regularly assigned to work less than thirty-five (35) hours per week. A part time Nurse who regularly works less than seventeen and one half (17 ½) hours per week shall not be entitled to any benefits set out in Article 11, 14, 15 (except Article 15.02) and in lieu shall be paid a premium equivalent to twelve (12%) percent. A part time Nurse who is regularly assigned to work more than seventeen and one half (17 ½) hours or more per week shall be entitled to all benefits set out in Article 11, 14 and 15 on a pro-rata basis. A part time Nurses' entitlement to such benefits shall be calculated as a percentage that the part time Nurse's regular assigned hours of work per week compares to thirty-five (35) hours per week.
 - (d) A Nurse, who is not a member of the bargaining unit hired on a contract basis, or to replace a full time or part time Nurse who is absent because of vacation, illness, accident or any leave of absence, shall be considered as temporary and such temporary Nurse shall not be entitled to any of the benefits set out in Article 11, 14 and 15 and in lieu thereof shall be paid a premium equivalent to twelve percent (12%).
 - (e) A part time Nurse whose hours are temporarily increased to full time to replace a full time Nurse who is absent because of vacation, illness, accident or leave of absence, shall retain part time status.

- (f) Except with prior discussion and agreement by the Association, Supervisors excluded from the bargaining unit shall not perform duties normally performed by Nurses in the bargaining unit which shall directly cause or result in the layoff, loss of seniority or service, or reduction in benefits to Nurses in the bargaining unit.

ARTICLE 3 - RELATIONSHIP

- 3.01 The Employer and the Association agree that there shall be no discrimination against any Nurse within the meaning of the Ontario Human Rights Code of Ontario, as amended from time to time.
- 3.02 The Employer and the Association agree that there will be no discrimination, interference, restriction or coercion exercised or practised by any of its representatives with respect to any Nurse because of her membership activities on behalf of the Association or non-membership in the Association.

ARTICLE 4 - NO STRIKE, NO LOCK-OUT

- 4.01 So long as this Agreement continues to operate there shall be no strikes and the Association will not declare, authorize, support, counsel, encourage or condone a strike or other stoppage of work, and there shall be no lock-outs.

ARTICLE 5 - ASSOCIATION SECURITY

- 5.01 The Employer will deduct from the pay due to each Nurse who is covered by this Agreement in the first pay period of each month, a sum equal to the regular monthly Association dues of such Nurse. The Association shall notify the Employer in writing of the amount of such dues from time to time. The Employer will send to the Ontario Nurses' Association once each month its cheque for the dues deducted along with a list which shall contain the names of the Nurse from whom such deductions have been made and Social Insurance Numbers. The Association shall indemnify and save the Employer harmless with respect to any liability for all dues so deducted and remitted.
- 5.02 During the orientation period, an officer of the Local Association shall be allowed twenty (20) minutes within regular working hours to interview newly hired Nurses in order to discuss with them the benefits and duties of Association membership and responsibilities to the Association and the Employer. During such interview, membership forms may be provided to the Nurse.

ARTICLE 6 - REPRESENTATION

- 6.01 For the purposes of administration of this Agreement, all references to officers, representatives, and committee members of the Association in this Agreement shall be deemed to mean officers, representatives, and committee members of the Association's duly chartered local, namely: Local 31 - Ontario Nurses' Association. Meetings shall be held on a regular basis, no less than twice (2 times) per year. The function of this Committee shall be to discuss matters of mutual concern including workload and the quality of nursing care and will be a means for both parties to communicate and share ideas. Meetings will be preset at the beginning of each year. The Chief Nursing officer (or designate) will be a member of this committee.
- (d) Representatives and consultants outside the employ of the Employer may attend any of these meetings if so requested by either party.
- (e) The Employer further agrees that Association representatives shall suffer no reduction in regular earnings as a result of any meetings with management.
- (f) There shall be no more than one (1) Nurse from any one sub-office of the Health Unit, except Belleville, selected by the Association to serve on any committee outlined in sub-clause (a) or (b) or (c) above.

- (g) The parties recommend and encourage any employee who may have a harassment or discrimination complaint to follow the complaints process as set out in the employer's harassment policies and process.
- (h) In recognizing the importance of a harassment free environment, the employer and the union will review employer policies and processes with respect to harassment with the employee during her or his orientation period.

ARTICLE 7 - GRIEVANCE AND ARBITRATION

7.01 Grievance Procedure

The parties to this Agreement believe that it is important to adjust complaints and grievances as quickly as possible. Notwithstanding the provisions contained in this Article, any Nurse and/or the Association may present a complaint at any time without recourse to the formal written procedure described herein.

- 7.02 In the event of a complaint by a Nurse covered by this Agreement that the Nurse has been discriminated against or discharged or disciplined without just cause or has been otherwise dealt with unjustly the Nurse may file a grievance against the Employer. All grievances shall be in writing and shall contain a statement of facts giving rise to the grievance. Each grievance shall be filed in accordance with the procedure outlined in this Article within ten (10) working days from the occurrence of the circumstances which gave rise to it. The following shall be the procedure in processing and handling grievances.

Step 1

The Nurse and/or a representative of the Association shall take the matter up with the Nurse's Director who shall give a decision in writing within five (5) working days of receipt of the grievance.

Step 2

If the grievance is not settled at Step 1, the Nurse and/or a representative of the Association may, within ten (10) working days of the date of receiving the answer of the Director (or if no answer is received under Step 1 within ten (10) working days after such answer ought to have been received) refer the grievance to the Medical Officer of Health or the nominee of the Medical Officer of Health and that officer shall give a decision in writing within five (5) working days of receipt of the grievance. Prior to the Medical Officer of Health or designate providing an answer hereunder, there shall be a meeting between the Employer and the Association at which an Employment Relations Officer from the Association shall attend in order to discuss and attempt to resolve the grievance.

Note: Any of the time allowances provided above may be extended by mutual agreement between the parties.

- 7.03 The Employer will pay such Association representatives at their respective salaries for all regular time lost in the investigation or processing of grievances.
- 7.04 In the event that a Nurse is suspended or discharged and it is considered that an injustice has been done, the matter may be taken up as a grievance at Step 2 of the Grievance Procedure.
- 7.05 Policy Grievance
- This shall be defined as a grievance arising directly between the Employer and the Association, of a matter which could not have been raised by an individual Nurse and which concerns the interpretation, application, administration or alleged violation of this Collective Agreement. This grievance shall proceed directly to Step 2.
- 7.06 It is understood that the Employer may submit to the Association any complaint with respect to the conduct of the Association, its officers or members, or any complaint that a contractual obligation undertaken by the Association in this Agreement has been violated.
- Such complaints, if not resolved by discussion, shall be reduced to writing and delivered or forwarded to the local President of the Association, where upon it shall be discussed at Step 2 of the Grievance Procedure. Failing a satisfactory settlement within ten (10) working days after the meeting at Step 2, the Employer may refer the matter to arbitration in accordance with the arbitration procedures herein.
- 7.07 Arbitration
- Where a difference arises between the parties relating to the interpretation, application or administration of this Agreement, including any question as to whether a matter is arbitrable, or where an allegation is made that this Agreement has been violated, either of the parties may, after exhausting the Grievance Procedure established by this Agreement, notify the other party in writing of its desire to submit the difference or allegation to arbitration and the notice shall contain the name of the first party's appointee to an Arbitration Board. The recipient of the notice shall within five (5) days inform the other party of the name of its appointee to the Arbitration Board. The two (2) appointees so selected shall, within five (5) days of the appointment of the second of them, appoint a third (3rd) person who shall be the Chairman. If the recipient of the notice fails to appoint an Arbitrator, or if the two (2) appointees fail to agree upon a Chairman within the time limit, the appointment shall be made by the Minister of Labour of the Province of Ontario upon the request of either party. The Arbitration Board shall hear and determine the difference or allegation and shall issue a decision, and the decision shall be final and binding upon the parties and upon any Nurse affected by it. The decision of the majority is the decision of the Arbitration Board, but if there is no majority the decision of the Chairman governs.
- 7.08 The Arbitration Board shall not have any authority to alter or change any of the provisions of this Agreement or to substitute any new provision in lieu thereof, or to give any decision contrary to the express intent or terms and conditions of this Agreement, or in any way modify, add to or detract from any provision of this Agreement. Each of the parties to this Agreement will pay the fees and

disbursements of its appointee to the Arbitration Board, and will share equally the fees and disbursements of the Chairman.

- 7.09 Notwithstanding any other provisions of this Agreement grievances may be settled by confirming the Employer's action or by any other arrangement which is just and equitable in the opinion of the parties or the Board of Arbitration.

ARTICLE 8 - PERSONNEL FILE

- 8.01 In the event that it is deemed necessary by the Health Unit to censure a Nurse by way of written warning, the Health Unit shall provide the Nurse with a copy of the written warning. If requested by the Nurse, a copy of the written warning will be forwarded to the Nurse's Representative. A written warning to a Nurse will be removed from the Nurse's file if no other disciplinary action is taken against the Nurse for a period of eighteen (18) months from the date of the written warning or censure. If the Nurse is on an approved leave of absence for greater than two (2) months such time will not be counted towards the 18 month period. In the event that such written warning is removed, in accordance with this provision, from the Nurse's record, it shall not thereafter be used against the Nurse.
- 8.02 A copy of any completed evaluation which is placed in a Nurse's file shall first be reviewed with the Nurse. The Nurse shall initial such evaluation as having been read, and shall have the opportunity to add the Nurse's views, in writing, to such evaluation prior to it being placed in the Nurse's personnel file. A copy of the evaluation will be provided to the Nurse at her request.
- 8.03 Upon written request, Nurses shall have a reasonable opportunity to review their personnel file in the presence of the Human Resources Manager or designate at a mutually agreed time.

ARTICLE 9 - SENIORITY

- 9.01 For all provisions of this Agreement, seniority shall commence and accumulate from the date on which a Nurse was first employed by the Employer. A regular part-time Nurse shall accumulate seniority in accordance with the number of days worked since date of hire such that two hundred (200) full days worked is equivalent to one (1) year's seniority. Temporary Nurses who are retained on any permanent service after the expiry of their temporary period of employment, or who are retained for a period of more than thirteen (13) continuous months in the same position and work assignment without posting or competition shall acquire seniority and have their seniority dated back to the date upon which they commenced temporary employment as defined in Article 2.01(d).

Temporary Nurses may be retained on further service as Temporary Nurses after the expiry of their temporary period of employment if they are further retained on a contract basis in a position and work assignment that is posted and competed for under Article 9.06. In such case the Nurse shall remain a Temporary Nurse and shall not acquire seniority while employed on a contract basis.

- 9.02 A consolidated Seniority List of Nurses (as defined by Article 2.01(a)) showing each Nurse's name and professional category shall be posted on the bulletin board in each office in a conspicuous place on the Employer's premises and shall be

revised every six (6) months. Complaints concerning the accuracy of such lists will be considered within fifteen (15) days of posting and if no complaint is received within that time such lists shall be presumed to be accurate. A copy of such lists will be sent to the Association at the time of posting.

- 9.03 A newly hired Nurse shall be considered probationary until the Nurse has completed three (3) continuous months of service after which her name will be placed on the requisite Seniority List and her seniority shall date back to the date of employment. Where the Employer wishes to extend the probationary period, the Employer will provide notice to the Union at least seven (7) calendar days prior to the expected date of expiration of the original probationary period. It is understood and agreed that any extension to the probationary period will not exceed an additional three (3) months. The Employer will advise the Nurse and the Union of the basis of such extension and provide feedback to the Nurse as to areas requiring improvement. The termination of a probationary Nurse shall be at the discretion of the Employer.
- 9.04 Seniority shall be the determining factor in matters of promotions and transfers, provided Nurses who are affected have the professional skill, ability, qualifications, capability and related experience to do the work in question. Transfers shall include change in geographic location, nature of work, and transfers from full time to part time employment and vice-versa.
- 9.05 (a) In all cases where there is a reduction of the workload, such that there is a surplus of Nurses actively employed in the bargaining unit, the Employer shall lay off Nurses within their professional category on the basis of seniority, provided that probationary nurses shall be laid off first and the most junior nurses shall be laid off thereafter. The Nurses remaining after such layoff shall be willing, capable and qualified to perform the available work.
- A Nurse in a redundant position may exercise their seniority to first bump a junior Nurse in any classification provided s/he has the skill, ability and qualifications to perform the job after a familiarization period.
- A nurse displaced by bumping may in turn exercise their seniority as above.
- A nurse in a job share arrangement may reclaim their entire job before exercising their bumping rights under this Article.
- A displaced part time Nurse may exercise their seniority to bump a junior Nurse provided they assume the full time position held by that Nurse.
- (b) In the event of a pending layoff of a permanent or long term nature, the employer will:
- i) Provide the union with thirty (30) calendar days' notice of layoff;
 - ii) Meet with the Local Association and the Labour Relations Office for discussions regarding impending layoffs. The requirement to hold this meeting may not delay the implementation of the layoff;

- iii) Provide no less than thirty (30) calendar days' notice of layoff to the individual nurse(s) or pay in lieu thereof. Such notice may run concurrently with the notice to the Union.
- (c) Nurses shall be recalled to positions in the bargaining unit in the reverse order of layoff provided they are willing, capable and qualified to perform the available work.
- (d) All Nurses who are on layoff will be given job opportunities in the bargaining unit before any new Nurse is hired into the bargaining unit provided the seniority provisions of Article 9.08 are met.
- (e) In the event of a layoff being considered, the Employer agrees to meet with the Association as soon as practical thereafter to discuss the details of the layoff and to consider suggestions from the Association.
- 9.06 (a) When a position covered by this agreement becomes vacant and where the employer intends to fill the vacancy, the Employer will post for a period of seven (7) working days via an electronic notice. The notice will contain a link to the job description in the posting, and the geographic location of the vacancy. Any Nurse who wishes to be considered for the positions so posted shall submit to the Employer, written application for the vacancy and not after seven (7) working days from the date on which the notice of vacancy was first posted. Each application shall set forth the applicant's qualifications, training and related experience in the work in question.
- (b) In filling any vacancy under this Article 9.06, the provisions of Article 9.04 and 9.05 shall apply.
- (c) A Nurse may make a written request for transfer by filing a request for transfer with the Human Resources Manager including a resume indicating name, qualifications, experience, present area of assignment, seniority and requested area of assignment. A Request for Transfer shall become active as of the date it is received by the Employer and shall remain so until December 31st of that year. Such requests will be considered as applications for posted vacancies and subsequent vacancies created by the filling of a posted vacancy.
- (d) Where vacancies posted in accordance with Article 9.06 (a) are not filled by an internal applicant the Employer will give consideration to applications submitted by Temporary Nurses prior to giving consideration to external applicants.
- 9.07 Except with the Employer's prior agreement in writing, a Nurse who has successfully applied for any position under this Article shall not be entitled to apply for any posted position for six (6) months from the date of the Nurse's successful application. This provision shall have no application to a part time Nurse who applies for any position which provides for greater hours of work or a Nurse who wishes to apply for a position which would result in a change in geographical area.
- 9.08 Seniority rights of a Nurse shall cease and the Nurse's employment shall be terminated if the Nurse:

- (a) resigns;
- (b) is discharged and not reinstated;
- (c) is absent from work for more than three (3) consecutive scheduled working days without notifying the Employer and providing a reason. This provision may be waived by mutual consent of the parties;
- (d) is laid off and not recalled to work within a period of twelve (12) months from the date of lay-off;
- (e) after having been laid off for less than twelve (12) months fails, within five (5) days after notice of recall has been sent to the Nurse by the Employer by registered mail to the last address of the Nurse which the Employer has on record, to notify the Employer of the Nurse's intention to return to work or subsequently fails to return to work within ten (10) days after such notice was sent;
- (f) is absent from work due to illness for more than twelve (12) months, or until the Nurse's short term disability benefits pursuant to Article 11.01 are exhausted, whichever period of time shall be the longer or if the Nurse is accepted for Long Term Disability by the insurer in which case seniority rights will continue until the end of the period defined by the "own occupation" clause of the insurer's contract; provided that such period may be extended in an individual case by agreement between the Employer and the Association.

9.09 The promotion or transfer of a Nurse to positions outside the bargaining unit is not covered by this Agreement. However, any Nurse who is transferred to a temporary position outside the bargaining unit and who returns to her position in the bargaining unit within nineteen (19) months or such longer period as may be agreed shall be credited, on return, with the seniority held at the time of the original transfer outside the unit. No credit shall be given for seniority purposes for time spent in a position not subject to this Agreement.

ARTICLE 10 - LEAVES OF ABSENCE

10.01 Requests for leaves of absence without pay for personal reasons will be considered on an individual basis by the Nurse's Director. Such requests are to be made as far in advance as possible and the Director will reply in writing except in cases of emergency. Seniority shall be accumulated for the first thirty (30) days of such leave.

10.02 When the Association wishes to have a Nurse attend a convention of the Association or where a Nurse is elected to a Provincial office of the Association, notice shall be given to the Employer advising of the name of the Nurse concerned and the length of the leave of absence required. The Employer will consider, and in its discretion, may grant any such leave of absence, having regard to the then current staff requirements in the Health Unit. Any such leave of absence shall be without pay and without loss of seniority.

- 10.03 (a) Two (2) Nurses will be granted a minimum of one (1) day's leave of absence with pay to attend the annual meetings of the Registered Nurses' Association of Ontario.
- (b) A Nurse who is appointed to represent the Association at the biennial meeting of the Canadian Nurses' Association will be given leave of absence with pay for a minimum of three (3) working days.
- 10.04 Notwithstanding the above, Nurses will be granted flexibility to distribute their bereavement leave over two (2) occasions within a twelve (12) month period.
- 10.05 In the case of the death of a member of a Nurse's immediate family (sibling, parent-in-law, sibling-in-law, child-in-law, grandchild or grandparent) the Nurse will be granted a maximum of three (3) working days' leave of absence with pay. This leave may be extended by the Employer in a particular case provided that such extended leave shall be without pay.
- In the case of death of a Nurse's child, stepchild, spouse, common-law spouse, same sex partner, parent, or step-parent, leave will be for five (5) working days.
- For the purposes of this Article, parent shall mean a person who has demonstrated a settled intention to treat the Nurse as a child.
- 10.06 A Nurse who is subpoenaed as a witness or juror will receive pay for those days of the Nurses' regular schedule during which the Nurse is required to be absent by virtue of such subpoena. The amount of such pay will be that which together with witness or jury pay, less expenses, equals what the Nurse would have received for a normal schedule had the Nurse worked.
- 10.07 Family Responsibilities Leave
- (a) A Nurse shall be granted up to four (4) personal days per calendar year to take care of their personal and family commitments. Three (3) days of such time may be taken in a minimum of two-hour blocks and one day may be take in a minimum of one-hour blocks. Employees requesting such leave shall notify their supervisor as far in advance as possible.
- (b) The Employer will not unreasonably refuse any additional requests for Family leave without pay.
- 10.08 (a) Upon written request by a Nurse who has been employed by the Health Unit for at least thirteen (13) weeks prior to the expected birth date, a leave of absence without pay but with accumulation of seniority shall be granted for pregnancy or parental leave for up to eighteen (18) months. The Nurse returning to work after pregnancy or parental leave shall provide the Employer with at least two (2) weeks notice. Upon return from pregnancy or parental leave, the Nurse will be placed in a position consistent with the seniority provisions of this Agreement. In the event that the leave is longer than thirty-five (35) weeks, the Employer may fill the Nurse's position but at the end of the leave of absence, the Nurse will be offered the first vacancy in the Nurse's geographic area and classification.
- (b) Any leave of absence under this provision shall be with accumulation of seniority to a maximum of eighteen (18) months. A doctor's certificate, or

confirmation from the Adoption Agency, confirming the anticipated date of delivery or adoption must accompany the written request for maternity or adoption leave. Such requests must be made with as much notice as possible.

- (c) Nothing in this clause shall prevent the Employer from requiring a pregnant Nurse from taking a leave of absence earlier than noted in (a) above, if it is considered that her condition constitutes a hazard to herself or prohibits her from performing the normal requirements of her work unless she is able to produce a medical certificate otherwise.
- (d) On confirmation by the Employment Insurance Commission of the appropriateness of the Employer's Supplemental Employment Benefit (S.E.B.) Plan, a Nurse who is on maternity leave as provided under this agreement who is in receipt of Employment Insurance Pregnancy Benefits pursuant to Section 18 of the *Employment Insurance Act*, 1971, shall be paid a Supplemental Employment Benefit. Effective for pregnancy and parental leaves commencing after ratification that benefit will be equivalent to the difference between eighty percent (80%) of her regular weekly earnings and the sum of her weekly Employment Insurance Benefits and any other earnings. Such payment shall commence following the completion of the one (1) week Employment Insurance waiting period, and receipt by the Employer of the Nurse's Employment Insurance cheque stub as proof that she is in receipt of Employment Insurance Pregnancy Benefits, and shall continue while the Nurse is in receipt of such benefits for a maximum period of fifteen (15) weeks. The Nurses' regular weekly earnings shall be determined by multiplying her regular hourly rate on her last day worked prior to the commencement of the leave times her normal weekly hours.
- (e) On confirmation by the Employment Insurance Commission of the Employer's Supplemental Employment Benefit (SEB) Plan, a Nurse who is on parental leave (including Adoptive Parents) as provided under this Agreement who has applied for and is in receipt of Employment Insurance Parental Benefits pursuant to Section 20 of the Employment Insurance Act, shall be paid a supplemental employment benefit. Effective for pregnancy and parental leaves commencing after ratification that benefit will be equivalent to the difference between eighty percent (80%) of the Nurse's regular weekly earnings and the sum of the Nurse's weekly Employment Insurance Benefit and any other earnings. Such payment will commence following completion of the one (1) week Employment Insurance waiting period, and receipt by the Employer of the Nurse's Employment Insurance cheque stub as proof that the Nurse is in receipt of such benefits for a maximum period of ten (10) weeks. The Nurse's regular weekly earnings shall be determined by multiplying the Nurse's regular hourly rate on the Nurse's last day worked prior to the commencement of the leave times the Nurse's normal weekly hours.

The Nurse does not have any vested right except to receive payments for the covered unemployment period. The plan provides that payments in respect of guaranteed annual remuneration or in respect of deferred remuneration or severance pay benefits are not reduced or increased by payments received under the plan.

- (f) The employer's obligation to pay its portion of the benefits premium cost for the period shall be limited to seventy-eight (78) weeks.

10.09 Employees shall be allowed five (5) continuous working days paid paternity leave of absence contiguous to the birth of a child or the return home of the mother (prorated for part-time Nurses).

10.10 Prepaid Leave

The Employer agrees to a prepaid leave program, funded solely by the Nurse, subject to the following terms and conditions:

- (a) The plan is available to Nurses wishing to spread four (4) years' salary over a five (5) year period, in accordance with part LXVIII of the Income Tax Regulations, Section 68.01, to enable them to take a one year leave of absence following the four (4) years of salary deferral.
- (b) The Nurse must make written application to the Nurse's Director at least six (6) months prior to the intended commencement of the program (i.e. the salary deferral portion), stating the intended purpose of the leave.
- (c) One Nurse shall be permitted to be on prepaid leave at one time. The year for purposes of the program shall be September 1st of one year to August 31st of the following year, or such other twelve month period as may be agreed upon by the Nurse, the Association and the Employer.
- (d) Written applications will be review by the Director or designate. Leaves requested for the purpose of pursuing further formal nursing education will be given priority. Applications for leaves requested for other purposes will be given the next level of priority on the basis of seniority.
- (e) During the four years of salary deferral, twenty percent (20%) of the Nurse's gross annual earnings will be deducted and held for the Nurse and will not be accessible to the Nurse until the year of the leave or upon withdrawal from the plan.
- (f) The manner in which the deferred salary is held should be at the discretion of the Employer.
- (g) All deferred salary, plus accrued interest, if any, shall be paid to the Nurse at the commencement of the leave or in accordance with such other payment schedule as may be agreed upon between the Employer and the Nurse.
- (h) All benefits shall be kept whole during the four years of salary deferral. During the year of the leave, seniority will accumulate. Service for the purpose of vacation and salary progression and other benefits will be retained but not accumulated during the period of the leave. The Nurse shall become responsible for the full payment of premiums for any health and welfare benefits in which the Nurse is participating. Contributions to OMERS will be in accordance with the plan. The Nurse will not be eligible to participate in the Disability Income Plan during the year of the leave.

- (i) A Nurse may withdraw from the plan at any time during the deferral portion provided three months' notice is given to the Director. Deferred salary, plus accrued interest, if any, will be returned to the Nurse, within a reasonable period of time.
- (j) If the Nurse terminates employment, the deferred salary held by the Employer plus accrued interest, if any, will be returned to the Nurse within a reasonable period of time. In case of the Nurse's death, the funds will be paid to the Nurse's estate.
- (k) The Employer will endeavour to find a temporary replacement for the Nurse as far in advance as practicable. If the Employer is unable to find a suitable replacement, it may postpone the leave. The Employer will give the Nurse as much notice as is reasonably possible. The Nurse will have the option of remaining in the plan and re-arranging the leave at a mutual agreeable time or if withdrawing from the plan and having the deferred salary, plus accrued interest, if any, paid out to the Nurse within a reasonable period of time.
- (l) The Nurse will be reinstated to the Nurse's former position unless the position has been discontinued, in which case she shall be given a comparable job.

The letter of application from the Nurse to the Employer to enter the prepaid leave program will be appended to and forms part of the written agreement.

- 10.11 It is understood and agreed that the Health Unit may grant leave of absence without pay or continuation of any benefits except seniority for educational purposes to broaden nursing knowledge to any full time Nurse who has a minimum of three (3) years' seniority. The Employer will not generally grant such a leave of absence to more than one (1) Nurse at any one time nor for a period in excess of twenty-four (24) months in any three (3) year period to any individual Nurse.

ARTICLE 11 - ILLNESS ALLOWANCE

- 11.01 Nurses may take up to six (6) days of uncertified absence due to illness within a calendar year with one hundred percent (100%) pay. Nurses must use three (3) days of their uncertified absence, or the remainder of the bank if less than three (3) days, prior to applying for Short Term Disability.

A nurse may use any additional credits available including, but not limited to, comp time, flex time, vacation time and personal days to keep their salary whole during the period of assessment for Short Term Disability. Upon approval of the Nurse's Short Term Disability claim, any additional credits used will be reinstated to the Nurse's appropriate bank.

11.02 In cases where a nurse is unable to do the essential duties of her job due to non-occupational illness or accident, Nurses shall receive Short Term Disability benefits as follows (pro-rated for part-time Nurses) provided all such absences are certified and reviewed for the suitability of accommodation or modified work, when required.

(j) over 9 years	17 weeks	0 weeks

11.03 Short Term Disability Benefits under Article 11.02 are payable for a period of up to seventeen (17) weeks per calendar year. A Nurse's allotment of Short Term Disability Benefits pursuant to 11.02 is based upon a calendar year and are automatically renewed each January 1.

11.04 In no case may a Nurse take more than seventeen (17) consecutive weeks of STD.

11.05 Separate absences from work due to the same non-occupational illness or accident shall be considered as being the same period of disability.

11.06 (a) All absences due to illness beyond those covered by 11.01 shall be certified by suitable medical documentation from a qualified medical practitioner and shall be paid according to the schedule of Short Term Disability Benefits outlined in 11.02.

(b) Functional Abilities Forms (FAF) to certify days of illness must be submitted as soon as reasonably possible. Short Term Disability Benefits will not be paid until the Employer is in receipt of the Functional Abilities Form (FAF) at which time benefits will be paid starting retroactively to the first date of the related illness being certified by the FAF.

- (c) The Employer will reimburse administrative fees charged by a medical practitioner for medical certificates.
- (d) The information required in (b) shall be limited to the nature of the illness, the restrictions required, the impact of these restrictions on the Nurse's ability to carry out their duties, the continuous or chronic nature of the illness and the expected timeframe of such restrictions or where the timeframe is indeterminate, a reasonable date for reassessment.
- (e) While awaiting and/or assessing such additional information the Employer may limit the Nurse's duties or place the Nurse on Short Term Disability while determining a suitable accommodation.
- (f) The Association and the affected Nurse will be consulted before the Employer determines a suitable accommodation.
- (g) Upon written notice, the Employer may, at its discretion, have a Nurse examined by a duly qualified medical practitioner mutually acceptable to the Employer and the Association. The report shall be limited as to whether or not the Nurse is fit to undertake all of the Nurse's duties or state the restrictions required and the expected timeframe of such restrictions or where the timeframe is indeterminate, a reasonable date for reassessment.

11.07 When a Nurse is given leave of absence without pay for any reason, or is laid off on account of lack of work, the Nurse shall not be entitled to Short Term or Long Term Disability Benefits under this article during such leave or lay-off.

11.08 Nurses who receive benefits pursuant to the *Workplace Safety and Insurance Act*, shall not be entitled to Short Term or Long Term Disability Benefits.

11.09 The Employer will pay one hundred percent (100%) of the cost of the premiums of a Long Term Disability Income Protection Plan, to enrol Nurses under a policy of insurance to provide coverage for a Nurse who has exhausted Short Term Disability Benefits. Coverage shall be to a maximum of 66 2/3% of salary (maximum \$5,000.00 per month) and shall commence on the 120th day of total disability due to illness or accident (24 month "own occupation" limitation, benefits, where eligible to age 65).

11.10 Entitlement to Long Term Disability Benefits shall be subject to the terms and conditions of the insurance policy. The Employer agrees to use its best efforts on behalf of the Nurse where there is a dispute between the insurer and the Nurse.

11.11 (a) Sick leave credits which have been accumulated by Nurses pursuant to the terms and conditions of the previous Collective Agreement shall be frozen as at February 29, 1988. They shall be paid to a Nurse having more than five (5) years' continuous service with the Employer, who ceases to be employed, or to the Nurse's representative(s), an amount computed on the basis of the Nurse's pay on the date of leaving service for a period equal to fifty (50) percent of the value of the Nurse's credits or a fraction thereof, as at February 29, 1988, but the amount shall not exceed one hundred and thirty (130) of 260 accumulated days' pay. Sick leave credits will be paid to part time Nurses in accordance with this provision in the proportion that their part time hours bear to full time hours.

- (b) Until a Nurse exhausts all sick leave credits frozen in Article 11.11 (a), unused sick leave credits may be utilized as follows:
- i) A Nurse may take up to five (5) vacation days per year by converting two (2) sick leave credits to one (1) day of vacation.
 - ii) A Nurse may take leave of absence for up to three (3) days per year where the Nurse is required to care for an ill spouse or an ill child by converting two (2) days' sick leave credits to one (1) day of such leave;
 - iii) A Nurse may top up short term disability benefits to a maximum of one hundred percent (100%) of the Nurse's regular pay or utilize sick leave credits on the basis of one third sick leave credit per day of absence to make up for any loss of pay under Article 11:04.

11.12 Any E.I. rebate as a result of implementation of sick leave plan shall be used to defray cost of premiums of income protection plan.

12.02 The Health Unit and the Association agree that the following guidelines apply to the interpretation and application of Article 12.01 (Hours of Work) of the Collective Agreement:

- (a) The Health Unit and the Association acknowledge and agree that, although the exception rather than the rule, nurses occasionally will not be able to schedule their normal working hours within the thirty-five (35) hour week averaged over a seventy (70) hour pay period ("flex time").

 - iv) Job Shares shall be limited to a maximum time period of five (5) years, at which time the incumbent Nurses shall assume their full time position. If the Nurse does not wish to assume the full time position, the Nurse may assume the part time position on a permanent basis, and the Health Unit shall be at the liberty to hire into the remaining part of the original job share on a permanent part time basis.
 - (e) Nurses employed in this job sharing arrangement shall be paid a salary based upon their proper placement on the salary grid set out in the Collective Agreement (Appendix "A") between the Health Unit and the Association.
 - (f) The Health Unit shall only be obligated to pay the percentage of its normal contribution towards the cost of premiums for any benefits that is equivalent to the ratio of the incumbent Nurse's regular job shared hours. The incumbent Nurse will assume the remaining cost of premiums. The other Nurse in the job share will be paid benefits in accordance with the Collective Agreement.
 - (g) The incumbent Nurse shall have the right to change or terminate the Job Share arrangement by giving the Employer one month's notice.

The nurse may elect to bank the actual time worked at time and one half (1½) and be paid for the remaining time at time and one half (1½).
