 - iii) It is understood that this provision does not restrict the exercise of management's rights to make staffing and work assignment decisions on day to day basis.
 - iv) Where the Employer takes action under clause ii), it will provide the Association with documentation to support the action.

Any complaint shall be discussed with the supervisor concerned within five (5) working days after the circumstances giving rise to the complaint became known to the nurse, or ought to have become known to the nurse. If the supervisor is unable to adjust the complaint to the nurse's satisfaction within five (5) working days, the nurse may proceed with the grievance procedure at Step 1.

8.02 A grievance is defined as a complaint relating to the interpretation, application, administration or alleged violation of this Agreement.

- 8.03 Any nurse(s) or the Union making a complaint and/or grievances shall have the right of Union representation at any or all steps of the grievance procedure. The Employer shall inform the nurse(s) of this right. All grievances shall be taken up in the following manner:

Any nurse(s) having a grievance must submit the written grievance form to her or his immediate supervisor within ten (10) working days of the supervisor's response to the nurse's verbal complaint. The grievance shall identify the nature of the grievance, the relevant articles of the Agreement and the remedy requested. Her or his supervisor shall reply in writing to the nurse within ten (10) working days from the date the complaint or grievance was brought to her or his attention.

Step #2

If further action is to be taken, then within ten (10) working days after the decision is rendered in Step #1, the nurse shall submit the grievance to the Administrator. A meeting will then be held between the Administrator and the nurse(s), the Grievance Committee and the Labour Relations Officer at a time mutually agreeable to the Employer and the Union. The decision of the Administrator shall be given in writing within ten (10) working days of the meeting to the Bargaining Unit President or her designate with a copy to the Labour Relations Officer. Should the Administrator fail to render a decision or if the decision is unsatisfactory to the nurse or the Union, it may be referred to Arbitration.

- 8.04 Should the Employer discharge, suspend or discipline any nurse(s), notification by the Employer to such nurse(s) shall be made in the presence of a Nurse Representative. The nurse(s) and the Nurse Representative shall be provided with written reasons for the discharge, suspension or discipline. Should the nurse(s) wish to file a grievance against a suspension or discharge, it shall be reduced to writing and filed under Step #2 of the Grievance Procedure.

8.05 Group Grievance

Where a number of nurses have similar grievances, they may present a single grievance in writing to the Supervisor at Step #1 within ten (10) working days of the occurrence of the circumstances giving rise to the grievance. The grievance will specify the names of the nurses concerned.

8.06 Policy and Employer Grievances

A policy grievance shall be presented in writing to the Employer at Step #2 of the grievance procedure by the Grievance Committee within ten (10) working days of the circumstances giving rise to the grievance occurring. The Union may institute a grievance arising directly between the Employer and the Union concerning the interpretation, application or alleged violation of this Agreement; but the Union may not institute a grievance concerning a nurse or nurses which such nurse or nurses could themselves institute. The Employer may institute a grievance by giving written notice to the Nurse Representative and the grievance shall be processed in a manner similar to Step #2. Failing settlement, a policy or Employer grievance will be referred to Arbitration.

8.07 Arbitration

Where a difference arises between the parties relating to the interpretation, application or administration of this Agreement, including any question as to whether a matter is arbitrable, or where an allegation is made that this Agreement has been violated, the party requesting arbitration shall notify the other party in writing within ten (10) working days of the decision under Step #2 of its desire to submit the difference or allegation to arbitration, and the notice shall contain the name of the party's appointee to an Arbitration Board.

The recipient of the notice shall, within ten (10) working days, inform the other party of the name of its appointee to the Arbitration Board. The two (2) appointees so selected shall, within ten (10) days of the appointment of the second of them, appoint a third [3rd] person who shall be the Chairperson.

If either party fails to appoint its appointee, or the two (2) appointees fail to agree upon a Chairperson within the time limits, the appointment shall be made by the Minister of Labour for Ontario upon the request of either party.

- 12.08 A nurse may be scheduled to work on Christmas of one (1) year or New Year's the next year, but not on both of these during the same holiday season unless the nurse agrees. If a nurse has worked on Christmas or New Year's, the Employer shall make every effort not to schedule him or her for the same day the following year, unless the nurse agrees. "Christmas" shall include Christmas Eve, Christmas Day and Boxing Day and "New Year's" shall include New Year's Eve and New Year's Day.
- (a) If requested, and operationally feasible, a nurse may be scheduled off for both Christmas and New Years on a rotational basis.

If authorized overtime amounts to fifteen (15) minutes or more, overtime premium shall be paid for the total period in excess of the normal daily tour. Overtime premium will not be duplicated for the same hours worked under Article 15.02(a) and 16.02, nor shall there be any pyramiding with respect to any other premiums payable under the provisions of this Collective Agreement. Nothing herein will disentitle the nurse to payment of the normal tour differential provided herein. For purpose of clarity, a nurse who is required to work on her or his scheduled day off shall receive overtime

premium of one and one-half (1 ½) times her or his regular straight time hourly rate. The Home agrees that if the Collective Agreement provided a greater overtime premium for overtime work immediately prior to this Agreement, the Home will continue to pay such greater overtime premium. This is not intended to entitle the nurse to be paid for work performed while engaged in the reporting functions as provided therein.

ARTICLE 13 – VACATIONS

The employee shall specify in her request to the Employer the purpose for which she is seeking the carryover. The nurse will make such request by April 1st as for other vacation requests.

21.01 It is agreed that orientation and in-service programmes will be provided to all nurses. These programmes shall be reviewed and updated from time-to-time by members of the Union-Management Committee.

A newly employed nurse shall be entitled to orientation and shall not be placed in charge until she or he has been fully oriented to the workplace, and to the area where she or he will be working, and to all in-charge duties.

A refresher in-service on in-charge duties shall be provided in January of each year.

21.02 The following minimums are to be observed in the orientation of a nurse:

- (a) She or he is to be familiarized with the physical aspects of the building, the applicable policies and procedures of the Employer, and the daily routine of the nurses;
- (b) A period of orientation shall be not less than two (2) days on the day shift, and if the nurse is employed to work on another shift, she or he will also receive not less than one (1) shift of orientation on the shift she or he is to work.
- (c) She or he shall be an additional nurse to the usual staffing pattern;
- (b) The nurse or nurses involved in the orientation will confirm that it has been completed. This will be noted on the newly hired nurse's personnel file, which will be reviewed with such nurse, and the nurse shall also be able to add comments to her file.

21.03 The in-service education program shall be based on the following principles:

- (a) Education needs may be suggested by the nurses.
- (b) It shall be a planned program to update nurses as to changes in procedures or practices.
- (c) The Employer will provide appropriate training concerning changes in technical methods and nursing practices in providing professional care where additional knowledge or skill is required on the part of the nurses.

21.04 (a) Student Supervision

Nurses may be required, as part of their regular duties, to supervise activities of students in accordance with the current College of Nurses of Ontario *Practice Guidelines – Supporting Learners*. Nurses will be informed in writing of their responsibilities in relation to these students and will be provided with what the Employer determines to be appropriate training. Any information that is provided to the Employer by the educational institution with respect to the skill level of the students will be made available to the nurses recruited to supervise the students. Upon request, the Employer will review the nurse's workload with the nurse and the student to facilitate successful completion of the assignment.

Where a nurse is assigned nursing student supervision duties, the Employer will pay the nurse a premium of sixty cents (\$0.60) per hour for all hours spent supervising nursing students. This article will not apply to job classifications that are paid above the Registered Nurse Classification rates set out in Article 20.01 where the higher rate of pay is, in part, based on nursing student supervision duties.

- (b) Nurses are expected, as part of their regular duties, to provide guidance and advice to members of the health care team.
- (c) Mentorship

Nurses may, from time to time, be assigned a formal mentorship role for a designated nurse. Mentorship is a formal supportive relationship between two (2) nurses, which results in the professional growth and development of an individual practitioner to maximize her or his clinical practice. The relationship is time limited and focused on goal achievement. Orientation to the organization or general functioning of the unit does not constitute mentorship.

After consultation with the nurse being mentored and the mentor, the Employer will identify the experiences required to meet her or his learning needs, will determine the duration of the mentorship assignment and expectations of the mentor, and appropriate training. During the consultation process, the Employer will review the mentor's workload with the mentor and the nurse being mentored to facilitate successful completion of the mentoring assignment.

The Employer will provide, on a regular basis, all nurses with an opportunity to indicate their interest in assuming a mentorship role, through a mechanism determined by the local parties. The Employer selects and assigns the mentor for a given mentoring relationship. At the request of any nurse, the Employer will discuss with any unsuccessful applicant ways in which she or he may be successful for future opportunities.

The Employer will pay the nurse for this assigned additional responsibility a premium of sixty cents (60¢) per hour, in addition to her or his regular salary and applicable premium allowance.

NOTE: See Appendix E, Letter of Understanding re Mentorship Guidelines

ARTICLE 22 – COMPENSATION

- 22.01 The salary rates in effect during the term of this Agreement shall be those set forth in Appendix "A" attached hereto and forming part of this Agreement.
- 22.02 All terms and conditions shall be effective from the date of ratification or release of an award, as applicable, unless otherwise specified. All retroactivity shall be paid within two (2) weeks following the date of the ratification or award as applicable. Retroactivity shall be paid out on a separate itemized cheque.
- 22.03 A Graduate Nurse in the employ of the Employer upon presenting proof of current Certificate of Competence by the College of Nurses of Ontario in accordance with Article 2.02 shall be given the salary of the Registered Nurse as provided in this Article as of the date that she or he presents such proof to the Employer.
- A Registered Nurse is required to present to the Employer before February 15th of each year her or his current Certificate of Competence. This deadline shall be extended for satisfactory reasons.
- 22.04 A Graduate Nurse shall be paid forty cents (40¢) per hour less than the Registered Nurse rate corresponding to her appropriate placement on the grid, but at no time shall she or he be paid higher than first year rate on the grid.
- 22.05 (a) The Employer will recognize related nursing experience of newly hired nurses on the basis that for every one (1) year of such experience, the nurse will receive one (1) annual increment up to the maximum on the salary grid. It shall be the responsibility of the newly hired nurse to provide reasonable proof of related experience in order to be considered for a salary increment. If she or he does so within three (3) weeks of her or his start date, she or he shall be paid at the appropriate rate retroactive to date of hire; otherwise, placement at the appropriate level on the grid shall be effective as of the first day of the first pay period following submission of proof of entitlement. The Employer shall advise the nurse of this requirement upon advancing an offer of employment.
- (b) An annual increment shall be paid on each full-time nurse's anniversary date of employment subject to Article 9.04, or after each fifteen hundred (1500) hours paid in the case of a regular part-time or a casual part-time nurse.
- 22.06 The percentage in lieu of benefits for part-time and casual part-time nurses who do not participate in the benefit plans shall be thirteen percent (13%), or eight and one-half percent (8.5%) if the nurse participates in the R.R.S.P.

The percentage-in-lieu included in Appendix "A" (Salary Schedule) is paid in-lieu of all fringe benefits, being those benefits to a nurse paid in whole or part by the Employer as part of direct compensation or otherwise, save and except salary, vacation pay, holiday pay, shift differential, weekend premium, responsibility allowance, court attendance, reporting pay, bereavement leave, and standby pay, where such compensation has been provided in this Collective Agreement.

22.07 The Employer may establish new classifications within the bargaining unit. If a new classification is established or the responsibilities of a current position are significantly changed, the Employer shall advise the Union of the classification title and proposed wage rate prior to putting it into effect. If the Union so requests within ten (10) days after notification, the Employer shall meet with the Union to discuss the appropriate rate. Such new classifications and wage rates will be subject to the grievance procedure and arbitration.

22.08 Effective on ratification, a nurse designated to be in charge shall receive two dollars (\$2.00) per hour for all evening or night shifts worked Monday through Friday and for all shifts worked from 2400 hours Friday through 2400 hours Sunday, in addition to her or his regular salary and applicable premium allowance. The Employer shall designate such nurses.

Effective April 1, 2017, a nurse designated to be in charge shall receive two dollars (\$2.00) per hour for all evening or night shifts worked Monday through Friday and for all shifts worked from 2400 hours Friday through 2400 hours Sunday, in addition to her or his regular salary and applicable premium allowance. The Employer shall designate such nurses.

ARTICLE 23 – DURATION

23.01 This Agreement shall be effective from April 1, 2020 until March 31, 2023, and thereafter shall be automatically renewed and shall remain in force from year to year from its expiration date unless either party gives the other party written notice of termination or desire to amend the Agreement.

23.02 Notice that amendments are required or that either party desires to terminate this agreement may only be given within a period of ninety (90) days prior to the expiration date of this Agreement or to any anniversary of such expiration date.

APPENDIX “E”**MENTORSHIP GUIDELINES**

“Mentorship” is addressed in Article 21.04 (c). These guidelines are intended to assist the parties in implementing mentorship arrangements in accordance with the requirements of the collective agreement.

Definition

- ❑ Mentorship is a formal supportive relationship between two nurses, which enhances the professional growth and development of a nurse to maximize her or his clinical practice.
- ❑ Mentorship involves a three-way arrangement between the home, the nurse being mentored and the nurse doing the mentoring. The mentoring relationship is:
 - ❑ time limited,
 - ❑ focused on goal achievement, and
 - ❑ unique to each mentorship experience.
- ❑ The home, the nurse being mentored and the nurse doing the mentoring are expected to clearly understand the goals/expectations of the mentorship relationship. Goals are individually determined based on the learning needs of the nurse being mentored, and, as such, may not be consistent for all nurses. The length of each mentorship arrangement will be individually defined dependent upon the goals for each nurse being mentored. Mentoring assignments will normally consist of full tours, however, it is also possible that mentorship assignments can be for less than a full tour and/or scheduled on an intermittent or one-time basis. It is also possible that more than one mentor may be assigned to a mentee during the course of a mentorship arrangement.

Mentorship does not include:

- ❑ Supervising the activities of students.
- ❑ Providing guidance and advice to members of the multi-disciplinary health care team. Interaction with other nurses and other multi-disciplinary colleagues is an expected role responsibility for nurses.
- ❑ Orientation to the organization or general functioning of the unit. This may include activities such as:
 - ❑ WHIMIS training, the fire lecture, equipment location, generic home policies, introduction to staff and the general layout of the unit etc.
- ❑ The employer’s historical use of titles or terms does not define a mentor. We acknowledge, however, that while mentorship is new to the collective agreement, mentorship arrangements are not new to nursing or long term care workplaces.

Key Elements

- ❑ A mentorship relationship includes the nurse doing the mentoring to:
 - ❑ plan the mentorship experience based on the learning needs of the nurse being mentored, including the identification and co-ordination of learning opportunities with other health care providers;
 - ❑ assess the ongoing competence/development of competencies of the nurse being mentored, including assessments of competence gaps, risk management in relation to patient care, and co-ordination of learning experiences;
 - ❑ assist the nurse being mentored to effectively meet patient care needs;
 - ❑ be responsible for the management of learning for the nurse being mentored;
 - ❑ participate in direct skill transfer where there is responsibility for the management of learning for the nurse being mentored;
 - ❑ evaluate the learning experience of the nurse being mentored throughout the duration of the mentorship relationship, including the provision of written and/or verbal reports to management regarding progress towards goal achievement.
- ❑ It is recognized that the mentor and the nurse being mentored may not be together at all times during the mentorship period.
- ❑ The Home will pay the nurse for doing this assigned responsibility [mentoring] a premium of sixty (60) cents per hour, in addition to her or his regular salary and applicable premium allowance.
- ❑ The Home will review the workload of the mentor and the nurse being mentored to facilitate successful completion of the mentorship assignment.

Implementation

- ❑ The Home may implement a mentorship relationship at any time during a nurse's employment when:
 - ❑ the nurse is experiencing difficulty in meeting standards of practice;
 - ❑ the nurse has a competency gap;
 - ❑ one-on-one management of the learning experience from an expert/ experienced nurse will be of assistance.
- ❑ Mentoring may be implemented in various circumstances such as new hires to a unit; a nurse returns from a layoff or leave of absence (including sick leave or long term disability) or for purposes of cross-training. This list is not all-inclusive and, as such, other circumstances may arise where the home determines that a nurse requires mentoring.
- ❑ The decision to implement a mentorship experience as a mechanism to assist a nurse to meet standards of practice is the responsibility of the employer.

- ❑ The Home will provide, on a regular basis, all nurses with an opportunity to indicate their interest in assuming a mentorship role, through a mechanism determined by the parties. The Home selects and assigns the mentor for a given mentoring relationship.
- ❑ At the request of any nurse, the Home will discuss with any unsuccessful applicant ways in which she or he may be successful for future opportunities.
- ❑ The mentorship plan/arrangement for each mentoring relationship should be documented.

Evaluation

In addition to the evaluation of the effectiveness of specific mentorship arrangements in relation to pre-established goals and expectations:

- ❑ The Committee responsible for addressing professional development issues for nurses will be responsible for reviewing and making recommendations regarding the application of, and effectiveness of, mentorship relationships within the home.
- ❑ The employer also has a responsibility for evaluating the effectiveness of mentorship arrangements and, therefore, review and evaluation of arrangements should be conducted on a regular basis.

NOTE: it is mutually understood that these guidelines are “without prejudice” to either parties’ position with respect to the role of a nurse whose job duties normally include responsibility for teaching and/or educating other nurses.

Re: Supernumerary Positions

The employer may introduce supernumerary positions to be offered to newly graduated nurses. Where such positions are introduced, the following will apply:

1. Only so many positions will be created as are covered by government funding for supernumerary positions;
2. Newly graduated nurses are defined as those nurses who have graduated from a nursing program or refresher program within the last year;
3. No appointment will be made to a supernumerary position without prior discussion with the Local Union as to where the supernumerary nurses will be assigned, what will be expected of them, and what mentoring arrangement will apply;

5. Such nurses will be full-time and covered by the full-time collective agreement.
6. Such nurses will be in formal mentorship arrangements;
7. The duration of such supernumerary appointments will be for the period of funding (currently 7.5 months) or such other period as the local parties may agree;
8. Such nurses will not be permitted to transfer out of the supernumerary position on the unit for the duration of the supernumerary appointment;
9. Such nurses can apply for posted positions after the probationary period is completed but cannot transfer until completion of the supernumerary appointment;
10. If the nurse has not successfully posted into a permanent position by the end of the supernumerary appointment, she/he will be reclassified as casual part-time and this will not be considered a lay-off and the nurse will not be reassigned;

11. The Employer bears the onus of demonstrating that such positions are supernumerary;
12. The Union will be provided with such information as it may reasonably require regarding each supernumerary each position.
13. In the event of a lay-off in the area of assignment of the supernumerary nurse, either the Employer or the Local Union may require that the supernumerary nurse shall be laid off first.
