Where the Hospital has granted an Employee's request for vacation during this period, it is understood that the Hospital may not be able to grant five (5) consecutive days off at Christmas or New Year's to that Employee.
- (a) Vacation quotas by unit for the period between December 15th and January 10th will be posted on the unit no later than September 15th in each year. Vacations during this period will be granted as per Article I -5.

Any vacation time off will be granted as per Article I-5.

I-3

Full Time Only

Vacation hours are accrued in the current year for use in the following vacation year. The Employee's biweekly paystub will indicate the number of hours available for use in the current year and the number of hours accrued for use in the following year. The number of available hours on the paystub will be updated as vacation is taken.

- a) By January 15th of each year, the Hospital will add each Employee's accrued vacation hours from the previous year into their available bank for use during the June 1st to December 31st preference period under Article I-5 or under Article I-3 (c) below. The Employee may use the hours that appear on their paystub that are not already approved for future vacation time to make vacation requests under this clause.

Example: If a nurse has 225 hours (11.25 hours x 20 days) in her vacation bank as at January 15th of the current year, but is already preapproved to take 56.25 hours (11.25 hours x 5 days) in March of the current year, she would have 168.75 hours (225 hours less 56.25 hours) available to utilize for the June 1st to December 31st preference period under Article I-5.

- b) Vacation hours accrued from January 1st to May 31st of the current year for the January 11th to May 31st preference period of the next following year under Article I-5 may be requested by the Employee. Employees may request up to the total number of accrued hours shown on the last paystub the Employee receives in May. The Employee may use these reported accrued vacation hours and any available hours that appear on their paystub that are not already approved for future vacation time to make vacation requests under this clause.

Example: If a nurse accrued 90 hours (11.25 hours x 8 days) from January 1st to May 31st of the current year, those hours together with any available hours on her paystub that are not already approved for future vacation time, may be utilized for the January 11th to May 31st preference period of the next following year under Article I-5. These 90 hours will be added to the hours shown on the paystub by January 15th of the next following year.
