Re: Innovative Unit Scheduling – Two Day Two Night (2D2N) Scheduling

Introduction:

The parties hereby agree that in accordance with Article 13.03 of the collective agreement, full-time members of a unit wishing to convert to a 2D2N innovative extended tour schedule may do so subject to the following provisions. The Hospital shall retain the right to make the final determination related to which clinical areas are appropriate for the implementation a 2D2N innovative extended tour schedule. The employer shall not be unreasonable or arbitrary when making the final determination.

1. The proposed innovative Unit Master Schedule of 2D2N, followed by five (5) days off, submitted by the manager, along with a transitional schedule for the review of the Hospital/Association Committee.
2. The Unit Master Schedule (which may include a Job-Shared line) will schedule 2D2N, followed by five (5) days off and will not adversely affect the schedules of other nurses in the unit in such a way as to cause a scheduling violation under the provisions of the collective agreement. A transitional schedule will be made available for review by the parties.

Note: Scheduled additional shifts (subject to Item # 6) will be scheduled into the nurse's Posted Schedule, as required on days off such that each full-time nurse will be scheduled for 1950 hours per year. The Employer will endeavor to schedule these additional shifts as day shift(s).

3. If approved at HAC, the formal voting process for a trial (and/or final implementation), will be established and conducted jointly by Human Resources and the Union. The time frame for the voting process to be completed within a maximum of three (3) weeks.

Note: In accordance with Article G 3 (b), the new schedule will not be posted less than four (4) weeks in advance for a four (4) week period.

4. The trial period will be for thirty-six (36) weeks. At the thirty-second (32nd) week, another formal vote will be held and all of the permanent nurses of the unit, involved in the trial must vote eighty percent (80%) in favour for final implementation. Job-Share partners will carry one (1) combined vote.
 - a) Where the entire compliment of full-time lines is proposed, then eighty percent

(80%) of all nurses affected, must vote in favour of a trial.

- b) Where less than the entire compliment of full-time lines is proposed to change, then only those nurses currently subject to change and identified to the parties, on the basis of seniority will be entitled to vote.
5. Nurses will not be scheduled to normally work four (4) consecutive day shifts or four (4) consecutive night shifts, except to accommodate an exceptional need of the nurse. Requests for changes in scheduling must be submitted, in writing including electronically, not less than two (2) weeks prior to the posting of the schedule. All requests are subject to the approval of the Hospital.
 6. The parties agree that for those nurses working the 2D2N rotation, the scheduling provisions contained in Article G-4 of the Local Appendix are not applicable, save and except the following:
 - (a) Nurses shall not normally be required to work more than the 2D2N, followed by five (5) days off, rotation. Where the schedule does not conform to this provision, nurses shall be paid premium pay in accordance with Article 14.03, for the fifth (5th) and subsequent tour, until the nurse receives a day off save and except where:
 - (b) The fifth (5th) extended tour is worked to satisfy specific requested days off requested by the employee; or,
 - (c) The fifth (5th) extended tour is the result of an exchange with another employee.

Note: In the interest of patient safety, the hospital and the nurse will act responsibly to restrict 6 b) and c) to accommodate an exceptional need of the nurse.

 - (d) Regular part-time nurses, with the exception of participating Job-Sharers are not part of this agreement. However, the provisions may apply when an RPT is filling a temporary vacancy of a FT participant of this agreement.
 - (e) Nurses shall be scheduled a minimum of six (6) full weekends off in an eighteen (18) week cycle. The full weekend off shall include the Friday before the weekend. If a nurse does not receive six (6) full weekends off in eighteen (18) weeks, she/he shall receive premium pay in accordance with Article 14.03 for all hours worked on any additional weekends worked.
 - (f) Employees will be granted either the Christmas or New Year's period off on a rotating basis.
 7. If at any time a nurse involved in the 2D2N rotation is unable to continue for such reasons as medical, family emergencies, etc., the nurse will promptly bring this to the attention of the manager and of the Hospital/Association Committee. The parties will then discuss accommodating the nurse's withdrawal from the 2D2N rotation and arranging an exchange from the most senior interested non-participant FT nurse within the unit, if applicable. Where such an accommodation results in a permanent vacancy, the position will be posted. If the operation of the Unit is negatively impacted as a result of one or more

nurses withdrawing from the innovative scheduling, the Hospital reserves the right to discontinue the 2D2N innovative schedule.

8. The Union or Hospital may discontinue any innovative scheduling arrangement with ninety (90) days' notice in writing to the other party. Upon receipt of such notice a meeting shall be held between the parties within fifteen (15) days to discuss the discontinuation, including the reasons and the implementation. It is understood and agreed that such discontinuation shall not be unreasonable or arbitrary.

Re: Article 13.04 Weekend Schedule

At a meeting of the Hospital/Association Committee, the parties may agree to establish a proposed Weekend Schedule in a unit on a trial basis for a six-month period from the filling of the weekend worker position(s). The terms of Article 13.04 will apply except as provided below:

1. The Hospital agrees to convert the RN full-time position into a weekend worker position in compliance with Article 13.04.

3. For the purposes of vacation scheduling the nurses will not be included in the unit vacation roster.
4. If at the end of the trial period, the Parties decide to discontinue the weekend worker arrangement, the incumbents will return to their previously held position.

Any balance remaining in the given year will be paid out to the nurse. If the weekend worker transfers to a part-time position or terminates employment all vacation/holiday credits will be paid out.

RE: Centralized Resource Team (CRT)

Whereas the parties wish to provide a method of creating full-time and/or regular part time positions for nurses and require innovative methods to satisfy both staffing needs and retention and recruitment issues

The parties agree to the following:

1. Any vacancies with the CRT will be posted and filled in accordance with the terms of the Collective Agreement.
2. The Hospital will schedule this position in accordance with the scheduling provisions of the Collective Agreement.
3. It is understood that the Employer shall not unreasonably increase the number of positions on the CRT. Any positions made vacant by the filling of positions on the CRT will be posted in accordance with the Collective Agreement.
4. Requests for a Centralized Resource Team member will be made from the requesting unit to the Staff Scheduling Office in consultation with the appropriate Group Leader as determined by the Hospital.
5. The Hospital will determine the appropriate Group Leader to which the Centralized Resource Team member will report and the Hospital will inform the Bargaining Unit President of any change to the assigned Group Leader.
6. The appropriate Group Leader and the Staff Scheduling Coordinator will coordinate the orientation and learning plans. Orientation will be provided for a minimum of two (2) weeks depending on the individual RN's knowledge, skill, and experience.
7. Where the Nurse is assigned, he/she shall remain on that unit for the completion of the tour. Otherwise, the Employer shall adhere to the Letter of Understanding Re: Reassignment.
8. For purposes of vacation and stat holiday provisions, the Centralized Resource Team will be considered a separate unit. Request shall be submitted to the Group Leader as determined by the Employer.

9. Utilization of the CRT will not have a negative impact on the hours of work and/or scheduling of Nurses on any unit. It is understood that the CRT may be used to fill shifts that become available, after the schedule is posted, only after the Employer has offered the available shift(s) in accordance with the Collective Agreement.
10. It is understood that all Articles of the Collective Agreement will apply except where amended by this Letter of Understanding.
11. The parties agree to review any ongoing issues that arise out of the development of the CRT including the introduction of Innovative schedules in accordance with Article 13.03. Continuation of the Centralized Resources Team will be by mutual agreement of the parties.

RE: Outstanding Item in Dispute – Local Interest Arbitration 2016

Whereas the Hospital and the Union would like to mutually come to an agreement to mitigate the necessity to go to Local Interest Arbitration scheduled for June 11, 2016;

And whereas the item that remains in dispute is that of the newly proposed language by the Union pertaining to the introduction of a new uniform allowance;

And whereas the parties agree that this arrangement is without prejudice and without precedent to any future matter(s);

And whereas the parties are desirous of a freely negotiated resolution for the renewal of the local collective agreement which expired on March 31, 2016.

Now therefore the parties agree as follows:

1. In consideration of the implementation of the Hospital's revised uniform policy effective on October 3, 2016, the Hospital will provide each active nurse on payroll who is required under the policy to acquire the appropriately coloured uniform top from the hospital's designated vendor of choice with a one-time subsidy in the form of a credit voucher as of the date of ratification;
2. It is agreed that the subsidy credit voucher referred to in point 1 above will be in the amount of \$75 for full time nurses and \$40 for part time nurses.
