It provides means for the settlement of grievances and for the final settlement of disputes. Salaries, hours of work and all other conditions of employment are established by mutual agreement. It is recognized that nurses wish to work co-operatively with the Employer to provide the best possible community health services.

ARTICLE 2 – RECOGNITION

- 2.01 The Employer acknowledges that the Ontario Nurses' Association is certified as the bargaining agent for all registered nurses and nurses holding a temporary licence with the College of Nurses of Ontario employed at Carefor Health & Community Services save and except Supervisors and persons above the rank of Supervisor.
- 2.02 All references to officers, representatives, and committee members of the Association in the Agreement shall be deemed to mean officers, representatives, and committee members of the Bargaining Unit, Local 74 - Ontario Nurses' Association. All correspondence sent by the Employer to the Association shall be sent to the Bargaining Unit President and copied to the Labour Relations Officer.

- (a) Direct the nurses, assign work, hire, discharge, classify, promote, demote, transfer, lay-off, suspend or otherwise discipline a nurse for just cause. A claim that a nurse has been improperly classified or has been demoted, suspended or otherwise disciplined, without just cause, may be subject of a grievance.
 - (b) Determine the methods, schedules, procedures, programs, locations, equipment, means of transportation while on duty, areas in which the nurses work, numbers of nurses and staff requirements.
 - (c) Make, enforce and alter from time to time reasonable rules and regulations to be observed by the nurses, provided that such rules and regulations shall not be inconsistent with the provisions of the Agreement.
 - (d) The Employer agrees that in exercising its rights as enumerated above, it shall not do so in a manner inconsistent with the Collective Agreement.

ARTICLE 4 – DEFINITIONS

- 4.01 A full-time nurse is a nurse who works seven and one-half (7.5) hours in a day and seventy-five (75) hours in a two (2) week pay period.
- 4.02 A regular part-time nurse is a nurse who works on a predetermined schedule but works less than seventy-five (75) hours in a two (2) week pay period and is paid an hourly rate.
- 4.03 A casual part-time nurse is a nurse who works on an interim basis and is paid an hourly rate.
- 4.04 A registered nurse is a nurse who holds a Certificate of Competence with the College of Nurses of Ontario in accordance with the Regulated Health Professions Act and the Nursing Act. Nurses are required to remain registered with the College of Nurses of Ontario during their employment and must therefore renew their registration yearly.
- 4.05 The definition of a registered nurse with a temporary certificate of competence shall be in accordance with the College of Nurses of Ontario. If a nurse's temporary certificate of competence is revoked as a result of failure to successfully complete the registration examination, the nurse will be placed on unpaid leave of absence for up to six (6) months. During this period the nurse shall rewrite the examination at the next scheduled examination date. Where a nurse fails to complete the certification requirements during this period, the nurse will be terminated and such termination shall not be the subject matter of a grievance or arbitration procedure. Notwithstanding the foregoing the Employer may extend the time frame in extenuating circumstances.
- 4.06 The word "nurses" as when used throughout this Agreement shall mean persons included in the bargaining unit outlined in Article 2.01.
- 4.07 Whenever the feminine pronoun is used in this Agreement, it includes the masculine pronoun, where the context so requires. Where the singular is used it may also be deemed to mean the plural.

ARTICLE 5 – NO DISCRIMINATION

- 5.01 The Employer and the Association agree that there will be no discrimination, interference, intimidation, restriction or coercion exercised or practised by any of their representatives with respect to any nurse as a result of the nurse's membership or non-membership in the Association, activity or lack of activity on behalf of the Association or by reason of exercising the nurse's rights under the collective agreement or any applicable legislation.
- 5.02 The Association agrees that there will be no Association activity, solicitation for membership or collection of Association dues on Employer premises or during working hours except with the written permission of the Employer or as specifically provided for in this agreement.

- 7.02 Such dues shall be deducted monthly and, in the case of newly employed nurses, such deductions shall commence in the month following their date of hire. There shall be no deduction from a part-time nurse in a month in which the nurse does not work.
- 7.03 The Association shall notify the Employer in writing of any changes in the amount of such regular Association dues at least one month prior to the effective date of such change.
- 7.04 The Employer will send to the Association monthly, its cheque for the dues so deducted, along with the list of the names and amount of such deductions for each nurse. The list shall show terminations, new hires, commencement and/or

- 7.06 It is understood and agreed that the Employer has the responsibility for the deduction of dues.
- 7.07 The Employer shall provide each nurse with an electronic T4 slip, showing the dues deducted in the previous year for income tax purposes and a duly completed and signed electronic T2200 slip.

9.01 (a) A grievance is defined as a difference arising between the parties relating to the interpretation, application, administration or alleged violation of this agreement.

(b) At any stage of the grievance procedure, including the complaint stage, a nurse is entitled to be represented by a Union representative.

9.02 It is the mutual desire of the parties that complaints and differences be dealt with in a quick fashion. A nurse will discuss the complaint with the Nursing Manager within fourteen (14) calendar days after the circumstances have occurred or ought reasonably to have come to the attention of the nurse. The Manager shall reply within fourteen (14) calendar days. If the matter is not resolved, it shall be taken up as a grievance.

Step 1

The written grievance shall be submitted to the Nursing Manager or designate, within seven (7) calendar days of the supervisor's reply. 9.05 The proceedings will be expedited by the parties. There shall be a meeting at least forty-five (45) calendar days prior to the scheduled hearing day to once again attempt to resolve the matter. If the matter is still not resolved, then the parties may agree to a Statement of Facts prior to the hearing.

9.06 All agreements reached under the grievance procedure by the parties shall be final and binding on the parties for that grievance.

9.07 Each of the parties will share equally the fees and expenses of the arbitrator.

9.08 Policy Grievance

A grievance arising between the Union and the Employer shall proceed to Step 1 within fourteen (14) calendar days of the circumstances giving rise to the grievance, or ought reasonably to have come to the attention of the Union.

9.09 Group Grievance

When a group of nurses have similar concerns the matter will proceed to Step 1 within fourteen (14) calendar days of the occurrence, or ought reasonably to have come to the attention of the nurses.

9.10 Discharge/Suspension Grievance

(a) The Employer agrees that it will only suspend and discharge for just cause. The Employer agrees to provide written reasons within a reasonable time to a nurse who has been discharged. These grievances will be filed at Step 1 within fourteen (14) calendar days of such occurrence, or ought reasonably to have come to the attention of the nurse.

- (b) In the case of suspension or discharge, the Employer shall notify the nurse of their right to have Union representation during the Discipline meeting.

ARTICLE 10 – SENIORITY

10.01 Job Security:

- (a) Seniority for full-time nurses shall be defined as length of service within the Bargaining Unit since date of last hire subject to Article 10.05. Seniority shall be posted in years to 3 decimal places.
- (b) Seniority for part-time nurses shall be based on paid hours accumulated since date of last hire within the Bargaining Unit. It is recognized that fifteen hundred (1,500) hours paid is equivalent to one (1) year of full-time seniority. Seniority shall be posted in hours; in addition, such hours shall be divided by 1500 to reflect years to 3 decimal places for the purpose of integrated seniority comparisons.

10.02 The probationary period for full-time, part-time and casual nurses shall be four hundred and fifty (450) hours.

The probationary period may be extended a further three hundred (300) hours by mutual consent.

The release of a probationary nurse for reasons based on performance and ability to do the job, including skills, suitability and availability shall not be subject to the grievance procedure unless the probationary nurse is released for reasons which are arbitrary, discriminatory or in bad faith.

10.03 A nurse who transfers from full-time to part-time status or vice versa shall not be required to serve a probationary period where the nurse has previously completed a probationary period. Where no such probationary period has been served, the number of hours worked immediately preceding the transfer shall be credited towards the probationary period.

10.04 The Employer will keep up to date separate seniority lists for full-time and part-time nurses and supply copies of the current lists to the Association twice a year, including the first full pay period in December and June by December 31 and June 30 each year and prior to any layoff.

The Employer will also post these seniority lists at each Carefor Site and forward a copy to the Bargaining Unit President.

10.05 Seniority shall be retained and accumulated when a nurse is absent from work under the following conditions:

- (a) On an approved leave of absence with pay;
- (b) When on an approved leave of absence without pay not exceeding thirty (30) continuous calendar days;

- (c) When absent due to sickness or injury and/or disability;
- (d) When on pregnancy/parental leave in accordance with the *Employment Standards Act*.

10.06 Seniority shall be retained but not accumulated when a nurse is absent from work under the following conditions:

- (a) When on an approved leave of absence without pay, exceeding thirty (30) continuous calendar days;
- (b) When on layoff of up to 24 months;
- (c) A nurse who is rehired within six (6) months from the date of their resignation will be reinstated with salary and vacation entitlement at the time of departure and will have all seniority re-credited.

10.07 Seniority shall be lost and a nurse considered terminated when a nurse is absent from work under the following conditions:

- (a) Retirement;
- (b) Resignation;
- (c) Discharge which is not overturned by the grievance/arbitration procedure;
- (d) Laid off for more than 24 months;
- (e) Fails, upon being notified of a recall, to signify their intention to return within seven (7) calendar days after receiving notice of recall mailed by registered mail to the last known address according to the records of the Employer and fails to report to work within seven (7) calendar days after receiving the notice of recall or such further period of time as may be agreed upon by the nurse and Employer; and
- (f) Fails to report to work as scheduled at the end of a leave of absence, vacation or suspension unless there is a reasonable explanation given to the Employer, or utilizes a leave of absence for purposes other than that for which the leave was granted.
- (g) Is absent from work due to illness or disability for a period of thirty (30) months from the time such absence commenced.

10.08 A nurse's full seniority and service shall be retained by the nurse in the event that the nurse is reclassified from full-time to part-time or vice versa. A nurse whose status is changed from full-time to part-time shall receive credit for full seniority and service on the basis one year of full time service will equal fifteen hundred (1,500) hours of part time seniority. A nurse whose status is changed from part-time to full-time shall receive credit for full seniority and service on the basis of one year of seniority or service for each fifteen hundred (1,500) hours paid calculated to 3

decimal places. The foregoing service calculation applies to only when converting seniority from full time to part time status or vice versa.

10.09 Positions Outside the Bargaining Unit

Any nurse who takes a management position for any reason shall have their seniority frozen at the time the nurse exits the Bargaining Unit into the management position. The Employer shall provide the Union in writing with confirmation of the member's seniority at the time of the exit from the Bargaining Unit. The member may only be out of the Bargaining Unit for a period of nine (9) months, and will not accumulate seniority while out of the Bargaining Unit.

When a nurse returns to the Bargaining Unit within nine (9) months of exiting, the member's seniority will be reinstated. A Nurse must remain in the bargaining unit for a period of a least three (3) months before transferring out of the bargaining unit again or the nurse will lose all seniority held at the time of the subsequent transfer.

10.10 Protection of Bargaining Unit Work

The Employer shall not contract out any work usually performed by members of this bargaining unit if, as a result of such contracting out, a lay-off of any nurses follows. Contracting out to an Employer who is organized and who will employ the nurses of the bargaining unit who would otherwise be laid off is not a breach of this provision. This clause will not apply to the ad hoc use of agency or registry nurses for single shift coverage of vacancies due to illness or leaves of absence.

10.11 Layoff and Recall

- (a) Where there is a reduction in the workload resulting in a surplus of nurses, the Employer shall lay-off nurses in reverse order of seniority within the bargaining unit provided the nurses remaining are qualified to perform the available work. Probationary nurses shall be laid-off first, followed by the most junior nurses. Layoff and recall rights of full-time nurses shall be separate from part-time nurses.
- (b) Nurses shall be recalled in order of seniority, provided that the nurse is qualified to perform the available work.
- (c) No reduction in the hours of work shall take place to prevent or reduce the impact of layoff.
- (d) A nurse on layoff will be given job opportunities (vacancies) before any new nurses are hired into that category.
- (e) No new nurse will be hired when there is a nurse on lay-off with the required skills and qualifications.
- (f) A reduction of the regular part-time staffing complement is considered a layoff.

- 10.12 In the event of a proposed layoff of a permanent or long term nature the Employer will:
- (a) provide the Association with no less than up to thirty (30) calendar days' notice of such layoff and;
 - (b) meet with the Association to review the following:
 - i) the reasons causing the layoff;
 - ii) the service which the Employer will undertake after the layoff;
 - iii) method of implementation including the areas of cutback and the nurses to be laid off; and,
 - iv) any other alternatives.
 - (c) In the event of a cutback in service which will result in displacement of nurses', the Employer will provide the Association with up to thirty (30) calendar days' notice. If requested, the Employer will meet with the Association Management Committee to review the reasons and expected duration of the cutback in service, realignments of service and its effect on nurses in the bargaining unit.
 - (d) When a nurse accepts a long-term layoff, the nurse shall be entitled to receive severance pay in accordance with the *Employment Standards Act*.
 - (e) Prior to laying off nurses, the Employer will provide nurses with the option to retire if eligible under the terms of the pension plan.

10.13 Layoff Options

- (a) Nurses shall have the following entitlements in the event of a layoff:

In the event of a single shift reduction of nurses, nurses may first be offered, in order of seniority, the opportunity to take vacation day(s), utilize any compensating/lieu time credits or to take unpaid leaves in order to minimize the impact of the layoff.

A nurse who has been notified of a layoff may:

 - i) accept the layoff; or
 - ii) opt to retire if eligible under the terms of the pension plan; or
 - iii) elect to transfer to a vacant position, provided the nurse is qualified to perform the available work; or
 - iv) displace the least senior nurse in any classification in the bargaining unit whose work they are qualified to perform.
- (b) In all cases of layoff:

Any agreement between the Employer and the Union concerning the method of implementation of a layoff shall take precedence over the terms of this article. The unavailability of a representative of the Union shall not delay any meeting regarding layoffs or staff reductions.

Where a vacancy occurs in a position following a layoff hereunder as a result of which a nurse has been transferred to another position, the affected nurse will be offered the opportunity to return to the former position providing such vacancy occurs within six (6) months of the date of layoff. Where the nurse returns to the former position there shall be no obligation to consider the vacancy under the Job Posting provisions. Where the nurse refuses the opportunity to return to the former position the nurse shall advise the Employer in writing.

10.14 Termination of Service

- (a) A nurse shall endeavour to give one month's written Notice of resignation.
- (b) A full-time or regular part-time nurse who has been employed for three (3) months or more shall be given Notice of long term layoff (a layoff of three (3) months or more) in accordance with the following:
 - i) An employee with less than five (5) years of service will receive four (4) weeks notice in writing or pay in lieu thereof;
 - ii) An employee with five (5) years of service will receive five (5) weeks notice in wiring or pay in lieu thereof.
 - iii) An employee with six (6) years of service will receive six (6) weeks notice in writing or pay in lieu thereof.
 - iv) An employee with seven (7) years of service will receive seven (7) weeks notice in writing or pay in lieu thereof.
 - v) An employee with eight (8) or more years of service will receive eight (8) weeks notice in writing or pay in lieu thereof.
- (c) A nurse may be discharged for just cause without notice or pay in lieu thereof, notwithstanding the foregoing.

ARTICLE 11 – JOB POSTINGS

- 11.01 The Employer will post all vacancies and new positions in the bargaining unit for seven (7) calendar days, in order to allow interested nurses to apply, prior to filling the position. The Employer will provide the job posting to the Bargaining Unit President, at the time of posting and will also send a copy of the job posting by email. The job posting will be announced to all nurses in the Bargaining Unit on email. If no qualified nurse applies to the job posting, the Employer may hire a nurse from outside the Bargaining Unit. The name of the successful applicant(s) shall be posted by the Employer within seven (7) days of the selection being made.

This information will also be provided to the Bargaining Unit President by email at the time of the posting.

- 11.02 Nurses from within the bargaining unit shall be given the first opportunity to fill temporary vacancies. The Employer will outline the conditions and duration of such vacancies. In filling of such temporary vacancy, the Union will be informed of the specific circumstances which gave rise to the temporary vacancy.
- 11.03 Vacancies of less than sixty (60) calendar days will be covered by existing nurses. In the event that the vacancy cannot be covered by existing nurses, the vacancy will be posted. Should this temporary vacancy be elsewhere than the nurse's usual area of work, the nurse will return to their usual area of work at the completion of the temporary vacancy provided the area of work still exists.
- 11.04 In assessing applicants for vacancies or new positions, the following factors shall be considered:
- (a) skill, ability, experience and qualifications; and
 - (b) seniority.
- When factors in (a) are relatively equal, (b) shall govern. The Employer shall not administer this provision in an arbitrary fashion.
- 11.05 A nurse may make written request for transfer to another area of the city or team. Requests for transfer will be submitted in writing to the Nursing Manager and will be approved in order of seniority subject to operational requirements. A Nurse will be required to resubmit any requests in writing for transfer on an annual basis.

ARTICLE 12 – LEAVES OF ABSENCE

12.01 Personal Leave

Leave of absence without pay may be granted at the discretion of the Employer for personal reasons. Nurses may make a written request for unpaid personal leave of absence based on the *Employment Standards Act*. Verbal requests will be accepted in exceptional circumstances with the exception that the request will be provided in writing as soon as possible.

- 12.02 All leaves of absence without pay of more than thirty (30) days shall be without accumulation of seniority, vacation, sick leave, or any benefits under this agreement. If a nurse wishes to remain in the group health insurance plan during the leave, the nurse may do so by prepaying full premiums to avoid the transfer out and in, subject to the approval of the carrier.

12.03 Leave for Appointments

A nurse may request a planned absence for a personal reason to attend medical, dental or other professional appointments. In order to accommodate such requests a nurse may use earned time i.e. vacation, banked time, Statutory Holiday lieu day to maintain paid hours for the day with the approval of the Manager.

Leave will be granted based on staffing requirements or the nurse may adjust their scheduled hours or take leave of absence without pay with approval of the Manager. Such absences must be requested in writing as far in advance as practical prior to the required time.

12.04 Secondment/Special Projects

A nurse who has been granted approval by the Director of Client Services or designate for a secondment in the Health Sector or to serve on special projects for the Association may be given a leave of absence without pay for a period of up to two (2) years. The Parties will document the Secondment in writing including the time frame and any additional provision required.

There shall be no loss of seniority or service as a result of such leave. Salary and applicable benefits will be maintained by the Employer. The Employer shall be reimbursed for the full cost of salary and applicable benefits by the Association or by the agency to which the nurse is seconded. The nurse agrees to notify the Employer of the intention to return to work at least four (4) weeks prior to the date of such return.

12.05 Professional and Education Leave

Nurses may be granted leave(s) of absence with or without pay to attend workshops, seminars and courses, which may be deemed beneficial to the nurse's professional development especially as it relates to the nurse's responsibilities. Selection shall be made in an equitable basis from nurses who make written application to attend such education. Such leave and payment of any Professional Leave is granted at the discretion of the Employer.

12.06 Jury/Witness Duty

The nurse will promptly notify the Employer in writing, upon notification that the nurse will be required to attend, and provide the Employer with any compensation amounts paid minus expenses for such service or attendance to the Employer. The nurse will present proof of such service requiring attendance.

12.07 Include the definition of "Spouse"

- (p) The Director of Client Services will consider written requests to carry a maximum of two (2) weeks of vacation time or seventy-five (75) hours into the next vacation year. Requests must be made to the Director of Client Services or designate in writing by March 1st of each year.

ARTICLE 20 – SKILLS DEVELOPMENT AND TRAINING

20.01 The Employer and the Association recognize their joint responsibility and commitment to provide and participate in the professional development of staff.

In recognition of the importance of nurses' continuing professional development, the Employer will give special consideration to requests for special work arrangements to allow nurses to pursue educational opportunities.

The parties may also attempt to negotiate with local educational institutions to provide specific courses and/or discounts to meet educational needs of nurses.

Nurses with special skills or training will be identified as peer resource persons and nurses will be encouraged to make use of these resource persons.

Where new nursing skills are required, the initial training will be offered based on caseload needs of the area and client requirements.

The Employer will cover the cost of the initial training for required skills. If the Employer does not have the resources to cover the total cost, the Employer will look to cost sharing strategies with the Association or individual nurses. (E.g. Employer covers the cost of the trainer, location, and supplies and the nurse attends on their own time.)

It is expected that following initial training for needed and required skills, the nurse will have the responsibility for maintaining ongoing competence, by utilizing skills in the workplace or attending in-services.

Continuous professional development is a hallmark of professional nursing practice. As a self-regulating profession, nursing recognizes the importance of maintaining a dynamic practice environment which includes ongoing learning, the maintenance of competence, career development, career counselling and succession planning. The parties agree that professional development includes a diverse range of activities, including but not limited to formal academic programs; short-term continuing education activities; certification programs; independent learning committee participation. The parties recognize their joint responsibility in and commitment to active participation in the area of professional development.

Available programs will be publicized, and the Employer will endeavour to provide nurses with opportunities to attend such programs.

20.02 Orientation and In-Service Program

The Employer recognizes the need for an Orientation Program of such duration as it may deem appropriate taking into consideration the needs of the Employer and the nurses involved.

Nurses who displace other nurses in the event of a long-term layoff, nurses recalled from layoff, and nurses who are transferred on a permanent basis may be provided any orientation determined necessary by the Employer for the purposes of allowing the nurse to assume satisfactorily the duties of such position.

20.03 Nurses may be required, as part of their regular duties, to supervise activities of students in accordance with the current College of Nurses of Ontario Practice Guidelines – Supporting Learners. Nurses will be informed in writing of their responsibilities in relation to these students and will be provided with what the Employer determines to be appropriate training.

Nurses are expected, as part of their regular duties, to provide guidance and advice to members of the health care team.

20.04 Student Supervision and Mentoring New Nurses

Nurses may be required, as a part of their regular duties, to supervise activities of students and/or orientating new nurses to the organization in accordance with the current College of Nurses of Ontario Practice Guidelines - Support Learners.

- 20.05 The Employer undertakes to notify the Union in advance, so far as practicable, of any technological changes which the Employer has decided to introduce which will significantly change the work performed by nurses within the bargaining unit.

The Employer agrees to discuss with the Union the effect of such technological changes on the employment status of the nurses and to consider practical ways and means of minimizing the adverse effect, if any, on the nurses concerned.

Where computers and/or new computer technology (e.g. computer charting) are introduced into the workplace that nurses are required to utilize in the course of their duties, the Employer agrees that necessary training will be provided.

ARTICLE 21 – EMPLOYEE FILES

- 21.01 Any letter of reprimand, suspension or other sanction will be removed from the record of a nurse eighteen (18) months following the receipt of such letter, suspension or other sanction provided that such nurse's record has been discipline free for the immediately preceding twelve (12) months during which the nurse has worked.

It is agreed that nurses who currently have a bank of days in excess of six hundred and thirty-seven point five (637.5) hours (85 days) will have their sick leave bank frozen. Such bank shall be utilized and no further credit shall be given until these individuals have reached six hundred and thirty-seven point five (637.5) hours (85 days).

- 22.02 Sick leave credits will continue to accrue for all nurses during such time as the nurse may be absent on sick leave. Designated holidays and regular days off shall not form part of the illness period.

The 4 weekend passes per year rule does not apply.

Prior to the completion of the 6 month trial period, a meeting will be held with the Employer and Union to evaluate the pilot and to make recommendations.

Re: Staffing & Scheduling Pilot

Rationale:

The current approach to staffing nurses using Article 13.02 (a) and (b) in the ONA Collective Agreement (expired March 31, 2018) presents management with a number of challenges in moving towards a more proactive, planned and structured approach to staffing and scheduling of its nurses for the delivery of home care services.

Current Language:

Article 13.02 Scheduling

The following provisions shall apply to full-time and part-time nurses:

- (a) The work schedule which includes night standby shall be posted four (4) weeks in advance and shall cover a four (4) week period.
- (b) Where possible, any request for time off must be submitted in writing two (2) weeks in advance of the posting of the schedule.

Management believes that this small window of time to receive requests for time off (2 weeks in advance of the posting of the schedule) and the high frequency of posting schedules (every 4 weeks) leads to continuous changes to the schedule, lack of consistency in approach and contributes to a lack of continuity in scheduling of client care visits.

Intent:

The intent of implementing a staffing and scheduling pilot is:

- to design a more planned, proactive and structured staffing process and procedure that will contribute to a better quality of life for nurses
- to achieve greater consistency in staffing and continuity of care provided to clients
- to reduce the number of requested schedule changes and postings throughout the year in order to simplify the process and reduce effort of nurses and staff

Pilot Details:

Management is proposing to modify Article 13.02 (a) and (b) to read as follows for the duration of the pilot.

- (a) The work schedule which includes night standby shall be posted 4 weeks in advance and shall cover a twelve (12) week period.
- (b) Where possible, any request for time off must be submitted in writing four (4) weeks in advance of the posting of the schedule.

In addition to these changes, management will work closely with ONA members to develop a new standard operating procedure for staffing and scheduling. This procedure is intended to guide staff and nursing leadership in the day-to-day implementation of the pilot.

Throughout the pilot, Article 13.02 (h) will remain:

A request for an exchange of shift(s) set out in the posted time schedule must be submitted via email by the nurses requesting the exchange. It is understood that such request for exchange shall not result in any premium payment and will not be unreasonably denied.

Although a goal of this pilot is to reduce the frequency of staffing and scheduling changes, management agrees to respond to and accommodate requests for time off after schedules are posted, where deemed reasonable and appropriate.

Pilot Duration:

The pilot will run over two (2) consecutive scheduling periods, which will include an evaluation. The evaluation will include feedback and input from ONA members. Information collected will be used to improve the pilot for the following scheduling period.

Suggested pilot timelines are below:

1st Pilot Scheduling Period*

Submission Date	Posting Date	Schedule Period
July 31, 2018	August 31, 2018	October 1, 2018 to January 6, 2019

**includes Christmas and New Year's Stat Holidays*

2nd Pilot Scheduling Period

Submission Date	Posting Date	Schedule Period
November 7, 2018	December 7, 2018	January 7, 2019 to March 31, 2019

This letter of understanding will run over two (2) consecutive pilot scheduling periods and may be modified by mutual consent of Carefor and ONA.

Following the pilot, both parties agree to meet and discuss the findings of the evaluation for an assessment of pilot strengths and areas in need of improvement. This information will inform a decision on whether to continue with this approach or not. This discussion will take place at a scheduled Association-Management Meeting.
