If a nurse is required to work on a third consecutive weekend, the nurse will be paid in accordance with Article 14 for all hours worked on that weekend, save and except where:
- i) such weekend has been worked by the nurse to satisfy specific days off requested by such nurse; or
  - ii) such nurse has requested weekend work; or
  - iii) such weekend is worked as the result of an exchange of shifts with another nurse which has been approved by the immediate supervisor.
  - iv) When a part-time nurse requests to work their commitment on weekends, the request will be in writing to the Hospital and copied to the Union. The Hospital and Union will meet to discuss the request and develop a LOU for that individual nurse.

F.6 Where a nurse earns time in lieu of overtime and the nurse chooses the equivalent time off, as provided for in Article 14, such time off will be taken within sixty (60) days following the date on which the overtime was worked, at a mutually agreeable time between the nurse and the immediate supervisor. Any remaining banked time which has not been taken by March 31<sup>st</sup>, will automatically be paid out.

F.7 Scheduling of Overtime Shifts

When overtime shifts become available, overtime shifts will be offered to all Nurses on the unit. Nurses will be called in descending order of seniority, according to the following process once all part-time nurses have been scheduled seventy five (75) hours.

The vote must equal or exceed eighty (80%) percent of the nurses on the unit on a master rotation for the master rotation to be changed.

(b) Where a master rotation schedule is changed due to a permanent long-term layoff or the addition of new full-time positions, the nurses on the affected unit will be provided with 90 days' notice that their master rotation may be amended.

Where a master rotation schedule is changed pursuant to the above, individual schedule/rotations will be selected by seniority. Where the master rotation contains a job sharing arrangement, the seniority of the two regular part-time nurses sharing the full-time position will be added together

and divided by 2 to determine the seniority to be used for the awarding of the rotations.

- (c) Individual lines on a master rotation shall not be changed without prior discussion between the nurse affected and the immediate supervisor. Where a nurse has complained to their Manager about a schedule and the Union requests a copy of the applicable schedule, the Manager shall provide a copy to the Union.

  - ii) the Hospital because of
    - A) adverse effects on patient care,
    - B) inability to provide a workable staffing schedule, or
    - C) where the Hospital wishes to do so for other reasons which are neither unreasonable nor arbitrary, states its intention to discontinue the 2D/2N extended shifts.
- (c) When written notice of discontinuance is given by either party in accordance with paragraph (2) above, then:

## G.6

### Job Sharing

The Association and the Hospital agree to implement a Job Sharing arrangement. This arrangement shall be limited to two (2) positions (two full time positions occupied by four nurses), according to Article 20. However, this may be increased by mutual agreement of the parties.

The Hospital or the Association may terminate the Agreement with six (6) weeks written notice.

This Memorandum will be up-dated and changed to incorporate any amendments to the Collective Agreement.

The employees involved in job sharing are covered by the provisions of the Part-time Collective Agreement, except those which are modified as listed below:

- (a) The employer shall deduct from each job sharer's pay, and remit to the Association each month, an amount equal to the regular monthly part-time dues designated by the Association.
- (b) Each job sharer will accumulate seniority according to the Part-time Collective Agreement.
- (c) Job sharing shall be initiated by the incumbent of a full-time position who wishes to enter into such an arrangement and shall require the approval of the Hospital.
  - i) If approved, the full-time employee wishing to share her position may do so without having her or his half of the position posted. The other half of the job sharing position will be posted and selection will be made on the criteria set out in the Collective Agreement.
  - ii) It is understood and agreed that the arrangement is for a trial period of three (3) months where the Hospital will determine if the arrangement can work satisfactorily. Within this period either employee may return voluntarily, or be returned by the Hospital, to her or his former position.
  - iii) Where two (2) full-time employees on one unit wish to job share one (1) position, neither half will be posted provided this would create one (1) full-time position to be posted and filed in accordance with the Collective Agreement.
- (d) The normal weekly hours of work for the job shared position shall be 18.75 hours when averaged out over a six week period. Each employee will not be scheduled to work more than one-half of the normal weekly hours of work, unless mutually agreed otherwise.
- (e) Schedules shall conform with the Full-time Collective Agreement which sets out scheduling regulations.
- (f) The division of the scheduled shifts shall be determined by mutual agreement of the two employees and the Nurse Manager.
- (g) Except under extenuating circumstances, job sharers are expected to cover for their partners for absences not expected to exceed fourteen (14) calendar days due to illness or accident or other leave of absence. Job sharers will be required to cover for each other during vacation, unless mutually agreed otherwise.
- (h) If one of the job sharers leaves the arrangement, her or his position will be posted. If there is no successful applicant to the position, the remaining employee will revert to her or his former status. If the remaining employee was previously full-time the shared position will become her or his position. If the remaining employee was previously part-time and there is no part-time position available on the same Unit, she or he shall exercise her or his layoff bumping rights to obtain a part-time position. The shared position would then revert to a full-time position and be posted according to the Collective Agreement.

## **ARTICLE H – CHRISTMAS SCHEDULING**

H.1 Requests for time off at Christmas and New Year's must be submitted no later than October 1<sup>st</sup> and the Christmas\New Year's schedule shall be posted no later than November 1<sup>st</sup> of each year.

A nurse shall normally be scheduled off for Christmas or New Year's alternating from year to year. In the event that nurses may be granted additional time off during the Christmas and the New Year's periods, time off will be granted to the nurse that has requested time off in writing, based on seniority.

The scheduling requirements listed in Article F will be waived by the Union between December 15<sup>th</sup> and January 15<sup>th</sup> in order to allow the Hospital to develop a schedule that allows all nurses to receive five (5) consecutive days off at either Christmas or New Year's. The foregoing shall not apply in those areas where the nurse scheduled to work Monday to Friday and scheduled off on paid holidays.

Nurses requesting fewer than five (5) days off must submit the request in writing to the Manager, no later than October 1<sup>st</sup>. The rotation for the Christmas and New Year's period shall be posted no later than November 1<sup>st</sup> of each year.

  - v) Provided they are qualified, nurses may submit their availability to work additional shifts to more than one unit, if to do so is in accordance with existing hospital practice.

- I.4 Additional shifts that become available after the schedule has been posted will be offered based on seniority on an equitable basis (equitability in this case means that additional shifts should be offered on the base of the number of hours worked within the pay period) within the pay period to regular part-time nurses on the unit who have indicated their availability, then to regular part-time nurses in other areas

of the hospital who have provided their availability, then to casual nurses according to their seniority and availability.

Re: Excess Hours of Work

The Parties agrees that the Employer may exceed the hours of work limitations set out in Section 17(1) (b) of the Employment Standards Act (ESA), 2000, but only for the following purpose and to the following extent:

- (a) The Union agrees to average such scheduled hours to allow for a workable master rotation or schedule over a standard of a six (6) week period. Such schedules are designed to provide an average of 37.5 hours per week for full-time Nurses or two hundred and twenty five hours (225) hours in a six (6) week period. Part time Nurse's will be scheduled no more than seventy five (75) hours in two weeks period.
- (b) The Union agrees to average such scheduled hours over the same six (6) week period for the purpose of determining the Nurse's entitlement, if any, to overtime pay under Section 22 of the Act. This agreement does not apply to any combination of hours which includes hours not on the master rotations or schedules. Nothing in this agreement would disentitle Nurses to ESA overtime for any additional hours worked that week. Nothing else in this agreement affects a Nurse's rights under Section 22.
- (c) The master rotations or schedules referred to above must be approved by the Union and the Nurses working in the relevant Unit at the time the rotation or schedule is introduced.
- (d) The Union agrees that Nurses may be asked to work more than their regular scheduled hours in a work day despite the limits set out in Section 18 (1), (2), (3) and (4) of the Act. Each Nurse has the right to refuse the request to work beyond the limits in Section 18 (1) (2) and (3) and (4) subject to the emergency provisions of Section 19 of the Act.
- (e) The Union agrees that a Nurse may be asked to work hours which provide less than eight hours free from the performance of work between shifts even if the total time worked on successive shifts exceeds 13 hours. Each Nurse has the right to refuse the request, subject to the emergency provisions of Section 19 of the Act.
- (f) The Union agrees that Nurses may be asked to work additional hours to those on their master rotations or schedules, such that they may work more than forty eight (48) hours in a week, up to a limit of sixty (60) hours in a

week. Each Nurse has the right to refuse the request, subject to the emergency provisions of Section 19 of the Act.

With the exception of allowing the averaging of weekly hours for the purpose of determining the Nurse's entitlement, if any, to overtime pay under Section 22 of the Act this agreement shall not be interpreted to disentitle a Nurse to any other premium payment under any other provision of the Collective Agreement.
