J-5

Part-Time Only

The Hospital agrees to achieve and maintain the following regulations in the formulation of working schedules:

- (a) The Hospital agrees to schedule regular part-time nurses according to their commitment providing the work is available.

The initial scheduling of tours will be on an equitable basis.

All regular part-time nurses should be scheduled up to their committed hours.

Where extra non-premium tours become available, they should first [1st] be offered on the basis of seniority to regular part-time nurses, provided that no nurse will exceed her commitment as a result of being offered such extra tours where there are regular part-time nurses who have not yet been offered their commitment of shifts.

Where all regular part-time nurses have been given the opportunity to work up to their committed tours, extra non-premium tours will then be offered to regular part-time nurses on the basis of seniority.

(b) Regular Part-Time Commitment

Part-time nurses will only be permitted to change their commitment once in every six (6) month period and must be submitted in writing to the Hospital.

Where extra hours become available after the posting of the schedule and commitment has not been reached, they will first be offered on an equitable basis, by seniority to Category "A" employees on the unit.

If the shift is still available it will then be offered to Category "B" employees on the unit on an equitable basis by seniority up to their commitment.

If the shift remains available it will be offered to job sharers by seniority.

Then if the shift remains available the shift will be offered by seniority to regular part-time employees of other units who have expressed interest.

Category "A"

The nurse must be available if required by the Hospital and her commitment in writing will include the following conditions:

- i) To be available one hundred and thirty-five (135) hours over a six (6) week posted rotation;
- ii) Available three (3) weekends out of six (6);
- iii) To be available for all shifts;
- iv) To be available to work not more than five (5) scheduled consecutive tours for an eight (8) hour shift, or three (3) scheduled consecutive tours for a twelve (12) hour shift, unless mutually agreed to;
- v) To be available to work either Christmas or New Year's and at least four (4) other paid holidays a year;
- vi) must give four (4) hours' notice if unable to work a scheduled evening or night tour and as much notice as is possible when working the day tour.

The ratio of Category "A" to Category "B" must be maintained at a minimum of 80% Category "A" to 20% Category "B" in each unit.

Category "B"

The nurse must be available if required by the Hospital and her commitment in writing will include the following conditions:

- i) To be available forty-five (45) hours over a six (6) week posted rotation;
- ii) Available two (2) weekends out of six (6);
- iii) To be available for all shifts;

- iv) To be available to work either Christmas or New Year's and at least two (2) other paid holidays a year;
- v) must give four (4) hours' notice if unable to work a scheduled evening or night tour and as much notice as is possible when working the day tour.

The ratio of Category "A" to Category "B" must be maintained at a minimum of 80% Category "A" to 20% Category "B" in each unit.

J-6

Part-Time Only

Four (4) Hour Tours

Where scheduled four (4) hour tours are required, Article J in its entirety applies except as amended by the following:

- (a) The Hospital will endeavour to keep the number of four (4) hour tours to a minimum.
- (b) There shall be an equitable distribution of such tours among the part-time nurses.
- (c) No part-time nurse will be scheduled solely on tours of less than 7.5 hours in any pay period, except where such arrangements are requested by the nurse.
- (d) For nurses working tours of duty of less than 7.5 hours, no more than five (5) tours in a row shall be scheduled. If a nurse is required to work on a sixth [6th] consecutive and subsequent tour, then she/he will receive premium payment for each tour so worked until a day off is scheduled.

J-7

The parties agree to enter into discussion regarding Weekend Workers, Innovative Scheduling and/or Special Circumstance Scheduling as necessary in accordance with Article 13 of the Collective Agreement.

J-8

Lieu Time

Lieu time for accumulated overtime will be granted on a mutually agreeable day within forty-five (45) days after the accrual. Upon written request of the employee lieu time may accrue beyond the forty-five (45) day limit. When accumulation of thirty-seven and a half (37.5) hours is reached, the employee is required to make arrangements to take some or all of the accumulated time, unless mutually agreed otherwise. All lieu time will be paid within the fiscal year during which it has been accumulated. It is understood that scheduling of vacation time or paid holidays take precedence over lieu time for accumulated overtime.

J-9

Stand-by Scheduling

- (a) The Hospital will notify the Local President or designate prior to initiating ongoing standby assignments on any unit and/or any significant changes in unit standby scheduling practices.

- (b) Staff shall put their preference for standby shifts in writing two weeks (14 days) prior to the date the schedule is to be posted. If there is no indication of preferred dates, the shifts will be assigned equitably.
- (c) Standby shifts will be reflected on the posted schedule.
- (d) The Hospital shall endeavour to equitably distribute standby duty, including paid holidays and long weekends, on a rotating basis.
- (e) When a nurse is called in from standby the hospital will not require the nurse to return to regular duties without at least eight (8) hours of time off. Where such time off extends into the nurse's next regular scheduled shift she or he will maintain his or her regular earning, seniority and service for that full shift.
- (f) The maximum number of shifts and stand-by that a Nurse can work and not attract premium payment is three (3) twelve (12) hour shifts consecutively, unless mutually agreed.
- (g) A full-time employee will be scheduled for standby in conjunction with a scheduled work shift. Scheduling of standby on a scheduled day off is only permitted when mutually agreed between the employee and HHHS.
- (h) When a full-time or part-time employee is scheduled for standby on a weekend, she/he is considered to be "working" the weekend for the purposes of consecutive weekend entitlement.
- (i) A night standby shift will not be scheduled to end less than 48 hours before a scheduled day shift unless otherwise agreed to by the employee. This does not apply to single, stand alone on-call shifts.
- (i) Unless otherwise agreed by the Union and Management, if an entire shift becomes available, only after all efforts to replace the shift at regular or as a whole shift at premium have been exhausted, may the shift be replaced with the employee on standby.

J-10

Master Rotations

- (a) The Bargaining Unit President will be provided with a copy of current master rotations no later than the last Wednesday of January in each year.
- (b) Master rotations will not be altered without the written agreement of the Union and Management. Requests to amend current master rotations will be submitted to the Bargaining Unit and Management not less than forty-two (42) days prior to the scheduled posting of any master rotation schedule. The master rotation schedule will remain unchanged until such time as the parties have reviewed the requested changes and an agreement has been reached. Such agreement shall not be unreasonably withheld.
- (c) Where a master rotation schedule is changed pursuant to the above, individual schedule rotations will be awarded on the basis of seniority. Where the master rotation contains a job sharing arrangement, the

seniority of the two regular part-time employees sharing the full-time position will be added together and divided by 2 to determine the seniority to be used for the awarding of the rotations.

- (d) Individual lines on a master rotation shall not be changed without prior discussion between the employee affected and her or his Manager. Where an employee has communicated a concern to her or his Manager about a schedule and the Union requests a copy of the applicable schedule, the Manager shall provide a copy to the Union.
- (e) Where a unit has a master rotation and a full time line becomes vacant, requests may be submitted in writing for consideration of transferring to the vacant line in the rotation. Considering appropriate skills, ability, experience and qualifications of registered employees, the transfer may be granted to a full-time employee on the affected unit prior to filling the vacancy. Where skill, ability, experience and qualifications are relatively equal amongst interested nurses, seniority shall govern.

J-11

Innovative Schedules

ONA Nurses or Managers wishing to initiate Innovative Scheduling as per Article 13.03 of the Central Agreement will abide by the following:

- a) The initiating party will provide a written request to the Manager and the Bargaining Unit President. If a Manager wishes to present a proposal for Innovative scheduling she shall first discuss it with the Bargaining Unit President.
- b) A meeting will take place between the Bargaining Unit President, the Manager and the designated representative of the area requesting Innovative Scheduling.
- c) Discussion will include the type of Innovative Unit Scheduling requested, any necessary Central Hospital Agreement issues needing to be addressed, voting protocol if necessary, trial periods and any other relevant issues. All parameters related to the introduction, discontinuation, voting process, trial periods and scheduling will be agreed upon in writing prior to implementation.
- d) All scheduled will be established by mutual agreement between the Union and the Hospital.

ARTICLE K - PRE-PAID LEAVE PLAN
