ARTICLE A – RECOGNITION & DEFINITIONS

- A.1 The Hospital recognizes the Association as the exclusive bargaining agent for all Registered and Graduate Nurses employed by the Hospital in the Municipality of Metropolitan Toronto, engaged in nursing care, save and except Nursing Manager and Assistant Supervisors, and persons above the rank of Nursing Manager and Assistant Supervisor.
- A.2 The word “nurses” when used throughout this Agreement shall mean persons included in the above-described bargaining unit and excludes nurses from employment agencies.

ARTICLE B – RESERVATION AND CONTINUATION OF MANAGEMENT FUNCTIONS

- B.1 The Association recognizes that the management of the Hospital and the direction of working forces are fixed exclusively in the Hospital and shall remain solely with the Hospital except as specifically limited by the provisions of this Agreement and without restricting the generality of the foregoing the Association acknowledges that it is the exclusive function of the Hospital to:
- (a) maintain order, discipline and efficiency;
 - (b) hire, assign, retire, discharge, direct, promote, demote, classify, transfer, layoff, recall and suspend or otherwise discipline nurses, provided that a claim of discriminatory promotion, demotion or transfer, or a claim that a nurse has been discharged, suspended or otherwise disciplined without reasonable cause may be the subject of a grievance and dealt with as hereinafter provided;
 - (c) determine in the interest of efficient operation and highest standard of service job rating or classification, the hours of work, work assignments, methods of doing the work and the working establishment for the service;
 - (d) generally to manage the operation that the Hospital is engaged in and without restricting the generality of the foregoing to determine the number of personnel required, the services to be performed and the methods, procedures and equipment in connection therewith;
 - (e) generally to operate the Hospital in a manner consistent with the obligations of the Hospital to the general public;
 - (f) make and enforce and alter from time to time reasonable rules and regulations to be observed by the nurses not inconsistent with the provisions of this Agreement.

- B.2 These rights shall be exercised in a manner consistent with the provisions of this Agreement.

ARTICLE C - ASSOCIATION REPRESENTATION

C.1 Union Representative

There will be twenty-five (25) Union Representatives which include acting representatives appointed on a temporary basis.

The Union agrees to provide the Hospital with an updated list of Union Representatives on a semi-annual basis.

The parties will discuss additional representation in the event that new floors are opened.

C.2 Negotiating Committee

The Hospital will recognize five (5) members on the Negotiating Committee. At least one of these members will be part-time.

C.3 Grievance Committee

The Hospital will recognize four (4) nurses from the local Bargaining Unit as Grievance Committee members provided not more than three (3) nurses attend any function.

C.4 Association-Hospital Committee

There shall be up to six (6) representatives of each of the parties on the Association-Hospital Committee. A standing item on the agenda for each meeting will be what payments, if any, is required under Article 6.03(e).

C.5 Professional Development Committee

There will be at least five (5) Association representatives, exclusive of the Bargaining Unit President, on the Professional Development Committee from across different clinical programs elected by the Association membership through a process determined by the Hospital in collaboration with the Association (see article 9.02).

- C.6 A forty-five (45) minute period during which the Association can communicate confidentially with new members will be scheduled during the Hospital's regular general orientation session. The Hospital shall provide the Association, at least three (3) days in advance with the known names of the nurses who will be attending the interview. The Hospital shall also

provide the Association with the classification, date of hire and area assigned for each newly hired nurse.

ARTICLE D - HOURS OF WORK

- D.1
- (a) Nurses working a full tour will have their breaks scheduled in each half (1/2) of the tour, subject to the exigencies of patient care and unless the nurse requests otherwise. This also applies to extended tours on the basis of one (1) break normally scheduled in each third (1/3) of the tour. Nurses will not be permitted to take their breaks at the beginning or immediately prior to the end of their shift unless approved prior to the start of the shift in writing by the Nurse Manager. A nurse shall be able to take a break away from the work area.
 - (b) If the Hospital decides to create a new tour, it will advise the Association in advance, and meet with the Association to discuss the matter if the Association so requests. A vote among the nurses involved may be conducted to canvass their opinion.

D.2 **Scheduling Objectives:**

Objectives in the formulation of working schedules have been left to local arrangements between a Nursing Manager and those reporting to the Nurse Manager. These local arrangements are to permit flexibility by encouraging individual responsibility. As a guide to the type of scheduling arrangement which the Hospital will maintain and follow, the parties set out below standard objectives, recognizing that the Hospital may not always be able to attain these objectives and that their attainment may be varied with the consent of those concerned.

These provisions apply to both the normal tour and the extended tour.

- (a) Schedules will be posted no less than twenty-eight (28) calendar days in advance. The current posted schedule will be available to all staff at all times.

Requests for specific shifts, days off or other scheduling requests shall be submitted in writing to the Nursing Manager/designate at least two (2) weeks prior to the posting of the schedule.

- (b) Master schedules will be developed, as required, for full-time employees in all areas except where self-scheduling exists and for those regular part-time nurses who currently work on a master schedule. The length of the master schedule for each area will be determined by the Hospital but will be no less than twelve (12)

calendar weeks. Master schedules will be adhered to unless amended by virtue of staffing requirements.

- (c) Where a line becomes vacant, it shall be offered to staff nurses in that unit on a seniority basis, as long as there remains sufficient experienced nurses on the remaining lines. This decision will be at the discretion of the Nursing Manager, based on the operational needs of the nursing unit.
- (d) a nurse may not be required to change tours of duty more than once during a work week, unless mutually agreed; a week shall mean Sunday to Saturday.
- (e) no split shifts;
- (f) Full-time nurses will not be scheduled to work single tours and the Hospital will endeavor not to schedule regular Part-time nurses for single tours unless mutually agreeable.
- (g) Subject to Article D.1, the Employer will endeavour to schedule so that one half of the nurses' tours are day tours. When this is not possible, the nurses in the unit who rotate shall, over a reasonable period of time, be scheduled to the same number of day tours. Days off shall not be included in the averaging system.
- (h) A nurse who normally rotates shall not be required to work more than two (2) consecutive weeks on either of the evening or night tours without being scheduled for a period of day tours.
- (i) Where there are to be changes to a master schedule which are within the above objectives such changes shall be discussed with the Association prior to their introduction.

Where there are to be new schedules or alterations in existing schedules contemplated, that fall outside the above objectives, the Hospital will advise the Association prior to their introduction. Should the Association have any concerns with respect to such schedules, the Hospital will consider such concerns.

Prior to implementing changes to the master schedule there must be a minimum "yes" vote of seventy-five (75%) percent from the votes cast by the full time employees. A "yes" vote will provide for an immediate implementation.

Regular part-time nurses that would be regularly affected by the change to the master schedule would also be eligible to vote. There must be a separate "yes" vote of seventy-five (75%) percent from

those regular part-time who are eligible to vote in order for the new master to also apply to regular part-time.

Where two (2) part-time employees share a full-time position in a job sharing arrangement, the regular part-time employees in the job sharing arrangement will be entitled to one (1) vote.

Where a master rotation schedule is changed pursuant to the above, individual schedule rotations will be awarded on the basis of seniority. Where the master rotation contains a job sharing arrangement, the seniority of the two regular part-time employees sharing the full-time position will be added together and divided by two (2) to determine the seniority to be used for the awarding of the rotations.

- (j) Full-time nurses who work extended tours and rotate shifts will have twelve (12) hours scheduled off between tours and a minimum of forty-eight (48) hours after working night duty, unless mutually agreed. Overtime and hours worked on stand-by are not counted for the purposes of this article.
- (k) When scheduled to work a weekend, the nurse must provide total availability of at least fifty-six (56) consecutive hours between 1530 hours Friday (2330 hours if extended tours) and 0730 hours Monday. The nurse will then be scheduled to work as required in accordance with the needs of the unit and the other scheduling provisions of the collective agreement.
 - (l) i) An individual nurse may request to work a straight evening or night shift rotation. Such request shall consider operational needs and not be unreasonably denied.
 - ii) The Hospital agrees that where staffing requirements are deemed greater on the day shift than on the night shift, such day shifts shall be distributed equitably amongst those requesting more day shifts.
 - iii) If the nurse leaves their position, the line will revert to the previous line on the Master Schedule.
 - iv) This arrangement may be discontinued with six (6) weeks written notice. Upon receipt of such notice, a meeting will be scheduled, if requested. Discontinuation of this schedule will be neither unreasonable or arbitrary.

(m) Scheduling Committee

There will be a Scheduling Committee composed of two (2) ONA members and two (2) Hospital Representatives.

The Committee will meet every four (4) months, unless either party has no agenda items or by mutual agreement. Ad hoc meetings can be scheduled.

Proposed Master Schedules are to be provided to the Scheduling Committee at least five (5) weeks in advance of the implementation of any changes in Unit scheduling practices.

The Bargaining Unit President will be provided unit specific current master schedules upon request.

The purpose of this committee will be:

- (i) to act in an advisory capacity and assist in resolution of scheduling concerns;
- (ii) to review all new master schedules and to ensure compliance with the Collective Agreement;
- (iii) to provide suggestions to minimize Agency usage;
- (iv) to provide advice regarding the scheduling of part-time nurses.
- (v) the Hospital will provide education of the scheduling changes to the nurses on the unit with an ONA appointed representative present, prior to the vote.

D.3 Normal Tour (7.5 hours)

- (a) at least every third weekend off;
- (b) no less than two (2) consecutive tours shall be scheduled off between tour changes without consent. A nurse will be scheduled at least two (2) consecutive days off after working night duty;
- (c) a nurse will be scheduled off at least six (6) days in any three (3) week period including at least two periods of two (2) consecutive days off and a minimum of single days;
- (d) (i) a nurse who works on rotation will be scheduled off work for at least five (5) consecutive days at either Christmas or New Year's season except in areas where nurses are not normally

required to work on weekends and paid holidays. Scheduled consecutive days off work at Christmas will include the evening tour on December 24th, December 25th and December 26th and scheduled consecutive days off at New Year's will include the night tour on December 30th, December 31st and January 1st.

A nurse will not be scheduled to work two consecutive Christmas' or two consecutive New Year's without their consent.

- (ii) The Hospital shall post a notice/request list from September 1st to September 30th. The Christmas/New Year's schedule shall be posted by October 30th. In case of conflict, the Hospital shall grant requests on a seniority basis.
- (e) Nurses will not be scheduled to work more than seven (7) consecutive tours. A nurse will be scheduled two (2) consecutive days off after working seven (7) consecutive tours. Where a nurse is scheduled to work in excess of seven (7) consecutive tours, they shall receive premium payment for each tour in excess of the seven (7) tours in accordance with Article 14.03.
- (f) Nurses who have been granted permanent night or evening tours will not be rotated except by mutual consent or when the Hospital requires same to meet reasonable Hospital staffing requirements and for the purpose of evaluation and/or education. Each nurse on a permanent shift may be required to do a tour of duty on days, for in-service requirements and evaluation every six (6) months, not to exceed three (3) weeks in each six (6) month period.
- (g) The above scheduling objectives may not apply from December 15th to January 15th. However, a nurse will be scheduled off for at least two (2) days if they have completed seven (7) consecutive tours.
- (h) A nurse will receive premium payment in accordance with Article 14.03 for all hours worked on a third (3rd) and subsequent consecutive weekend save and except where:
 - (i) such weekend has been worked by the nurse to satisfy specific days off requested by such nurse; or
 - (ii) such nurse has requested weekend work; or
 - (iii) such weekend is worked as the result of an exchange of tours with another nurse.

- (i) A weekend will include at least fifty-six (56) consecutive hours off work between 1530 hours Friday and 0730 hours Monday.

The Hospital will review the nursing schedules with a view to having a weekend off commence at the conclusion of the day tour on Friday.

D.4 (A) Extended Tour

- (a) at least every second weekend off for a minimum of four (4) days off;
- (b) nurses will not be required to work more than four (4) consecutive twelve (12) hour tours.
- (c) the above scheduling objectives may not apply from December 15th to January 15th. However, a nurse will be scheduled off for at least two (2) days if they have completed a block of more than two (2) extended night tours during this period.
- (d) The introduction of extended tours will be implemented at six (6) month intervals where seventy-five (75%) percent of the nurses involved so request. Thereafter, discontinuance of extended tours will be implemented at subsequent six (6) month intervals, where eighty (80%) percent of the nurses involved so request.

The Hospital decides to do so because of:

- i) Adverse effects on patient care,
 - ii) Inability to provide a workable staffing schedule,
 - iii) Where the Hospital wishes to do so for other reasons which are neither unreasonable nor arbitrary, and states its intention to discontinue the extended tours [twelve (12) hours] in the schedule
- (e) The Hospital shall post a notice/request list from September 1st to September 30th. The Christmas/New Year's schedule shall be posted by October 30th. In case of conflict, the Hospital shall grant requests on a seniority basis.
 - (f) Nurses who have been granted permanent night tours will not be rotated except by mutual consent or in order to meet reasonable Hospital staffing requirements and for the purpose of evaluation and/or education. Where nurses are assigned to shift they may request a permanent assignment to night tour or short tour if available and the Hospital will grant such requests. A short tour is defined as a tour of fewer hours than an extended tour. Should the

nurse or the Hospital find it necessary to reverse this decision, either party may do so with four (4) weeks' notice.

- (g) A nurse will receive premium payment in accordance with Article 14.03 for all hours worked on a second (2nd) and subsequent consecutive weekends save and except where:
 - (i) such weekend has been worked by the nurse to satisfy specific days off requested by such nurse; or
 - (ii) such nurse has requested weekend work; or
 - (iii) such weekend is worked as the result of an exchange of tours with another nurse.
- (h) For the purposes of the extended (12 hour) shift, a weekend will include at least fifty-six (56) consecutive hours off work between 2330 hours Friday and 0730 hours Monday.

The Hospital will review the nursing schedules with a view to having a weekend off commence at the conclusion of the day tour on Friday.

- (i) A nurse who works on rotation will be scheduled off work for at least one hundred and twenty (120) consecutive hours at either Christmas or New Year's season except in areas where nurses are not normally required to work on weekends and paid holidays. Scheduled consecutive days off work at Christmas will include all scheduled shifts that end after 1930 hours on December 24th, December 25th and December 26th and the Hospital will endeavour to include the day tour on December 24th. Scheduled consecutive days off at New Year's will include the night tour on December 30th, December 31st and January 1st;

A nurse will not be scheduled to work two consecutive Christmases or two consecutive New Year's without their consent.

- (j) A nurse may waive the right to a minimum of four (4) days off as stated in the Article D.4 (a) by providing a written request with an effective date to their NUA to this effect. The nurse may discontinue this waiver by providing their NUA with two (2) week's written notice prior to the date the next schedule will be posted.

(B) 2D 2N Extended Tour

- (a) When the Hospital and the Union agree, the 2D 2N extended tour schedule may be instituted when eighty (80%) percent of the employees on a particular nursing unit have so indicated by secret ballot. For employees who indicate to their Nursing Manager that

they do not wish to work extended tours, the Hospital will endeavour to schedule these nurses on a normal shift rotation.

- (b) When less than eighty (80%) percent of the staff on a particular nursing unit vote, as outlined in paragraph 1, in favour of the 2D 2N extended tour schedule by secret ballot, the Union may approach the Hospital and ask them to consider the implementation of a combination 2D 2N extended tour schedule, other extended tours and normal (7.5 hour) tour in a particular Unit.
- (c) The eighty (80%) percent figure above may be varied by mutual agreement between the parties.
- (d) The Hospital shall make space available to the Union in order to permit the Union to conduct the vote referred to in paragraph 1.
- (e) At any meeting with the Employer to discuss the 2D 2N schedule, a member of the Local executive should be in attendance.
- (f) The parties agree that no nurses, whether currently working on staff, or newly hired, will be required to work this schedule. Any nurse wishing to opt out of the present rotation will be required to give the Hospital eight (8) week's written notice.
- (g) The 2D 2N schedule may be discontinued in any unit when:
 - (i) eighty (80%) percent of the nurses in a unit so indicate by secret ballot; or
 - (ii) the Hospital decides to do so because of:
 - A) adverse effects on patient care, or
 - B) inability to provide a workable staffing schedule, or
 - C) where the Hospital wishes to do so for other reasons which are neither unreasonable nor arbitrary, and states its intention to discontinue the extended tours in the schedule;
 - (iii) When notice of discontinuance is given by either party in accordance with number (ii) above, then:
 - A) the parties shall meet within four (4) weeks of the giving of notice to review the request for discontinuance; and

- B) where it is determined that the extended tours will be discontinued, affected nurses shall be given sixty (60) days' notice before the schedules are so amended;
- iv) The Local Association will be informed of the results of the secret ballot within seven (7) days.
- (h) The scheduling provisions contained in Articles D.2 and D.4 (A) are applicable except as modified by the following:
 - (i) Employees shall not be required to work more than four (4) consecutive tours. Where schedules do not conform to this, the employee shall be paid a premium pay for the fifth (5th) and subsequent day until a day off is scheduled save and except where the fifth (5th) and subsequent day is worked as the result of an exchange of shifts with another employee. Any such exchanges of shifts will not cause the employee to be in violation of the Employment Standards Act, 2000 (ESA).
 - (ii) Employees shall receive every fourth (4th) weekend off, which shall consist of six (6) consecutive extended tours, which shall commence no later than 1930 hours Friday.

An employee will receive premium pay as defined in Article 14 for all hours worked on a fourth (4th) consecutive and subsequent consecutive weekend until a weekend is scheduled off, save and except where:

- A) Such weekend has been worked by the employee to satisfy specific days off required by such employee; or
- B) Such employee has requested weekend work; or
- C) Such weekend is worked as the result of an exchange of shifts with another employee.
- (iii) All schedules will be done on the basis that each full-time employee will be scheduled for 1950 hours per year. By no later than January 31st, the Nurse Manager will notify each Nurse of the number of additional shifts required to achieve a schedule of 1950. Additional shifts may be scheduled by mutual consent between the Nurse and Nurse Manager.
- (iv) The parties agree that any of the 1950 hours may be drawn from the nurse's vacation entitlements, lieu banks, association leave, committee hours and education hours with mutual agreement between management and the nurse.

D.5 Ten (10) Hour Tours

- (a) The introduction of a ten (10) hour tour will be implemented at six (6) months intervals where seventy-five (75%) percent of the nurses involved so request.
- (b) The Hospital will agree to implement the ten (10) hour shift as long as it meets staffing requirements. Such agreement shall not be withheld in an unreasonable or arbitrary manner.
- (c) Discontinuance of the ten (10) hour shift will be implemented at subsequent six (6) month intervals, where eighty (80) percent of the nurses involved so request.

OR

By the Hospital because of

- i) adverse effects on patient care,
 - ii) inability to provide a workable staffing schedule,
 - iii) where the Hospital wishes to do so for other reasons which are neither unreasonable nor arbitrary, and states its intention to discontinue the ten (10) hour tours in the schedule.
- (d) When notice of discontinuation is given by either party in accordance with the above, then:
- i) the parties shall meet within two (2) weeks of the giving of notice to review the request for discontinuation; and
 - ii) Where it is determined that the ten (10) hour tour will be discontinued, affected nurses shall be given sixty (60) days' notice before the schedules are so amended.
- (e)
- i) For nurses working ten (10) hour tours, a regular tour shall be 9.375 consecutive hours in any twenty-four (24) hour period, exclusive of a total of thirty-seven and one-half (37½) minutes of unpaid meal time.
 - ii) Nurses shall be entitled, subject to the exigencies of patient care, to relief periods during the tour of a total of thirty-seven and one-half (37 1/2) minutes.

- (f) The Hospital shall schedule nurses on the ten (10) hour tour every second weekend off. Should the nurse work the second weekend, they will be paid in accordance with Article 14.03 for the second and subsequent weekend worked until a weekend off is scheduled except where:
- i) such weekend has been worked by a nurse to satisfy specific days off requested by such nurse, or
 - ii) such nurse has requested weekend work, or
 - iii) such weekend worked is the result of an exchange of tours with another nurse.
- (g) Nurses shall not be scheduled to work more than four (4) consecutive 9.375 hour tours. Should a nurse work more than four (4) consecutive tours, they shall be paid in accordance with Article 14.03 for all hours worked on the fifth and subsequent tours until time off is scheduled.
- (h) Requests for change of scheduled working hours shall be done in accordance with D.10.
- (i) Overtime (Subject to Article 14)
- For nurses working ten (10) hour tours, overtime shall be paid at the rate of time and one-half (1 1/2) the nurses' regular straight time hourly rate for all work performed in excess of 9.375 paid hours in a twenty-four (24) hour period.
- (j) Paid Holidays
- A nurse working ten (10) hour tours shall be paid as per Article 15.

D.6 Tours Under 7.5 Hours

Where a nurse(s) is scheduled to work less than a normal tour (7.5 hours), Article D in its entirety applies except as amended by the following:

- (a) No nurse will be required to work less than 7.5 hours (short tours) without their consent or request.

- (d) For nurses working tours of less than 7.5 hours, no more than seven (7) shifts in a row shall be scheduled. If a nurse is required to work on an eighth (8th) consecutive and subsequent tour, then they will receive premium payment for each shift so worked until a day off is scheduled, unless such schedule is mutually agreed upon.

D.7

Hybrid/Combined Schedule

- (A) (1) Hybrid/Combined Schedule shall be introduced into any unit when:
 - (a) Seventy-five (75%) of the employees in the unit so indicated by secret ballot; and
 - (b) the Hospital agrees to implement the extended tour, such agreement shall not be withheld in an unreasonable arbitrary manner.
- (2) Hybrid/Combined Schedule may be discontinued in any unit:
 - (a) when fifty percent (50%) of the employees in the unit so indicate by secret ballot; or
 - (b) by the Hospital because of
 - (i) proven adverse effects on patient care,
 - (ii) inability to provide a workable staffing schedule.
- (3) When notice of discontinuation is given by either party in accordance with paragraph (2) above, then:
 - (a) the parties shall meet within two (2) weeks of the giving of notice to review the request for discontinuation; and
 - (b) where it is determined that the extended tour will be discontinued, affected employees shall be given sixty (60) days' notice before the schedules are so amended.

- (B) The hybrid/combination schedule is defined as one that results in a nurse being scheduled to work a combination of extended tours (11.25/10 hour tours) and normal tours (7.5 hour tours) within the scheduling period. Full-time nurses who work hybrid/combination schedules will be scheduled two hundred and twenty-five (225) hours over a six (6) week period.
- (1) There will be at least twelve (12) hours scheduled off between tours to be worked by a nurse, unless a lesser period of time is mutually agreed upon between the nurse and their Nurse Manager.
 - (2) A nurse working a hybrid/combination schedule shall receive premium payment in accordance with Article 14.03 for all hours worked on a second (2nd) and subsequent consecutive weekend save and except where:
 - i) such weekend has been worked by the nurse to satisfy specific days off requested by such nurse; or
 - ii) such nurse has requested weekend work only; or
 - iii) such weekend is worked as a result of an exchange of tours with another nurse.
 - (3) Nurses working a hybrid/combination schedule shall be scheduled off on alternate weekends. For the purposes of this article; the weekend will include at least fifty-six (56) consecutive hours off between Friday 2330 - Monday 0730.
 - (4) The Hospital will schedule day and night tours equitably among nurses in a unit who are required to rotate shifts. This will be done in the six week posted schedule unless otherwise mutually agreed.
 - (5) All schedules will be done on a basis that each full-time employee will be scheduled for 1950 hours per year.

D.8 (A) Regular Part-time Commitment

Regular part-time nurses must be available to work on the following basis:

- (a) to be available to work, if required, fifty-two (52) weeks per year minus the number of days of vacation time the individual nurse is entitled to and does take as well as any approved leaves of absences. The annual vacation entitlement is based

on the amount of part-time vacation pay the nurse is receiving (see article 16.06).

- (b) to regularly rotate on at least two (2) shifts and work extended tours as required. Nurses who are not currently required to rotate or work extended tours will not be required to do so without prior consultation with the Union.
- (c) Nurses currently prescheduled for less than a 0.6 FTE on a regular basis will not be required to commit to additional hours without prior consultation with the Union.
- (d) Part-time nurses who work extended tours and/or rotate shifts will have twelve (12) hours scheduled off between tours and a minimum of forty-eight (48) hours after working night duty, unless mutually agreed.
- (e) When posting a part-time position, the Hospital may create incremental part-time positions based on operational needs as set out below:

FTE	Hours Bi-Weekly
0.2 FTE	15 hours
0.3 FTE	22.5 hours
0.4 FTE	30 hours
0.5 FTE	37.5 hours
0.6 FTE	45 hours
0.7 FTE	52.5 hours

The Hospital will schedule nurses up to their commitment and the nurse is expected to work these hours, unless vacation requested is approved. Nothing contained herein precludes a part-time nurse from providing availability above their commitment level.

- (f) to be available to work either the Christmas or New Year's period. A nurse will not be scheduled to work two consecutive Christmas' or two consecutive New Year's without their consent.

In the event that the schedule can accommodate one or more nurses having both Christmas and New Year's off, requests for this will be determined based on seniority. Nurses who are scheduled off both holidays are guaranteed 3 consecutive days off over each holiday period.

Requests to work the same holiday consecutive years will be determined by seniority, as long as approval does not prevent another nurse from being scheduled off alternative holidays each year.

- (g) Nurses who have committed to working 0.6 FTE per pay period must be available to work fifty (50%) percent of the remaining paid holidays except when the department does not work paid holidays. All other regular part-time nurses must be available to work three (3) of the remaining paid holidays if required.
- (h) Nurses who have committed to working a 0.6 FTE or greater per pay period must be available as required to work fifty (50%) percent of the weekends except when the department does not work weekends. All other regular part-time nurses must be available to work thirty three (33%) percent of the weekends if required.
- (i) Nurse may provide the Hospital with days in which they are unavailable to work. The Hospital will endeavour to schedule such requests based on operational needs of the unit. The maximum number of days which a nurse may provide to be unavailable to work is as follows:

FTE	8 hour tours	12 hour tours
0.2 FTE	4 days	5 days
0.3 FTE	4 days	5 days
0.4 FTE	4 days	5 days
0.5 FTE	2 days	3 days
0.6 FTE	2 days	3 days
0.7 FTE	Scheduled up to their commitment	

- (j) In the event that any nurse's schedule submission does not meet unit needs, it is agreed that the part-time nurse and the Nurse Manager will discuss additional availability necessary to meet the part-time nurse's commitment.

(B) Job Sharing

The Hospital agrees that all Registered Nurse "Job Sharing" bargaining unit positions are classified as regular part-time. Job Sharing is defined as a voluntary work arrangement in which two nurses hold responsibility for what was formerly one full-time position.

When the Hospital agrees to a job sharing arrangement pursuant to Article 20.01 of the central agreement, the following conditions shall apply unless otherwise agreed to by the parties:

- (a) Job sharing requests with regard to full-time positions shall be considered on an individual basis.
- (b) Total hours worked by the job sharers shall equal one full-time position. The division of these hours on the schedule shall be determined by mutual agreement between the two nurses and the Nursing Manager. It is expected that the division of the hours will remain constant as determined by the mutual agreement, and is changed only after mutual agreement between the two nurses and the Nursing Manager. The total committed hours to the job sharers is the equivalent of one full-time position.
- (c) Following the decision regarding the division of the hours of the full-time line, the two job sharers will be notified of who their job sharing partner is (this will include any changes in partners as they occur). The two job sharers will mutually select the shifts each will work for each schedule. This may be done by a standing distribution or may be altered with each posted schedule. If the selection of shifts will vary from schedule to schedule, the two nurses need to inform the Nursing Manager of their selected shifts within one week of the posting of the schedule.
- (d) The above schedules shall conform with the scheduling provisions of the Collective Agreement.
- (e) Each job sharer may exchange shifts with their partner, as well as with other nurses as provided by the Collective Agreement. The job sharers involved will have the right to determine which partner works on scheduled paid holidays and job sharers shall only be required to work the number of paid holidays that a full-time nurse will be required to work.
- (f) The Nursing Manager will be able to require that each job sharer work some day shifts for the purpose of education, performance appraisal and professional development activities.
- (g) Coverage for Illness, Vacation, LOAs
 - i) For incidental illness job sharers partners will endeavour to replace each other. If one cannot cover

the other, the Nursing Manager must be notified in the usual manner to book coverage.

- ii) While job sharers are not required to cover for their partner in the case of unplanned prolonged or extended absences, for vacations the job sharers will first make every effort to replace each other. If, because of unavoidable circumstances, one cannot cover the other the Nurse Manager or designate must be notified for coverage. Job sharers' vacation shall not be counted in any vacation quota established for the unit.
 - iii) Pregnancy and other Leaves of Absences: In the event that one member of the job sharing arrangement goes on a leave of absence, the coverage will be negotiated with the Nursing Manager and it is expected that the remaining member of the position would be prepared to cover the leave of absence as much as possible.
- (h) Implementation: Where the job sharing arrangement arises out of the filling of a vacant full-time position, both job sharing positions will be posted and selection will be based on the criteria set out in the Collective Agreement.
 - (i) If a request to job share is agreed to by the employer, the incumbent full-time nurse wishing to share their position may do so without having their half of the position posted. The other half of the job sharing position will be posted and selection will be made on the criteria set out in the Collective Agreement.
 - (j) If one of the job sharers leaves the arrangement, their position will be posted. If there is no successful applicant to the position, the shared position must revert to a full-time position. The remaining nurse will have the option of continuing the full-time position or revert into an available part-time position for which the nurse is qualified. If the nurse does not continue full-time, the position must be posted in accordance with the Collective Agreement.
 - (k) Discontinuation: Either the Hospital or the Association may discontinue the job sharing arrangement with ninety (90) days notice. Upon receipt of such notice, a meeting shall be held between the parties within fifteen (15) days to discuss discontinuation. It is understood and agreed that such discontinuation shall not be unreasonable or arbitrary.

- (l) A copy of the names, unit, and the full-time line that has been converted to a job sharing arrangement will be provided to the Local, ONA, Manager and Human Resources.

D.9 Scheduling

- (a) All regular part-time nurses in a unit will be scheduled up to their committed hours by seniority before any casual part-time nurses are utilized. The hospital will endeavour to utilize casuals on a fair and equitable basis, according to their availability and the needs of the unit.
- (b) When regular part-time nurses on the unit have been given the opportunity to work up to their commitment, the Hospital will endeavour to offer additional tours to regular part-time nurses on the unit on the basis of seniority, prior to offering tours to casual nurses, subject to the following:
 - (i) Nurses who wish to be considered for additional tours must indicate their availability in the manner prescribed by the Hospital;
 - (ii) A tour will be deemed to be offered whenever a call is placed;
 - (iii) It is understood that the Hospital will not be required to offer tours which would result in overtime or weekend premium pay;
 - (iv) When a regular part-time nurse accepts an additional tour, they must report for that tour unless arrangements satisfactory to the Hospital are made.

Provided they are qualified, nurses may submit their availability to work additional tours to more than one unit, if to do so is in accordance with existing Hospital practice.

D.10 Casual Availability

- (a) Casual nurses will declare, on a bi-weekly basis, first and foremost their availability to work on their home unit on specified days and shifts for the next four (4) week period.
- (b) Casual part-time nurses who, after declaring themselves available for work are no longer available to work shall notify the Hospital as soon as the change in circumstances occurs.
- (c) A casual nurse no longer available to work an accepted shift is responsible for arranging their own replacement, unless the

unavailability is for personal health reasons or an emergency situation acceptable to the Hospital.

- (d) Casual nurses will declare their availability in the manner prescribed by the Hospital and will also provide their availability via email to the Nursing Manager and designate. This will include the number of desired shifts the nurse wishes to pick up within the pay period.
- (e) Casual Nurses may submit their availability and be pre-scheduled for the Summer (June 15-September 15) and Holiday period (December 15 – January 15).

D.11 Changes to Posted Schedules

A request for changes in posted time schedules must be submitted in writing and co-signed (email confirmation is acceptable) by a nurse to exchange or replace a tour in the manner prescribed by the individual unit, and must occur within the current posted schedules. The Nursing Manager or designate shall respond to such request within five (5) business days of the request. Requests shall not be unreasonably denied.

In the event of self-replacement, the nurse must first replace themselves with a nurse that has made themselves available to work in the order of part-time then casual.

The exchange of a shift(s) between employees shall not result in overtime payment or other additional premiums.

D.12 Standby

- (a) The Hospital will notify the Bargaining Unit President or designate prior to initiating ongoing standby assignments on any unit.
- (b) Standby assignments will be posted at least two (2) weeks in advance of the beginning of the tours of duty schedule.
- (c) The Hospital will make available the equivalent of one (1) room (with bed, shower and bathroom facilities) for nurses scheduled for standby.
- (d) Standby schedules will not be reassigned without advising the nurse whose schedule is being changed.
- (e) i) Where an employee has been called in from standby and worked the hours after 2400 hours, such employee will not be required to work the day shift unless they do so by mutual agreement between the employee and Hospital. Should the

employee choose not to work the day shift, they shall be permitted leave with pay.

- ii) When an employee is called in from standby, the Hospital will not require the employee to return to regular duties without ten (10) hours of time off. Where such time off extends into the employee's next regular scheduled shift, they will maintain their regular earnings, seniority and service for that full shift.
- (f)
 - i) A full-time employee will not be scheduled for standby on a scheduled day off or a scheduled weekend off, unless mutually agreed between the employee and the Hospital. Notwithstanding the above, nurses in the operating room and PACU may be required to be scheduled on standby up to twenty-five (25%) of weekends not regularly scheduled.
 - ii) When a full-time or part-time employee is scheduled for standby on a weekend, they are considered to be working the weekend if they are called back or consulted by phone during the standby period.
 - (g) There shall be equal distribution of standby duty amongst full-time employees with the option to exchange with the permission of the Nursing Manager or designate, which permission shall not be unreasonably withheld.

There shall be equal distribution of standby duty amongst regular part-time employees with the option to exchange with the permission of the Nursing Manager or designate, which permission shall not be unreasonably withheld.

The Employer will endeavour to distribute standby duty equally between regular part-time and full-time employees.

There shall be equal distribution of standby duty amongst casual nurses who volunteer for such duty.

- (h) The Hospital will provide a long-range pager to nurses prior to each of their scheduled standby assignments. Nurses will return the pager to their Nursing Manager or designate, no later than their first scheduled shift after each of their standby assignments end.
- (i) A nurse required to return to work while on standby, must report to the Hospital within forty-five (45) minutes of being called in.

A nurse shall not be assigned to be on standby for more than three (3) consecutive calendar days unless by mutual agreement.

(j) Further to Article 14.13, if the nurse does not use the maximum mileage allowance payable, the difference will be paid as a parking cost allowance.

(k) Telephone Consultations

The parties agree that a nurse required to provide a patient(s) with a telephone consultation while assigned to standby duty shall be entitled to premium pay (paid double time their regular rate of pay in accordance with Article 14.06) for the cumulative hours per pay period spent providing these telephone consultations. In order to receive payment the nurse must provide their Nursing Manager/designate, within seven (7) calendar days of the pay period ending date, with written details of the telephone consultations including date, start and end time, patient's name and summary of advice/direction given. The cumulative time spent must exceed fifteen (15) minutes per pay period in order for any payment to be made. The Hospital reserves the right to continuously review and assess operational, program and patient needs and, as such, shift coverage and standby assignments are subject to change and/or cancellation.

D.13 Lieu Banks

Compensating time off for nurses as provided for in Article 14.09 (in lieu of overtime) may be taken at a mutually agreeable time.

Where a nurse chooses equivalent time off they may accumulate such time up to a maximum of one hundred and twelve and a half (112.5) hours. If time off is not scheduled, then any overtime hours beyond the one hundred and twelve and a half (112.5) hours will be paid the pay period in which these additional overtime hours are worked. Notwithstanding the above, all time off must be taken by the second to last full pay period each fiscal (April 1 to March 31) year for overtime hours worked in that fiscal year or it will automatically be paid out the last pay period of the fiscal year.

A nurse who wants to request a payout of some or all of the lieu bank prior to the annual end of March payout must submit to their Nursing Manager or designate a completed request form at least eight (8) calendar days prior to payday. The requested monies will then be included with the next regular deposit.

NOTE: The parties agree that the above also applies to regular part-time.

D.14 Shift and Weekend Premium

In accordance with Article 14.10 the current normal hours of the shifts are:

Day shift = 0730 to 1530 hours
 Evening shift = 1530 to 2330 hours
 Night shift = 2330 to 0730 hours

In accordance with Article 14.15 weekend premium applies for hours worked between 2330 hours Friday and 2330 hours on Sunday.

D.15 Reassignment (Floating)

In accordance with the provisions set out in Article 10.07(g) and 10.08 (a), the parties agree that re-assignment of a Registered Nurse from their home unit will occur bearing in mind the following principles:

- (a) Patient care and safety requirements are the first priority;
- (b) Reassignment will normally occur at the beginning of the shift.
- (c) The Hospital will not normally reassign probationary employees;
- (d) The Hospital will re-assign, Registered Nurses, subject to such Registered Nurses' having the required knowledge, skill and ability.
- (e) The Hospital will endeavor, subject to operational requirements and with no additional cost to the hospital, to reassign nurses on a voluntary basis.
- (f) The Hospital will normally cancel or reassign agency nurses before reassigning staff nurses.

In the event that there are no volunteers, the Hospital will first reassign nurses from the Nursing Resource Teams, followed by staff nurses in the following sequence, on the basis of reverse seniority: casual, regular part-time and regular full-time. This will be done on a daily rotational basis and where to do so does not put the nurse in a layoff situation.

D.16 Overtime

All overtime hours must be authorized and will be based on the operational needs of the unit.

- D.17 Overtime when required will be offered in accordance with seniority of those nurses who declare themselves available as per the unit process, in order of full-time, regular part-time, then casual, save and except those nurses who would incur consecutive weekend premiums.

ARTICLE E - VACATIONS

- E.1 It is understood and agreed that the Hospital will give every consideration to the nurses' preference as to the timing of their vacation, but of necessity the Hospital must reserve the right to the final decision as to the scheduling of vacations. The Hospital and the Association will review problems in scheduling for peak periods if they arise.
- E.2 (a) Vacations may be taken at any time of the year that is mutually acceptable to the parties.
- (b) Requests for vacation shall be submitted in writing on either the vacation request form, dayforce, in the ONA vacation book or via e-mail at least two (2) weeks prior to the posting of the schedule. Management reserves the right to implement an additional format for vacation requests and/or replace one of the above existing formats if one of the current formats for requesting vacation becomes obsolete, and will provide at least four (4) weeks written notice of such a change to the Union.
- (c) The Hospital will post approved vacation request lists by May 1st, other than requests for the Christmas/New Year's period (see Local Article D.3 d (ii) and D.4 c and e). The lists will indicate the names, vacation dates and the nurses' status. In the event of scheduling conflicts, seniority shall apply for vacation requested by March 31st each year for the vacation year commencing June 1 – May 31. Thereafter, requests for the remaining vacations will be scheduled on a first come, first serve basis.

The approved vacation calendar will remain posted all year.

When a nurse submits their vacation request after the March 31st deadline and after the May 1st posting of the approved vacation request, the nursing manager or designate will respond to the nurse's request, in writing, within seven (7) days.

- (d) Every endeavour will be made to accommodate each nurse's vacation request.

However, between each June 15th and September 15th, a nurse will only be authorized to have 112.5 hours vacation if authorizing more

than 112.5 hours would prevent the approval of another nurse's vacation.

- (e) Prior to leaving on vacation, nurses shall be advised of the day and time on which to report for work following vacation.
- (f) The Hospital will also endeavour to schedule nurses' weekly days off immediately preceding the commencement of their scheduled vacation.
- (g) Nurses may accumulate vacation credits up to 37.5 hours beyond their yearly entitlement. Once the maximum entitlement is reached, the nurse must, within two (2) weeks, provide to their Nursing Manager and Human Resources a schedule of vacation to be taken within the following three (3) months to reduce the accumulated vacation to the yearly entitlement.

Where a conflict arises within this paragraph with a nurse who has already had their vacation approved, the nurse who has had prior approval will keep their granted vacation and the nurse with the overage will have to submit another request. The principles of vacation granting will apply.

- (h) When a nurse books vacation and a weekend in that vacation period is scheduled as a working weekend, then the nurse will not be required to work additional weekends in order to make up this time. Where a nurse takes a vacation period and a duty weekend falls within that period, they shall not be required to find a replacement for that weekend. However, if the request is made within the posted time, the nurse will be required to find their own replacement for the vacation period.
- (i) The Hospital shall endeavour to cover shift work which falls within a nurse's vacation so that the nurse will not be required to work additional tours to replace same.
- (j) A nurse may cancel their vacation provided that the nurse gives the Hospital at least three (3) weeks advance notice.

- E.3 Vacations may be scheduled to commence on any day of the week.
- E.4 Vacation time owing to each full-time nurse shall appear electronically on the bi-weekly pay stubs.
- E.5 Vacation pay for part-time nurses will be paid each bi-weekly pay period.
- E.6 The Hospital will post the vacation planner by January 15th of each year. Full-time and part-time vacation quotas will be separate.

E.7 Supplementary Vacation

The time earned after thirty (30) years continuous employment must be taken before the completion of thirty-five (35) years continuous employment.

This lieu day is to be taken on a day mutually arranged between the nurse and the Hospital within sixty (60) days prior to or one hundred and twenty (120) days following the date on which the holiday was observed. Lieu days that are not taken in this timeframe will be automatically paid out.

F.5 The Hospital will also endeavour to schedule a holiday that falls on a Friday or a Monday to be an off day for a nurse scheduled to be off on the adjacent Saturday and Sunday. Conversely, the Hospital will endeavour to schedule a holiday that falls on a Friday or a Monday to be a work day for a nurse scheduled to work on the adjacent Saturday and Sunday.

F.6 The Hospital will continue its practice of attempting to schedule lieu days with weekends off.

Such requests will not be unreasonably denied. The Hospital will ensure that all requests for leave for Association Business that are covered under the Collective Agreement are responded to in writing within ten (10) business days from the time the request for leave of absence for Association business is submitted. It is agreed that not more than five (5) nurses shall be absent on such leave at the same time, and not more than one (1) nurse from the same area unless agreed upon by the Hospital.
