- Nurses will request in writing on the approved form, the payment of banked time.

ARTICLE F – PART-TIME COMMITMENT

F.1 Part-time Work Commitment

Unless mutually agreed otherwise by the parties, the part-time commitment will be not less than twenty-two point five (22.5) hours per pay period scheduled on a master rotation.

The Employer will post the deadline dates for part-time nurses to provide their availability on the Units. Unavailability will be provided on a quarterly basis, and in conjunction with the vacation submission deadlines.

Regular part-time nurses must be available to work a minimum of thirty-seven point five (37.5) hours per pay period. The 37.5 hours within any pay period shall include working every other weekend. Regular part-time nurses on the exclusion form may make themselves unavailable for additional hours of work beyond their 37.5 hour commitment. Twenty-one (21) days prior to the posting of the work schedule, all regular part-time nurses who are either not interested in being offered additional shifts or who are unavailable for particular additional shifts, must submit an exclusion (i.e. unavailability) form.

When all regular part-time nurses in the unit have reached their commitment of 37.5 hours, additional hours up to seventy-five (75) hours per pay period may be assigned based on the nurses' Exclusion Form by seniority.

Following the posting of the work schedule, a nurse is not obligated to accept an offer of an additional shift even if it is not identified as shift "excluded" on the form. The scheduling provision as defined in Article E will apply to part-time nurses unless specifically noted otherwise.

It is understood that the hospital will not be required to offer tours which would result in premium pay, however, when such tours are offered, they shall be offered in accordance with Article N.1 (a).

(a) Casual nurses will submit an exclusion form to the staffing office as per the above designated deadline dates. The Hospital will offer shifts to casual nurses based on their exclusion forms by seniority.

(b) Part-Time Work Commitment and Scheduling

Part-time Nurses, in accordance with seniority and availability, who are scheduled to work the weekend adjacent to a holiday, will also be scheduled for the holiday. Part-time Nurses who work on the holiday weekend will be given, in order of seniority, first priority for additional work on the holiday. For clarity, this article does not amend the master rotation and applies only to additional available shifts. The Christmas and New Year's holidays are excluded from being scheduled as per this article. The Easter weekend holidays will be scheduled as a block of four (4) shifts.

F.2 A nurse is entitled to only one position. In the event that a part-time nurse's position requires him/her to work in more than one area, the scheduling rules will be applied for the position as a whole. The posting shall identify the "home" base. The nurse will be assigned additional shifts in accordance with Article F.1 in the home base prior to assigning shifts in the alternate area. The nurse shall be offered additional shifts in the alternate area(s) after shifts are offered to the Regular Part-time nurses from the area but before shifts are offered to the casuals. Notwithstanding the foregoing, in the event that the nurse cannot achieve his/her 37.5 hour part-time commitment with additional shifts from his/her home base, he/she will be entitled to additional shifts in the alternate area with the same priority as a regular part-time nurse from that area, up to the 37.5 hour part-time commitment.

F.3 Tours of Less Than 7.5 Hours

- (a) The Hospital may schedule tours of less than 7.5 hours where deemed necessary to maintain appropriate levels of service.
- (b) Where a nurse is scheduled to work less than the normal tour (7.5 hours) Article E in its entirety applies except as amended by the following:
 - i) the Hospital will endeavour to keep the number of tours comprised of less than 7.5 hours to a minimum;
 - ii) no nurse will be scheduled solely on tours which are comprised of less than 7.5 hours in any pay period, except where such arrangements are requested by the nurse or represent the hours of work for a position which has been posted.
 - iii) relief periods shall be in accordance with 13.01 (b).

F.4 Offering of Additional Shifts

- (a) Additional shifts that become available seven (7) days or more in advance of the required shift will be offered by seniority to regular part-time nurses as per the declared availability. The Employer will phone all such nurses in order of seniority until a nurse tentatively agrees to the shift. A nurse with greater seniority will have two hours from the call to the more junior nurse, to claim the shift. If a senior nurse fails to respond within two hours of messages left for the nurse, the shift will be confirmed with the nurse who accepted and agrees to be scheduled for the shift. If a more senior nurse claims the shift, the more junior nurse will be advised as soon as possible, but no later than the end of the two hour period.
- (b) Any additional shift that becomes available between forty-eight (48) hours and seven (7) days of notice will be offered by seniority to regular part-time nurses as per the declared availability. The Employer will phone all such nurses in order of seniority until a nurse tentatively agrees to the shift. A nurse with greater seniority will have thirty (30) minutes from the time a message has to be left by the Hospital to claim the shift. If a senior nurse fails to respond within the above time frame, the shift will be scheduled for the nurse who has agreed to be scheduled. If a more senior nurse claims the shift, the more junior nurse will be advised as soon as possible, but no later than the end of the thirty (30) minute period.
- (c) For any additional shifts that become available with less than forty-eight (48) hours' notice, nurses will be called in order of seniority, until a nurse accepts the shift.
- (d) No known additional shifts will be left to the last minute in order to be scheduled with less than forty-eight (48) hours.
- (e) Time of call and the expected response time will be left with the nurse's answering machine if personal contact cannot be established. Such call will be properly recorded by the caller.
- (f) Should the Hospital obtain technology that would support a more efficient practice of offering shifts, such new technology and associated practices

will be implemented in consultation and agreement with the Union and such agreement shall not be unreasonably denied.

ARTICLE G – POSTING OF SCHEDULES

- G.1 (a) The schedules covering the period of June 15th to September 30th shall be posted May 15th at 1200 hours. If May 15th falls on a weekend (Saturday or Sunday) the rotation will be posted on the Monday following May 15th by 1200 hours.
- (b) The schedules for the Christmas/New Year's period covering December 15th to January 15th will be posted by October 15th at 1200 hours. If October 15th falls on a weekend (Saturday or Sunday) the schedule will be posted on the Monday following October 15th by 1200 hours.
- (c) All schedules, regular and extended tours, shall be posted a minimum of three (3) weeks in advance covering a minimum of six (6) weeks except as otherwise agreed to by the parties.

ARTICLE H – SCHEDULE CHANGES

- H.1 (a) A nurse may be permitted to exchange her regularly scheduled shifts and/or days off with another nurse provided that such request is submitted in writing to the Staffing Office or if after-hours to the Hospital Charge Nurse and co-signed by the nurse willing to exchange scheduled shifts or days off. Such request shall not be unreasonably denied. When inconvenient to return to the Hospital, the nurse agreeing to take on the shift may phone in her consent to the Staffing Office. Nurses shall endeavour to provide as much advance notice as practical.

H.2 Exchange of Shift for Time Off

In accordance with Article H.1, a nurse will be permitted to find her own replacement at straight time for a paid day off according to the following:

- (a) Staffing office will first try to provide the paid day off for the nurse by implementing its normal staffing scheduling procedures.
- (b) Where the nurse is denied the day off because there is no nurse available to work the shift at straight time, the nurse may attempt to find her own replacement.
- (c) Where a nurse finds another nurse who will exchange scheduled time off to work, the nurse scheduled shall be allowed to use any paid time to be granted time off (e.g. banked time, earned Statutory Holiday lieu day, vacation hours).
- (d) The nurse who exchanges her day off to work for a nurse will not be paid premium pay for time worked as a result of the exchange to work the shift for scheduled time off.

- H.3 All requests for short term leaves will be submitted in writing. All requests, except for vacation requests, shall be responded to within five business (5) days after the

request has been duly submitted. Vacation requests will receive a response as per Article I.

H.4 Where the parties agree that an error has been made under the Scheduling Provisions in the Collective Agreement in the distribution of shifts for part-time nurses, or where an error is made for the call-in process for the allocation of additional shifts to part-time and/or full-time employees, the parties agree the error will be remedied as follows:

- (a) Within seven (7) calendar days of the agreement between the parties that an error has been made, the affected Nurse will provide availability for the next sixty (60) days. The affected Nurse will be offered a shift as an extra within those sixty (60) days based on submitted availability.
- (b) The extra shift will be paid at the rate of pay which the Nurse would have received had the offer been made according to the Collective Agreement.
- (c) The Nurse working the extra shift will not be counted in the minimum staffing for the unit and will work as an extra staff member for the scheduled shift.
- (d) The Nurse working as an extra will not be assigned as a replacement if an absence subsequently arises on that shift which requires a call-in replacement of a regular part-time Nurse.
- (e) If the Hospital does not offer the affected Nurse an extra shift in accordance with this Article, the Nurse will be paid at the rate the Nurse would have received due to the scheduling error.

ARTICLE I – INNOVATIVE SCHEDULING

Either party wishing to introduce innovative scheduling will provide recommendations for discussion and negotiation as per Article 13.03 of the Central Agreement.

I.1 Weekend Worker

A full-time nurse wishing to become a weekend worker as per article 13.04 of the Central Agreement will put such requests in writing to the Clinical Program Director, with a copy to the Union. If the Hospital and the Union agree to introduce a unit weekend schedule, the parties will meet to negotiate how this schedule is to be introduced and any subsequent discontinuation.

Should the hospital wish to create a full-time weekend worker position the Hospital will notify the Union in writing and meet with the Union to discuss how this affects the present schedules, part-time tours, discontinuation and in what manner the positions are to be filled.

A Weekend Worker will be scheduled to work Friday, Saturday and Sunday or Saturday, Sunday and Monday each weekend. A Weekend Worker's schedule will remain unchanged during the Christmas and New Year's periods and the nurse will work Christmas and New Year's on any year that these holidays fall on their regularly scheduled weekend schedule.

I.2 2 Days / 2 Nights Rotations

The introduction of and extended tour 2 Days / 2 Nights rotation shall be approved by the Clinical Manager and will only be implemented following a successful vote for extended tours in accordance with E.1.

- (a) Full-time nurses will declare their interest in writing to work this rotation. The written requests will be submitted to the Clinical Manager and copied to the Bargaining Unit President. Nine (9) full time nurses is the optimal number but if an appropriate rotation can be developed, consideration of a group other than nine (9) may be granted. Where more than the required numbers of full-time nurses express interest, the selection of nurses to work this rotation shall be made by seniority.

The Clinical Manager will provide all the scheduling criteria that need to be included in the development of the master rotation, including preassigned lines put in place to meet workplace accommodations due to disabilities; which may be adjusted from the existing line in consultation with the Union. The Clinical Manager will develop a master rotation. The nurses on the Unit will be encouraged to submit at least one master rotation that meets the scheduling criteria. The nurses will vote on the master rotations submitted and the decision on the master rotation will be based on a majority vote of the nurses who vote.

The new master rotation will be implemented four (4) weeks after the rotation selection process has been completed or at anytime sooner with agreement of the nurses on the new master rotation.

- (b) 2 Days 2 Nights rotations may be discontinued in any unit when:
- i) the Hospital provides the Union with written notice ninety (90) days in advance, of its desire to discontinue the 2 Days / 2Nights rotation; or
 - ii) if after a period of nine (9) months with this rotation in place, fifty percent (50%) of the nurses working the 2 Day 2 Night rotation in the unit indicate by a secret ballot.
- (c) When it has been determined that the 2 Days / 2 Nights rotation will be discontinued the parties shall meet within two (2) weeks to discuss the discontinuation. The affected nurses shall be given a minimum of sixty (60) days notice of the discontinuation prior to schedules being amended.
- (d) When a vote to discontinue 2 Days / 2 Nights rotations has taken place there will be no subsequent vote for 2 Days / 2 Nights rotations for a period of nine (9) months.
- (e) Nurses shall not be required to work more than four (4) extended tours in a row. If a nurse works a fifth (5th) tour, they will receive pay at a premium rate, for all hours worked on the fifth (5th) and consecutive successive tours.
- (f) Nurses will not be scheduled to work more than three consecutive weekends. If a nurse works on a fourth weekend, the nurse will be paid at

premium rates for all hours worked on the fourth (4th) and consecutive weekend, save and except where:

- i) Such weekend has been work by the nurse to satisfy specific days off required by the nurse; or
 - ii) Such nurse has requested weekend work; or
 - iii) Such weekend is worked as the result of an exchange of shifts with other nurses.
- (g) Statutory holidays may be incorporated into the rotation.
- (h) Where a vacancy occurs in the 2 Days / 2 Nights schedule, the rotation will first be offered to the other nurses on the unit who have expressed an interest in working this schedule, in accordance with seniority. The Clinical Manager or delegate will advise the unit nurses of the availability of a position in the 2 Days / 2 Nights rotation. The nurse will request the change of rotation in writing and submit the request to the Clinical Manager. The most senior nurse interested will fill the position and will start the rotation at the beginning of the next rotation.
- (i) The 2 Days / 2 Nights rotation will provide each full-time nurse with 1950 hours scheduled per year. The rotation will include the scheduling of additional tours to obtain the 1950 hours per year.
- (j) Nurses will be granted either Christmas or New Year's off on an alternating basis as per Article E.8. Other scheduling provisions contained in Article E shall not apply.
- (k) Shift exchanges between nurses in the 2D/2N rotations will be permitted and may result in the nurse(s) working three of the same shift but not more, i.e. 1D/3N or 3D/1N.

I.3

Introduction and Discontinuation of Mixed Rotation

A mixed rotation is defined as one where a number of the registered nursing staff on a unit work regular tours while others work extended tours.

The introduction or discontinuation of a mixed rotation (12 hours/8 hours) shall be discussed with the nursing staff on the affected unit(s) and the Local Union executive; and shall be determined by a secret ballot vote conducted jointly by the Hospital and the Union. There will be a second vote after a six month trial period to confirm agreement to maintain the Mixed Rotation.

To implement a mixed rotation there is a vote and sixty six and two thirds (66 2/3) percent of the all Registered Nurses that vote need to agree to work the mixed rotation.

To discontinue a mixed rotation requires fifty (50%) percent vote of the registered nurses that vote to discontinue the mixed rotation.

The Hospital will provide the Union with ninety (90) days written notice of discontinuation of the Mixed Rotation. The parties will meet to discuss the discontinuation within two (2) weeks of receipt of a notice to discontinue. It is

understood and agreed that management has the right to cancel a mixed rotation schedule if, in its opinion, it is not seen to be efficient or effective and the Hospital will discuss with the Union in advance any such cancellations.

It is understood and agreed that the vote referred to above refers to a combined vote of the full-time and regular part-time registered nurses on the Unit.

I.4

Job Sharing

If the Hospital agrees to a job sharing arrangement pursuant to Article 20.01 of the Central Agreement, the following conditions shall apply unless otherwise agreed by the parties:

- (a) The introduction of job sharing arrangements in a Program will be subject to mutual agreement between the Association and Hospital. The Hospital shall not arbitrarily or unreasonably refuse to implement job sharing.

Job sharing request with regard to full-time positions shall be considered on an individual basis. Such approval will not be unreasonably withheld.

The Nurses working in a job sharing arrangement will be considered regular part-time and will be covered by the part-time provisions of the Collective Agreement unless expressly amended by this article.

- (b) The nurses involved in job sharing are entitled to all the terms of the part-time Collective Agreement except those which are modified as follows:

- (i) Schedules will conform with the full-time scheduling provisions.

- (ii) Total hours worked by job sharers shall equal one (1) full-time position. Job sharers will have the option of determining between themselves which partner will work on a scheduled tour; however, all scheduled tours must be covered. Such schedules will not be unilaterally imposed or changed by the Employer, but once the schedules are posted they will not be changed without the permission of the Clinical Manager in the area concerned. Such permission will not be unreasonably withheld.

- (iii) Job Sharers will be granted at least five (5) consecutive days off over either Christmas or New Year's. When one or both job sharers work over Christmas, neither can be required to work over New Year's, and vice versa unless mutually agreed otherwise. Should nurses be assigned to work either Christmas or New Year's, they will be expected to work on at least five (5) consecutive days, if required for normal tours, and at least three (3) consecutive days for 12 hour tours, if required. Where both job sharers request to work Christmas or New Year's or request to have either off and a conflict exists, then seniority shall be the deciding factor.

- (c) Paid Holiday

Job sharers will not be required to work, in total, more paid holidays than would one (1) full-time nurse, unless mutually agreed otherwise.

- (d) Each job sharers may exchange shifts with her or his partner as well as other nurses as provided by the Collective Agreement. A job sharer may exchange with nurses other than her or his partner only on scheduled tours off for the full-time line.

(e) Coverage

- i) It is expected that both job sharers will cover each other's incidental illnesses and vacation. If, because of unavoidable circumstances, one cannot cover the other, the program Clinical Manager must be notified to book coverage. Job sharers are not required to cover for their partner in the case of prolonged or extended absences. Job sharers shall be offered additional unscheduled tours only if they have made their availability known. It is understood that they may only make themselves available on tours when neither job share partner is scheduled and where such would not result in premium payment.

ii) Vacation, Maternity Leave and other Leaves pursuant to Article 11 of the Central Agreement:

In the event that one member of the job sharing arrangement goes on any of the above leaves of absence exceeding thirty (30) days, the remaining partner has the option of covering all of the absent partner's shifts for the duration of the absence. If the employee is unable to cover the entire leave of absence she or he must inform the manager of her or his intentions to cover all of the absent partner's shifts at last two (2) weeks prior to the posting of each schedule. If the employee cannot cover for her or his partner, the vacancy will be offered to the most senior regular part-time employee.

(f) Implementation

Where the job sharing arrangement arises out of the filling of a vacant full-time position, the full-time position will be posted first and in the event that there are no successful applicants, then both job sharing positions will be posted and selection will be based on the criteria set out in the Collective Agreement.

- (g) (i) An incumbent full-time nurse wishing to share her or his position, may do so without having her or his half of the position posted. The other half of the job sharing position will be posted and selection will be made on the criteria set out in the Collective Agreement.
- (ii) It is understood and agreed that the arrangement is for a trial period of three (3) months for the full-time nurses originating the request. Once the trial period is over, the nurse cannot revert to her former position except under (i) below.
- (iii) When two (2) full-time nurses in one Program wish to job share one (1) position, neither half will be posted providing this would create one (1) full-time position to be posted and filled according to the collective agreement.

(h) If one of the job sharers leaves the arrangement, her or his position will be posted. If there is no successful applicant to the position, the remaining nurse will revert to her or his former status. If the remaining nurse was previously full-time, the shared position will become her or his position. If the remaining nurse was previously part-time and there is no part-time position available in the same Program, she or he shall exercise her or his layoff bumping rights to obtain a part-time position. The shared position would then revert to a full-time position and be posed according to the Collective Agreement.

(i) Discontinuation

Either part may discontinue the job sharing arrangement with ninety (90) days notice. Upon receipt of such notice a meeting shall be held between the parties within fifteen (15) days to discuss the discontinuation. It is understood and agreed that such discontinuation shall not be unreasonable or arbitrary.

Should the Hospital discontinue job-sharing the nurses currently working those arrangements will have the option of reverting to their former status or remain part-time. Should no part-time positions be available the part-time nurse will exercise her bumping rights.

(j) No new job sharing requests will be granted in any program once any notice of layoff has been provided to the Association until the notice period has expired.

I.5 Self-Scheduling

Where the parties agree to the use of self-scheduling for full-time and part-time employees, on a unit, the following will apply:

Eighty percent (80%) of the full-time and regular part-time employees on the unit must indicate by secret ballot their willingness to participate prior to commencement of a trial of self-scheduling. This vote will be conducted by the Clinical Manager and Union on the Unit.

A trial of self-scheduling shall run for a six (6) month period after which full-time and regular part-time employees will indicate by an 80% vote, by secret ballot their willingness to continue using self scheduling.

When a unit adopts self-scheduling as a trial or on a permanent basis, all employees on the unit will be required to participate in self-scheduling.

Employees participating in self-scheduling shall be responsible for scheduling their hours of work, including paid holidays and lieu days.

The completed schedule shall be submitted to the Manager of the unit for review and approval, to ensure that appropriate coverage is maintained, at least two (2) weeks in advance of the required posting time. The Manager must approve the schedule and such approval shall not be unreasonably withheld.

Self-scheduling, including all scheduling guidelines, shall comply with all the provisions of the Collective Agreement in all respects

The parties will agree to all guidelines related to self-scheduling prior to the implementation of self-scheduling on any unit.

1. Cancellation of the self-scheduling by either the Hospital or the Union shall be with four (4) weeks written notice to the other.
2. The cancellation of self-scheduling by the Hospital will not be for reasons which are arbitrary, discriminatory or in bad faith.
3. Self-scheduling may be discontinued in a unit when eighty percent (80%) of the employees in the unit so indicate by secret ballot. This vote will be conducted by the Clinical Manager and Union on the Unit.

I.6 Prepaid Leave Plan

The Part-Time Type 2 nurse will be prescheduled a minimum of 45 hours in either July or August. The nurse will submit to the Hospital the preferred month of July or August by April 15th of each year, in which the nurse will be prescheduled the minimum of forty-five (45) hours.
