ARTICLE 2 - DEFINITIONS & GRADUATE NURSES

2.01 A registered nurse is a nurse who holds a Certificate of Registration with the College of Nurses of Ontario in accordance with the *Regulated Health Professions Act*, and the *Nursing Act*.

7.02 At the time formal discipline is imposed or at any stage of the grievance procedure, including the complaint stage, a nurse is entitled to be represented by her or his union representative. In the case of suspension or discharge, the Health Centre shall notify the nurse of this right in advance. The Health Centre also agrees, as a good labour relations practice, in most circumstances it will also notify the Bargaining Unit President.

7.03 Nurse Representatives & Grievance Committee

It is agreed that Union representatives and members of the Grievance Committee have their regular duties and responsibilities to perform for the Health Centre and shall not leave their regular duties without first obtaining permission from their immediate supervisor. Such permission shall not be unreasonably withheld. If, in the performance of their duties, a union representative or member of the Grievance Committee is required to enter a unit within the Health Centre in which they are not ordinarily employed they shall, immediately upon entering such unit, report their presence to the supervisor or nurse in charge, as the case may be. When resuming their regular duties and responsibilities, such representatives shall again report to their immediate supervisor. The Health Centre agrees to pay for all time spent during their regular hours by such representatives hereunder. The Health Centre agrees to pay a grievor for all time spent during his or her regular hours at Step 1 and Step 2 grievance meetings.

7.04 It is the intent of the parties that complaints of nurses shall be adjusted as quickly as possible, and it is understood that a nurse has no grievance until she or he has first given her or his immediate supervisor the opportunity of adjusting the complaint. Such complaint shall be discussed with her or his immediate supervisor within nine (9) calendar days after the circumstances giving rise to it have occurred or ought reasonably to have come to the attention of the nurse. This discussion may include consultation, advice and assistance from others. If there is no settlement within nine

(9) calendar days, it shall then be taken up as a grievance within nine (9) calendar days in the following manner and sequence:

Step No. 1

The nurse may submit a written grievance, through the Association, signed by the nurse, to the Program Manager or designate. The grievance shall be on a form referred to in Article 7.09 and shall identify the nature of the grievance and the remedy sought and should identify the provisions of the Agreement which are alleged to be violated. The parties may, if they so desire, meet to discuss the grievance at a time and place suitable to both parties. The Program Manager or designate will deliver her or his decision in writing within nine (9) calendar days following the day on which the grievance was presented to her or him. Failing settlement, then:

Step No. 2

Within nine (9) calendar days following the decision under Step No. 1, the grievance may be submitted in writing to the Executive Director or designate. A meeting will then be held between the Executive Director or designate and the Grievance Committee within nine (9) calendar days of the submission of the grievance at Step 2 unless extended by agreement of the parties. It is understood and agreed that a representative(s) of the Ontario Nurses' Association and the grievor may be present at the meeting. It is further understood that the Health Centre Administrator or designate may have such counsel and assistance as she or he may desire at such meeting. The decision of the Health Centre shall be delivered in writing to the Labour Relations Officer and the Bargaining Unit representative within nine (9) calendar days following the date of such meeting.

- 7.05 A complaint or grievance arising directly between the Health Centre and the Association concerning the interpretation, application or alleged violation of the Agreement shall be originated at Step No. 2 within fourteen (14) calendar days following the circumstances giving rise to the complaint or grievance. A grievance by the Health Centre shall be filed with the Bargaining Unit President or designate.
- 7.06 Where a number of nurses have identical grievances and each nurse would be entitled to grieve separately they may present a group grievance in writing signed by each nurse who is grieving to the Program Manager or designate within fourteen (14) calendar days after the circumstances giving rise to the grievance have occurred or ought reasonably to have come to the attention of the nurse(s). The grievance shall then be treated as being initiated at Step No. 1 and the applicable provisions of this Article shall then apply with respect to the processing of such grievance.
- 7.07 The release of a probationary nurse for reasons based on performance and ability to do the job, including skills, suitability and availability shall not be subject to the grievance procedure unless the probationary nurse is released for:
- (a) reasons which are arbitrary, discriminatory or in bad faith;
 - (b) exercising a right under this Agreement.

The Health Centre agrees to provide written reasons for the release of a probationary nurse within seven (7) days of such release.

A claim by a probationary nurse that she or he has been unjustly released shall be treated as a grievance, provided the nurse is entitled to grieve, if a written statement of such grievance is lodged by the nurse with the Health Centre at Step 2 within seven (7) days after the date the release is effected. Such grievance shall be treated as a special grievance as set out below.

The Health Centre agrees to provide written reasons within seven (7) calendar days to the affected nurse in the case of discharge or suspension and further agrees that it will not suspend, discharge or otherwise discipline a nurse who has completed her or his probationary period, without just cause.

A claim by a nurse who has completed her or his probationary period that she or he has been unjustly discharged or suspended shall be treated as a grievance if a written statement of such grievance is lodged by the nurse with the Health Centre at Step No. 2 within seven (7) calendar days after the date the discharge or suspension is effected. Such special grievance may be settled under the Grievance or Arbitration Procedure by:

- (a) Confirming the Health Centre's action in dismissing the nurse; or
- (b) Reinstating the nurse with or without loss of seniority and with or without full compensation for the time lost; or
- (c) By any other arrangement which may be deemed just and equitable.

- 7.08
- (a) Failing settlement under the foregoing procedure of any grievance between the parties arising from the interpretation, application, administration or alleged violation of this Agreement, including any question as to whether a matter is arbitrable, such grievance may be submitted to arbitration as hereinafter provided. If no written request for arbitration is received within thirty-six (36) calendar days after the decision under Step 2 is given, the grievance shall be deemed to have been abandoned. Where such a written request is postmarked within thirty-four (34) calendar days after the decision under Step 2, it will be deemed to have been received within the time limits.
 - (b) The parties agree that it is their intent to resolve grievances without recourse to arbitration, wherever possible. Therefore, notwithstanding (a) above, the parties may, upon mutual agreement, engage the services of a mediator in an effort to resolve the grievance and may extend the time limits for the request for arbitration. The parties will share equally the fees and expenses, if any, of the mediator.

- 7.09
- It is understood and agreed that the Union has carriage of all grievances throughout the grievance and arbitration procedure and not any individual or group of individuals. All agreements reached under the grievance procedure between the representatives of the Health Centre and the representatives of the Association will be final and binding upon the Health Centre and the Association and the nurses.

- 7.10
- Association grievances shall be on the form set out in Appendix 1.

- 7.11
- Where a difference arises between the parties relating to the interpretation, application or administration of this Agreement, including any questions as to whether a matter is arbitrable, or where an allegation is made that this Agreement has been violated, either of the parties may, after exhausting the grievance

procedure established by this Agreement, notify the other party in writing of its decision to submit the difference or allegation to arbitration. Where the grievance concerns:

- i) Selection decisions on job vacancies
- ii) Premiums
- iii) Scheduling issues
- iv) Article 19 – Compensation issues
- v) Entitlement to leaves, including vacation
- vi) Discipline up to, but not including discharge
- vii) Short term layoffs
- viii) Dues issues
- ix) Any other issues agreed by the parties

The matter shall be determined by a sole arbitrator, unless the parties agree to proceed under Article 7.12. The sole arbitrator shall proceed by way of mediation-arbitration at the request of either party. When either party requests that any such matter be submitted to mediation-arbitration or to arbitration as provided above, it shall make such request in writing addressed to the other party to this Agreement and, at the same time, it shall propose the name of a sole arbitrator. Within seven (7) calendar days thereafter, the other party shall agree in writing or propose an alternate name(s). If there is no agreement within fourteen (14) calendar days, the Minister of Labour for the Province of Ontario shall have the power to effect such appointment upon application thereto by the party invoking the arbitration procedure. No person may be appointed as an arbitrator who has been involved in an attempt to negotiate or settle the grievance.

Subject to Article 7.14, once appointed, the sole arbitrator shall have all powers as set out in Section 50 of the Labour Relations Act, including the power to mediate/arbitrate the grievance, to impose a settlement and to limit evidence and submissions.

- 7.12 For all other grievances, including those grievances dealing with the nursing practice issues, the matter shall be determined by a three (3) person Board of Arbitration, unless the parties agree to proceed under Article 7.10. The party requesting arbitration shall, at the time of notification of its decision to submit the difference or allegation to arbitration shall name a nominee. Within seven (7) calendar days thereafter the other party shall name a nominee. However, if such party fails to name a nominee as herein required, the Minister of Labour for the Province of Ontario shall have the power to effect such appointment upon application by the party invoking the arbitration procedure. The two (2) nominees, or the parties, if they have agreed not to utilize nominees shall attempt to select by agreement a chair of the arbitration board. If they are unable to agree upon such a chair within a period of fourteen (14) calendar days they shall then request the Minister of Labour for the province of Ontario to appoint a chair. No person may be appointed as an arbitrator who has been involved in an attempt to negotiate or settle the grievance.

Subject to Article 7.14, once appointed, the Board of Arbitration shall have all powers as set out in Section 50 of the Labour Relations Act, including the power to mediate/arbitrate the grievance, to impose a settlement and to limit evidence and submissions.

- 7.13 No matter may be submitted to arbitration, which has not been properly carried through all requisite steps of the Grievance Procedure.

- 7.14 The Arbitration Board/Sole Arbitrator shall not be authorized to make any decision inconsistent with the provisions of this Agreement, nor to alter, modify, add to or amend any part of this Agreement.
- 7.15 The proceedings of the Arbitration Board/Sole Arbitrator will be expedited by the parties hereto and the decision of the majority and where there is no majority the decision of the chair will be final and binding upon the parties hereto and the nurse or nurses concerned.
- 7.16 Each of the parties hereto will bear the expense of the nominee appointed by it and the parties will share equally the fees and expenses, if any, of the chair of the Arbitration Board or Sole Arbitrator.
- 7.17 The time limits set out in the Grievance and Arbitration Procedures herein are mandatory and failure to comply strictly with such time limits except by the written agreement of the parties, shall result in the grievance being deemed to have been abandoned subject only to the provisions of Section 48(16) of the *Labour Relations Act*.

ARTICLE 8 - PROFESSIONAL RESPONSIBILITY

(Article 8.01 applies to employees covered by an Ontario College under the *Regulated Health Professions Act* only.)

- 8.01 The parties agree that resident care is enhanced if concerns relating to professional practice, resident acuity, fluctuating workloads and fluctuating staffing are resolved in a timely and effective manner.

In the event that the Health Centre assigns a number of residents or a workload to an individual nurse or group of nurses such that they have cause to believe that they are being asked to perform more work than is consistent with proper resident care, they shall:

- (a)
 - i) At the time the workload issue occurs, discuss the issue within the unit/program to develop strategies to meet resident care needs using current resources.
 - ii) If necessary, using established lines of communication, seek immediate assistance from an individual(s) identified by the Health Centre (who could be within the bargaining unit) who has responsibility for timely resolution of workload issues.
 - iii) Failing resolution of the workload issue at the time of occurrence, the nurse(s) will discuss the issue with her or his Manager or designate on the manager's or designate's next working day. The program manager will respond in writing as per sec.7 of the ONA Professional Responsibility Workload Report Form (Appendix 3) to the complaint(s), with a written copy to the Bargaining Unit President.
 - iv) Any settlement arrived at under (a) v) shall be signed by the parties.

- v) Complain in writing to the Labour-Management Committee within fifteen (15) calendar days of the alleged improper assignment. The Chair of the Labour-Management Committee shall convene a meeting of the Labour-Management Committee within ten (10) calendar days of the filing of the complaint. The Committee shall hear and attempt to resolve the complaint to the satisfaction of both parties.
- vi) Failing resolution of the complaint within fifteen (15) calendar days of the meeting of the Labour-Management Committee the complaint shall be forwarded to an independent Assessment Committee composed of three (3) registered nurses; one chosen by the Ontario Nurses' Association, one chosen by the Health Centre and one chosen from a panel of independent registered nurses who are well respected within the profession. The member of the Committee chosen from the panel of independent registered nurses shall act as Chair.
- vii) The Assessment Committee shall set a date to conduct a hearing into the complaint within fourteen (14) calendar days of its appointment and shall be empowered to investigate as is necessary and make what findings as are appropriate in the circumstances. The Assessment Committee shall report its findings, in writing, to the parties within thirty (30) calendar days following completion of its hearing.
- viii) It is understood and agreed that representatives of the Ontario Nurses' Association, including the Labour Relations Officer and the Nursing Practice Officer, may attend meetings held between the Health Centre and the Association under this provision.
- ix) Any complaint lodged under this provision shall be on the form set out in Appendix 3.
- (b) i) The list of Assessment Committee Chairs is attached as Appendix 2. During the term of this Agreement, the parties shall meet as necessary to review and amend by agreement the list of chairs of Professional Responsibility Assessment Committees.

The parties agree that should a Chair be required, the Health Centre and the Ontario Nurses' Association will be contacted. They will provide the name of the person to be utilized on the alphabetical listing of Chairs. The name to be provided will be the top name on the list of Chairs who has not been previously assigned.

Should the Chair who is scheduled to serve decline when requested, or it becomes obvious that she or he would not be suitable due to connections with the Health Centre or community, the next person on the list will be approached to act as Chair.

- ii) Each party will bear the cost of its own nominee and will share equally the fee of the Chair and whatever other expenses are incurred by the Assessment Committee in the performance of its responsibilities as set out herein.

- 8.02 The Nursing Practice Committee will provide Terms of Reference, dates of meetings and minutes of each meeting to the Union Executive. Committee minutes will be provided to ONA members in a binder on the units. ONA members may make recommendations in writing to the Committee with a response from the Committee in writing.
- 8.03 As a courtesy the Health Centre will notify the nurse when it reports her or him to the College of Nurses of Ontario, and refer them to the Union as a resource.

ARTICLE 9 - PROFESSIONAL DEVELOPMENT

9.01 Preamble

Continuous professional development is a hallmark of professional nursing practice. As a self-regulating profession, nursing recognizes the importance of ongoing learning and the maintenance of competence in a dynamic practice environment. The parties agree that professional development includes a diverse range of activities, including but not limited to formal academic programs; short-term continuing education activities; certification programs; independent learning and committee participation. The parties recognize their joint responsibility in and commitment to active participation in the area of professional development.

9.02 Orientation and In-Service Program

The Health Centre recognizes the need for a Health Centre Orientation Program of such duration as it may deem appropriate taking into consideration the needs of the Health Centre and the nurses involved.

- 9.03 Before assigning a newly hired full-time/part-time nurse in charge of a nursing unit, the Health Centre will first provide orientation both to the Health Centre and to such nursing unit. It is understood that such nurse may be assigned to any tour as part of the nurse's orientation program, providing such assignment is in accordance with any scheduling regulations.

- 9.04 Nurses who displace other nurses in the event of a long-term layoff, nurses recalled from layoff, nurses whose probationary period has been extended under Article 10.01, and nurses who are transferred on a permanent basis may be provided any orientation determined necessary by the Health Centre for the purposes of allowing the nurse to assume satisfactorily the duties of such position. A request by such a nurse for orientation shall not be unreasonably denied.

- 9.05 Both the Health Centre and the Association recognize their joint responsibility and commitment to provide, and to participate in, in-service education. The Association supports the principle of its members' responsibility for their own professional development and the Health Centre will endeavour to provide programs related to the requirements of the Health Centre. Available programs will be publicized, and the Health Centre will endeavour to provide nurses with opportunities to attend such programs during their regularly scheduled working hours.

- 9.06 When a nurse is on duty and authorized to attend any in-service program within the Health Centre and during her or his regularly scheduled working hours the nurse shall suffer no loss of regular pay. When a nurse is required by the Health Centre to

engage in any learning opportunities outside of her or his regularly scheduled working hours, the nurse shall be paid for all time spent on such learning opportunities at her or his regular straight time hourly rate of pay.

Where the Health Centre requires e-learning, it will make reasonable efforts to enable Health Centre e-learning requirements during a nurse's regular working hours. Where a nurse is unable to complete required Health Centre e-learning during regular working hours and is required to complete Health Centre e-learning outside of her/his regular working hours, the Health Centre will identify in advance the time that will be paid at her or his regular straight time hourly rate of pay.

Each nurse shall be entitled to one (1) paid professional development day per calendar year and consideration will be given for additional paid professional development days if requested. The nurse shall provide the Health Centre with as much notice as is practicable in order to ensure that replacement staff are provided.

Part-time nurses will be credited with service and seniority for all such hours paid as provided above while in attendance at such committee meetings.

9.07

(a) Nurses may be required, as part of their regular duties, to supervise activities of students in accordance with the current College of Nurses of Ontario Practice Guideline – Supporting Learners. Nurses will be informed in writing of their responsibilities in relation to these students. Any information that is provided to the Health Centre by the educational institution with respect to the skill level of the students will be made available to the nurses recruited to supervise the students.

(b) With an aim toward enhanced nursing care, employees are expected, as part of their regular duties, to provide leadership, supervision, guidance and advice to members of the health care team. Nothing in this clause amends, modifies or clarifies any interpretation under Article 2.01, nor does it prejudice the employees' continued membership in the bargaining unit or the employee's entitlement to qualify and receive benefits under Article 19.

(c) Mentorship

Nurses may, from time to time, be assigned a formal mentorship role for a designated nurse. Mentorship is a formal supportive relationship between two nurses, which results in the professional growth and development of an individual practitioner to maximize her or his clinical practice. The relationship is time limited and focused on goal achievement. Orientation to the organization or general functioning of the unit does not constitute mentorship.

After consultation with the nurse being mentored and the mentor, the Health Centre will identify the experiences required to meet her or his learning needs, and will determine the duration of the mentorship assignment and expectations of the mentor. During the consultation process, the Health Centre will review the mentor's workload with the mentor and the nurse being mentored to facilitate successful completion of the mentoring assignment.

The Health Centre will provide, on a regular basis, all nurses with an opportunity to indicate their interest in assuming a mentorship role, through a mechanism determined by the parties. The Health Centre selects and

assigns the mentor for a given mentoring relationship. At the request of any nurse, the Health Centre will discuss with any unsuccessful applicant ways in which she or he may be successful for future opportunities.

The Health Centre will pay the nurse for this assigned additional responsibility a premium of sixty (60¢) cents per hour, in addition to her or his regular salary and applicable premium allowance.

- 9.08 The Health Centre undertakes to notify the Association in advance, so far as practicable, of any technological changes which the Health Centre has decided to introduce which will significantly change the status of the nurse within the bargaining unit.

The Health Centre agrees to discuss with the Association the effect of such technological changes on the employment status of the nurses and to consider practical ways and means of minimizing the adverse effect, if any, on the nurses concerned.

Nurses who are subject to layoff due to technological change will then be given notice of such layoff at the earliest reasonable time and in keeping with the requirements of the applicable legislation and the provisions of Article 10.07 will apply.

- 9.09 As computers are in the workplace and nurses are required to utilize those computers in the course of their duties, the Health Centre agrees that necessary ongoing computer training will be provided at no cost to the nurses involved.

- 9.10 A copy of any completed evaluation which is to be placed in a nurse's file shall be first reviewed with the nurse. The nurse shall initial such evaluation as having been read and shall have the opportunity to add her or his views to such evaluation prior to it being placed in her or his file. It is understood that such evaluations do not constitute disciplinary action by the Health Centre against the nurse.

Each nurse shall have reasonable access to all her or his files for the purpose of reviewing their contents in the presence of her or his supervisor. A copy of the evaluation will be provided to the nurse at her or his request. A request by a nurse for a copy of other documents in her or his file will not be unreasonably denied.

No document shall be used against a nurse where it has not been brought to her or his attention in a timely manner.

- 9.11 Any letter of reprimand, suspension or other sanction will be removed from the record of a nurse eighteen (18) months following the receipt of such letter, suspension or other sanction provided that such nurse's record has been discipline free for one year. Leaves of absence in excess of sixty (60) continuous calendar days will not count towards either period referenced above.

- 9.12 The Peer Feedback Process of the Quality Assurance Program Required by the College of Nurses of Ontario

The above referenced Peer Feedback is confidential information which the nurse is expected to obtain, by requesting feedback from peer(s) of her or his choice, for the sole purpose of meeting the requirements of the Quality Assurance Program required by the College of Nurses of Ontario. The parties recognize the importance

of supporting the confidential nature of the Peer Feedback component of the Quality Assurance Program.

- 9.13 A nurse shall be entitled to leave of absence without loss of earnings from her or his regularly scheduled working hours for the purpose of writing exams arising out of the Quality Assurance Program required by the College of Nurses of Ontario. The Health Centre shall also provide any other support to the nurse as is reasonable in the circumstances.

The period of the leave may include the night prior to and any scheduled shifts commencing on the day of the examination as long as payment under this clause does not result in payment for more than one regular scheduled shift.

Part-time nurses will be credited with service and seniority for all such hours paid as provided above for the purpose of writing such exams.

- 9.14 The Health Centre will meet with the Union to discuss any remediation or continuing education required by the College of Nurses of Ontario (CNO) to re-establish eligibility for clinical practice following a nurse's return from an approved absence.

- 9.15 Within fourteen (14) days of receipt of a written request from the nurse, the Health Centre will provide the nurse with a letter detailing her or his employment dates, length of service and experience at the Health Centre. Any request for such information must be made within 1 year of the date of termination.

ARTICLE 10 - SENIORITY

10.01 Probationary Period

- (a) Newly hired nurses shall be considered to be on probation for a period of seventy (70) tours worked from date of last hire (525 hours of work for nurses whose regular hours of work are other than the standard work day). If retained after the probationary period, the full-time nurse shall be credited with seniority from date of last hire and the part-time nurse shall be credited with seniority for the seventy (70) tours (525 hours) worked. With the written consent of the Health Centre, the probationary nurse and the Bargaining Unit President or designate, such probationary period may be extended. Where the Health Centre requests an extension of the probationary period, it will provide notice to the Association at least seven (7) calendar days prior to the expected date of expiration of the initial probationary period. It is understood and agreed that any extension to the probationary period will not exceed an additional sixty (60) tours (450 hours) worked and, where requested, the Health Centre will advise the nurse and the Association of the basis of such extension with recommendations for the nurse's professional development.
- (b) A nurse who transfers from casual or regular part-time to full-time status shall not be required to serve a probationary period where such nurse has previously completed one since her or his date of last hire. Where no such probationary period has been served, the number of tours worked (hours worked for nurses whose regular hours of work are other than the standard work day) during the nine months immediately preceding the transfer shall be credited towards the probationary period.

- (c) A nurse who transfers from casual part-time or full-time to regular part-time status shall not be required to serve a probationary period where such nurse has previously completed one since her or his date of last hire. Where no such probationary period has been served, the number of tours worked (hours worked for nurses whose regular hours of work are other than the standard work day) during the nine (9) months immediately preceding the transfer shall be credited towards the probationary period.

10.02 Seniority Lists

- (a) A seniority list shall be established for all full-time nurses covered by this Agreement who have completed their probationary period. For information purposes only, the names of all full-time probationary nurses shall be included in the seniority list.
- (b) A seniority list shall be established for all part-time and casual nurses covered by this Agreement who have completed their probationary period. For information purposes only, the names of all regular part-time probationary nurses shall be included in the seniority list. Seniority on such lists will be expressed in terms of total hours worked.
- (c) A copy of the current seniority lists will be filed with the Bargaining Unit President or designate, and be posted bi-annually in April and September.

10.03 Retention / Transfer of Service and Seniority

A nurse's full seniority and service shall be retained by the nurse in the event that the nurse is transferred from full-time to part-time or in the event the nurse is transferred from casual to regular part-time or vice-versa. A nurse whose status is changed from full-time to part time shall receive credit for her or his full seniority and service on the basis of 1500 hours worked for each year of full-time seniority or service. A nurse whose status is changed from part-time to full-time shall receive credit for her or his full seniority and service on the basis of one year of seniority or service for each 1500 hours worked. Any time worked in excess of an equivalent shall be pro-rated at the time of transfer. For the purpose of job posting competitions only, full-time or part-time seniority, once converted to a date, shall not precede the nurse's date of hire.

10.04 Effect of Absence (Full-time)

(Article 10.04 applies to full-time nurses only)

If a nurse's absence without pay from the Health Centre including absences under Article 11, Leaves of Absence, exceeds thirty (30) continuous calendar days the nurse will not accumulate seniority or service for any purposes under the Collective Agreement for the period of the absence in excess of thirty (30) continuous calendar days unless otherwise provided and the nurse will become responsible for full payment of any subsidized employee benefits in which she or he is entitled to participate during the period of absence. In the case of unpaid approved leaves of absence in excess of thirty (30) continuous calendar days a nurse may arrange with the Health Centre to prepay the full premium of any applicable subsidized benefits during the period of leave in excess of thirty (30) continuous calendar days to ensure continuing coverage. (In circumstances where a full-time nurse is on an unpaid leave of absence in excess of thirty (30) continuous calendar days and voluntarily

works occasional tour(s) during the leave period, the nurse shall be deemed to have continued on unpaid leave.)

Notwithstanding this provision, seniority shall accrue if a nurse's absence is due to disability resulting in W.S.I.B. benefits or L.T.D. benefits including the period of the disability program covered by Employment Insurance.

Notwithstanding this provision, seniority and service will accrue and the Health Centre will continue to pay its portion of the premiums for benefit plans for nurses for a period of up to seventeen (17) weeks while a nurse is on pregnancy leave under Article 11.07 and for a period of up to thirty-seven (37) weeks while a nurse is on parental leave under Article 11.08. Seniority and service will accrue for an adoptive parent or a natural father for a period of up to thirty-five (35) weeks while such nurse is on a parental leave under Article 11.08.

NOTE: This clause shall be interpreted in a manner consistent with the *Ontario Human Rights Code* and the *Employment Standards Act*.

10.05 Effect of Absence (Part-time)

Seniority for part-time nurses shall accrue for absences due to a disability resulting in WSIB benefits, or illness or injury in excess of thirty (30) consecutive calendar days. The rate of accumulation will be based on the employee's normal weekly hours paid over the preceding qualifying twenty-six (26) weeks. A qualifying week is a week where the nurse is not absent due to vacation, pregnancy-parental leave, WISB, or illness or injury that exceeds thirty (30) consecutive calendar days.

NOTE: This clause shall be interpreted in a manner consistent with the *Ontario Human Rights Code*.

10.06 Deemed Termination

A full-time or regular part-time nurse shall lose all service and seniority and shall be deemed to have terminated if the nurse:

- (a) leaves of her or his own accord;
- (b) is discharged and the discharge is not reversed through the grievance or arbitration procedure;
- (c) has been laid off for twenty-four (24) calendar months;
- (d) refuses to continue to work or return to work during an emergency which seriously affects the Health Centre's ability to provide adequate resident care, unless a satisfactory reason is given to the Health Centre;
- (e) is absent from scheduled work for a period of three (3) or more consecutive working days without notifying the Health Centre of such absence and providing a satisfactory reason to the Health Centre;
- (f) fails to return to work (subject to the provisions of 10.06 (e)) upon termination of an authorized leave of absence without satisfactory reason or utilizes a leave of absence for purposes other than that for which the leave was granted;

- (g) fails upon being notified of a recall to signify her or his intention to return within twenty (20) calendar days after she or he has received the notice of recall mailed by registered mail to the last known address according to the records of the Health Centre and fails to report to work within thirty (30) calendar days after she or he has received the notice of recall or such further period of time as may be agreed upon by the parties;
- (h) is absent from work due to illness or disability for a period of thirty (30) months from the time such absence commenced.

NOTE: This clause shall be interpreted in a manner consistent with the *Ontario Human Rights Code*.

10.07

Job Posting

- (a)
 - i) Where a permanent full-time vacancy occurs in a classification within the bargaining unit or a new full-time position within the bargaining unit is established by the Health Centre, such vacancy shall be posted for a period of seven (7) consecutive calendar days. Nurses in this bargaining unit may make written application for such vacancy within the seven (7) day period referred to herein. Subsequent vacancies created by the filling of a posted vacancy are to be posted for seven (7) consecutive calendar days.
 - ii) Where a permanent regular part-time vacancy occurs in a classification within the bargaining unit or a new regular part-time position within the bargaining unit is established by the Health Centre, such vacancy shall be posted for a period of seven (7) consecutive calendar days. Nurses in this bargaining unit may make written application for such vacancy within the seven (7) day period referred to herein. Subsequent vacancies created by the filling of a posted vacancy are to be posted for seven (7) consecutive calendar days.
 - iii) A copy of all job postings will be provided to the local Association at the time of posting.
 - iv) The job posting provisions take precedence over any recall rights that employees may have under this agreement, unless otherwise provided herein.

Where a full-time employee on layoff is the successful candidate for a vacant part-time position, she or he shall retain recall rights to her or his former position in the full-time bargaining unit for a period of six months from the date of her or his layoff. This shall also apply to a part-time employee on layoff who is the successful candidate for a vacant full-time position. In these circumstances, the job posting provisions will not apply.

- (b) A nurse may make a written request for transfer by advising the Health Centre and filing a Request for Transfer form indicating her or his name, qualifications, experience, present area of assignment, seniority and requested area of assignment. A Request for Transfer shall become active

as of the date it is received by the Health Centre and shall remain so until December 31 following. Such requests will be considered as applications for posted vacancies and subsequent vacancies created by the filling of a posted vacancy.

A list of vacancies filled in the preceding month under Articles 10.07(a) and (b), and the names of the successful applicants, will be posted, with a copy provided to the Association. The Health Centre will provide the Union with a list of unfilled previously posted vacancies at least every six (6) months. The Union will also be advised of any posted positions that have been rescinded by the Health Centre in the preceding month. Unsuccessful applicants will be notified.

At the request of the nurse, the Health Centre will discuss with unsuccessful applicants ways in which they can improve their qualifications for future postings.

- (c) Nurses shall be selected for positions under either 10.07 (a) or (b) on the basis of their skill, ability, experience and qualifications. Where these factors are relatively equal amongst the nurses considered, seniority shall govern providing the successful applicant, if any, is qualified to perform the available work within an appropriate familiarization period. Where seniority governs, the most senior applicant will be selected. Where the applicant has been selected in accordance with this Article and it is subsequently determined that she or he cannot satisfactorily perform the job to which she or he was promoted, the Health Centre will attempt, during the first (60 tours) (450 hours for nurses whose regular hours of work are other than the standard work day) worked from the date on which the nurse was first assigned to the vacancy, to return the nurse to her or his former job, and the filling of the subsequent vacancies will likewise be reversed. Notwithstanding the level of entry to practice (Baccalaureate Degree in Nursing) which will become effective in 2005, the Health Centre will not establish qualifications, or identify them in job postings, in an arbitrary or unreasonable manner.
- (d) Vacancies which are not expected to exceed sixty (60) calendar days and vacancies caused due to illness, accident, leaves of absence (including pregnancy and parental) may be filled at the discretion of the Health Centre. In filling such vacancies consideration shall be given to regular part-time nurses in the bargaining unit on the basis of seniority who are qualified to perform the work in question. If the temporary vacancy is not filled by a regular part-time nurse, consideration will be given to casual part-time nurses in the bargaining unit on the basis of seniority who are qualified to perform the work in question, prior to utilizing non-bargaining unit nurses supplied by an agency or registry. It is understood, however, that where such vacancies occur on short notice, failure to offer part-time nurses such work shall not result in any claim for pay for time not worked while proper arrangements are made to fill the vacancy. Where part-time nurses fill temporary full-time vacancies, such nurses shall be considered regular part-time and shall be covered by the terms of the part-time collective agreement. Upon completion of the temporary vacancy, such nurse shall be reinstated to her or his former position unless the position has been discontinued, in which case the nurse shall be given a comparable job. Full-time nurses may be considered for temporary full-time vacancies on the same basis as regular part-time nurses.

- (e) The Health Centre shall have the right to fill any permanent vacancy on a temporary basis until the posting procedure or the Request for Transfer procedure provided herein has been complied with and arrangements have been made to permit the nurse selected to fill the vacancy to be assigned to the job.
- (f) A nurse selected as a result of a posted vacancy or a Request for Transfer need not be considered for a further permanent vacancy for a period of up to six (6) months from the date of her or his selection. This does not apply to nurses applying for vacancies or requesting a transfer to full-time or regular part-time positions posted in accordance with Article 10.07 that are on their unit.
- (g) Where nurses are reassigned to meet resident care needs at the Health Centre, they will be reassigned to units or areas where they are qualified to perform the available work.

10.08

Layoff – Definition and Notice

- (a) A "Layoff" shall include a reduction in a nurse's hours of work and cancellation of all or part of a nurse's scheduled shift.

Cancellation of single or partial shifts will be on the basis of seniority of the nurses on the unit on that shift unless agreed otherwise by the Health Centre and the Association in local negotiations.

A partial or single shift reassignment of a nurse from her or his area of assignment will not be considered a layoff. Such reassignment will be determined by the least senior nurse on the unit being reassigned.

- (b) A "short-term layoff" shall mean
 - i) anticipated to exceed six months in length, of any part of the Health Centre's facilities for the purpose of construction or renovation; or
 - ii) any other temporary layoff which is not anticipated to exceed three months in length.
- (c) A "long-term layoff" shall mean any layoff which is not a short-term layoff.
- (d) The Health Centre shall provide the local Association with no less than 30 calendar days' notice of a short term layoff. Notice shall not be required in the case of a cancellation of all or part of a single scheduled shift, provided that Article 14.12 has been complied with. In giving such notice, the Health Centre will indicate to the local Association the reasons causing the layoff and the anticipated duration of the layoff, and will identify the nurses likely to be affected. If requested, the Health Centre will meet with the local Association to review the effect on nurses in the bargaining unit.

- (e) Notice

In the event of a proposed layoff at the Health Centre of a permanent or long-term nature or the elimination of a position within the bargaining unit, the Health Centre shall:

- i) provide the Union with no less than four (4) months written notice of the proposed layoff or elimination of position; and
- ii) provide to the affected employee(s), if any, no less than three (3) months written notice of layoff, or pay in lieu thereof.

Note: Where a proposed layoff results in the subsequent displacement of any member(s) of the bargaining unit, the original notice to the Union provided in (i) above shall be considered notice to the Union of any subsequent layoff.

The Health Centre shall meet with the local Association to review the following:

- i) the reasons causing the layoff;
 - ii) the service which the Health Centre will undertake after the layoff;
 - iii) the method of implementation including the areas of cut-back and the nurses to be laid off; and
 - iv) any limits which the parties may agree on the number of nurses who may be newly assigned to a unit or area.
- (f) Before issuing notice of long term layoff pursuant to Article 10.08(e)(ii), and following notice pursuant to Article 10.08(e)(i), the Health Centre will make offers of early retirement allowance in accordance with the following conditions:
- i) The Health Centre will first make offers in order of seniority on the unit(s) where layoffs would otherwise occur.
 - ii) The Health Centre will make offers to nurses eligible for early retirement under the Health Centre pension plan (including regular part-time, if applicable, whether or not they participate in the Health Centre pension plan).
 - iii) If no nurses on the unit affected accept the offer, the Health Centre will then extend the offer to other nurses in the bargaining unit in order of seniority.
 - iv) The number of early retirements the Health Centre approves will not exceed the number of nurses who would otherwise be laid off.

A nurse who elects an early retirement option shall receive, following completion of the last day of work, a retirement allowance of one (1) weeks' salary for each year of service, to a maximum ceiling of thirty five (35) weeks' salary.

10.09 Layoff – Process and Options

- (a) In the event of a layoff, nurses shall be laid off in the reverse order of seniority provided that the nurses who are entitled to remain on the basis of

seniority are qualified to perform the available work. Subject to the foregoing, probationary nurses shall be first laid off.

- (b) Nurses shall have the following entitlements in the event of a layoff;
- i) A nurse who has been notified of a short-term layoff may:
 - A) accept the layoff; or
 - B) opt to retire if eligible under the terms of the Health Centre's pension plan as outlined in Article 17.04; or
 - C) elect to transfer to a vacant position, provided she or he is qualified to perform the available work; or
 - D) displace the least senior nurse in the bargaining unit whose work she or he is qualified to perform.
 - E) The nurse given notification must make her/his election within seventy-two (72) hours of receiving said notice.
 - ii) A nurse who has been notified of a long-term layoff may
 - A) accept the layoff; or
 - B) opt to retire if eligible under the terms of the Health Centre's pension plan as outlined in Article 17.04; or
 - C) elect to transfer to a vacant position provided that she or he is qualified to perform the available work; or
 - D) displace another nurse in any classification who has lesser bargaining unit seniority and who is the least senior nurse on a unit or area whose work the nurse subject to layoff is qualified to perform.
 - E) The nurse given notification must make her/his election within seventy-two (72) hours of receiving said notice.
 - iii) In all cases of layoff:
 - A) Any agreement between the Health Centre and the Association concerning the method of implementation of a layoff shall take precedence over the terms of this article. The unavailability of a representative of the Association shall not delay any meeting regarding layoffs or as otherwise agreed to by the Parties.
 - B) Where a vacancy occurs in a position following a layoff hereunder as a result of which a nurse has been transferred to another position, the affected nurse will be offered the opportunity to return to her or his former position providing such vacancy occurs within six (6) months of the date of layoff. Where the nurse returns to her or his former position

there shall be no obligation to consider the vacancy under Article 10.07. Where the nurse refuses the opportunity to return to her or his former position the nurse shall advise the Health Centre in writing.

- C) No reduction in the hours of work shall take place to prevent or reduce the impact of a layoff without the consent of the Association.
 - D) All regular part-time and full-time nurses represented by the Association who are on layoff will be given a job opportunity in the full-time and regular part-time categories before any new nurse is hired into either category.
 - E) Full-time and part-time layoff and recall rights shall be separate.
 - F) Casual part-time nurses shall not be utilized while full-time or regular part-time nurses remain on layoff, unless the provisions of Article 10.10 (Recall) have been complied with or as otherwise agreed to by the Parties.
 - G) No new nurses shall be hired until all those nurses who retain the right to be recalled have been given an opportunity to return to work.
 - H) In this Article (10.10), a "vacant position" shall mean a position for which the posting process has been completed and no successful applicant has been appointed.
 - I) The option to "accept a layoff" as provided in this Article includes the right of an employee to absent her or himself from the workplace.
- (c)
- i) Where there are vacant positions available under Article 10, but the nurse is not qualified to perform the available work, and if such nurse is not able to displace another nurse under Article 10, the nurse will be provided with the necessary training up to twelve (12) weeks' training to enable the nurse to become qualified for one of the vacant positions. In determining the position for which training will be provided the Health Centre shall take account of the nurse's stated preference.
 - ii) When nurses would otherwise be recalled pursuant to Article 10 but none of the nurses on the recall list are qualified to perform the available work the Health Centre will provide necessary training up to twelve (12) weeks to nurses, in order of seniority, to enable them to become qualified to perform the available work.
 - iii) Where a nurse receives training under this provision, she or he need not be considered for any further vacancies for a period of six (6) months from the date she or he is placed in the position.

- (d) Where a nurse has received individual notice of long term layoff under 10.08 such nurse may resign and receive a separation allowance as follows:
- i) Where an employee resigns effective within thirty (30) days after receiving individual notice of long term layoff, she or he shall be entitled to a separation allowance of two (2) weeks' salary for each year of continuous service to a maximum of sixteen (16) weeks' pay, and, on production of receipts from an approved educational program, within twelve (12) months of resignation will be reimbursed for tuition fees up to a maximum of three thousand (\$3,000.00) dollars.
 - ii) Where an employee resigns effective later than thirty (30) days after receiving individual notice of long term layoff, her or she shall be entitled to a separation allowance of four (4) weeks salary, and, on production of receipts from an approved educational program, within twelve (12) months of resignation will be reimbursed for tuition fees up to a maximum of one thousand two hundred and fifty (\$1,250.00) dollars.
 - iii) The nurse's regular weekly earnings shall be determined by multiplying her regular hourly rate on her last day worked prior to the commencement of the leave times her normal weekly hours. The normal weekly hours for a part-time employee shall be calculated by using the same time period used for calculation of an Employment Insurance benefit (26) weeks.

10.10

Recall from Layoff

Full-time and regular part-time nurses shall be recalled in the order of seniority unless otherwise agreed between the Health Centre and the bargaining unit, subject to the following provisions, provided that a nurse recalled is qualified to perform the available work:

- (a) Full-time and regular part-time nurses on layoff may notify the Health Centre of their interest in accepting occasional vacancies and/or temporary vacancies which may arise and for which they are qualified. Such notification of interest shall state any restrictions on the type of assignment which a nurse is willing to accept, and shall remain valid for six weeks. However if a nurse declines an occasional or temporary vacancy the Health Centre shall not be obliged to call upon the nurse again during the balance of such six-week period.
- (b) For the purposes of this article, an "occasional vacancy" shall mean an assignment which is anticipated not to exceed five shifts (37.5 hours). Occasional vacancies shall be offered first to regular part-time nurses on layoff who have expressed interest, and if no such part-time nurse accepts then to full-time nurses on layoff who have expressed interest, and if no such full-time nurse accepts then to casual part-time nurses.
- (c) For the purposes of this article, a "temporary vacancy" shall mean an assignment which is anticipated to exceed five shifts (37.5 hours). Temporary vacancies which arise in the full-time bargaining unit shall be offered by seniority first to full-time nurses on layoff who have expressed

interest, and if no such full-time nurse accepts then by seniority to regular part-time nurses on layoff who have expressed interest, and if no such part-time nurse accepts then to casual part-time nurses. Temporary vacancies which arise in the part-time unit shall be offered by seniority first to regular part-time nurses on layoff who have expressed interest, and if no such part-time nurse accepts then by seniority to full-time nurses on layoff who have expressed interest, and if no such full-time nurse accepts then to casual part-time nurses.

- (d) A nurse to whom an occasional or temporary vacancy is offered may accept or decline such vacancy and in either case shall maintain her or his position on the recall list.

The acceptance of a temporary vacancy that is anticipated to exceed sixty (60) calendar days shall be considered a recall from layoff for purposes of Article 10.06(c). No new notice of layoff will be required and the nurse will be deemed to be laid off at the conclusion of the temporary vacancy.

A full-time nurse on layoff who accepts a temporary full-time vacancy within thirty (30) days of the effective day of layoff will continue to receive benefit coverage for the duration of the temporary vacancy.

A full-time nurse who has worked for more than 600 hours in 140 calendar days as the result of accepting one or more temporary vacancies shall thereafter be eligible for benefit coverage as a full-time nurse and shall be paid accordingly, and shall continue to receive benefit coverage so long as she or he continues to fill a temporary vacancy and such full-time employee shall accrue seniority in the manner prescribed for full-time employees throughout the period of employment.

Otherwise, a full-time employee who accepts a temporary or occasional vacancy shall be paid her or his regular full-time rate of pay together with a percentage payment in lieu of benefits at the rate specified for part-time nurses.

A full-time employee who accepts a temporary part-time vacancy or occasional vacancies as provided herein will accrue seniority throughout the period of such employment in the manner prescribed for part-time nurses.

A part-time employee who accepts a temporary or occasional vacancy will accrue seniority throughout the period of such employment in the manner prescribed for part-time nurses.

10.11

Transfer Outside of the Bargaining Unit

- (a) A nurse who is transferred to a position outside of the bargaining unit for a period of not more than eight (8) months or is seconded to teach for an academic year shall not suffer any loss of seniority, service or benefits.

A nurse who is transferred to a position outside of the bargaining unit for a period of not more than one (1) year shall, subject to (d) below, retain, but not accumulate, her or his seniority held at the time of the transfer. In the event the nurse is returned to a position in the bargaining unit, she or he

shall be credited with seniority held at the time of transfer and resume accumulation from the date of her or his return to the bargaining unit.

A nurse must remain in the bargaining unit for a period of at least five (5) months before transferring out of the bargaining unit again or she or he will lose all seniority held at the time of the subsequent transfer.

- (b) In the event that a nurse is transferred to a position outside of the bargaining unit for a period in excess of one (1) year, she or he will lose all seniority held at the time of transfer. In the event the nurse is returned to a position in the bargaining unit, the nurse's seniority will accrue from the date of her or his return to the bargaining unit.
- (c) It is understood and agreed that a nurse may decline such offer to transfer and that the period of time referred to above may be extended by agreement of the parties.
- (d) The Health Centre will advise the local Association of the names of any nurses performing the duties of positions outside of the bargaining unit pursuant to Article 10.11 and/or 19.04 (b), the date the assignment commenced, the area of assignment and the duration of such assignments.
- (e) A nurse who accepts a transfer under Article 10.11 will not be required to pay union dues for any complete calendar month during which no bargaining unit work is performed.

10.12

Minimum Staffing

The assignment of patient care duties, including the delegation or direction of duties by members of the bargaining unit to other health care providers, shall be in accordance with the *Regulated Health Professions Act* and related statutes and regulations and in accordance with the guidelines established by the College of Nurses of Ontario from time to time and any Employer policy related thereto shall meet those requirements.

- (a) The Employer will ensure that bargaining unit Registered Nurses will be regularly scheduled to work no fewer than 735 hours per week, save and except in the following circumstances:
 - The employer experiences a loss of funding (which includes funding dependent upon CMI); and/or
 - A reduction in the number of licensed Long Term Care beds in operation;

In the event the Employer increases the number of regularly scheduled R.N. hours in its Long Term Care operation to support specialized long term care beds, the parties will meet to confirm the number of such additional weekly hours. Such additional weekly hours will be added to the number of hours referred to in the first paragraph of this article for as long as the Employer has an agreement with the LHIN to maintain such additional R.N. hours. Any such revised total will be recorded in a Letter of Understanding.

In the event the Employer reduces the number of regularly scheduled hours below 735 per week, the reduction in hours shall not constitute a breach of this agreement, as long as the reduction in hours is no greater than necessary to offset the loss of funding (as defined herein) or reduction in number of licensed Long Term Care beds. The Employer shall take reasonable steps and shall consider reasonable alternative cost-saving measures, including any proposals from the Association during the notice period contemplated by Article 10.08 (e), in order to minimize the reduction of R.N. hours below 735 hours per week.

The Employer will comply with all collective agreement requirements to fill vacant positions. If the failure to schedule staff is a legitimate recruitment issue after reasonable efforts to fill the vacancy, there is no violation of this provision.

- (b) The Employer shall upon entry into any Service Agreement with the Ministry of Health or the Local Integrated Health Network provide the Union with a copy of this Service Agreement, and any other document posted in the Home that is requested by the Union shall not be unreasonably withheld by the employer.
- (c) The Health Centre may at its discretion request a College of Nurses of Ontario practice setting consultation. The Health Centre shall pay the costs, share any reports with ONA, and accept the nomination from the Bargaining Unit President with respect to the appointment of one (1) RN representative on the focus group.
- (d) The Employer shall ensure that a representative of the Health Centre's management and an ONA representative attend together one (1) of the sessions put on by the College of Nurses of Ontario on the new RN/RPN guidelines as soon as possible following the award.

10.13

Work of the Bargaining Unit / Agency Nurses

- (a) Nurses who are in supervisory positions excluded from the bargaining unit shall not perform duties normally performed by nurses in the bargaining unit which shall directly cause or result in the layoff, loss of seniority or service or reduction in benefits to nurses in the bargaining unit.

Nurses will be assigned duties and responsibilities in accordance with the *Regulated Health Professions Act* and other applicable statutes and regulations thereto. The Health Centre will not assign such duties and responsibilities to employees not covered by this agreement unless those duties and responsibilities are appropriate to the position occupied by the person to whom the duties and responsibilities are being assigned and are consistent with quality resident care.

Unless otherwise agreed by the Union and the Health Centre, work performed by full-time nurses will not be assigned to part-time nurses for the purpose of eliminating full-time positions.

- (b) The Health Centre shall not contract out the work of a bargaining unit nurse if, as a result of such contracting out, any bargaining unit nurse other than a casual part-time nurse is laid off, displaced or loses hours of work or pay.

Prior to contracting out any available work, the Health Centre will first offer the work on the basis of seniority to regular part-time nurses in the bargaining unit. Contracting out to an employer who is organized and who will employ the employees of the bargaining unit who would otherwise be laid off, with similar terms and conditions of employment, is not a breach of this provision. This clause will not apply to the ad hoc use of agency or registry nurses for single shift coverage of vacancies due to illness or leaves of absence.

10.14 The Health Centre and the Association will utilize the services of a labour adjustment service provider as the parties may agree upon for purposes of a jobs registry, counselling, adjustment, training and development services.

NOTE 1: In the bargaining units where full-time and part-time nurses are both employed, seniority lists and layoff and recall rights of part-time nurses shall be separate from full-time nurses.

NOTE 2: The seniority list referred to in Article 10.02 shall include any other information that is currently provided to the Association.

10.15 Supernumerary Nurses

The Health Centre may introduce supernumerary positions to be offered to newly graduated nurses. Where such positions are introduced, the following will apply:

- (a) Only so many positions will be created as are covered by government funding for supernumerary positions.
- (b) New graduated nurses are defined as those nurses who have graduated from a nursing program or refresher program within the last year.
- (c) No assignment will be made to supernumerary positions without prior discussion with the local Association as to where the supernumerary nurses will be assigned, what will be expected of them, and what mentoring arrangement will apply (see (f) below).
- (d) Such positions will not be subject to internal postings or request for transfer processes outlined in Article 10.07.
- (e) Such nurses will be full-time and covered by the full-time collective agreement;
- (f) Such nurses will be in formal mentorship arrangements in accordance with Article 9.07(c).
- (g) The duration of such supernumerary appointments will be for the period of funding or such other period as the agreed.
- (h) Such nurses will not be permitted to transfer out of the supernumerary position on the unit for the duration of the supernumerary appointment;
- (i) Such nurses can apply for posted positions after the probationary period is completed but cannot transfer until completion of the supernumerary appointment.

- (j) If the nurse has not successfully posted into a permanent position by the end of the supernumerary appointment, she/he will be reclassified as casual part-time and this will not be considered a lay-off and the nurse will not be reassigned.
- (k) The Health Centre bears the onus of demonstrating that such positions are supernumerary.
- (l) The Association will be provided with such written information as it may reasonably require regarding each supernumerary position.
- (m) In the event of a layoff in the area of assignment of the supernumerary nurse, either the Health Centre or the Local Association may require that the supernumerary nurse shall be first laid off.

ARTICLE 11 - LEAVES OF ABSENCE

11.01 Written requests for non-emergency personal leave of absence without pay will be considered on an individual basis by the Program Manager, Supervisor or designate. Such requests are to be given as far in advance as possible and a written reply will be given within fourteen (14) days except in cases of emergency in which case a reply will be given as soon as possible. Such leave shall not be unreasonably withheld.

11.02 Leave for Association Business

- (a) The Health Centre agrees to grant leaves of absence, without pay, to nurses selected by the Association to attend Association business including conferences, conventions and Provincial Committee meetings and to any nurse elected to the position of Local Co-ordinator. During such leave of absence, a nurse's salary and applicable benefits or percentage in lieu of fringe benefits shall be maintained by the Health Centre and the local Association agrees to reimburse the Health Centre in the amount of the daily rate of the full-time nurse or in the amount of the full cost of such salary and percentage in lieu of fringe benefits of a part-time nurse except for Provincial Committee meetings which will be reimbursed by the Association. The Health Centre will bill the local Association within a reasonable period of time.
- (b) Part-time nurses will receive service and seniority credit for all leaves granted under this Article.
- (c) Leaves of absence granted in accordance with a) above shall be pursuant to the following provisions:
 - i) Adequate notice of at least two (2) weeks is given to the Health Centre.
 - ii) Not more than five (5) employees shall be allowed such leave, understanding that no more than two (2) employees from one (1) unit will be allowed such leave.

- iii) The total number of days in any one (1) calendar year for such leave for all employees shall not exceed fifty (50) days. Should a nurse become the Local Co-ordinator as referred to in 11.02 (a) an additional fifty (50) days without pay will be granted to this individual to fulfil the duties of the position.
- iv) Such leave will not be unreasonably denied.

11.03 Leave, Board of Directors

A nurse who is elected to the Board of Directors of the Ontario Nurses' Association, other than to the office of President, shall be granted upon request such leave(s) of absence as she or he may require to fulfill the duties of the position. Reasonable notice - sufficient to adequately allow the Health Centre to minimize disruption of its services shall be given to the Health Centre for such leave of absence. Notwithstanding Article 10.04, there shall be no loss of seniority or service for a nurse during such leave of absence.

Leave of absence under this provision shall be in addition to the Association leave provided in Article 11.02 above. During such leave of absence, the nurse's salary and applicable benefits shall be maintained by the Health Centre and the Association agrees to reimburse the Health Centre in the amount of the full cost of such salary and applicable benefits.

11.04 Leave, President, O.N.A.

Upon application in writing by the Association on behalf of the nurse to the Health Centre, a leave of absence shall be granted to such nurse elected to the office of President of the Ontario Nurses' Association for a period of up to two (2) consecutive year terms. Notwithstanding Article 10.04, there shall be no loss of service or seniority for a nurse during such leave of absence. During such leave of absence, the nurse's salary and applicable benefits shall be maintained by the Health Centre and the Association agrees to reimburse the Health Centre in the amount of the full cost of such salary and applicable benefits. It is understood, however, that during such leave the nurse shall be deemed to be an employee of the Ontario Nurses' Association. The nurse agrees to notify the Health Centre of her or his intention to return to work at least two (2) weeks prior to the date of such return.

11.05 ONA Staff Leave

Upon application in writing by the Union on behalf of an employee to the Health Centre, an unpaid leave of absence may be granted to such employee selected for a secondment or a temporary staff position with the Ontario Nurses' Association. Such leave shall not be unreasonably denied or extended beyond twelve (12) months. Notwithstanding Article 10.04, there shall be no loss of service or seniority for an employee during such leave of absence. It is understood that during such leave the employee shall be deemed to be an employee of the Ontario Nurses' Association. The employee shall be reinstated to her or his former position, unless that position has been discontinued, in which case the employee shall be given a comparable job.

No more than one (1) employee may be absent under this provision at any one time.

11.06 Bereavement Leave

A nurse who notifies the Health Centre as soon as possible following a bereavement shall be granted four (4) consecutive working days off without loss of regular pay for scheduled hours, in conjunction with the day of the funeral or a memorial service (or equivalent) of a member of her or his immediate family. "Immediate family" means parent, brother, sister, spouse, son, daughter, son-in-law, daughter-in-law, mother-in-law, father-in-law, brother-in-law, sister-in-law, grandparent, grandparent of spouse or grandchild. A nurse shall be granted one (1) day bereavement leave without loss of regular earnings to attend the funeral of, or a memorial service (or equivalent) for her or his aunt, uncle, niece or nephew. "Spouse" for the purposes of bereavement leave will be defined as in the *Family Law Act*. "Spouse" for the purposes of bereavement leave will also include a partner of the same sex. "Immediate family" and "In-laws" as set out above shall include the relatives of "spouses" as defined herein. Where a nurse does not qualify under the above-noted conditions, the Health Centre may nonetheless grant a paid bereavement leave. The Health Centre, in its discretion, may extend such leave with or without pay, particularly where extensive travel is required.

Notwithstanding the above, individuals will be granted flexibility to distribute their bereavement entitlement over two (2) occasions, not exceeding four (4) days in total in order to accommodate religious and cultural diversity. All leave must be used within one year of the commencement of the Bereavement Leave.

Part-time nurses will be credited with seniority and service for all such leave.

11.07 (a) Jury & Witness Duty

If a full-time or regular part-time nurse is required to serve as a juror in any court of law, or is required to attend as a witness in a court proceeding in which the Crown is a party, or is required by subpoena to attend a court of law or coroner's inquest in connection with a case arising from the nurse's duties at the Health Centre, or is required to attend a coroner's inquest in connection with a case arising from the nurse's duties at the Health Centre, the nurse shall not lose service/seniority or regular pay because of such attendance and shall not be required to work on the night shift prior to, or on the day of such duty provided that the nurse:

- i) notifies the Health Centre immediately on the nurse's notification that she or he will be required to attend court;
- ii) presents proof of service requiring the nurse's attendance;
- iii) deposits with the Health Centre the full amount of compensation received excluding mileage, travelling and meal allowances and an official receipt where available.

In addition, where a full-time nurse or regular part-time nurse is selected for jury duty for a period in excess of one (1) week, she or he shall be paid for all hours scheduled and not be expected to attend at work. Upon completion of the process the nurse shall be returned to that point on her or his former schedule that is considered appropriate by the Health Centre. It is understood and agreed that the local parties may agree to different scheduling arrangements for the first week of jury and witness duty.

(b) Meetings with Counsel

Where the Health Centre requires a nurse to attend any meetings with a Health Centre's counsel in preparation for a case or legal proceedings which either arises from a nurse's employment with the Health Centre or otherwise involves the Health Centre, the Health Centre will make every reasonable effort to schedule such meetings at the Health Centre during the nurse's regularly scheduled hours of work. If the nurse is required to attend such meetings outside of her or his regularly scheduled hours spent in such meetings at her or his regular straight time hourly rate of pay.

Part-time nurses will be credited with service and seniority for all such hours paid as provided above for the purpose of attending such meetings.

11.08

Pregnancy Leave

- (a) Pregnancy leave will be granted in accordance with the provisions of the *Employment Standards Act*, except where amended in this provision. A nurse who is eligible for a pregnancy leave may extend the leave for a period of up to twelve (12) months' duration, inclusive of any parental leave.
- (b) The nurse shall give written notification at least one (1) month in advance of the date of commencement of such leave and the expected date of return.
- (c) The nurse shall reconfirm her intention to return to work on the date originally approved in subsection (b) above by written notification received by the Health Centre at least four (4) weeks in advance thereof. The nurse shall be reinstated to her former position unless the position has been discontinued in which case she shall be given a comparable job.
- (d) Nurses newly hired to replace nurses who are on approved pregnancy leave may be released and such release shall not be the subject of a grievance or arbitration. If retained by the Health Centre, in a permanent position, the nurse shall be credited with seniority from date of hire subject to successfully completing her or his probationary period. The nurse shall be credited with tours worked (hours worked for nurses whose regular hours of work are other than the standard work day) towards the probationary period provided in Article 10.01 (a) to a maximum of 30 tours (225 hours for nurses whose regular hours of work are other than the standard work day).

The Health Centre will outline to nurses hired to fill such temporary vacancies the circumstances giving rise to the vacancy and the special conditions relating to such employment.

- (e) The Health Centre may request a nurse to commence pregnancy leave at such time as the duties of her position cannot reasonably be performed by a pregnant woman or the performance or non-performance of her work is materially affected by the pregnancy.
- (f) On confirmation by the Employment Insurance Commission of the appropriateness of the Health Centre's Supplemental Unemployment Benefit (SUB) Plan, a nurse who is on pregnancy leave as provided under this Agreement who has applied for and is in receipt of Employment Insurance

pregnancy benefits pursuant to Section 18 of the Employment Insurance Act shall be paid a supplemental employment benefit. That benefit will be equivalent to the difference between eighty-four percent (84%) of her regular weekly earnings and the sum of her weekly Employment Insurance benefits and any other earnings. Such payment shall commence following completion of the one (1) week Employment Insurance waiting period, and receipt by the Health Centre of the nurse's Employment Insurance cheque stub as proof that she is in receipt of Employment Insurance pregnancy benefits, and shall continue for a maximum period of fifteen (15) weeks. The nurse's regular weekly earnings shall be determined by multiplying her regular hourly rate on her last day worked prior to the commencement of the leave times her normal weekly hours plus vacation pay and percentage in lieu, as applicable. The normal weekly hours for a part-time employee shall be calculated by using the same time period used for calculation of the Employment Insurance benefit (26 weeks).

The employee does not have any vested right except to receive payments for the covered employment period. The plan provides that payments in respect of guaranteed annual remuneration or in respect of deferred remuneration or severance pay benefits are not reduced or increased by payments received under the plan.

11.09

Parental Leave

- (a) A nurse who becomes a parent of a child is eligible to take a parental leave in accordance with the provisions of the *Employment Standards Act*, except where amended in this provision.
- (b) A nurse who has taken a pregnancy leave under Article 11.07 is eligible to be granted a parental leave in combination with such pregnancy leave of up to sixty-one (61) weeks' duration, in accordance with the *Employment Standards Act*. Otherwise, a nurse who is eligible for a parental leave may extend the parental leave for a period of up to sixty-three (63) weeks' duration, consideration being given to any requirements of adoption authorities. In cases of adoption, the nurse shall advise the Health Centre as far in advance as possible with respect to a prospective adoption and shall request the leave of absence, in writing, upon receipt of confirmation of the pending adoption. If, because of late receipt of confirmation of the pending adoption, the nurse finds it impossible to request the leave of absence in writing, the request may be made verbally and subsequently verified in writing.
- (c) The nurse shall be reinstated to her or his former position, unless that position has been discontinued, in which case the nurse shall be given a comparable job.
- (d) Nurses newly hired to replace nurses who are on approved parental leave may be released and such release shall not be the subject of a grievance or arbitration. If retained by the Health Centre, in a permanent position, the nurse shall be credited with seniority from date of hire subject to successfully completing her or his probationary period. The nurse shall be credited with tours worked (hours worked for nurses whose regular hours of work are other than the standard work day) towards the probationary period provided

in Article 10.01 (a) to a maximum of 30 tours (225 hours for nurses whose regular hours of work are other than the standard work day).

The Health Centre will outline to nurses hired to fill such temporary vacancies, the circumstances giving rise to the vacancy and the special conditions relating to such employment.

- (e) On confirmation by the Employment Insurance Commission of the appropriateness of the Health Centre's Supplemental Unemployment Benefit (SUB) Plan, a nurse who is on parental leave as provided under this Agreement who has applied for and is in receipt of Employment Insurance parental benefits pursuant to Section 20 of the Employment Insurance Act shall be paid a supplemental employment benefit. That benefit will be equivalent to the difference between eighty-four (84%) of the nurse's regular weekly earnings and the sum of her or his weekly Employment Insurance benefits and any other earnings. Such payment shall commence following completion of the one (1) week Employment Insurance waiting period, and receipt by the Health Centre of the employee's Employment Insurance cheque stub as proof that she or he is in receipt of Employment Insurance parental benefits and shall continue while the nurse is in receipt of such benefits for a maximum period of twelve (12) weeks. The nurse's regular weekly earnings shall be determined by multiplying her or his regular hourly rate on her or his last day worked prior to the commencement of the leave times her or his normal weekly hours plus vacation pay and percentage in lieu, as applicable. The normal weekly hours for a part-time employee shall be calculated by using the same time period used for calculation of the Employment Insurance benefit (26 weeks).

The employee does not have any vested right except to receive payments for the covered employment period. The plan provides that payments in respect of guaranteed annual remuneration or in respect of deferred remuneration or severance pay benefits are not reduced or increased by payments received under the plan.

Where an employee elects to receive parental leave benefits pursuant to Section 12 (3) (b) (ii) of the Employment Insurance Act, the amount of any Supplemental Unemployment Benefit payable by the Hospital will be no greater than what would have been payable had the employee elected to receive the parental leave benefit pursuant to Section 12 (3) (b) (i) of the Employment Insurance Act.

11.10

Education Leave

- (a) Leave of absence, without pay, for the purposes of further education directly related to the nurse's employment with the Health Centre may be granted on written application by the nurse to the Program Manager or designate. Requests for such leave will not be unreasonably denied.
- (b) A full-time or regular part-time nurse shall be entitled to leave of absence without loss of earnings from her or his regularly scheduled working hours for the purpose of writing any examinations required in any recognized course in which nurses are enrolled to upgrade their nursing qualifications.

- (c) Leave of absence without loss of regular earnings from regularly scheduled hours for the purpose of attending short courses, workshops or seminars directly related to the nurse's employment at the Health Centre may be granted at the discretion of the Health Centre upon written application by the nurse to the Program Manager or designate.

11.11 Professional leave with pay will be granted to full-time and regular part-time nurses who are elected to the College of Nurses to attend regularly scheduled meetings of the College of Nurses.

Note: Where an employee is in a position other than in a registered nursing position with duties and responsibilities which are subject to the *Regulated Health Professions Act*, he or she shall be treated in a manner consistent with this Article.

Part-time nurses will be credited with service and seniority for all such hours paid as provided above for the purpose of attending such meetings.

11.12 Pre-Paid Leave Plan

The Health Centre agrees to introduce a pre-paid leave program, funded solely by the nurse, subject to the following terms and conditions:

- (a) The plan is available to nurses wishing to spread four (4) years' salary over a five (5) year period, in accordance with Part LXVIII of the Income Tax Regulations, Section 6801, to enable them to take a one (1) year leave of absence following the four (4) years of salary deferral.
- (b) The nurse must make written application to the Program Manager at least six (6) months prior to the intended commencement date of the program (i.e., the salary deferral portion), stating the intended purpose of the leave.
- (c) The number of nurses that may be absent at any one time. Under the prepaid program shall be four (4) with no more than one (1) from any one unit. This includes both full-time and part-time employees. The year for purposes of the program shall be September 1 of one year to August 31 the following year or such other twelve (12) month period as may be agreed upon by the nurse, the local Association and the Health Centre.
- (d) Written applications will be reviewed by the Program Manager or designate. Leaves requested for the purpose of pursuing further formal nursing education will be given priority. Applications for leaves requested for other purposes will be given the next level of priority on the basis of seniority.
- (e) During the four (4) years of salary deferral, 20% of the nurse's gross annual earnings will be deducted and held for the nurse and will not be accessible to her or him until the year of the leave or upon withdrawal from the plan.
- (f) The manner in which the deferred salary is held shall be at the discretion of the Health Centre.
- (g) All deferred salary, plus accrued interest, if any, shall be paid to the nurse at the commencement of the leave or in accordance with such other payment schedule as may be agreed upon between the Health Centre and the nurse.

- (h) All benefits shall be kept whole during the four (4) years of salary deferral. During the year of the leave, seniority will accumulate. Service for the purpose of vacation and salary progression and other benefits will be retained but will not accumulate during the period of leave. Full-time nurses shall become responsible for the full payment of premiums for any health and welfare benefits in which they are participating. Contributions to the Health Centres of Ontario Pension Plan will be in accordance with the Plan. Full-time nurses will not be eligible to participate in the disability income plan during the year of leave.
- (i) A nurse may withdraw from the plan at any time during the deferral portion provided three (3) months notice is given to the Program Manager or Supervisor. Deferred salary, plus accrued interest, if any, will be returned to the nurse, within a reasonable period of time.
- (j) If the nurse terminates employment, the deferred salary held by the Health Centre plus accrued interest, if any, will be returned to the nurse within a reasonable period of time. In case of the nurse's death, the funds will be paid to the nurse's estate.
- (k) The Health Centre will endeavour to find a temporary replacement for the nurse as far in advance as practicable. If the Health Centre is unable to find a suitable replacement, it may postpone the leave. The Health Centre will give the nurse as much notice as is reasonably possible. The nurse will have the option of remaining in the Plan and rearranging the leave at a mutually agreeable time or of withdrawing from the Plan and having the deferred salary, plus accrued interest, if any, paid out to the nurse within a reasonable period of time.
- (l) The nurse will be reinstated to her or his former position unless the position has been discontinued, in which case the nurse shall be given a comparable job.
- (m) Final approval for entry into the pre-paid leave program will be subject to the nurse entering into a formal agreement with the Health Centre in order to authorize the Health Centre to make the appropriate deductions from the nurse's pay. Such agreement will include:
 - i) A statement that the nurse is entering the pre-paid leave program in accordance with Article 11.11 of the Collective Agreement.
 - ii) The period of salary deferral and the period for which the leave is requested.
 - iii) The manner in which the deferred salary is to be held.

The letter of application from the nurse to the Health Centre to enter the pre-paid leave program will be appended to and form part of the written agreement.

11.13 (a) Secondments

A nurse who is seconded from the Health Centre to a bipartite or tripartite committee/position involving the Health Sector or the Broader Public Sector, or the Ministry of Health and Long Term Care (MOHLTC) shall be granted a leave of absence without pay for a period of up to five (5) years. Notwithstanding Article 10.04 there shall be no loss of seniority or service during such leave. Subject to the agreement of the agency to which the nurse is seconded, the nurse's salary and applicable benefits shall be maintained by the Health Centre and the Health Centre shall be reimbursed for the full cost of salary and applicable benefits by the agency to which the nurse is seconded. The nurse agrees to notify the Health Centre of her or his intention to return to work at least two (2) weeks prior to the date of such return.

- (b) The Health Centre shall seek the Union's agreement to establish secondment arrangements. Such agreement shall not be unreasonably denied. The terms and conditions will be established by agreement of the parties.

A nurse who is seconded to another Health Centre, for a period not greater than one (1) year, shall not suffer any loss of seniority, service or benefits for the duration of the secondment.

Notwithstanding Article 10.11, Seniority, the parties also agree that the Health Centre may allow a nurse from another Health Centre to be seconded to the Health Centre for a period not greater than one (1) year. It is understood that this nurse remains the employee of the sending Health Centre and is subject to the terms and conditions of employment of that Health Centre. If the seconded nurse is not covered by an ONA collective agreement, the Employer will ensure that the Union receives the equivalent of the dues remittance for all such workers.

11.14 Family Medical Leave

- (a) Family Medical Leave will be granted in accordance with the *Employment Standards Act* for up to eight (8) weeks within a twenty-six (26) week period.
- (b) A nurse who is on Family Medical Leave shall continue to accumulate seniority and service and the Health Centre will continue to pay its share of the premiums of the subsidized employee benefits, including pension, in which the nurse is participating during the leave.
- (c) Subject to any changes in a nurse's status which would have occurred had he or she not been on Family Medical Leave, the nurse shall be reinstated to her former duties, on the same shift in the same department, and at the same rate of pay.

11.15 Military Leave

A nurse will be granted unpaid leave without loss of seniority in order to meet any obligations pertaining to the Canadian Military Reserve. The nurse will give as much notice as reasonably possible.

ARTICLE 12 - SICK LEAVE AND LONG-TERM DISABILITY

(Articles 12.01 to 12.14 apply to full-time nurses only)

12.01 The Health Centre will assume total responsibility for providing and funding a short-term sick leave plan at least equivalent to that described in the 1980 Hospitals of Ontario Disability Income Plan brochure. Effective September 10, 2013, new hires will be covered under the 1992 Hospitals of Ontario Disability Income Plan.

The Health Centre will pay 75% of the billed premium towards coverage of eligible employees under the long-term disability portion of the Plan (HOODIP or an equivalent plan). The employee will pay the balance of the billed premium through payroll deduction. For the purpose of transfer to the short-term portion of the disability program, employees on the payroll as of the effective date of the transfer with three (3) months or more of service shall be deemed to have three (3) months of service. For the purpose of transfer to the long-term portion of the disability program, employees on the active payroll as of the effective date of the transfer with one (1) year or more of service shall be deemed to have one (1) year of service.

12.02 Effective the first of the month following the transfer, all existing sick leave plans in the Participating Health Centres shall be terminated and any provisions relating to such plans shall be null and void under the respective Collective Agreements except as to those provisions relating to payout of unused sick leave benefits which are specifically dealt with hereinafter.

12.03 Existing sick leave credits for each employee shall be converted to a sick leave bank to the credit of the employee. The sick leave bank shall contain the unused sick leave days to the credit of the nurse on the effective date of the transfer to the Plan set out in Article 12.01. The "sick leave bank" shall be utilized to:

- (a) Supplement payment for sick leave days under the new plan which would otherwise be at less than full wages, and;
- (b) Where a payout provision existed under the former sick leave plan in the Collective Agreement, payout shall be made on the termination of employment, or in the case of death, to the nurse's estate. The amount of the payout shall be a cash settlement at the nurse's then current salary rate for any unused sick credits to the maximum provided under the sick leave plan in which the nurse participated as of the date of this award;
- (c) Where, as of the effective date of transfer, an employee does not have the required service to qualify for payout on termination, her or his existing sick leave credits as of that date shall nevertheless be converted to a sick leave bank in accordance with the foregoing and the nurse shall be entitled to the same cash out provisions as set out in paragraph (b) above providing the nurse subsequently achieves the necessary service to qualify for payout under the conditions of the sick leave plan in which she or he participated as of the date of this award;
- (d) Where a payout provision existed under the former sick leave plan in the Collective Agreement, a nurse who, as of the date of this award, has accumulated sick leave credits and is prevented from working for the Health Centre on account of an occupational illness or accident that is recognized

by The Workplace Safety and Insurance Board as compensable within the meaning of the *Workplace Safety and Insurance Act*, the Health Centre, on application from the nurse, will supplement the award made by The Workplace Safety and Insurance Board for loss of wages to the nurse by such amount that the award of The Workplace Safety and Insurance Board for loss of wages, together with the supplementation of the Health Centre, will equal one hundred per cent (100%) of the nurse's net earnings to the limit of the nurse's accumulated sick leave credits. Nurses may utilize such sick leave credits while awaiting approval of a claim for Worker's Compensation.

- 12.04 When a nurse has completed any portion of her or his regularly scheduled tour prior to going on sick leave benefits or, WSIB the nurse shall be paid for the balance of the tour at her or his regular straight time hourly rate. This provision will not disentitle the nurse to a lieu day under Article 15.05 if she or he otherwise qualifies.
- 12.05 Any dispute which may arise concerning a nurse's entitlement to short-term or long-term benefits under HOODIP or an equivalent plan may be subject to grievance and arbitration under the provisions of this Agreement. However, the nurse is required to use the carrier's medical appeals process, if available to the nurse, to attempt to resolve disputes. The Union may file a grievance on the nurse's behalf, but the arbitration hearing of the grievance will not occur until the determination of the nurse's appeal, or within 90 days of the filing of the appeal, whichever is the sooner. Any delay occasioned by the appeal will not count against the timeliness of the grievance, nor against any time limit in section 49 of the *Labour Relations Act, 1995*. For this reason the time limit for referring such a grievance to arbitration will be extended until the result of any appeal is known to the Union.
- 12.06 Nurses returning to work from an illness or injury compensable under Workers' Safety Insurance Board will be assigned modified work as necessary, if available.
- 12.07 A nurse who transfers from full-time to part-time may elect to retain her or his accumulated sick leave credits to be utilized during part-time or subsequent full-time employment as provided under the sick leave plan in which the nurse participates as of October 23, 1981.
- 12.08 Any dispute which may arise concerning a nurse's entitlement to short-term or long-term benefits under HOODIP may be subject to grievance and arbitration under the provisions of this Agreement. However, the nurse is required to use the carrier's medical appeals process, if available to the nurse, to attempt to resolve disputes.
- The Union may file a grievance on the nurse's behalf, but the arbitration hearing of the grievance will not occur until the determination of the nurse's appeal, or within 90 days of the filing of the appeal, whichever is the sooner. Any delay occasioned by the appeal will not count against the timeliness of the grievance, not against any time limit in section 49 of the *Labour Relations Act, 1995*. For this reason the time limit for referring such grievance to arbitration will be extended until the result of any appeal is known to the Union.
- 12.09 Nurses presently employed who are covered by a long-term disability plan in effect as of the date of this award, may elect to be covered by HOODIP or to continue their present coverage.

- 12.10 The Health Centre further agrees to pay employees an amount equal to any loss of benefits under HOODIP for the first two days of the fourth and subsequent period of absence in any calendar year. No sick pay benefit is payable under HOODIP for the first fifteen (15) hours of absence for the sixth (6th) and subsequent period(s) of absence in the same fiscal year (April 1st through March 31st).
- 12.11 The Health Centre will notify each nurse of the amount of unused sick leave in her or his bank annually.
- 12.12 For nurses whose regular hours of work are other than the standard work day, the short term sick leave plan will provide payment for the number of hours of absence according to the scheduled tour to a total of 562.5 hours. All other provisions of the existing plan shall apply mutatis mutandis.
- 12.13 Absences due to pregnancy related illness shall be considered as sick leave under the sick leave plan.
- 12.14 A nurse who is absent from work as a result of an illness or injury sustained at work and who has been awaiting approval of a claim for WSIB for a period longer than one complete pay period may apply to the Health Centre for payment equivalent to the lesser of the benefit the nurse would receive from the Workplace Safety and Insurance Board if the nurse's claim was approved, or the benefit to which the nurse would be entitled under the short term sick portion of the disability income plan (HOODIP or equivalent plan). Payment will be provided only if the nurse provides evidence of disability satisfactory to the Health Centre and a written undertaking satisfactory to the Health Centre that any payments will be refunded to the Health Centre following final determination of the claim by The Workplace Safety and Insurance Board. If the claim for WSIB is not approved, the monies aid as an advance will be applied towards the benefits to which the nurse would be entitled under the short term portion of the disability income plan. Any payment under this provision will continue for a maximum of fifteen (15) weeks.
- 12.15 A nurse who transfers from full-time to part-time may elect to retain her or his accumulated sick leave credits to be utilized during part-time or subsequent full-time employment as provided under the sick leave plan in which the nurse participates as of October 23, 1981.
- 12.16 If the Employer requires the employee to obtain a medical certificate, the Health Centre shall pay the full cost of obtaining the certificate. A medical certificate will include a certificate from a nurse practitioner.

Note: This clause shall be interpreted in a manner consistent with the *Ontario Human Rights Code*.

12.17 Attendance Management

Days of absence arising out of a medically-established serious chronic condition, an ongoing course of treatment, a catastrophic event, absence for which WSIB benefits are payable, medically necessary surgical interventions, or days where the employee is asymptomatic and is under a doctor's care from the commencement of symptoms for a confirmed communicable disease (and has provided medical substantiation of such symptoms) but is required to be absent under the Employer or public health authority protocol, will not be counted for the purposes of being placed on, or progressing through, the steps of an attendance management program. Leaves

covered under the Employment Standards Act, 2000 and Leaves under Article 11 will not be counted for the purposes of being placed on, or progressing through, the steps of the attendance management program.

Note: This clause shall be interpreted in a manner consistent with the *Ontario Human Rights Code*.

ARTICLE 13 - HOURS OF WORK

13.01 The following provision designating regular hours on a daily tour and regular daily tours over the nursing schedule determined by the Health Centre shall not be construed to be a guarantee of the hours of work to be performed on each tour or during each tour schedule.

Subject to Article 13.02 below:

- (a) The normal daily tour shall be seven and one-half (7 1/2) consecutive hours in any twenty-four (24) hour period exclusive of an unpaid one-half (1/2) hour meal period, it being understood that at the change of tour there will normally be additional time required for reporting which shall be considered to be part of the normal daily tour, for a period of up to fifteen (15) minutes duration. Should the reporting time extend beyond fifteen (15) minutes, however, the entire period shall be considered overtime for the purposes of payment under Article 14.
- (b) Nurses shall be entitled, subject to the exigencies of resident care, to relief periods during the tour on the basis of fifteen (15) minutes for each half tour. The time at which the rest period is taken shall be flexible, taking into consideration the demands of the unit and the employees' responsibilities.
- (c) The regular daily tours of duty of a full-time nurse shall average five (5) days per week over the nursing schedule determined by the Health Centre. The nursing schedule shall be in accordance with the following:
 - i) Schedules shall be posted at least two (2) weeks in advance and shall cover at least a four (4) week period. Requests for change in posted time schedules must be submitted in writing and co-signed by the employee willing to exchange days off or tour of duty.
 - ii) The Health Centre shall schedule an employee one (1) weekend off in two (2) weeks.

An employee will receive the premium provided for in Article 14.03 for all hours worked on a third and subsequent consecutive weekend, save and except where:

- A) such weekend has been worked by the employee to satisfy specific days off requested by such employee; or
- B) Such employee has requested weekend work, including by application for a posted position which includes only weekend work of 7.5 hours per shift; or

- C) such weekend is worked as a result of an exchange of occasional shifts with another employee.

It is agreed that an employee's indication of availability for additional shifts under this provision does not waive the employee's right to premium payment that may be applicable unless a written request for weekend work has been provided to the employer.

- iii) Subject to the requirements of the Employer and availability of staff, the Health Centre shall endeavour to accommodate employees on the shift of their choice. However, employees may be required by the Employer to work other shifts than those normally worked.
- iv) At least twelve (12) hours time off shall be scheduled when tours of duty are changed, unless as may otherwise be agreed to between the employee and the Health Centre. For employees changing from night duty, this provision shall allow at least twenty-four hours time off when the tour of duty is changed.
- v) Schedules may provide for not more than five (5) consecutive tours of work without days off. These restrictions shall not apply where an arrangement can be made which is mutually satisfactory to the employee and the Health Centre.
- vi)
 - A) The Health Centre agrees to schedule five (5) consecutive days off for each employee during the Christmas and New Years period and such days off shall include Christmas Day or New Year's Day. The Health Centre may, at its discretion, waive all other scheduling requirements during this period.
 - B) Where there are disputes arising from requests of same days off between employees and such request cannot be accommodated by the Health Centre, seniority shall apply.
- vii) Where an employee chooses equivalent time off provided for in Article 14.09, this time shall be taken within thirty (30) calendar days or at a mutually agreeable time.
- viii) Regular Part-time employees shall be available to work the following:
 - one (1) weekend in two (2) weeks
 - either the Christmas or New Year's holiday period
 - a minimum of two (2) shifts a week on any one or combination of shifts
- ix) Casual Registered Nurses will provide their unavailability in writing to the staffing department one month in advance of the posted schedule.

It is the expectation that Casual employees will be available for four (4) calendar weeks during prime summer vacation period of June 15th to September 15th and for one week over the Christmas/New Year's period.

Should a casual employee become unavailable they will notify the employer as soon as possible.

Casual Registered Nurses may not be pre-booked according to their availability without their consent.

x) A weekend shall consist of a minimum of fifty-six (56) consecutive hours off work following the completion of the employee's Friday shift.

xi) Distribution of Additional Part-time Tours

All regular part-time employees in a unit will be scheduled up to their committed hours before any casual part-time nurses are utilized.

When regular part-time employees on the unit have been given the opportunity to work up to their commitment, two (2) shifts/week, the Health Centre will endeavour to offer additional tours to regular part-time employees on the unit on the basis of seniority, then to regular part-time in the facility by seniority prior to offering tours to casual employees subject to the following

A) Employees who wish to be considered for additional tours must indicate their availability in the manner prescribed by the Health Centre.

B) A tour will be deemed to have been offered whenever a call is placed.

C) it is understood that the Health Centre will not be required to offer tours which would result in overtime premium pay.

D) When a regular part-time employee accepts an additional tour, she/he must report for that tour unless arrangements satisfactory to the Health Centre are made.

E) Provided they are qualified, employees may submit their availability to work additional tours to more than one unit, if to do so is in accordance with existing Health Centre practice.

xii) Availability for replacement and additional shifts shall be declared for a four (4) week period.

xiii) Any request by the parties/or individuals wishing to implement innovative scheduling/weekend scheduling will be directed to the union. The parties will meet to discuss and develop guidelines prior to implementation of such scheduling.

(d) Where a nurse notifies her or his Program Manager that she or he has been or will be unable to take the normal lunch break due to the requirement of providing patient care, such nurse shall be paid time and one half (1 1/2) her or his regular straight time hourly rate for all time worked in excess of her or his normal daily hours.

13.02 Where the Parties agree to a longer daily tour, the provisions set out in this Article governing the regular hours of work on a daily tour shall be adjusted accordingly.

The normal daily extended tour shall be 11.25 consecutive hours in any 24-hour period, exclusive of a total of forty-five (45) minutes of unpaid meal time.

Nurses shall be entitled, subject to the exigencies of patient care, to relief periods during the tour of a total of forty-five (45) minutes.

The introduction or discontinuance of longer daily tours shall be determined by the parties.

13.03 Innovative Unit Scheduling

Schedules other than those included in Articles 13.01 and 13.02 may be developed in order to improve quality of working life, support continuity of resident care, ensure adequate staffing resources, and support cost-efficiency. The parties agree that such innovative schedules may be determined by the Health Centre and Association subject to the following principles:

- (a) Such schedules shall be established by mutual agreement of the Employer and the Association.
- (b) These schedules may pertain to full-time and/or part-time nurses.
- (c) The introduction of such schedules and trial periods, if any, shall be determined by the parties. Such schedules may be discontinued by either party with notice as determined by the parties.
- (d) Upon written agreement of the Health Centre and Association, the parties may agree to amend collective agreement provisions to accommodate any innovative unit schedules.

13.04 Individual Special Circumstances

The Health Centre and the Association agree to implement individual special circumstances scheduled. The Health Centre and the Association agree that the intention of creating this type of schedule is primarily to aid in the retention of staff nearing retirement who might extend their careers with the Health Centre if their full-time hours were reduced. The following conditions will apply:

- (a) The positions will be granted on the approval of the Program Manager of the unit. It is agreed that the reduced hours will not be reduced from weekend work.
- (b) The Association and the Health Centre agree that the additional hours of work created by these positions will be applied to the part-time hours of the unit first. In the event that the hours are not picked up by the RN's partner, the hours shall be posted as a term position. The replacement position must be filled prior to approving the schedule change.
- (c) In the event that the Registered Nurse affected resigns, transfer, is laid off or terminated, the arrangement will be deemed to be discontinued immediately.

- (d) It is agreed that Registered Nurses in these positions are not entitled to declare their availability for extra work.
- (e) Registered Nurses in these positions will discuss any change in circumstances with their Operations Director on a yearly basis.
- (f) The benefits and vacation for these positions shall be according to the schedule below.

ARTICLE 14 - PREMIUM PAYMENT

14.01 (a) (Article 14.01(a) applies to full-time nurses only)

If a nurse is authorized to work in excess of the hours referred to in Article 13.01 (a) or (c), she or he shall receive overtime premium of one and one-half (1 1/2) times her or his regular straight time hourly rate. Notwithstanding the foregoing, no overtime premium shall be paid for a period of less than

fifteen (15) minutes of overtime work where the nurse is engaged in reporting functions at the end of her or his normal daily tour. If authorized overtime amounts to fifteen (15) minutes or more, overtime premium shall be paid for the total period in excess of the normal daily tour. Overtime premium will not be duplicated for the same hours worked under Article 13.01 (a) and (c) nor shall there be any pyramiding with respect to any other premiums payable under the provisions of this Collective Agreement. Nothing herein will disentitle the nurse to payment of the normal tour differential provided herein. For purpose of clarity, a nurse who is required to work on her or his scheduled day off shall receive overtime premium of one and one-half (1 1/2) times her or his regular straight time hourly rate. The Health Centre agrees that if the Collective Agreement provided a greater overtime premium for overtime work immediately prior to this Agreement, the Health Centre will continue to pay such greater overtime premium. This is not intended to entitle the nurse to be paid for work performed while engaged in the reporting functions as provided herein.

- (b) (Article 14.01(b) applies to part-time nurses only.)

If a part-time nurse is authorized to work in excess of the hours referred to in Article 13.01 (a), she or he shall receive overtime premium of one and one-half (1 1/2) times her or his regular straight time hourly rate. A part-time nurse (including casual nurses but not including part-time nurses who are filling temporary full-time vacancies) who works in excess of seventy-five (75) hours in a two (2) week period shall receive time and one-half (1 1/2) her or his regular straight time hourly rate for all hours worked in excess of seventy-five (75). A part-time nurse who is filling a temporary full-time vacancy shall receive time and one-half (1 1/2) her or his regular straight time hourly rate for all hours worked in excess of an average of 37 1/2 hours per week over the full-time nursing schedule determined by the Health Centre. Such averaging will commence at the conclusion of the two week period following the nurse's transfer to the temporary full-time position and will end at the conclusion of the two week period prior to the nurse's return to her or his former position. Notwithstanding the foregoing, no overtime premium shall be paid for a period of less than fifteen (15) minutes of overtime work where the nurse is engaged in reporting functions at the end of her or his normal daily tour. If authorized overtime amounts to fifteen (15) minutes or more, overtime premium shall be paid for the total period in excess of the normal daily tour. Overtime premium will not be duplicated for the same hours worked under Article 13.01 (a) nor shall there be any pyramiding with respect to any other premiums payable under the provisions of this Collective Agreement. Nothing herein will disentitle the nurse to payment of the normal tour differential provided herein. The Health Centre agrees that if the Collective Agreement provided a greater premium for overtime work immediately prior to this Agreement, the Health Centre will continue to pay such greater overtime premium. This is not intended to entitle the nurse to be paid for work performed while engaged in the reporting functions as provided herein.

- 14.02 Notwithstanding the foregoing, overtime will not be paid for additional hours worked during a twenty-four (24) hour period either as a result of change in tour on the request of a nurse or a change-over to daylight saving from standard time or vice versa or an exchange of tours by two nurses.

- 14.03 Work scheduled by the Health Centre to which a premium is attached shall be paid at one and one-half (1 1/2) times the nurse's regular straight time hourly rate or as otherwise provided.
- 14.04 Where a nurse is required to work on a paid holiday or on an overtime tour or on a tour that is paid at the rate of time and one-half (1 1/2) the nurse's regular straight time hourly rate as a result of 14.03 above and the nurse is required to work additional hours following her or his full tour on that day (but not including hours on a subsequent regularly scheduled tour for such nurse) such nurse shall receive two (2) times her or his regular straight time hourly rate for such additional hours worked.
- 14.05 A nurse who reports for work as scheduled, unless otherwise notified by the Health Centre, shall receive a minimum of four (4) hours' pay at her or his regular straight time hourly rate. The nurse shall be required to perform any nursing duties assigned by the Health Centre which she or he is capable of doing, if her or his regular duties are not available.

- (c) The Health Centre recognizes that nurses have the right to refuse any required vaccination.
- (d) If a nurse refuses to take the vaccine required under this provision, she or he may be placed on an unpaid leave of absence during any influenza outbreak in the Health Centre until such time as the nurse is cleared to return to work. If a nurse is placed on unpaid leave, she or he can use banked lieu time or vacation credits in order to keep her or his pay whole.
- (e) If a nurse refuses to take the vaccine and to take the antiviral medication (as determined by the Minister of Health) because it is medically contra-indicated, and where a medical certificate is provided to this effect, she or he will be reassigned during the outbreak period, unless reassignment is not possible, in which case the nurse will be paid. It is further understood and agreed that Article 18.04 applies in these circumstances. It is further agreed that any such reassignment will not adversely impact the scheduled hours of other nurses.
- (f) If a nurse gets sick as a result of the vaccination, and applies for WSIB, the Health Centre will not oppose the claim.
- (g) This clause shall be interpreted in a manner consistent with the *Ontario Human Rights Code*.

18.08 Where any provision of this agreement or any practice thereunder is at any time contrary to law, this agreement is not to be deemed to be abrogated but is to be deemed to be amended so as to make the provisions of this agreement conform to the law.

18.09 The Health Centre, with the employee's consent, will inform the Association, within three (3) days of any employee who has been assaulted while performing her/his work. Such information shall be submitted in writing to the Association as soon as possible.

The Health Centre will consider a request for reimbursement for damages incurred to the employee's personal property.

18.10 (a) The Health Centre will provide to the Bargaining Unit President at the beginning of each month a written listing of all employees off work due to a work related injury and those on LTD and modified work.

(b) When it has been medically determined that an employee is unable to return to the full duties of her/his position due to a disability, the Health Centre will notify and meet with an ONA staff representative and a member of the local executive to discuss the circumstances surrounding the employee's return to suitable work.

(c) The Health Centre agrees to provide the employee and the Local Association (with the employee's consent), a copy of the employee's WSIB Form 7 at the same time as it is sent to the Board.

18.11 The Health Centre will designate first aid coverage. An RN who is designated in charge will assume a leadership role in the treatment and disposition of staff.

18.12 Classification

In preparation for classification on a yearly basis the employer will replace the full-time RN designated to update care plans/documentation with another RN for the entire period required to complete the task.

8 Years	\$45.31	\$45.94	\$46.75
25 Years	\$46.11	\$46.76	\$47.57

Note: Retroactivity on wage increases to April 1,2018.

(Articles 19.01(b) and 19.01 (c) apply to part-time nurses only)

- (b) The hourly salary rates, inclusive of the percentage in lieu of fringe benefits in effect during the term of this Agreement for all regular and casual part-time nurses shall be those calculated in accordance with the following formula:

Applicable straight time hourly rate + 13%.

- (c) The hourly salary rates payable to a regular or casual part-time nurse include compensation in lieu of all fringe benefits which are paid to full-time nurses except those specifically provided to part-time nurses in this Agreement. It is understood and agreed that holiday pay is included within the percentage in lieu of fringe benefits. It is further understood and agreed that pension is included within the percentage in lieu of fringe benefits. Notwithstanding the foregoing, all part-time nurses may, on a voluntary basis, enroll in the Health Centre's Pension Plan when eligible in accordance with its terms and conditions. For part-time nurses who are members of the Pension Plan, the percentage in lieu of fringe benefits is nine percent (9%).

It is understood and agreed that the part-time nurse's hourly rate (or straight time hourly rate) in this Agreement does not include the additional 9% or 13%, as applicable, which is paid in lieu of fringe benefits and accordingly the 9% or 13%, as applicable, add on payment in lieu of fringe benefits will not be included for the purpose of computing any premium or overtime payments.

- (d) The parties agree to maintain the percentage differentials in the wage rates which presently exist between the classification of Registered Nurse and the other classifications which are covered by the Collective Agreement.

19.02 A nurse in the employ of the Health Centre who holds a Temporary Class Certificate of Registration as a registered nurse and who obtains her or his General Class Certificate of Registration shall be given the salary of the Registered Nurse as provided in this Article effective the date the nurse informs the Chief Nursing Officer

or her or his designate of obtaining her or his General Class Certificate of Registration. The Health Centre will validate the nurse's status with the College of Nurses.

Note: Where an employee is in a position other than in a registered nursing position with duties and responsibilities which are subject to the *Regulated Health Professions Act*, he or she shall be treated in a manner consistent with this Article.

19.03 A nurse is required to have a renewed Certificate of Registration on or before February 15th of each year, the Health Centre will obtain evidence that her or his Certificate of Registration is in good standing and currently in effect. Such time will be extended for reasons where the College of Nurses of Ontario permits the nurse's Certificate of Registration to remain in effect. If the nurse's Certificate of Registration is suspended by the College of Nurses of Ontario for non-payment of the annual fee, the nurse will be placed on non-disciplinary suspension without pay. If the nurse presents evidence that her or his Certificate of Registration has been reinstated, she or he shall be reinstated to her or his position effective upon presenting such evidence. Failure to provide evidence within 90 calendar days of the nurse being placed on non-disciplinary suspension by the Health Centre will result in the nurse being deemed to be no longer qualified and the nurse shall be terminated from the employ of the Health Centre. Such termination shall not be the subject of a grievance or arbitration.

Note: Where an employee is in a position other than in a registered nursing position with duties and responsibilities which are subject to the *Regulated Health Professions Act*, he or she shall be treated in a manner consistent with this Article.

19.04 (a) A nurse who is promoted to a higher rated classification within the bargaining unit will be placed on the level of the salary schedule of the higher rated classification so that the nurse shall receive no less an increase in salary than the equivalent of one step in the salary range of the previous classification (provided that it does not exceed the salary range of the classification to which the nurse has been promoted) and the nurse shall retain her or his service review date for purposes of wage progression. For the purpose of this Article, promotion shall be defined as a move from one classification to another classification with a higher salary grid and shall not include a change of status to Registered Nurse when a nurse who holds a Temporary or Provisional Certificate of Registration obtains her or his General Certificate of Registration. A nurse who is moved to a lower rated classification will be placed at the level on the grid, if any, which most closely recognizes her or his experience level on the other grid.

Note: Where an employee is in a position other than in a registered nursing position with duties and responsibilities which are subject to the *Regulated Health Professions Act*, he or she shall be treated in a manner consistent with this Article.

(b) Where the Health Centre temporarily assigns a Registered Staff Nurse to carry out the assigned responsibilities of a higher classification (whether or not such classification is included in the bargaining unit) for a period of one (1) full tour or more, at times when the incumbent in any such classification would otherwise be working, the nurse shall be paid a premium of one dollar

and fifty cents (\$1.50) per hour for such duty in addition to her or his regular salary. The Health Centre agrees that it will not make work assignments which will violate the purpose and intent of this provision.

Where the higher classification is outside the bargaining unit and it is anticipated that the time in that position will be for a period of over four (4) weeks, the nurse will be paid as agreed upon between the Health Centre and the nurse. The nurse has the right to decline such assignment.

- (c) A nurse who holds a Temporary or Provisional Certificate of Registration as a Registered Nurse who obtains a General Certificate of Registration shall be placed on the level in the Registered Nurse's salary grid which represents an increase in salary.

Note: Where an employee is in a position other than in a registered nursing position with duties and responsibilities which are subject to the *Regulated Health Professions Act*, he or she shall be treated in a manner consistent with this Article.

- (d) Group, Unit or Team Leader

Whenever an employee is assigned additional responsibility to direct, supervise or oversee work of employees within her or his classification, and/or be assigned overall responsibility for patient care on the unit, ward, or area, for a tour of duty, the employee shall be paid a premium of two dollars (\$2.00) per hour in addition to her or his regular salary and applicable premium allowance.

The Employer will designate one (1) RN per building per shift to assume responsibility as per this Article.

19.05 Claim for related clinical experience, if any, shall be made in writing by the nurse at the time of hiring on the application for employment form or otherwise. Once established consistent with this provision, credit for related experience will be retroactive to the nurse's date of hire. The nurse shall co-operate with the Health Centre by providing verification of previous experience so that her or his recent related clinical experience may be determined and evaluated during her or his probationary period. Having established the related clinical experience, the Health Centre will credit a new nurse with one (1) annual service increment for each year of experience up to the maximum of the salary grid. For part-time nurses, experience will be calculated pursuant to the formula set out in Article 16.03 up to the maximum of the salary grid.

If a period of more than two (2) years has elapsed since the nurse has occupied a full-time or a part-time nursing position, then the number of increments to be paid, if any, shall be at the discretion of the Health Centre.

NOTE: For greater clarity, prior nursing experience includes nursing experience out of province and out of country.

19.06 (a) Each full-time nurse will be advanced from her or his present level to the next level set out in the Salary Schedule, twelve (12) months after she or he was last advanced on her or his service review date. If a full-time nurse's absence without pay from the Health Centre exceeds thirty (30) continuous

calendar days during each twelve (12) month period, the nurse's service review date will be extended by the length of such absence in excess of thirty (30) continuous calendar days.

- (b) Each regular part-time nurse will be advanced from her or his present level on the salary schedule to the next level on the salary schedule after obtaining one year's service credit, calculated in accordance with the provisions of Article 10.03.
 - (c) Casual part-time nurses will be placed on the salary grid in accordance with their service, such service to be calculated in accordance with the seniority calculation set out in Article 10.03. Casual part-time nurses will then advance on the grid in the same manner as regular part-time nurses.
- 19.07
- (a) A part-time employee whose status is altered to full-time in the same position will assume her or his same level on the full-time grid. A full-time employee whose status is altered to part-time in the same position will assume her or his same level on the part-time grid. In addition, an employee who is so transferred will be given credit for service accumulated since the date of last advancement.
 - (b) A casual part-time employee whose status is altered to regular part-time or vice versa in the same position will assume her or his same level on the grid. In addition, a casual part-time employee who is so transferred will be given credit for service accumulated since the date of last advancement.
- 19.08
- (a) When a new classification in the bargaining unit is established by the Health Centre or the Health Centre makes a substantial change in the job content of an existing classification which in reality causes such classification to become a new classification, the Health Centre shall advise the Association of such new or changed classification and the rate of pay established. The Health Centre will also provide the Association with any available information on the job posting, job description, and salary scale of the classification. If requested, the Health Centre agrees to meet with the Association to permit it to make representations with respect to the appropriate rate of pay providing any such meeting shall not delay the implementation of the new classification. Where the Association challenges the rate established by the Health Centre and the matter is not resolved following any meeting with the Association, a grievance may be filed at Step No. 2 of the Grievance Procedure within seven (7) calendar days following any meeting. If the matter is not resolved in the Grievance Procedure, it may be referred to Arbitration in accordance with Article 7, it being understood that any Arbitration Board shall be limited to establishing an appropriate rate based on the relationship existing amongst other nursing classifications within the Health Centre and duties and responsibilities involved.
- Any change in the rate established by the Health Centre either through meetings with the Association or by a Board of Arbitration shall be made retroactive to the time at which the new or changed classification was first filled.
- (b) If a nurse becomes disabled with the result that she or he is unable to carry out the regular functions of her or his position, the Health Centre may

establish a special classification and salary with the hope of providing an opportunity for continued employment.

19.09 Except as otherwise provided all amended provisions except the general wage increase are effective as of the date of ratification (as determined by the parties) or award.

Retroactive pay will be paid on the basis of hours paid within four full pay periods (approximately 8 weeks) of the date of ratification or award. Retroactive pay will be paid on a separate cheque where the existing payroll system allows. Where the existing payroll system does not allow for such separate cheque, the Health Centre may pay retroactivity as part of the regular pay. In such circumstances, the Employer undertakes that the rate of income tax on the retroactivity will not change unless the retroactive pay changes the employee's annual tax bracket.

The Health Centre will contact former employees at their last known address on record with the Health Centre, with a copy to the union, within sixty (60) days of ratification or award to advise them of their entitlement to retroactivity.

Such employees will have a period of sixty (60) days from the date of the notice to claim such retroactivity and, if they fail to make a claim within the sixty (60) day period, their claim will be deemed to be abandoned.

ARTICLE 20 - JOB SHARING

20.01 Job sharing is defined as an arrangement whereby two or more nurses share the hours of work of what would otherwise be one full-time position.

If the Health Centre and the Association agree to a job sharing arrangement, the introduction or discontinuance of such job sharing arrangements will be determined by the parties.

Once the Health Centre has determined that a vacancy exists and the Health Centre and the Association have agreed to a job sharing arrangement, the vacancy or vacancies to be posted will be determined by the parties and will be filled in accordance with Article 10.06.

The nurses involved in a job sharing arrangement will be classified as regular part-time and will be covered by the provisions of this agreement applicable to part-time nurses except for those modified as follows:

- (a) Schedules will conform with Articles of the collective agreement which set out scheduling.
- (b) Total hours worked by each of the job sharers shall be equal and, in total, shall be equivalent to one (1) full-time position. Job sharers will have the option of determining between themselves which partner will work on a scheduled tour, however, all scheduled tours must be covered. Such schedules will not be unilaterally imposed or changed by the Health Centre, but once the schedules are posted, they will not be changed without the permission of the Program Manager for the area concerned. Such permission will not be unreasonably withheld.

- (c) Each job share position will be granted at least five (5) consecutive days off over either Christmas or New Year's period, with such days including Christmas and New Year's Day. When one or both of the job sharers work over Christmas, neither can be required to work over New Year's and vice versa, unless mutually agreed otherwise between the employee and the Health Centre. Should job sharers on a job share position be assigned to work either Christmas or New Year's, they will be expected to work on at least five (5) consecutive days. Where both job sharers request to work Christmas or New Year's or request to have either off and a conflict exists, then seniority shall be the deciding factor.

(d) Paid Holidays

Job sharers will not be required to work, in total, more paid holidays than would one (1) full-time employee, unless mutually agreed otherwise.

- (e) Each job sharer may exchange shifts with her/his partner as well as other employees as provided by the collective agreement. A job sharer may exchange with employees other than her/his partner only on scheduled tours off for the full-time line in the master rotation.

- (f) i) It is expected that both job sharers will cover each other's incidental illnesses and vacations. If, because of unavoidable circumstances, one cannot cover the other, the Program Manager must be notified to book coverage. Job sharers are not required to cover for their partner in the case of prolonged or extended absences. Job sharers shall be offered additional unscheduled tours only if they have made their availability known. It is understood that they may only make themselves available on tours where neither job share partner is scheduled and where such would not result in premium payment.

ii) Vacation, Maternity Leave and other Leaves pursuant to Article 11 of the Collective Agreement

In the event that one member of the job sharing arrangement goes on vacation, maternity leave and any other leave of absence identified under Article 11 of the collective agreement in excess of thirty (30) days, the remaining partner has the option of covering all of the absent partner's shifts for the duration of the absence. If the employee is unable to cover the entire leave of absence, she/he must inform the Program Manager at least two (2) weeks prior to the posting of each schedule. If the employee cannot cover for her/his partner, the vacancy will be offered to the most senior regular part-time employee.

(g) Implementation

Where the job sharing arrangement arises out of the filling of a vacant full-time position, the full-time position will be posted first. In the event that there are no successful applicants, then both job sharing positions will be posted and selection will be based on the criteria set out in the collective agreement.

- (h) i) An incumbent full-time employee wishing to share her/his position may do so without having her/his half of the position posted. The

other half of the job sharing position will be posted and selection will be made on the criteria set out in the Collective Agreement.

- ii) It is understood and agreed that the arrangement is for a trial period of three (3) months for the full-time employee originating the request. Once the trial period is over, the employee cannot revert to her/his former position except under (i) below.
- (i) If one of the job sharers leaves the arrangement, her or his position will be posted according to the Collective Agreement. If there is no successful applicant to the position, the remaining employee will revert to her or his former status. If the remaining employee was previously full-time, the shared position will become her/his position. If the remaining employee was previously part-time and there is no part-time position available on the same unit, she or he shall exercise her or his layoff bumping rights to obtain a part-time position. The shared position would then revert to a full-time position and be posted according to the Collective Agreement.

(j) Discontinuation

Either party may discontinue the job sharing arrangement with ninety (90) day's notice. Upon receipt of such notice a meeting shall be held between the parties within fifteen (15) days to discuss the discontinuation. It is understood and agreed that such discontinuation shall not be unreasonable or arbitrary.

Should the Employer discontinue job sharing the employees currently working those arrangements will have the option of reverting to their former status or remain part-time.

ARTICLE 21 - EARLY AND SAFE RETURN TO WORK

- 21.01 The Health Centre and the Union both recognize their obligations in facilitating the early and safe return to work of disabled employees. The Health Centre and the Union agree that ongoing and timely communication by all participants in this process is essential to the success of the process.
- 21.02 Employees requiring modification for return to work whether work related, LTD, or short term will be represented at the meeting by the local representative of the Ontario Nurses' Association with the option of involving a staff representative.
- 21.03 The employer will notify the local representative of all ONA employees in need of modified work/hours. Any plan for modified work must be provided to the Union.
- 21.04 The Health Centre will provide an updated list of information to the Union before each monthly meeting including the following:
 - (a) Employees absent from work because of disability who are in receipt of Workplace Safety Insurance Board benefits
 - (b) Employees absent from work because of disability who are in receipt of Long Term Disability benefits including last day worked

- (c) Employees who required temporary or permanent accommodation in the workplace.

21.05 It is understood that it is the obligation of the disabled employee in receipt of short-term or long-term disability benefits to ensure the Health Centre's Occupational Health Department is advised as soon as possible of any change in medical restrictions which may affect their ability to return to regular or modified duties.

The Health Centre will advise the Union of offers of permanent accommodation within or outside the bargaining unit.

The parties recognize that more than one employee requiring accommodation may be suitable for a particular position or arrangement. In such cases the Health Centre will consider the skills, ability and experience of the employees and will also consider ability to acquire skills, (within a reasonable time frame), seniority and path of least disruption in the workplace.

Before posting, the Health Centre's Human Resources department will examine all potential vacancies to determine if they can be used to accommodate a disabled employee who requires accommodation but cannot return to her home unit.

The substantive position of the nurse who needs permanent accommodation may be posted where the weight of medical evidence establishes that there is no reasonable prospect of a return to her position in the foreseeable future.

ARTICLE 22 - MUSCULOSKELETAL INJURY PREVENTION AND CONTROL

22.01 Musculoskeletal Injury Prevention and Control

At least once a year the musculoskeletal prevention and control measures, procedures, practices, and training shall be reviewed and revised in the light of current knowledge and practice.

The review and revision shall be done more frequently than annually if,

- (a) the Health Centre, on the advice of the JHSC or health and safety representatives, if any, determines that such review and revision is necessary; or
- (b) there is a change in circumstances that may affect the health and safety of an employee.

The Health Centre will provide training on musculoskeletal prevention and control measures, procedures, practices and equipment to all employees during a new employee's orientation and thereafter as required.

ARTICLE 23 - NEEDLE STICK AND SHARPS INJURIES

23.01 Needle Stick and Sharps Injuries

The Health Centre in consultation with the Joint Health and Safety Committee, shall develop, implement and monitor a process for the prevention of needle stick and

sharp injuries and the treatment of such injuries should they occur. The process should include and address employee training and education with respect to needle stick and sharps injury prevention, and provide for the maintenance of a needle stick/sharps injuries log to detail incidents. The process shall be evaluated annually by the Health Centre in consultation with the Joint Health and Safety Committee.

ARTICLE 24 - DURATION

- 24.01 This Agreement shall continue in effect until March 31, 2020 and shall remain in effect from year to year thereafter unless either party gives the other party written notice of termination or desire to amend the Agreement.
- 24.02 Notice that amendments are required or that either party desires to terminate this Agreement may only be given within a period of ninety (90) days prior to the expiration date of this Agreement or to any anniversary of such expiration date.
- 24.03 If notice of amendment or termination is given by either party, the other party agrees to meet for the purpose of negotiation within thirty (30) days after the giving of notice, if requested to do so.
- 24.04 Notwithstanding the foregoing provisions, in the event the parties to this Agreement agree to negotiate for its renewal through the process of central bargaining, the parties will meet to determine the procedures to be followed.

ARTICLE 25 - APPENDICES

- 25.01 Attached hereto and forming part of this Agreement are the following appendices and Letters of Understanding

ONTARIO NURSES' ASSOCIATION

Re: Part-time Schedule Pilot

The parties agree that they desire scheduling practices that provide nurses with schedules as far in advance as practicable. Therefore a short term scheduling Committee will be struck within the time frame of this collective agreement to design and undertake a pilot program aimed at improving the current scheduling practices.

Should the committee determine a method for pilot, the pilot will replace the language currently in the collective agreement where applicable for the duration. Should the pilot be successful as mutually agreed, then it may become permanent and the collective agreement language will be so amended in the next round of collective bargaining.

The parties will each name up to three (3) committee members.

Re: Shifts Offered in Error

When a part-time nurse is not offered an additional shift in accordance with Article 13.01 (c) xi of the Collective Agreement, and has been disadvantaged by such action, the following shall apply:

- (a) The nurse will be scheduled on a "extra" shift. For the purpose of this agreement, an "extra" shift is a shift which is in addition to the shifts normally scheduled to provide the regular staffing complement. This nurse will be above complement for staffing purposes.
- (b) Such shift will be in addition to the nurse's regular schedule. Such shift shall be at a mutually agreeable time.
- (c) For part-time nurses, scheduling of the extra shift will be mutually agreed and scheduled before the expiration of the next posted schedule where possible. The tour will be paid at the straight-time hourly rate or the applicable over-time rate if the shift missed was at premium.
- (d) For full-time nurses, scheduling of the extra shift will be mutually agreed and the tour will be at the appropriate premium rate.
- (e) When a nurse is scheduled to work an extra shift and a staffing deficiency subsequently arises, the Health Centre will attempt to replace that shift at straight time. If the Health Centre is unable to replace that shift at straight time as per the provisions of article 13 the nurse who is scheduled for the extra tour may be reassigned and a subsequent shift will be scheduled as per the above as an "extra" shift.

Re: Mentorship Guidelines

“Mentorship” is addressed in Article 9.07 (c). These guidelines are intended to assist the parties in implementing mentorship arrangements in accordance with the requirements of the collective agreement.

Definition

Mentorship is a formal supportive relationship between two nurses, which enhances the professional growth and development of a nurse to maximize her or his clinical practice.

Mentorship involves a three-way arrangement between the Health Centre, the nurse being mentored and the nurse doing the mentoring. The mentoring relationship is:

- time limited,
- focused on goal achievement, and
- unique to each mentorship experience.

The Health Centre, the nurse being mentored and the nurse doing the mentoring are expected to clearly understand the goals/expectations of the mentorship relationship. Goals are individually determined based on the learning needs of the nurse being mentored, and, as such, may not be consistent for all nurses. The length of each mentorship arrangement will be individually defined dependent upon the goals for each nurse being mentored. Mentoring assignments will normally consist of full tours, however, it is also possible that mentorship assignments can be for less than a full tour and/or scheduled on an intermittent or one-time basis. It is also possible that more than one mentor may be assigned to a mentee during the course of a mentorship arrangement.

Mentorship does not include:

Supervising the activities of students. Supervision of the activities of students is covered in Article 9.07 (a).

Providing guidance and advice to members of the multi-disciplinary health care team. This is addressed in Article 9.07 (b). Interaction with other nurses and other multi-disciplinary colleagues is an expected role responsibility for nurses.

Orientation to the organization or general functioning of the unit. This may include activities such as:

- WHIMIS training, the fire lecture, equipment location, generic Health Centre policies, introduction to staff and the general layout of the unit etc.

- The employer's historical use of titles or terms does not define a mentor for the purposes of Article 9.07 (c). We acknowledge, however, that while mentorship is new to the collective agreement, mentorship arrangements are not new to nursing or Long Term Care workplaces. Accordingly, existing titles or terms may, or may not, meet the conditions of Article 9.07 (c).

Key Elements

A mentorship relationship includes the nurse doing the mentoring to:

- plan the mentorship experience based on the learning needs of the nurse being mentored, including the identification and co-ordination of learning opportunities with other health care providers;
- assess the ongoing competence/development of competencies of the nurse being mentored, including assessments of competence gaps, risk management in relation to resident care, and co-ordination of learning experiences;
- assist the nurse being mentored to effectively meet resident care needs;
- be responsible for the management of learning for the nurse being mentored;
- participate in direct skill transfer where there is responsibility for the management of learning for the nurse being mentored;
- evaluate the learning experience of the nurse being mentored throughout the duration of the mentorship relationship, including the provision of written and/or verbal reports to management regarding progress towards goal achievement.

It is recognized that the mentor and the nurse being mentored may not be together at all times during the mentorship period.

The Health Centre will pay the nurse for doing this assigned responsibility [mentoring] a premium of sixty (60) cents per hour, in addition to her or his regular salary and applicable premium allowance.

The Health Centre will review the workload of the mentor and the nurse being mentored to facilitate successful completion of the mentorship assignment.

Implementation

The Health Centre may implement a mentorship relationship at any time during a nurse's employment when:

- the nurse is experiencing difficulty in meeting standards of practice;
- the nurse has a competency gap;
- one-on-one management of the learning experience from an expert/ experienced nurse will be of assistance.

Mentoring may be implemented in various circumstances such as new hires to a unit; a nurse returns from a layoff or leave of absence (including sick leave or long term disability) or for purposes of cross-training. This list is not all-inclusive and, as such, other circumstances may arise where the Health Centre determines that a nurse requires mentoring.

The decision to implement a mentorship experience as a mechanism to assist a nurse to meet standards of practice is the responsibility of the employer.

The Health Centre will provide, on a regular basis, all nurses with an opportunity to indicate their interest in assuming a mentorship role, through a mechanism determined by the local parties.

The Health Centre selects and assigns the mentor for a given mentoring relationship.

At the request of any nurse, the Health Centre will discuss with any unsuccessful applicant ways in which she or he may be successful for future opportunities.

The mentorship plan/arrangement for each mentoring relationship should be documented.

Evaluation

The Labour Management Committee responsible for addressing professional development issues for nurses will be responsible for reviewing and making recommendations regarding the application of, and effectiveness of, mentorship relationships within the Health Centre.

The employer also has a responsibility for evaluating the effectiveness of mentorship arrangements and, therefore, review and evaluation of arrangements should be conducted on a regular basis.

NOTE: it is mutually understood that these guidelines are “without prejudice” to either parties’ position with respect to the role of a nurse whose job duties normally include responsibility for teaching and/or educating other nurses.

Re: Extended Tours

The parties agree that in the event the Employer, the Association and/or a significant number of Registered Nurses express interest in implementing an Extended Tour of 11.25 paid hours in a 12 hour tour, the Employer and the Association will review the feasibility of implementing such Extended Tour.

If the parties decide to proceed, in accordance with Articles 13.02 and 13.03 of the collective agreement, they will agree upon the following Scheduling and Hours of Work provisions:

- Period over which hours of work are to be averaged
- Time off work between shifts
- Premium Pay applicability
- Breaks (paid and unpaid)
- Other provisions, as appropriate

Furthermore, unless the parties agree otherwise, the following implementation and cessation protocols will apply:

- (a) Extended hour tours may be implemented in a designated area in the home when at least 75% of the nurses indicate by secret vote that they wish extended tours.
- (b) Extended hour tours will be discontinued at any time after six (6) months of the implementation of such tours if at least 65% of the nurses involved indicate in a secret vote that they no longer wish to work extended tours.
- (c) Nurses on designated area(s) in the home that implement extended hour tours may still have the option of working their normal tour (7.5 paid hours in an 8 hour tour) on that unit, if the scheduling pattern permits.
- (d) Either party may discontinue the extended tour arrangement in a designated area(s) in the home with one hundred twenty (120) days' notice to the other party. The parties agree to meet within four (4) weeks of written notice of discontinuation to discuss the rationale for discontinuance of the extended hour tour arrangement.
