If a nurse is required to work on a third [3rd] consecutive and subsequent weekend, they shall be paid premium pay as set out in Article 14.03 save and except where:

- i) such weekend has been worked by the nurse to satisfy specific days off requested by such nurse; or
- ii) such nurse has requested weekend work, in writing, and renews such request yearly; or
- iii) such weekend is worked as the result of an exchange of shifts with another nurse.

(b) For the purpose of scheduling, normal tours as per Article 13, a weekend shall consist of fifty-six (56) consecutive hours off work during the period following completion of the Friday day shift until the commencement of the Monday day shift.

For the purpose of scheduling on extended tours, a weekend shall consist of sixty (60) consecutive hours off work during the period following completion of the Friday day shift until the commencement of the Monday day shift.

G.03 Violation of the following will be compensated by premium payment, as defined in Article 14.03:

Master rotations will not be changed without the agreement of the employees on the unit. Such agreement will be secured by a secret ballot vote of the employees or conducted by confirmation of such vote electronically. Where two (2) part-time employees share a full-time position in a job share arrangement, the regular part-time employees will be entitled to one (1) vote. Where a permanent employee is on a leave of absence, they will be contacted and offered the opportunity to vote, so as not be subject to a change of schedule on return to work that they are unaware of.

- (a) No less than two (2) consecutive tours between changes of shift unless otherwise agreed.
- (b) A request by a nurse for a change of scheduled working hours must be submitted in writing and co-signed by the nurse willing to exchange tours. Nurses will provide as much advance notice as possible. All shift changes must be approved by the manager or designate in writing.
- (c) No split shifts.
- (d) A nurse will be scheduled off at least four (4) days in any two (2) week period, including at least one (1) period of two (2) consecutive days, and minimum of split days will be scheduled.
- (e) Nurses will not be scheduled to work more than seven (7) consecutive days unless otherwise mutually agreed.
- (f) Where a full-time or permanent part-time nurse normally rotates, at least fifty (50%) percent of their tours shall be scheduled on the day tour within a three (3) month period, unless otherwise mutually agreed.
- (g) At least forty-eight (48) hours time off shall be scheduled following night tour.
- (h) Not more than two (2) consecutive weeks will be scheduled on evenings or nights unless otherwise mutually agreed.
- (i) These regulations may be waived between December 15th and January 8th, so that nurses will receive six (6) or more consecutive days off at either Christmas or New Year's.

Available for work as required and assigned by the Health Centre during Christmas (including December 24<sup>th</sup>, December 25<sup>th</sup> and 26<sup>th</sup>) or New Year's (including December 30<sup>th</sup> and January 1<sup>st</sup> or December 31<sup>st</sup> to January 2<sup>nd</sup>). This provision shall not apply to any area where nurses normally work Monday to Friday, and are not normally scheduled to work on paid holidays.

- (j) Schedules for full-time and permanent part-time nurses will be posted six (6) weeks in advance.
- (k) Requests will be submitted one (1) week prior to posting, whenever possible.

- (l) A nurse will not be required to change tours of duty more than once during a work week.
- (m) A nurse will be granted permanent evening or night tour, if requested. Such nurse will be expected, if requested by their leader or delegate to return to the day tour for in-service education or meetings.

It is understood that once a nurse has requested and been granted a permanent evening or a night tour, the discontinuation of such arrangement is subject to G.03 (n) or through the job posting provisions of Article 10 of the central agreement.

- (n) Changes on the master rotation will be implemented under the following process:
  - i) in units of twenty (20) nurses or less, when seventy-five percent (75%) of the nurses are in agreement.
  - ii) In units of more than twenty (20) and less than forty (40) nurses when sixty-five percent (65%) of the nurses are in agreement.
  - iii) in units of more than forty (40) nurses when fifty percent (50%) plus one (1) are in agreement.

Where the vote is not successful, the unit will maintain the schedule in existence prior to the vote. Votes on further changes to the Master Rotation will not be held for six (6) months. Failure to make a decision on a new master rotation the employer has a right to implement an operationally required schedule.

- iv) Where a master rotation schedule is changed due to a permanent long-term layoff, or there is an addition of new full-time or part-time positions, the employees on the affected unit will be provided with ninety (90) days notice that their master rotation may be amended. The Employer may waive the ninety (90) days of notice period to implement the new schedule with the written agreement of the Association.

Where a master rotation schedule is changed pursuant to the above, individual schedule rotations will be awarded on the basis of seniority, considering a balanced skill mix (novice to expert) (experience and knowledge) of registered nurses. Job share partners will use the seniority of the senior partner for purpose of line selection.

- (o) In order to accommodate vacation and lieu day requests made by full-time staff, the Health Centre will not unreasonably deny requests for exchange of shifts between nurses, including casual part-time nurses; it being understood that the Health Centre shall not be required to accommodate such requests which result in overtime payment.

- G.04 (a) The extended tour arrangement will be implemented on a trial basis for a period of six (6) months where sixty percent (60%) of the nurses on a given unit(s) are in favour, and where the Health Centre is also in agreement. Following the trial period, the extended tour arrangement will be continued upon agreement of the Health Centre. If at any time following the trial period, either the Health Centre or sixty percent (60%) of the nurses involved request the discontinuance of this tour system, it will then be discontinued.

Where a majority of the nurses on the unit(s) in question have voted to initiate the trial period, and where the extended tour arrangement is continued after the trial period, then all the nurses on the unit(s) in question shall be required to work the extended tour during the trial period and thereafter save and except where alternate arrangements have been made mutually agreed by the Health Centre and the Local in the form of approved "Minutes of Settlement".

- (b) The scheduling cycle for the twelve (12) hour extended tour will be an average of seven (7) tours in each two (2) week period. The Health Centre shall endeavour to schedule not more than three (3) consecutive tours of work.
- (c) The scheduling cycle for the ten (10) hour extended tour will be an average of eight (8) tours in each two week period. The Health Centre shall endeavour to schedule not more than four (4) consecutive tours of work.
- (d) At least fifty (50%) percent of tours shall be on the day shift, except where the employee chooses to work on a greater percentage of night tours.
- (e) There shall be a period of not less than twelve (12) hours off between tours of duty.
- (f) A minimum of forty-eight (48) consecutive hours off shall be scheduled following night shifts unless otherwise agreed.
- (g) These regulations may be waived between December 15th and January 8th, so that nurses will receive six (6) or more consecutive days off at either Christmas or New Year's.

Available for work as required and assigned by the Health Centre during Christmas (including December 24<sup>th</sup>, December 25<sup>th</sup> and 26<sup>th</sup>) or New Year's (including December 30<sup>th</sup> and January 1<sup>st</sup> or December 31<sup>st</sup> to January 2<sup>nd</sup>). This provision shall not apply to any area where nurses normally work Monday to Friday, and are not normally scheduled to work on paid holidays.

- (h) Premium payment shall apply should these scheduling regulations not be met.

- G.05 A nurse who is required to work on a unit, other than their regular unit for one (1) tour shall not be designated in charge for the tour unless there is an emergency.

G .06 The Labour Management Committee shall look at all requests by either party regarding scheduling.

G.07 For the purposes of scheduling, the first [1st] shift of the day shall be day tours.

For the purposes of paying evening premiums evenings will be 1500 - 2300.

For the purposes of paying night premiums nights will be 2300 - 0700.

Any shift commencing between the hours of 0600h and 1200h shall be considered a Day Tour.

G.08 Short Tours

Where part-time nurses are scheduled to work less than a normal tour (7.5 hours), Article G applies in its entirety except as amended by the following:

- (a) No regular part-time nurse will be scheduled to work solely on tours which are comprised of less than 7.5 hours in any pay period except where such arrangements are agreed to by the nurse.
- (b) The Association will endeavour to keep the number of tours comprised of less than 7.5 hours to a reasonable level.

G.09 (a) Regular Part-Time Commitment

The regular part-time commitment "Level A Nurse" to be available as follows as per G.09:

- i) Available to work thirty-seven and one-half (37½) hours in a two (2) week pay period.
- ii) Available to work two (2) weekends in four (4) for nurses working on a normal daily tour and available to work every other weekend for nurses working on extended tours.
- iii) Working all three (3) shifts except where the nurse is working a permanent shift.
- iv) Available for work as required and assigned by the Association during Christmas (including December 24<sup>th</sup>, December 25<sup>th</sup> and 26<sup>th</sup>) or New Year's (including December 30<sup>th</sup> and January 1<sup>st</sup> or December 31<sup>st</sup> to January 2<sup>nd</sup>). This provision shall not apply to any area where nurses normally work Monday to Friday and are not normally scheduled to work on paid holidays.

(b) Part-time nurses making a "Level B" commitment will be available to be scheduled on the following basis:

- i) Available to work for twenty-two and one-half (22½) hours in a two (2) week pay period.

- ii) Available for work no less than one (1) weekend in every four (4) week period, if required.

All regular part-time commitment "Level A" employees in a unit will be scheduled up to their committed hours by seniority and then commitment "Level B" employees will be scheduled up to their committed hours by seniority before any casual employees are utilized.

- (c) When regular part-time commitment "Level A" and commitment "Level B" employees on the unit have been given the opportunity to work up to their commitment, the Health Centre will then offer additional tours to all regular part-time employees on the unit on an equitable basis prior to offering tours to casual employees, subject to the following:
  - i) Employees who wish to be considered for additional tours must indicate their availability in the matter prescribed by the Health Centre;
  - ii) A tour will be deemed to be offered whenever a call is placed;
  - iii) It is understood that the Health Centre will not be required to offer tours which would result in overtime premium pay.
  - iv) When a regular part-time employee accepts an additional tour, they must report for that tour unless arrangements satisfactory to the Health Centre are made;
  - v) Provided they are qualified, employees may submit their availability to work additional tours to more than one (1) unit. If working such time would result in premium payment, the nurse must indicate this in advance in order to receive the payment.
  - vi) Day tours will be scheduled equitably among the regular part-time employees unless otherwise requested by an employee.
  - vii) An employee is entitled to either Christmas (including December 24<sup>th</sup>, December 25<sup>th</sup> and 26<sup>th</sup>) or New Year's (including December 30<sup>th</sup> and January 1<sup>st</sup> or December 31<sup>st</sup> to January 2<sup>nd</sup>).
  - viii) The weekend scheduling regulations referred to above may be put aside during the period of December 18<sup>th</sup> to January 10<sup>th</sup> to facilitate the scheduling of days off at Christmas and New Year's.

- ix) A minimum period of twelve (12) consecutive hours off shall be scheduled between a change of tours.
- x) At least forty-eight (48) hours off shall be scheduled following the completion of night tours when changing to day tours in accordance with the posted schedule unless otherwise mutually agreed between the nurse and their immediate supervisor.
- xi) Employees on twelve (12) hour tours will not be scheduled to work more than three (3) consecutive tours.
- xii) It is understood and agreed that the Health Centre shall schedule employees to work taking into consideration their stated preference and taking into account the operational needs of the unit.

G.10 Where the parties agree that an error has been made with respect to the distribution of shifts for part-time employees, or where an error is made for the call-in process for the allocation of additional tours to part-time or full-time employees, the parties agree that the affected employee will be offered an alternate shift to be worked at a time mutually agreeable to the employee and their Manager.

G.11 Reassignment

The Health Centre and the Association recognize that it is a management right to reassign an employee who is scheduled to work for a period of time up to and including a single shift under Article 14.05. This reassignment will be from the employee's home unit to any other unit as required by the Health Centre. The Health Centre and the Association agree to implement the following principles if such reassignment occurs

1. The reassigned employee will be assigned to work with an experienced RN on the receiving unit. The experienced employee in most cases will be a staff employee. The reassigned employee will not be required to take a full assignment unless they possess the appropriate knowledge, skill and judgement to practice on that unit.
2. The experienced employee will familiarize the reassigned employee to the general functioning of the unit.
3. The reassigned employee will identify, to the experienced employee, their skills, abilities and limitations in relation to duties required on the receiving unit. The two employees will collaborate in providing patient care.
4. Reassignment will occur bearing in mind the following principles:
  - (a) Patient care requirements are the first priority
  - (b) The Health Centre will consider a nurse's experience when reassigning employees.

- (c) The Health Centre will reassign, where possible, employees who volunteer
- (d) The Health Centre will normally reassign staff nurses in a fair and equitable manner

5. When an employee is reassigned to another site the Health Centre will reimburse the employee for transportation costs that the Health Centre requires the employee to incur. The Health Centre reserves the right to determine the most efficient method of transportation.

G.12 All full-time and regular part-time nurses will be pre-scheduled on a posted schedule to their respective commitments. Should pre-scheduled work not be available at the time of posting for regular part-time nurses, such nurses shall make their availability known to the employer for purposes of meeting their commitments from work that becomes available after the schedule is posted prior to work being offered as per Article G.09.

Changes to rotations and line selections will be made within individual units or departments.

The unit discussing line changes or new rotations will determine the length of time the options are open for discussion and selection with input from the unit specific scheduling committee.

G.13 Self Scheduling

Any self-scheduling will follow the applicable conditions outlined in Article G.

Cancellation of self-scheduling by either the Health Centre or the Association shall require ninety (90) days written notice to the other party.

The cancellation of self-scheduling by the Health Centre will not be for reasons that are arbitrary or in bad faith.

G.14 Where the Health Centre determines to offer overtime, it shall endeavour to do so based on the following:

- (a) Extending a shift (up to 4 hours) by seniority.
- (b) Full-time staff – rotational seniority.
- (c) Part-time staff – rotational seniority, subject to declared availability.

- H.04 Standby schedules will not be reassigned without consultation with the employee whose schedule is being changed.
- H.05 Standby will not be scheduled on a night before a scheduled day shift unless otherwise agreed to by the employee.
- H.06 When an employee is called in from standby the Health Centre will not require the employee to return to regular duties without at least eight (8) hours of time off.

Where such duties extend into the employee's next regular scheduled shift, they will maintain their regular earnings, seniority and service for that full shift.

The vacation request calendar for the year (365 days) will be posted in each unit the first Friday of December. Individual requests for vacation preference must be submitted for consideration by seniority up until 1600 hours the third Friday of January of each year on the calendar, at which point the calendar will be taken down. Thereafter, vacations will be scheduled on a first [1st] come first [1st] serve basis. The approved vacation calendar based on these submissions for full and part-time employees will be posted in each unit by the second last Friday of February of each year.

J.01 Nurses will be allowed to accumulate their annual vacation entitlement for carryover.

J.02 The Health Centre will endeavour to accommodate the wishes of the nurses with respect to the choice of vacation dates and the continuity of weeks, subject to the need to meet the operating requirements of the Health Centre.

Each employee is to be entitled to request a maximum of three (3) weeks of vacation during the period commencing the start of the second pay period in June and ending the start of the second pay period in September each year in order of seniority. If in the event there are sufficient nurses to fill the scheduled summer hours, further time off for vacation may be granted to nurses in order of seniority. Nurses who wish further time off as described herein must inform the Employer each year at the time their three (3) week entitlement preference is being sought. In the event there is difficulty scheduling three (3) weeks for each employee during the summer months, the Employer will ensure that junior employees receive at least two (2) weeks during the summer vacation period.

J.03 Once an employee has indicated a preferred vacation period, they may not exercise seniority rights to change this identified period.

J.04 The Health Centre will endeavour to schedule the weekend off prior to the commencement of vacation, and shall schedule the weekend off following vacation.

J.05 Prior to leaving on vacation, nurses shall be notified of the date and time on which to report for work following vacation.

J.06 Vacation pay shall be issued immediately preceding the commencement of vacation if so requested, in writing, by full-time or regular part-time nurses.

Vacation pay owing to casual Part-time nurses shall be paid on each pay as earned.

The Health Centre will provide updated vacation entitlement on each pay record.

- J.07 The Health Centre will give consideration to an employee's request for vacation between December 15<sup>th</sup> and January 15<sup>th</sup>, provided that such consideration does not limit the ability of other staff to obtain their six (6) days off.
- J.08 The Health Centre shall establish vacation quotas for each nursing unit which shall not be unreasonably restrictive. These quotas will be identified and provided to the local Bargaining Unit President in advance of posting of vacation selection schedule. Full-time and part-time vacation quotas shall be separate.
- J.09 Leaders will endeavour to respond to vacation requests outside the annual planning calendar within four (4) calendar weeks. Where there are exceptional circumstances the nurse can request a response earlier.

#### **ARTICLE K - SICK LEAVE (ARTICLE 12)**

#### **ARTICLE L - PREMIUM PAYMENT (ARTICLE 14)**

- L.01 Where a nurse has worked and accumulated approved overtime hours, such hours may be accumulated up to a maximum of seventy-five (75) overtime hours. Such time off shall be taken at a time agreeable to the nurse and their Immediate Supervisor.

#### **ARTICLE M - FOUR OVER FIVE YEAR PLAN (ARTICLE 15)**

- M.01 In the four over five year plan there will be a maximum of five (5) nurses per year. There shall be no more than one (1) nurse per unit.

#### **ARTICLE N - JOB SHARING (ARTICLE 16)**

The introduction of job sharing arrangements will be subject to mutual agreement between the Association and the Health Centre.

The initial job sharing arrangement will be on a trial basis for a period of up to six (6) months, subject to review by the Association and the Health Centre before confirmation. It is agreed that the following conditions will govern the arrangements.

- N.01 The Health Centre has the undisputed right to designate and increase or decrease the full-time positions eligible to be deemed job sharing. The Employer shall not arbitrarily unreasonably refuse to implement job sharing.

- N.02 Each department/unit will determine the approximate number of full-time positions to be allotted to job sharing.
- N.03 One (1) full-time position is shared by two (2) part-time staff members.
- N.04 Staff employed in a job shared position accept the conditions for the full-time rotation and hours as scheduled and must be compatible with one another. Where non-compliance occurs, Management has the right to intervene.
- N.05 As a general rule, job sharers must be prepared to cover each other's incidental illnesses. However, where one (1) job sharer cannot, due to circumstances beyond their control, cover the other's shift, they must notify the Nursing Unit Manager or their designate, and the Health Centre will attempt to provide the necessary coverage.
- N.06 In the event of one (1) job sharer taking a Leave of Absence, the other job sharer must be prepared to cover the absent partner's shifts. However, where the covering nurse is unable to cover their partner's extended leave, the Manager will fill the vacancy as per Article 10.07 (d).
- N.07 It is expected that both job sharers will cover each other's vacation time. Where the job sharers provide coverage for each other's vacation, they will not be counted in any vacation quotas established for the unit. If, because of unavoidable circumstances, a job share partner cannot cover their partner's vacation period, a vacation request will be submitted to the manager for consideration under the vacation approval process.
- N.08 The employees are responsible to each other for attendance at staff meetings, committee meetings, and communication of unit information; i.e. in-service, schedule, memos, etc. Attendance of both team members is encouraged where possible.
- N.09 All job sharers shall be treated as regular part-time employees and be subject to the provisions of the Part-time Collective Agreement, except for scheduling which will be in accordance with the scheduling provisions of the Full-time Collective Agreement. For purposes of line selection Job Sharers will select lines by seniority once all full time have made their selection.
- N.10 A job sharing position will be scheduled to work by the Health Centre to either Christmas holiday or the New Year's holiday. An employee assigned a job sharing position will be expected to determine with their partner who will work the Christmas holiday or New Year's holiday. If there is any disagreement of who will work the Christmas holiday or New Year's holiday between an employee assigned a job sharing position and their partner, the Health Centre will schedule such.

These regulations may be waived between December 15th and January 8th, so that the job share line will receive six (6) or more consecutive days off at either Christmas or New Year's.

Available for work as required and assigned by the Health Centre during Christmas (including December 24<sup>th</sup>, December 25<sup>th</sup> and 26<sup>th</sup>) or New Year's (including December 30<sup>th</sup> and January 1<sup>st</sup> or December 31<sup>st</sup> to January 2<sup>nd</sup>). This provision

shall not apply to any area where nurses normally work Monday to Friday, and are not normally scheduled to work on paid holidays.

- N.11 Job Sharers will not be required to work, in total, more statutory holidays than would one (1) full-time employee, unless mutually agreed.
- N.12 Each job sharer may exchange shifts with their partner as well as other employees as provided by the Collective Agreement.
- N.13 Benefits for job sharing are paid in accordance with the policy covering benefits for part-time staff.
- N.14 Where the job sharing arrangement arises out of the filling of a vacant full-time position, both job sharing positions will be posted and selection will be based on the criteria set out in the Collective Agreement. An incumbent full-time nurse wishing to share their position, may do so without having their half ( $\frac{1}{2}$ ) of the position posted. The other half ( $\frac{1}{2}$ ) of the job sharing position will be posted and selection will be made on the criteria set out in the Collective Agreement.
- N.15 If one of the job sharers leaves the arrangement, their position will be posted. If there is no successful applicant to the position, the shared position must revert to a full-time position. The remaining nurse will have the option of continuing the full-time position or reverting to a part-time position for which they are qualified. If they do not continue full-time, the position must be posted in accordance with the Collective Agreement. Management reserves the right to determine the continuation of this position.
- N.16 Either the Health Centre or the Association shall have the option of cancelling this agreement after providing the other party with sixty (60) calendar days written notice. The written notice shall include reasons for the change and a copy of this notice shall be forwarded to the Local President. The job sharer(s) will have the option of reverting back to a regular part-time position, should this agreement be cancelled or changed.
- N.17 When vacancies occur within more than one job sharing arrangement in a department, and the job posting process has not filled the vacancies, the Health Centre may choose to create a new job sharing agreement between the individuals remaining in the vacated partnerships. The most senior partner in this new job sharing agreement will select which of the available lines the partnership will be scheduled on the master rotation.
- The remaining vacant full time line will be posted in accordance with the Collective Agreement.

#### **ARTICLE O - MODIFIED WORK**

- O.01 The Health Centre will notify the Bargaining Unit President of the names of all nurses who go off work due to a work related injury or when a nurse goes on L.T.D.
- O.02 When it has been medically determined that an employee is unable to return to the full duties of their position due to a disability, the Health Centre will notify and meet

with a representative of the Ontario Nurses' Association and members of the Local Representative to discuss the circumstances surrounding the employee's return to suitable work.

To that end, the Health Centre and the Association agree that ongoing and timely communication by all participants is essential to the success of the process. For the purposes of expediting communication, the Health Centre and the Association agree that participants will use electronic communication where available.

Local representatives will be required to be present for meetings to discuss with the member circumstances that are associated with the nurses return to work, modified duties, etc...Should the nurse impacted, not want the Association to participate in the discussion, the Health Centre shall notify the Bargaining Unit President, or designate.

When it is determined that a nurse cannot return to their duties or their position and permanent accommodation will be necessary, the Health Centre will ensure that the Labour Relations Officer as well as the Bargaining Unit President or designate are involved in discussions related to this accommodation process.

- O.03           The Health Centre agrees to provide the employee with a copy of the Workers' Compensation Board's Form 7 at the same time as it sent to the Board.

The parties agree that the intention of creating this type of schedule is primarily to aid in the retention of staff. The ISC will be available who are nearing retirement that might extend their careers if their full-time hours were reduced, or for staff who wish to pursue part-time study in University or for staff that have extraordinary individual special circumstances.

- (d) The partners agree that the arrangement applies to an individual and not to a position;
- (e) The employee will retain full-time status, including but not limited to service and seniority;
