(c) Continuation

The scheduling initiative will be continued provided the Hospital agrees and eighty percent (80%) of the full-time/regular part-time nurses in the unit in the relevant classification(s) who cast votes so indicate by a supervised secret ballot. This vote will be conducted at the end of the trial period.

(d) Discontinuation

The scheduling initiative may be discontinued in the units when eighty percent (80%) of the full-time/regular part-time nurses in the unit in the relevant classification(s) who cast votes so indicate by a supervised secret ballot or by the Hospital for reasons of:

- i) Adverse effects on patient care; or
- ii) Inability to provide a workable staffing schedule; or
- iii) Where the Hospital wishes to do so for other reasons which are neither unreasonable nor arbitrary.

The Hospital because of (i), (ii), or (iii) states its intention to discontinue the extended tours in the schedule.

Guidelines for Voting

- (i) Two (2) different times will be designated for voting.
- (ii) There will be a closed ballot box.
- (iii) A printed list of all full-time-/regular part-time nurses in the unit will be drawn up. The nurse will sign his/her name when she/he has cast her/his ballot. All eligible nurses have the right to vote but may choose not to exercise this right.
- (iv) The Bargaining Unit President/or designate from the Union will be present at voting as will the Chief Nurse Executive (CNE)/or designate. These two (2) persons will be responsible to count the votes and to advise the staff of the outcome.
- (v) Ballots will be destroyed by the Chief Nurse Executive (CNE)/or designate and the Bargaining Unit President/or designate at the completion of ballot counting.

F-7

Master Rotations

Where a master rotation schedule is changed due to a permanent long-term layoff or the addition of new full-time positions or any other change deemed necessary by the Hospital, the Union and the nurses on the affected unit will be provided with thirty (30) days' notice that their master rotation may be amended. If the Union so requests, the Hospital will meet to discuss the reasons for the change.

Where a master rotation schedule is changed pursuant to the above, individual schedule rotations will be awarded on the basis of a balance of skill and experience.

F-8

Request for shift exchange

Nurses may request shift exchanges within the same posted period with nurses in the same job classification who have the knowledge, skills, and experience to meet the unit/departments requirements for care, (e.g. an RN qualified in OBS must exchange with another RN qualified in OBS) provided applicable departmental procedures are followed and the change does not result in a violation of the nurse's averaging agreement.

The Shift Request Form must be signed by both parties and approved by the Manager/designate at least two (2) business days in advance. Conformity with these scheduling provisions will be a consideration in deciding upon the request.

Shift exchanges shall not qualify for overtime premium.

It is understood that the Hospital reserves the right to require nurses to work certain shifts for the purposes of reorientation, training, education, and appraisal and that such requirements do not constitute unreasonable denial.

F-9 The night shift will be last shift of the day.

F-10 In Lieu of Overtime

(applies to full-time and regular part-time only)

Where a nurse has worked and accumulated approved hours for which she or he is entitled to be paid premium pay (other than hours relating to working on paid holidays) such nurse shall have the option of electing payment at the applicable premium rate or time off equivalent to the applicable premium rate. Compensating time off as provided for in Article 14.09 (in lieu of overtime) must be taken by the last pay in March of the current calendar year, or be paid out to the nurse on the last pay in March. It is agreed that the accumulation of overtime shall not exceed seventy-five (75) hours. All time in excess of seventy-five (75) hours will be paid to the nurse. Regular part-time nurses may use lieu of overtime when scheduled hours are below their regular commitment.

Once lieu time has been approved it shall not be cancelled by the Employer. Lieu time will be granted, after all vacation requests, Hospital needs have been considered, and subject to not incurring premium pay.

F-11 (applies to full-time and regular part-time only)

- (a) Each nurse will be scheduled off work for not less than five (5) consecutive days at either Christmas or New Years. In order to achieve this time off, the Union waives the scheduling provisions in Article F-1, F-2, F-4 and F-5 to accommodate this special arrangement between December 15 and January 15. This provision will not apply to areas where nurses normally work Monday to Friday and are not normally scheduled to work on paid holidays. The nurse will notify the Hospital by November 1 if she/he does not want to be scheduled five (5) consecutive days off.
- (b) Definition of Christmas to include Christmas Eve Day commencing at 0700 hours, Christmas Day, and Boxing Day. Definition of New Year's to include New Year's Eve Day commencing at 0700 hours and New Year's Day.
- (c) Nurses will yearly alternate Christmas and New Year's time off. The approved holiday schedule shall be posted no later than November 15. New nurses hired, shall be scheduled as needed and yearly thereafter, shall alternate.

F-12

(a) (applies to full-time only)

Where the nurse is unable to reach the Hospital for a shift due to inclement weather conditions which result in local road closures, the nurse shall have the option of using that tour as a vacation day or leave of absence without pay. Nurses with accrued overtime may elect to draw from their lieu bank on these occasions. It is understood the nurse would notify the Hospital as soon as possible of such inability to attend.

(b) (applies to part-time only)

Where the nurse is unable to reach the Hospital for a shift due to inclement weather conditions which result in local road closures, the day shall be considered a leave of absence without pay. Nurses with accrued overtime may elect to draw from their lieu bank on these occasions. It is understood the nurse would notify the Hospital as soon as possible of such inability to attend.

F-13

- (c) available to work all three (3) shifts (days, evenings and nights);
- (d) available to work at least three (3) scheduled seven and one half (7 1/2) hour tours per week or two (2) extended eleven and one quarter (11 ¼) hour tours per week or any combination up to forty-five (45) hours in a two (2) week period; and
- (e) available to work as scheduled over either the Christmas or New Year's period subject to Article F-11.
- (f) available for six (6) stat holidays two (2) of which when required by the Hospital will be those that fall between the dates of May 15 and September 15 of each year.
- (g) Regular part-time nurses who wish to be considered for additional shifts above their commitment must submit their availability in writing to their Manager by March 1 and September 1 each year. Such changes will take effect on the next posted schedule and will remain in effect until the nurse submits a new request as per the timelines immediately above. In the case of a nurse whose availability changes during the timeframes above due to unforeseen circumstances, the nurse will discuss such changes with her/his Manager. Such changes will be implemented upon mutual agreement and will be in effect for the remainder of the current six (6) month period.

A commitment that a regular part-time nurse must make as specified herein is not a guarantee that the nurse will be scheduled to work according to this commitment.

- F-14 (a) All regular part-time nurses on a unit will be scheduled, up to forty-five (45) hours in two (2) weeks on the basis of rotating seniority. All regular part-time nurses on a unit will be scheduled up to their committed tours before any casual part-time nurses are utilized.

The Hospital shall endeavour to provide an equitable distribution of shift work amongst nurses in a unit.

On occasion a regular part-time nurse may request in writing not to be scheduled for a particular day prior to the schedule being posted. Such request will be honoured in completing the schedule if at all possible.

- (b) Additional shifts that become available after the schedule is posted will be first offered to the regular part-time nurses who do not have their commitment filled and then to regular part-time nurses on the basis of rotating seniority who have indicated they are available for additional shifts.
- i) Nurses who wish to be considered for additional tours must indicate their availability in the manner prescribed by the Hospital;
 - ii) A tour will be deemed to be offered whenever a call is placed or message left;
 - iii) It is understood that the Hospital will not be required to offer tours which would result in overtime premium pay;
 - iv) When a regular part-time nurse accepts an additional tour, she/he must report for that tour unless arrangements satisfactory to the Hospital are made;
- (c) The parties agree that when tours become available on both days of the weekend, the Hospital will offer the tours on both days first to the nurse in line for the call who has made herself/himself available for both days by calling one main number provided to the unit by the nurse.
- (d) Once the Hospital has decided to schedule or call in a nurse and have exhausted all part-time nurses in a non-premium pay situation, the hours will then be offered to nurses in the same classification who possess the required skill and ability (e.g. triage training, OBS skills), in a premium pay situation in the following order:
- i) All full-time nurses on the unit on the basis of rotating seniority;
 - ii) All regular part-time nurses and job sharers on the unit by rotating seniority;
 - iii) All casual part-time nurses on the unit by rotating seniority.

Notwithstanding the above, where a full-time or regular part-time nurse had a scheduled shift cancelled and a need arises whereby the Hospital intends to call a nurse in for the same cancelled shift, the nurse who has had her/his shift cancelled, will be given the first opportunity to work that call-in shift provided she/he possess the required skill and ability (e.g. triage training, OBS skills) for the shift being offered.

F-15 Where part-time nurses are scheduled to work less than a normal seven and one-half (7½) hour tour, Article F applies in its entirety except as amended by the following:

- (a) The Hospital will endeavour to keep the number of tours comprised of less than seven and one-half (7½) hours to a minimum (or to a reasonable level);
- (b) Shall not be scheduled for more than six (6) consecutive tours;
- (c) Nurses working shifts comprised of less than seven and one-half (7½) hours shall be granted a paid rest period.
- (d) Where the Hospital creates schedules which are comprised of tours of less than seven and one-half (7½) hours, for example, four (4) hours, five (5) hours, six (6) hours, etc or any variation or combination of such tours, a regular part-time employee who is required to work hours in excess of such scheduled tours of less than seven and one-half (7½) hours, shall receive overtime premium of one and one-half (1½) times her or his regular straight time hourly rate for those hours worked in excess of seven and one-half (7½) hours.

F-16 (a) For the purpose of shift differential:

- i) the evening shift is defined as 1500 hours to 2300 hours
- ii) the night shift is defined as 2300 hours to 0700 hours

(b) For the purpose of weekend premium, the weekend is defined as Friday 2300 hours to Sunday 2300 hours.

F-17 Stand By

- (a) The Hospital will notify the Local President or designate prior to initiating ongoing standby assignments on any unit.
- (b) Scheduled standby assignments will be distributed equitably amongst qualified nurses in any unit utilizing standby.
- (c) Standby assignments shall be posted at the same time as the tours of duty schedules. Nurses shall be permitted to exchange their standby assignments on the same basis as other shift exchanges in F-8.
- (d) A full-time nurse will not be scheduled for standby on a scheduled day off or scheduled on a weekend off, unless mutually agreed between the nurse and the Hospital.

- (e) The Hospital will provide six (6) beepers for the nurses on standby. The transfer of the beeper between staff shall be arranged by the nurses at no cost to the Hospital.
- (f) The Hospital will make available a room with a bed, toilet and sink.
- (g) Standby schedules will not be reassigned without consultation with the nurse whose schedule is being changed.
- (h) Standby will not be scheduled on a night before a scheduled day shift unless otherwise agreed to by the nurse.
- (i) Where a nurse has been called in from standby and worked the hours after 2400 hours, such nurse will not be required to work the day shift unless she or he does so by mutual agreement between the nurse and the Hospital.

F-18

Reassignment

In accordance with Articles 10.07 (g) and 10.08 (a) the parties agree that the manner in which reassignment of nurses from their area of assignment occurs as follows.

- (a) The Hospital shall request volunteers. In the event the Hospital receives multiple volunteers the most senior volunteer shall be given the opportunity to be reassigned first.
- (b) In the event the Hospital does not receive volunteers the least senior nurse shall be reassigned.

ARTICLE G - VACATIONS

G-1

- (a) The date for determining vacation entitlement under Article 16.01 shall be the nurse's anniversary date. For clarity, upon completion of the anniversary date and entitlement to a higher level of vacation entitlement, a nurse will commence accumulation of vacation entitlement (time and pay) at the higher level.
- (b) For scheduling purposes, the vacation year will be from April 1 to March 31 of the following year. Vacation is to be used in the year it is accrued.
- (c) A vacation planner showing the nurse's seniority ranking shall be posted no later than February 15 of each year. The nurse will indicate her/his 1st, 2nd, and 3rd preference for vacation for the period May 1 to October 31, no later than March 1.

A finalized vacation schedule will be posted by March 15.

A vacation planner showing the nurse's seniority ranking shall be posted no later than August 15 of each year. The nurse will indicate her/his 1st, 2nd, and 3rd preference for vacation for the period November 1 to April 30, no later than August 31.

A finalized vacation schedule will be posted by October 1.

- (d) In scheduling vacation requests, preference will be given to nurses in accordance with their seniority provided the nurse exercises this right by the date in (c) above, after which time vacation requests, which must be in writing, will be scheduled on a first come, first serve basis.

The Hospital shall grant a nurse carry over to a maximum of seventy-five (75) hours into the next vacation year.

Notwithstanding the above a nurse in extenuating circumstances may make a request prior to February 15th to the Director of Human Resources to carry over up to an additional thirty seven and a half (37.5) hours of vacation into the next vacation year provided that such additional hours are taken before July 1st. Such request shall not be unreasonably denied.

If no vacation allotment is indicated by the following January 15 the vacation will be scheduled by mutual agreement between the nurse and their supervisor. If there is no agreement, the supervisor will make the final decision.

Full time Nurses are required to submit vacation requests for only their scheduled day(s) of work.

All regular part-time Nurses shall be entitled to unpaid vacation time off equivalent to the vacation entitlement of full-time Nurses based on equivalent years of service, calculated pursuant to the formula set out in Article 16.03.

Vacation time that becomes available after the planner has been posted either through cancellation or the ability to offer additional time off will be offered to the nurses on the unit and approved based on any requests submitted in accordance to this provision or in the order the responses are received after the offer has been made.

Where the nurse has vacation approved prior to an approved transfer and such approved vacation conflicts with the approved vacation of a nurse on the new unit, then the Program Director/Manager/Designate will endeavour to accommodate the previously approved vacation of the transferring nurse.

- (e) The Hospital shall grant vacation requests subject to the staffing requirements of the Hospital.
- (f) Vacations will not normally be scheduled for the period from December 15 to January 15. However, the hospital will endeavour to grant vacations subject to the staffing requirements of the Hospital.

Note: Article G-1 (f) shall not apply to those normally scheduled to work Monday to Friday.

- (g) Vacations for regular part-time nurses will normally be granted in blocks of one or more consecutive weeks.

G-2 Full-Time Only

In the case of a nurse who has scheduled vacation of five (5) days or more, the Hospital will schedule the weekend off immediately prior to or following the vacation period and where possible, the Hospital will endeavour to schedule both the weekend off immediately prior to and following the vacation period.

- G-3 The Hospital may allow the utilization of single vacation days up to a maximum of ten (10) per year provided that the Nurse requests them at least two (2) weeks prior to the start of the draft schedule. The scheduling of such days will not impact on the vacations which have been approved in accordance with this Article. Vacation requests for full weeks or less than full weeks will have precedence over single day requests. Such requests shall not be unreasonably denied.

- G-4 The Hospital shall establish daily vacation quotas for each nursing unit/area which shall not be unduly restrictive. The quota will include only members of the bargaining unit and will be indicated on the unit vacation notice. The vacation quotas for each unit/area will be filed with the Bargaining Unit President prior to January 15 of each year.

- G-5 Prior to leaving on vacation, nurses shall request the date and time on which to report for work following the vacation if the schedule has not been posted for such date.

- G-6 The Hospital shall continue its practice of paying part time nurses vacation pay on each pay cheque.

All such notices must be signed by a member of the Union Executive/Contact Person and submitted to the Hospital Chief Executive Officer / or designee for approval prior to being posted. Such approval shall not be unreasonably denied.

Any full-time bargaining unit nurse who retires and is eligible to participate in the benefit plans as outlined in Article 17.01 (h) or 17.01 (i) will provide advance payment of the benefits either through post-dated cheques provided on a yearly basis, or through pre-authorized withdrawal process. It is understood that any transaction would be dated the first of each and every month.

The Hospital will notify the Union and all participating employees of the benefit premium rates upon commencement of benefits and whenever a change in premiums occurs.

I-6 Temporary Full-time Vacancies

Full-time employees may be considered for temporary full-time vacancies on the same basis as regular part-time employees for at Article 10.07 (d) of the Central Collective Agreement. Such full-time employee will continue to be classified as a full-time employee and covered by the provisions relating to full-time employees.

ARTICLE J – LEAVES

J-1 Prepaid Leave Plan

- (a) The maximum number of full-time nurses who may be absent at one time under the Prepaid Leave Plan shall be one (1).
- (b) The maximum number of part-time nurses who may be absent at one time under the Prepaid Leave Plan shall be one (1).

J-2 Leave for Association Business

As provided for in Article 11.02, the accumulated total of leave of absence of all nurses, including full-time and part-time nurses, shall be twenty-five (25) days during the calendar year and subject to the following conditions:

- (a) Where possible, the Association will notify the Hospital in writing at least four (4) weeks but not less than two (2) weeks in advance of the requested leave.
- (b) No more than three (3) nurses shall be absent at any one time of whom no more than one (1) shall be from any one unit or area.
- (c) The granting of leave shall be subject to the staffing requirements of the Hospital.

J-3 The Hospital agrees to grant leaves of absence without pay, to a nurse elected to the position of Local Coordinator. Such leave will be subject to the scheduling requirements of the Hospital and notice to the Hospital in writing two (2) weeks in advance of the requested leave, whenever possible.

ARTICLE K – JOB SHARING

K-1 If the Hospital agrees to a job-sharing arrangement, the following conditions shall apply unless otherwise agreed to by the parties:

- (a) Job Sharing requests with regard to full-time positions shall be considered on an individual basis.
- (b) Total hours worked by the job sharer shall equal one (1) full-time position. The division of these hours on the schedule shall be determined by mutual agreement between the two (2) nurses and the unit supervisor or delegate.
- (c) The nurses involved in a job sharing arrangement will be classified as regular part-time.
- (d) Each job sharer may exchange shifts with her/his partner, as well as with other nurses as per the defined process under F-8.
- (e) The job sharers involved will have the right to determine which partner works on scheduled paid holidays and job sharers shall only be required to work the number of paid holidays that a full-time nurse would be required to work.
- (f) Coverage
 - i) It is expected that both job sharers will cover each other's vacation and incidental illnesses. If, because of unavoidable circumstances, one cannot cover the other, the unit supervisor must be notified to book coverage. Job sharers are not required to cover for their partner in the case of prolonged or extended absences.
 - ii) In the event that one member of the job sharing arrangement goes on an extended leave of absence (e.g. maternity leave, parental leave, education leave) the coverage will be negotiated with the unit supervisor, but it is hoped that the remaining member of the position would be prepared to cover the leave of absence as much as possible.
- (g) Implementation

Where the job sharing arrangement arises out of the filling of a vacant full-time position, both job sharing positions will be posted and selection will be based on the basis of their skill, ability, experience and qualifications. Where these factors are relatively equal amongst the nurses considered, seniority shall govern providing the successful applicant, if any is qualified to perform the available work.
- (h) Any incumbent full-time nurse who has received approval to have her position changed to job sharing may do so without having her/his half of the position posted. The other half of the job sharing position will be posted and selection will be made on the basis of their skill, ability, experience and qualifications. Where these factors are relatively equal amongst the nurses

considered, seniority shall govern providing the successful applicant, if any, is qualified to perform the available work.

- (i) If one of the job sharers leaves the arrangement, her/his position will be posted. If there is no successful applicant to the position, the remaining nurse will revert to her or his former status. If the remaining nurse was previously full-time, the shared position will become her/his position. If the remaining nurse was previously part-time and there is no part-time position available on the same Unit, she or he shall exercise her or his layoff bumping rights to obtain a part-time position. The shared position would then revert to a full-time position and be posted and selection will be made on the basis of their skill, ability, experience and qualifications. Where these factors are relatively equal amongst the nurses considered, seniority shall govern providing the successful applicant, if any, is qualified to perform the available work.

- (j) Discontinuation

Either party may discontinue the job sharing arrangement with thirty (30) days' notice. Upon receipt of such notice a meeting shall be held between the parties within fifteen (15) days to discuss the discontinuation. It is understood and agreed that such discontinuation shall not be unreasonable or arbitrary.

Should a job sharing arrangement be discontinued and one of the job sharers is the original owner of the full-time position, this nurse will have the option of reverting to her/his full-time status or exercise her or his layoff bumping rights to obtain a regular part-time position. The other job sharer can exercise her or his layoff bumping rights to obtain a regular part-time position.

ARTICLE L – MODIFIED WORK

L-1 Where the nurse agrees, the Hospital will notify the Bargaining Unit President of the names of all Nurses off work due to a work related injury (whether or not the Nurses are in receipt of WSIB Benefits) and those on LTD by the fifteenth (15th) of each month. The report will show the Nurse off work as of the end of the previous month.

L-2 When it has been medically determined that a Nurse is unable to return to the full duties of her/his position due to a disability, the Hospital will notify and meet with Nurse, and with her/his permission the Bargaining Unit President or designate, and the Labour Relations Officer of the Ontario Nurses' Association, if available to discuss the circumstances surrounding the Nurses' return to suitable work. The meeting will occur prior to the Nurse returning to work on modified/light/alternate work and where possible, within five (5) days of the nurse being cleared to return to work. When the terms and conditions of the program have been agreed upon, the Hospital will confirm such terms and conditions to the Nurse with a copy to the Bargaining Unit President/Designate.

L-3 The Hospital and the Union recognize the purpose of modified work/return to work programs is to provide fair and consistent practices for accommodating nurses who have been ill, injured or permanently disabled, to enable their early and safe return to work.

L-4 The Hospital and the Union are committed to a consistent, fair approach to meeting the needs of disabled workers, to restoring them to work which is meaningful for them and valuable to the Hospital, and to meeting the parties' responsibilities under the law.

To that end, the Hospital and the Union agree to cooperate in facilitating the return to work of disabled nurses. The Hospital and the Union agree that ongoing and timely communication by all participants in this process is essential to the success of the process.

A disabled nurse who has obtained medical clearance from her/his treating physician to return to work will provide the Employee Health Department with this verification of her/his ability to return to work including information regarding any restrictions. The Employee Health Department will advise the manager when she/he is cleared to return to work. It is understood that the Employee Health physician is not the treating physician for the disabled nurse.

When a returning nurse is in need of modified work or a permanent accommodation the Hospital will notify the Union.

In creating a return to work plan, Employee Health, the Manager and the Union will examine the disabled nurse's abilities and accommodation needs to determine if the nurse can return to her/his:

- (a) original position;
- (b) original unit;
- (c) original unit/position with modifications to the work area and/or equipment and/or the work arrangement;
- (d) alternate positions outside the original unit

Alternative Placements

- (a) Before posting, Employee Health and Human Resources will examine all potential vacancies to determine if they can be used to accommodate a disabled Nurse who requires accommodation but cannot return to her/his home unit.
- (b) If a vacancy is identified as suitable for accommodation purposes, Employee Health and Human Resources may recommend holding the position in consultation with the Union to determine:
 - i) whether the unit, after considering all factors including the number of accommodated Nurses in the unit, the operational needs of the unit, safety of Nurses working in the unit, alternative resources, can reasonably accommodate a Nurse.

- ii) whether the posting of the position under the collective agreement between the parties may be waived.
 - iii) whether a position outside of the bargaining unit may be an appropriate position for accommodating a Nurse.
- (c) When the parties agree to a permanent accommodation whether or not a job posting is waived, and whether or not the position is inside the bargaining unit, the parties will sign an agreement containing the details of the accommodation.
- (d) In the event the accommodation placement is unsuccessful, the parties will meet to determine the next step.
- (e) The parties may agree to a written agreement for temporary accommodations of extended duration.
- (f) The home position of a Nurse requiring permanent accommodation may be posted under the following circumstances:
- i) the Nurse is permanently accommodated in another position or arrangement.
 - ii) the weight of the medical evidence establishes that there is no reasonable prospect of a return to her/his original position in the foreseeable future.
 - iii) the Hospital may elect to fill the disabled Nurse's home position on a temporary basis. Filling of such a position would be as per the Central Collective Agreement, Article 10.07 (d).
- (g) Filling of a disabled Nurse's home position does not remove the Hospital's duty to accommodate that Nurse.

L-5 Where a nurse, has provided to the Hospital notification of the ability to Return to Work with accommodations/modifications, the nurse will be provided with a copy of the Employer Modified Work Policy.

L-6 The nurse agrees to provide the Hospital with a copy of the WSIB Form 6 at the same time it is sent to the Board.

This includes the application of force, threats with or without weapons, as well as severe verbal abuse. The Hospital agrees that such incidents will not be condoned in the workplace. Any nurse who encounters such acts of violence in the workplace shall verbally report the incident to hers/his supervisor immediately and complete an Unusual Occurrence Report, whether experienced directly by the nurse or if witnessed as an incident involving another nurse.

The nurse will endeavour to present her or his claim to the Hospital within seven (7) days after the event, unless it was not possible for her or him to do so during this period.
- (g) The Hospital agrees to provide training and information on the prevention of violence to all nurses who come into contact with potentially aggressive persons. The training will be done during a new nurse's first three (3) months of work and updated as required.
- (h) The Hospital agrees that no form of verbal, physical, sexual, racial or other abuse of nurses will be condoned in the workplace.
