In order to qualify for public holiday payment for any of the above holidays, a nurse must work **their** last scheduled working day before and **their** first scheduled working day following the holiday and must work on the holiday if **they are** scheduled to work.

Note: A full-time or part-time nurse absent on either of the qualifying days must have received prior permission from **their** immediate Supervisor to be absent.

- iii) A nurse's full seniority and service shall be retained by the nurse if **they transfer** from full-time to regular part-time status or vice versa.
- iv) The Employer shall maintain **separate** seniority lists **for FT and PT** showing the nurse's name, classification, **e.g. PHN, RPN, etc.**, employment status, **e.g. full-time, part-time**, service/hire date and seniority expressed in years and weeks **and hours for part time**.

Part-time seniority will be displayed in hours with eighteen hundred and twenty (1820) hours equalling one (1) year of seniority. An up-to-date seniority list shall be **posted in Human Resources, lunchroom and Intranet** and a copy thereof shall be sent to the local bargaining unit contact in January and July of each year. Complaints concerning the accuracy of such list will only be considered if they are received in writing within twenty (20) work days of posting.

13.02 A newly employed full-time or regular part-time nurse shall be considered a probationary nurse until **they have** completed six (6) continuous months of service. Allowance shall be made for an up to three (3) months extension of the probationary period with the approval of the immediate supervisor, the probationary nurse and the local bargaining unit contact.

Upon satisfactory completion of the probationary period **their** name shall then be placed on the seniority list and **their** seniority shall date back to the date of last hiring by the Employer.

No grievance may be submitted under this Agreement concerning the termination of employment, disciplining or lay off of a probationary nurse.

13.06 i) Where a lay off, for whatever reason is declared by the employer, the lay off, shall occur in reverse order of seniority **by job status, and job classification**.

Where the seniority expressed in years and weeks is the same, the toss of a coin will decide the most senior nurse.

- ii) The Employer shall meet and provide the Union with as much notice as practical of any pending lay off.
- iii) Probationary, casual and temporary nurses shall be terminated before any full-time or regular part-time nurse is laid off, **and provided those who remain are qualified, available and express interest to do the work which is available**.
- iv) In the event of recall in any given Program, those laid off who have retained their recall rights shall be recalled in reverse order of lay-off prior to any new nurse being hired in the bargaining unit. (reference: Employment Standards Act waiving rights to recall in acceptance of severance)

13.07 In recognition of the desire to enhance the opportunity of bargaining unit members to seek promotions, when promoted to a position outside the bargaining unit, a nurse, provided **they do** not break **their** service with the Employer, shall retain but not accumulate **their** seniority for a period of up to **twenty (20)** months **unless the parties agree otherwise**. In the event that such a nurse subsequently returns to

the bargaining unit, the nurse's seniority will be credited at the time of promotion, and accumulation from the date of **their** return to the bargaining unit will resume.

A nurse must remain in the bargaining unit for a period of at least three (3) months before moving out of the bargaining unit again or **they** will lose all seniority at the time, except in extenuating circumstances such as where a nurse returns to the position outside the bargaining unit upon the recurrence of circumstances originally leading to the vacancy which requires an extension for up to a further six (6) months.

13.08

(a) Job Postings

- i) The purpose of this clause is to provide information to nurses concerning job vacancies which the employer intends to fill.
- ii) Notice of all permanent full-time or part-time vacancies shall be posted on the intranet for a period of five (5) work days. A copy of the posting shall be provided electronically to the Bargaining Unit President.
- iii) At the same time, the Employer may advertise the position externally.
- iv) Qualified full-time or part-time candidates, including any from outside sources may make application for consideration.
- v) In determining the acceptable candidate, the Employer will consider to what extent the applicants' skill and ability meet the posted qualifications and experience for the position. Seniority shall be one of the factors considered.
- vi) The employer may fill at its own discretion any temporary vacancies.
- vii) A probationary nurse who accepts a transfer to another posted position, may be precluded from applying for another equal to or lower paid position for a period of ten (10) months.
- viii) A nurse who has completed the probationary period and accepts a transfer to another posted position, may be precluded from applying for another equal to or lower paid posted position for a period of eight (8) months.

LETTER OF UNDERSTANDING

Between:

BRANT COUNTY HEALTH UNIT, NURSING

And:

ONTARIO NURSES' ASSOCIATION

Re: Article 19.02 – Medical Appointments

Whereas the parties agree to elaborate on the existing language of Article 19.02 for interpretation purposes, the language being:

19.02 Nurses who are unable to make their dental and/or medical appointments, including EAP, outside of their scheduled hours of work may, with prior approval from their supervisor, be granted the necessary time for such appointments during their work hours.

Nurses may opt to:

- i) flex their work schedule, if the time required is less than or equal to one (1) hour, or
 - ii) use accumulated comp time, or
 - iii) use vacation time (half day or full day) or
 - iv) personal leave hours, or
 - v) use sick time (only to be used if the nurse is unable to return to work due
1. The Parties agree that in the first paragraph it is inherent that members are to try to make all medical, dental and EAP appointments outside of their regular working hours and;
 2. There must be a discussion with the Supervisor prior to attending any such appointment outside of their regular working hours to obtain approval and;
 3. The Supervisor may ask questions during this stage for clarity, and appropriate questions must be answered and some explanation by the members as to why the appointment must be during regular working hours and;
 4. The supervisor will not arbitrarily nor discriminately deny such request and;
 5. Once approval has been sought and granted the member chooses the options under i, ii, iii, iv, and v as outlined in the language.

THIS AGREEMENT HAS BEEN AGREED TO ON THIS 15 day of June, 2021.
