Re: Vacation Scheduling

The Parties have agreed that the scheduling of vacation for the duration of the collective agreement shall be done on the following basis:

Each team will meet with the Program Manager during the first week of February to review vacation requests.

Each nurse, in accordance with seniority will request two (2) weeks of their vacation entitlement. These two (2) weeks will be scheduled based on the request and the number of bargaining unit nurses per team who are required for coverage.

Each nurse, in accordance with seniority, will then request the next two (2) weeks of their entitlement, unless their entitlement remaining is one (1) week. Again, these weeks will be scheduled based on the request and the number of bargaining unit nurses per team who are required for coverage.

Any nurse who then has time remaining in their entitlement, including carryover from the previous year, will then request the remaining time of their entitlement. This shall be done in accordance with seniority and the number of bargaining unit nurses per team who are required for coverage.

Seniority shall be the deciding factor in conflicts of requests. Where seniority is equal, alphabetical order based on the employee last name will prevail.

It is not necessary for each nurse to request all of their vacation entitlement at this time. Requests submitted after this process is complete will be dealt with on a first come first serve basis.

The final vacation schedule will then be submitted to the Program Manager for approval.

The final vacation scheduled will be posted by March 1.

Re: Scheduling

By February 1, Nurses who wish to change their weekend assignment must indicate to a designated Team Member of the Health Babies/Healthy Children Program those weekends which they are unable to work. A list of such additional weekends that now require coverage will be circulated by the designated Team Member to Nurses who have indicated that they are prepared to work additional weekends.

The additional weekends will then be assigned by the designated Team Member in accordance with seniority of one (1) weekend per Nurse of those who have agreed to work additional weekends.

Any further requests to change the weekend schedule shall be offered in accordance with seniority beginning with the last Nurse who was assigned an additional weekend.

Should this process fail to adequately provide staffing coverage, the Parties agree that they shall revert to past practice whereby assignment shall be on a seniority rotational basis.

Purpose: To address emergency nursing staff coverage for a situation in which the county or health unit emergency plan is enacted to a maximum duration of two (2) months.

An emergency casual nurse is defined as a qualified nurse who is hired on a short term, temporary basis for extraordinary work as the result of an emergency.

The Employer and the Association agree that this Letter of Understanding outlines the use of emergency casual nursing staff in emergencies as follows:

1. The parties agree that the Employer may hire emergency casual nurses in an emergency as defined above.
2. The Parties agree such emergency casual nurses shall be covered by the *Employment Standards Act* save and except for the following provisions of the collective agreement:
 - Salary Schedule – Appendix Schedule "A"
 - Article 4.1 (d) - Definitions of work and overtime
 - Article 4.2 - Definition of overtime

It is understood that before the County offers employment to emergency casual nurses the work shall first be offered in accordance of seniority to regular part-time nurses, casual part-time nurses and full-time nurses. It is understood that efforts reasonable in the circumstance will be made to offer additional hours in accordance with seniority. However, operational emergencies, including but not limited to, infectious disease outbreaks may require immediate, temporary, short term staffing.

The Program Manager or designate shall provide opportunities for the staff to meet and decide on an equitable distribution of the available shifts at least four (4) weeks prior to the start of the schedule.

Available shift(s) shall be offered first to the most senior Casual Bargaining Unit Employee, who works within the Program/Team, who shall be entitled to select one (1) shift on the schedule for which they are qualified to work. The remaining available shift(s) shall then be offered to the next most senior Casual Bargaining Unit Employee, who works within the Program/Team, who shall be entitled to select one (1) shift on the schedule for which they are qualified to work. The remaining available shift(s) shall then be offered to the next most senior Casual Bargaining Unit Employee, who works within the Program/Team, who shall be entitled to select one (1) shift on the schedule for which they are qualified to work. This process shall continue with the next most senior Casual Bargaining Unit Employee until all Casual Bargaining Unit Employees have had an offer of available shift(s). Once all Casual Bargaining Unit Employees have had an offer of available shift(s), the above process shall repeat until all available shifts have been distributed to Casual Bargaining Unit Employees, who work within the Program/Team.

Where all Casual Bargaining Unit Employees have had an offer of shift(s) in accordance with the above process and where available shift(s) remain unfilled on the initial schedule, the shift(s) shall be offered to other qualified bargaining Unit employees in order of seniority, first to casual part-time and then to part-time and then to full-time

If shift(s) become available within four (4) weeks of the start of the schedule or during the schedule period, they shall be offered first to qualified Casual Bargaining Unit Employees in order of seniority, then to qualified part-time Bargaining Unit Employees in order of seniority, then to qualified full-time bargaining unit Employees in order of seniority.

Re: Registered Practical Nurse

Whereas the Parties agree that this Letter of Understanding shall be in effect until such time that a new Collective Agreement between the parties is ratified.

Now therefore the parties agree as follows:

2. The Employer agrees that where Registered Practical Nurse(s) will be hired, they will only be hired to work in the Vaccine Preventable Disease Program. It is further understood that this does not prevent the addition of Registered Nurse(s) into the Vaccine Preventable Disease Program;
3. The Employer agrees it will only seek to hire Registered Practical Nurse(s) when a vacancy in the Vaccine Preventable Disease Program is made available through attrition (i.e. resignation, termination, retirement) of current active, casual part-time Registered Nurses in the Vaccine Preventable Disease Program.
