The Employer will send its cheque for the deducted dues each month to the Ontario Nurses' Association, accompanied by a list of all nurses including social insurance numbers, from whose wages the deductions have been made. The Union shall indemnify and save the Employer harmless with respect to any liability for all dues so deducted and remitted.

- (b) For new nurses, such deductions shall commence on the first pay day in the calendar month following the month in which the nurse is hired.
- (c) Deductions will not be made from any nurse unless the nurse receives at least one (1) day's pay in a month.

- 6.2 All nurses shall be eligible for Union membership on a voluntary basis and the Employer agrees to acquaint new nurses with the fact that a Collective Agreement is in effect. New nurses shall be presented with a copy of this agreement.

- 6.3 (a) Once each quarter the Employer will notify the Union of the following changes, if any, that occurred in the preceding quarter:
- i) New and terminated nurses.
 - ii) Nurses promoted out of the bargaining unit.
- (b) An officer of the Union or nurse representative shall be allowed a maximum of fifteen (15) minutes within regular working hours to interview each new nurse and to discuss the benefits and duties of Union membership and the nurse's responsibilities and obligations to the Employer.

Such interview shall be conducted within the first two (2) weeks of employment.

ARTICLE 7 – MANAGEMENT RIGHTS

- 7.1 The Union recognizes the right of the Employer to:
- (a) Operate and manage its business in all aspects in accordance with its responsibilities and the right, powers and functions conferred upon the Employer by statute;
 - (b) Maintain order, discipline and efficiency and, in connection therewith, to make, alter, and enforce from time to time reasonable rules and regulations, policies and practises to be observed by the nurses. The Employer recognizes that the foregoing is subject to the right of the nurses concerned to lodge a grievance in the manner and extent herein provided;

- (c) Select, hire, discipline, discharge, transfer, assign to shifts, promote, demote, classify, lay off, recall, suspend and retire nurses and select nurses for positions excluded from the bargaining unit, provided that no nurse shall be transferred out of the bargaining unit against the nurse's wishes, and further provided that a claim of discriminatory promotion, demotion, transfer, classification, discipline or suspension, or a claim by a nurse that the nurse has been discharged or disciplined without cause, may become the subject of a grievance and be dealt with as herein provided;
- (d) Direct the working forces, the right to plan, direct and control the operations of the Employer, the right to introduce new and improved methods and facilities, the equipment, the amount of supervision of personnel necessary, the number of nurses to be employed, the work schedules, the establishment of standards of quality, the extent of the Employer's operations and the increase or decrease in employment arising therefrom, the exclusive jurisdiction over all operations, buildings, machinery, equipment and tools.

ARTICLE 8 – NO STRIKES OR LOCKOUTS

- 8.1 The Employer and the Union agree to follow procedures as outlined in this agreement. The Union agrees that during the life of the agreement, there will be no strikes, picketing, sit down, slow down or stoppage of work either complete or partial, or any other interference with the operation of the Employer, for any reason, by the nurses for the duration of this agreement. The Employer and its officers who are in positions of authority agree that no

means prejudicial to the nurses or any of them will be exercised and there will be no lockouts of nurses for the duration of this agreement.

- 8.2 The parties hereto mutually agree that this agreement is subject to the rules of practise and procedure and regulations of the Labour Relations Act of the Province of Ontario 1980, and as amended from time to time.

ARTICLE 9 – SENIORITY

- 9.1 (a) The Employer shall maintain a seniority list showing the effective seniority and date of hire for each permanent nurse. An up-to-date copy of this list will be given to the Union in May (as of April 30th) and November (as of October 31st).

At the same time, the Employer shall post a copy of the seniority list on the bulletin board provided for the Union.

- (b) Seniority shall be kept and operate separately for nurses employed on a regular or casual part-time basis. A part time nurse shall accumulate seniority on the basis of one year for each fifteen hundred (1500) paid hours.
- (c) Seniority credits shall be interchangeable from full-time to part-time and vice versa. A full-time nurse who becomes part-time will be credited with years of seniority since the last date of hire prorated to include all paid hours.

9.2 (a) Seniority shall operate and govern on a bargaining unit wide basis. In all cases of transfer or promotion the following factors shall be considered:

- i) qualifications, ability and performance;
- ii) seniority;

Where the qualifications of factor (i) are relatively equal factor (ii) shall govern.

It is not the Employer's intention to prevent Registered Nurses employed at the time of the enactment of the entry to practice requirements from the College of Nurses, from acquiring a new position within the Registered Nurse classification on the basis of their non-baccalaureate status.

(b) In the event of a lay-off where there is a reduction of the workload such that there is a surplus of nurses actively employed in the bargaining unit, the Employer may lay off nurses provided that the last nurse hired shall be the first laid off and last nurse laid off shall be the first requested to return provided that the remaining nurses are able to satisfactorily perform the work available.

(c) A nurse who is laid off has the following options:

- i) retire under the conditions and terms of the OMERS Pension Plan
- ii) accept the layoff and does not elect to remain on the recall list
- iii) accept the layoff and stays on the recall list

iv) exercise his/her bumping rights

Further to (ii) above, a nurse who accepts the layoff and does not elect to remain on the recall list, will be entitled to severance pay in accordance with the Employment Standards Act.

Further to (iv) above, a nurse exercising her bumping rights may:

- i) bump from full-time to part-time or vice versa
- ii) if a part-time nurse bumps into a full-time position, she must accept all of the full-time position.

In the event of a layoff, the parties agree the most junior nurse in the affected classification will be the first to be laid off. The laid-off nurses shall be permitted to bump the most junior nurse in any classification provided the nurse possesses the necessary skill and ability to perform the work available within a three (3) work day orientation period and no training. The orientation period shall provide an opportunity for the Employer to advise the nurse who is bumping of any particular requirements, procedures or aspects of the job, to become familiar with the job processes and requirements.

In the event of a long term layoff of thirteen (13) weeks or greater, laid-off nurses must exercise their bumping rights as soon as possible and within seven (7) calendar days from the date they are notified of the layoff. Subsequent bumps must be

exercised within three (3) work days of receipt of the layoff notice.

In the event of a temporary layoff of less than thirteen (13) weeks or as defined by the Employment Standards Act, laid-off nurses must exercise their bumping rights as soon as possible and within five (5) calendar days from the date they are notified of the layoff. Subsequent bumps must be exercised within three (3) work days of receipt of the layoff notice.

If the nurses to be laid-off did not successfully bump in accordance with the above within the stated time limits, then they will take the layoff in accordance with the date indicated on the notice. Extenuating circumstances such as vacation, illness shall be considered by the Employer.

Prior to any layoff, probationary and temporary nurses will first be terminated.

Union representatives may be present at all steps of the layoff process.

(d) Notice of Layoff

i) Union

There shall be at least four (4) months written notice to the Union in the event of a proposed layoff of a long term nature. A seniority list with Full time and Part time blended for the purposes of layoff and recall only, will be provided four (4) months prior to the long term layoff, and that list will be used for the

purposes of implementing the layoff and recall process only.

There shall be at least thirty (30) days written notice to the Union in the event of a proposed layoff of a temporary nature. A seniority list with Full time and Part time blended for the purposes of temporary layoff and recall only, will be provided thirty (30) days prior to the layoff, and that list will be used for the purposes of implementing the layoff and recall process only.

ii) Nurses

In the event of a lay-off of a long term nature, nurses to be laid-off will be given at least three (3) months notice of lay-off. The above mentioned notice will be considered notice to all nurses subsequently affected by the original layoff. This will include notice to any individuals laid off as a result of being displaced by a more senior employee. A copy of any notice of lay-off to a nurse will be provided to the Union at the same time.

In the event of a layoff in a temporary nature, nurses to be laid off will be given at least thirty (30) days notice of layoff. The above mentioned notice will be considered notice to all nurses subsequently affected by the original layoff. This will include notice to any individuals laid off as a result if being displaced by a more senior employee. A copy of any notice of layoff to a nurse will be provided to the Union at the same time.

- iii) In the event of a proposed layoff, the Employer will meet with the bargaining unit through the Union-nursing committee to review the following:
 - A) The reasons causing the lay-offs;
 - B) The service which the Home will undertake after the lay-off;
 - C) The method of implementation including the areas of cutback and the nurses to be laid off.

(e) Recall:

Should a permanent or temporary vacancy occur while a nurse is on layoff, after the job posting provisions have been complied with, a nurse on layoff will be given the first opportunity to return provided she already possesses the necessary skill and ability to perform the work available and subject to all applicable seniority clauses before a new nurse is hired.

Casual part time nurses will not be utilized while nurses are on layoff.

Nurses must put in writing if they will accept 1) occasional shifts, 2) temporary full time or part time work, or 3) accept only recall to permanent work. The notification stands for the length of the recall and extenuating circumstances shall be considered by the Employer.

Regular part time nurses on recall have the right to refuse full time work and stay on the recall list. Full time nurses on recall have the right to refuse all part time work and stay on the recall list.

Full time nurses who work occasional shifts or a temporary full time or part time placement while on the recall list will remain classified as full time nurses, but for the purposes of benefits, vacation pay and seniority will be treated as part time nurses while on the recall list.

Occasional shifts shall be offered to nurses on the recall list starting with the most senior as per their commitment.

Temporary vacancies arising out of full time work shall be offered by seniority to the full time nurses on the recall list and if not filled then by seniority to the regular part time nurses on the recall list and if still not filled, then to the casual part time nurses.

Temporary vacancies arising out of part time work shall be offered by seniority to the part time nurses on the recall list and if not filled then by seniority to the regular full time nurses on the recall list and if still not filled, then to the casual part time nurses.

9.3 Seniority status once acquired by nurses will be lost and their names removed from the seniority list and their employment terminated for any of the following reasons:

- (a) Voluntary resignation;
- (b) Discharge for cause not reversed through operation of the grievance procedure;

- (c) Continuous absence, including lay-off but not including sickness or accident or approved leave of absence, for a period of three (3) months for casual part-time employees, eighteen (18) months for part-time employees and a period of twenty four (24) months for full-time employees.

- (d)
 - i) Failure to signify intention to return to work after recall from lay-off within three (3) working days following proper notification by the Employer by registered mail sent to the nurse at the last address provided by the nurse to the business office. If the nurse notifies the Employer during the said three (3) working days that the nurse intends to return, the nurse must return to regular duties within five (5) working days of notification of intent to return.

 - ii) If a nurse notifies the Employer within said three (3) working days that the nurse is unable to return to work within the prescribed time for a legitimate reason acceptable to the Employer, the nurse's name will not be struck from the seniority list. The nurse's name, however, may be passed over and the next in line in seniority may be recalled.

 - iii) These time limitations may be extended in writing for valid reasons such as sickness certified by a doctor's certificate, death in the immediate family, accident, and other legitimate reasons acceptable to the Employer;

- (e) Absence from work without a satisfactory reason acceptable to the Employer for a period of more than three (3) working days.
- 9.4
- (a) Newly employed nurses will be considered probationary for seventy (70) shifts or five hundred and twenty-five (525) hours worked, or nine (9) months of active service, whichever comes first. Seniority shall then be credited as of the date of last hire.
 - (b) During the probationary period, probationary employees may be discharged on the basis of a fair and proper assessment of their suitability for the position. A reasonable standard of performance and their suitability for the position are factors to be applied for just cause for discharge of a probationary employee.
- 9.5
- Where the length of seniority is the same, the toss of a coin will decide the most senior nurse.
- 9.6
- Subject to Clause 9.3 (c), if a permanent nurse is absent from work because of lay-off or authorized leave of absence without pay, the nurse shall not lose seniority, but shall not accumulate seniority after thirty (30) continuous calendar days of each such lay-off or authorized leave of absence without pay. Nurses absent from work on sick leave due to illness or accident, pregnancy leave, and parental leave will continue to accumulate seniority.
- 9.7
- (a) i) A nurse who is transferred to a position outside of the bargaining unit for a period of not more than three (3) months shall not suffer any loss of seniority, service or benefits.

- ii) A nurse who is transferred to a position outside of the bargaining unit for a period of more than three (3) months, but not more than one (1) year, **or in the case of pregnancy or parental leave not more than eighteen (18) months**, shall retain, but not accumulate, her or his seniority held at the time of the transfer. In the event the nurse is returned to a position in the bargaining unit, she or he shall be credited with seniority held at the time of transfer and resume accumulation for the date of her or his return to the bargaining unit.

The Union will be provided notice prior to the commencement of the transfers mentioned above.

- iii) A nurse under 9.7 a) ii) above must remain in the bargaining unit for a period of at least three (3) months before transferring out of the bargaining unit again or she or he will lose all seniority held at the time of the subsequent transfer.
 - iv) The nurse shall continue to pay dues and shall not be involved in issuing any discipline against a member of this bargaining unit.
- (b) In the event that a nurse is transferred to a position outside of the bargaining unit for a period in excess of one (1) year, **or for a period of more than eighteen (18) months in the case of a pregnancy or parental leave**, she or he will lose all seniority held at the time of transfer. In the event the nurse is returned to a position in the bargaining unit, the

nurse's seniority will accrue from the date of her or his return to the bargaining unit.

- (c) It is understood and agreed that a nurse may decline such offer to transfer and that the period of time referred to above may be extended by agreement of the parties.
- (d) The Employer agrees that it will not make work assignments that violate the purpose and intent of this provision. The Employer will advise the Bargaining Unit President of the names of any nurses performing the duties of positions outside of the bargaining unit pursuant to this Article and/or Article 24.2, the date the assignment commenced, the area of assignment and the duration of such assignments.

The promotion or transfer of nurses to positions outside the bargaining unit is not covered by this agreement, and shall not be subject to the terms of this agreement except that such nurses will retain their seniority after promotion or transfer, and if demoted or transferred for any reason to a position which is subject to this agreement, such nurses shall be given full credit in their seniority standing for the time spent in a nursing position not subject to this agreement in addition to their seniority credit in the unit.

9.8 No Contracting Out

- 19.4 If a nurse is entitled to receive Worker's Compensation, she may choose to turn over to the Employer all monies received for such compensation, in which case the Employer will continue to pay said nurse full salary, taking the difference between compensation payment and full salary from the nurse's accumulated illness allowance credit on the basis of three quarters (3/4) of an hour for each day until such credit is exhausted, after which time the nurse will receive only compensation payments.

SCHEDULE 1 – PREPAID LEAVE PLAN

REVISION DATE: September 2008

Operating Principle: The Region will provide a Prepaid Leave Plan to permit employees to self-fund a paid leave of absence by deferring a portion of their salary to provide an income during the period of their leave.

Details: Compulsory Terms and Conditions:

- The plan allows for leaves of absence of either six (6) consecutive months or twelve (12) consecutive months. The employee is required to return to work for the Region for a minimum period of time equal to the length of the leave.
- The rate of deferral of salary may be 20%, 25%, or 33 1/3% of the gross salary received with the period of deferral ranging from 12 months to 4 years based on the programs listed in the chart below:

SALARY DEFERRAL PERIOD	LEAVE PERIOD	PERCENTAGE OF SALARY DEFERRAL
24 months	6 months	20%
18 months	6 months	25%
12 months	6 months	33 1/3%
4 years	1 year	20%
3 years	1 year	25%
2 years	1 year	33 1/3%

- The Prepaid Leave Plan is voluntary, and is established in accordance with and subject to the regulations of Revenue Canada (Regulation 6800 –

Prescribed Funds or Plans – of the Income Tax Act).

- The operation of the plan is at no cost to the Region.

Eligibility:

- All permanent full-time and regular part-time employees who have been employed by the Region for a minimum of one consecutive year are eligible to participate in this plan.
- An employee who takes a leave of absence under this Plan may not apply for a second leave of absence under this Plan until twelve (12) months after returning from the first period of leave.

Application and Approval:

- Unionized staff must first receive a written and signed agreement from their union executive, responding to aspects of such leaves that may be in conflict with the applicable Collective Agreement.
- Employees must apply in writing, using the appropriate application form, to their Divisional Director a minimum of three months prior to desired start date of salary deferral.
- The Department Director will forward the application to the Commissioner of Human Resources and Citizen Service for their approval.
- The application will be returned to the employee after suitable approvals have been obtained. If the application is not approved the employee will be

given the reason in writing by the individual who is responsible for denying the request.

Percentage of Salary Deferred:

- During the period of salary deferment, prior to the commencement of the leave, the participating employee will be paid that portion of their salary, as agreed in writing in their Application for Approval (HR 36).

Funding Deposits and Interest:

- The portion of the salary deferred shall be deposited into an interest bearing account in the bank normally used by the Region and retained for disbursement during the period of the leave. The Region will maintain a record of funds and interest for each employee enrolled in the plan.
- The total amount of accumulated salary deferral funds shall be paid to the employee in bi-weekly payments as appropriate for the approved period of time.
- The total amount of accumulated salary deferral funds plus interest shall be paid to the employee in bi-weekly payments as appropriate for the approved period of leave.

Further Contributions:

- Canada Pension Plan contributions and Income Tax deductions are deducted from the employee's pay during the period of deferment, based on a percentage of the salary paid (i.e. 66 2/3% to 80%),

deductions of Employment Insurance will be made on 100% of salary before the salary deferral is deducted.

- During the period of leave, no deductions for Employment Insurance are made.
- OMERS contributions during the period of deferment are made based on 100% of the employee's gross earnings before any deferral amounts are withheld. No contributions are made during the period of the leave, by either the employee or the Region, this period being considered a period of "broken service". Following the leave, periods of broken service may be purchased by the employee alone, subject to the regulations of OMERS.
- During the leave period employees will be able to make regular contributions, should they choose.
- Contributions to the Regionally sponsored Group RRSP during the period of deferment are taken from the gross earnings before any deferral amounts are withheld. During the leave period employees will be able to make up the difference through a lump sum payment.
- Union dues will be based on the full salary earned prior to the leave commencing, and will not be deducted from payments made to the employee during the period on leave.

Benefits:

- Benefits may be maintained by the employee during the leave period, with the employee paying 100% of the premiums.

Employees must indicate when applying for the leave, if they wish benefits to be continued. Payment arrangements with the Human Resources and Citizen Service Department must be made prior to the commencement of the leave. If not, all benefits will be immediately cancelled and the employee will have to make application for benefits in the usual manner and subject to the insurance carrier's regulations, immediately upon returning to duties following cessation of the leave period:

- Major Medical
- Dental Plan
- Life Insurance and AD&D**
- Long Term Disability (LTD), (however, should an employee become disabled during the leave, the Long Term Disability benefit will not commence being calculated in the normal manner until the employee's scheduled return to work date)**

** These benefits will be based on the employee's full salary prior to the leave commencing, and not the lesser salary.

- Payment of the Employer Health Tax will be based on the lesser salary for the period of the leave.
- During the period of the leave, the employee shall not be entitled to use sick leave credits. Upon

returning from the leave, the employee shall be entitled to any unused sick leave credits accumulated prior to the beginning of the leave.

- For benefit purposes (vacation, seniority, sick leave, etc.) the period of the leave will be considered “broken service” and no benefits or credits shall be accumulated during this period.

Withdrawal From the Plan:

- Once the salary deferral has commenced, employees can only withdraw from the plan under exceptional circumstances, such as severe financial hardship, etc. The employee must make a request in writing to their Department Head, giving appropriate reasons, at least four (4) months prior to the scheduled start date of the leave. The Department Head will send the request to Human Resources and Citizen Service with any additional comments attached.
- Once the leave commences, the employee is expected to follow the leave process through to its conclusion.
- The employee withdrawing from the plan shall be paid a lump sum adjustment equal to any monies deferred plus interest accrued to the date of withdrawal from the plan.
- If an employee is laid off during the salary deferral period, the employee will be required to immediately withdraw from the plan and accrued salary plus interest will be paid in a lump sum to the employee.

- If an employee enrolled in the plan is terminated by the Region, the funds accumulated in the employee's account (deferred salary plus interest) shall be paid out to the employee upon termination.

- In the event of the death of any employee participating in the plan, monies accumulated plus interest accrued shall be paid to the employee's estate.

Re: Time Sharing

Time-Sharing is defined as two nurses who share the time normally worked by one Full-Time position and one Part-Time position. The nurses in such an arrangement shall be referred to as time-sharers or time-sharing partners. Any time-sharing arrangements after approval by the Manager, Resident Care and ONA shall be implemented as follows:

1. The schedules shall conform with the scheduling provisions for Full-Time nurses.
2. The division of hours over the schedule for each time-sharer shall be determined by mutual agreement between the two (2) partners and the Manager, Resident Care.
3. The time-sharers involved will have the right to determine which partner works on a scheduled paid holiday and time-sharers shall be required to work all the paid holidays. The time-sharers will determine who will work each paid holiday and each will work fifty percent (50%) of the paid holidays in each year and comply with Article 25.20.

4. Each time-sharer may exchange shifts with her/his partner, as well as with other nurses as provided by the Collective Agreement and by Sunnyside Home Policy.
5. Should one of the nurses in a Time-Sharing arrangement be absent due to illness or leave of absence, her/his partner will be offered the absent days first. Should the partner be unable to work, then the Home will replace the absent days in accordance with the collective agreement.
6. Time-sharers are not required to cover for their partner for vacation. Where the time-sharers agree to cover one another for vacation, the maximum is the equivalent of full-time hours.

7. Implementation

If a Full-Time vacancy occurs in which the parties have agreed to convert this Full-Time vacancy together with the Part-Time complement of this position to a time-shared arrangement then the position will be posted and awarded in accordance with the Collective Agreement.

Where a Full-Time nurse wishes to share her/his position she/he may request to do so without having her/his half of the time-sharing arrangement posted. The time-sharing arrangement will be posted indicating that it is the other half of the arrangement.

8. Selection will be made based on the criteria as set out in the Collective Agreement, provided the current Part-Time relief nurse is not displaced from her/his shift without her/his consent.
9. If one of the time-sharers leaves the arrangement, her/his position will be posted. If there is no successful applicant to the position, the arrangement shall revert to a Full-Time and

a Part-Time position and be filled in accordance with the Collective Agreement.

10. Time sharers shall participate in the following employee benefit programs:
 - (a) Extended Health
 - (b) Dental Plan
 - (c) Long Term Disability
 - (d) Group Term Life and Accidental Death and Dismemberment (AD&D) Insurance and Ontario Health Insurance Plan
 - (e) Ontario Municipal Employees' Retirement System

The time-sharer will pay in addition to the co-share in place as per Article 19.01 ii) the proportionate cost of the assessed average monthly billing for a) Extended Health, and b) Dental Plan and c) Long Term Disability. The proportionate cost will be based on the time-sharer working .7 of full-time employment, and not working the equivalent of .3 of full-time employment.

The insured amount for c) Long Term Disability shall be calculated on each Time-Sharer's annualized base earnings.

The insured amount for Group Term Life and AD&D and Ontario Health Insurance Plan shall be calculated on each time-sharer's annualized base earnings and the premium cost shall be paid by the Employer.

11. Each Time-Sharer will earn and utilize sick leave credits in accordance with Article 18 on a prorated basis of .7 of full-time employment.

12. Discontinuation

The time-sharing arrangement may be discontinued at the request of one or the other time-sharer, or by the Employer because of adverse effects on resident care or other reasons which are neither unreasonable nor arbitrary.

When notice of desire to terminate is given by either party in accordance with this agreement, then:

- (a) the parties shall meet within two (2) weeks of the giving of notice to review the request for discontinuation; and
- (b) where it is determined that the time-sharing arrangement will be discontinued affected nurses shall be given sixty (60) days notice before schedules are amended.

13. Except as outlined above, the time-sharers will be covered by the Part-Time Collective Agreement.

Re: ONA Availability Process

Both parties agree with the following interpretation of paragraph 9, calls shall be made to nurses who have provided availability for that day all at once. The most senior nurse to respond within 30 minutes shall be awarded the shift.

To ensure that Article 22 is consistently applied when filling available tours, the parties agree to adopt the process below:

1. The Employer will provide availability forms that will be used by every part time nurse. Every part time nurse is required to provide to the Employer, a completed availability form by 2400 hours on the Saturday, 2 weeks prior to the posting of the schedule which indicate all periods of availability during the scheduling period.
2. For the schedules that include December 15 to January 5, the deadline for submission of the availability sheet is October 15. Approvals will be provided by November 1 with the posting of the Christmas schedule.

3. For the schedules that include July and August, the deadline for submission of the availability sheets is April 1st. Approvals will be provided by May 1st.
4. Part time nurses have the option of providing a master availability sheet that lists their availability for the schedule provided for, and all subsequent schedules, until they initiate a change to the availability sheet.
5. Availability sheets will be used to fill expected absences before and after the schedule is posted, and for call in purposes. Nurses will be notified personally when a shift is added after the schedule is posted.
6. A nurse when submitting availability shall not be required to be available for more than one shift per day, nor does this preclude a nurse from making themselves available for more than one shift per day.
7. Nurses will be deemed to be unavailable for all shifts during the posting period if no availability form is provided to the employer. Late submissions will be accepted for any remaining unfilled shifts and call-ins that arise, but not for pre-booked shifts.
8. Once a shift has been assigned to a nurse and posted on the schedule, it is the requirement of the employee to work the shift.
9. When filling extra tours within one (1) week of an open shift the shift will be offered in order of availability, equitability and then seniority. The nurse will be expected to respond within thirty (30) minutes, after which time the shift will be offered to the next available nurse, etc. The first nurse to respond will be awarded the shift.

10. Nurses have the right to cancel prior availability, (but not any scheduled shifts) after submission of the availability sheet in the following manner:

- Amendments for shifts on the weekend, including any adjacent paid holidays, must be left on voicemail with the staffing clerk by noon on Friday preceding the weekend.

- Other amendments prior to 48 hours in advance of the shift in question may be left on voicemail with the staffing clerk.

- Amendments 48 hours or less in advance of the shift in question must be left by speaking in person with the staffing clerk, manager, or RN in charge and/or by writing it in the communication book by the staffing clerk work station.

Notification of increased availability for call-ins is welcomed at anytime.

11. When all availability is exhausted and a decision is made to proceed to overtime, overtime will be offered in the following order in order of seniority and be paid at the RN rate.
 - (a) PT RN
 - (b) FT RN including the Team Leader
 - (c) Casual

Re: New Graduate Initiative

The Employer and the Association agree that the following principles will apply when the creation of a supernumerary position is offered to newly graduated nurse as part of the Ministry of Health and Long-Term Care's Nursing Graduate Guarantee initiative:

1. Newly graduated nurses are defined as those nurses who have graduated from a nursing program or refresher program within the last year;
2. Such created positions will not be subject to internal postings or for request for transfer processes outlined in Article 10.
3. Such nurses will be full-time and covered by the Collective Agreement;
4. Such nurses will be in formal mentorship arrangements and a copy of the mentorship arrangement will be provided to the Bargaining Unit President, as well as the incumbent.

5. The normal duration of such supernumerary appointments will be at least six (6) months;
6. Such nurses will normally be permitted to transfer out of the supernumerary position after six (6) months; however, a transfer may be permitted as early as three (3) months upon agreement between new grad, the employer, and the association.
7. If the nurse has not successfully posted into a permanent position by the end of the six (6) month period, she/he will be reclassified as casual part-time and this will not be considered a lay-off and the nurse will not be reassigned;
8. The Employer bears the onus of demonstrating that such positions are supernumerary;
9. The Association will be provided with written notification of the outcome of each position;
