Visit Date: 2020-OCT-21
Field Visit Type: INITIAL

Workplace identification:
WILLIAM OSLER HEALTH CENTRE: COVID-19 ASSESSMENT CENTRE
500 RAY LAWSON BOULEVARD, BRAMPTON, ON, CANADA L6Y 5B3

Telephone: (905) 494-2120
JHSC Status: Active
Work Force #: 25
Completed %:

Persons Contacted: JACKIE RENNIE-HODGES, WORKER; EDITH IYAMU, WORKER

Visit Purpose: INVESTIGATE COMPLAINT
Visit Location: COVID-19 ASSESSMENT CENTRE
Visit Summary: ORDERS ISSUED TO EMPLOYER. SEE DETAILED NARRATIVE BELOW

Detailed Narrative:

This field visit took place in person and the following workplace parties were spoken to:
- Jackie Rennie-Hodges, Worker
- Edith Iyamu, Worker
- Unsuccessful attempts were made by the Workers to contact their Supervisor who works at another location.

The following people were spoken to in a telephone conversation on October 22, 2020:
- Steven Sloan, Health and Safety Manager
- Cindy Dolden, Worker Member on Safety Committee
- Nadine Young, Supervisor
- Marcella Latchana, Occupational Health & Safety Specialist
- Merle Francis, Manager

The reason for this visit is to respond to a complaint made to the Ministry of Labour, Training, and Skills Development. The complaint includes the following:
- The complainant alleges that on October 16th many workers at the drive through Covid-19 testing station were not wearing their gloves correctly including having a gap between the glove and the sleeve of the gown which could lead to increased risk of exposure to the virus.

Inspector Findings:

This workplace consists of two tents, one for registration, and one for assessment and swabbing and a number of trailers including office, lunchroom and changeroom trailers. Most of the work is done inside two open ended tents where the public drive through in two rows of cars. Some work is done outdoors and inside trailers. It was reported that some heaters were set up for the tents yesterday.

The workers at this workplace are employed by William Osler Health Centre - Brampton Hospital, temporary work agencies including Helping Hands and a contracted security company.

During today’s visit the workers that were wearing gloves and gowns did not have any noticeable gaps with skin exposed at the wrists.

The workplace parties indicated they have measures and procedures in place addressing the following:

Information & Instruction to Workers:
- Workers have been instructed on signs and symptoms of Covid-19 and the protective measures to be taken.
- Workers have been instructed to stay home if they are feeling ill or have any symptoms.

Supervision of the Workers:
- There was no Supervisor at the workplace at the time of this visit. The Workers could not get in contact with their Supervisor during this visit.

Joint Health and Safety Committee (JHSC):
- There is no JHSC at this workplace as required. ORDER ISSUED.
- JHSC’s are in place at the Hospitals.

Social/Physical Distancing Measures in Place:
- Two workers were in the lunchroom trailer sitting within 2 metres of each other with no face masks on while eating. ORDER ISSUED.
- The trailer is only large enough to allow for no more than 2 workers to maintain 2 metres of physical distancing. The inside of the trailer is one open area. The are no privacy dividers inside the trailer. The employer is advised to add signage on the entrance to the trailer with indication of the maximum number of workers that can be inside at one time to maintain physical distancing.

Screening:
- As of September 28, 2020, Ontario Regulation 364/20 Rules For Areas In Stage 3 requires active screening in all workplaces.
- The Employer has a web based application the workers to use to perform Active Screening each day before work. However, there are no measures in place of this Assessment Centre to ensure the Active Screening is being performed by all staff prior to or upon entry to the workplace. ORDER ISSUED.

Hand Hygiene:
- It was reported that workers are no longer allowed to go inside the adjacent community centre to use the washrooms.

- The only sinks at this workplace are in the two portable washrooms. There is running water, soap, paper towels and hand sanitizer in the two washrooms.
- Hand sanitizer was observed throughout the workplace.
- The Microna Encore hand sanitizer is on Health Canada’s list of approved hand sanitizers.

Cleaning and Disinfecting/Sanitization:
- A cleaning contractor cleans and disinfects the workplace including washrooms, lunchroom trailer, changeroom trailer, door knobs and other high touch points and surfaces 4 times a day.
- Workers are responsible for the cleaning and disinfecting of medical equipment including the Oximetria.
- The Caviwipes XL wipes being used to clean and disinfect surface, touch points and medical equipment are on Health Canada’s list of approved hard-surface disinfectants.
- The Oxivir Tb solution being used to clean and disinfect surface, touch points and medical equipment are on Health Canada’s list of approved hard-surface disinfectants.

Personal Protective Equipment (PPE):
- The first worker this inspector had contact with was a Security Officer who approached Inspector within 2 metres and was not wearing a face mask or eye protection.
- Two additional Security Officers were observed who were wearing masks but no eye protection. When asked, they responded that they are supposed to wear eye protection and they proceeded to put on glasses.
- ORDER ISSUED for the use of personal protective equipment including face masks and eye protection.
- At minimum, contact and droplet precautions must be used by workers for all interactions with suspected, presumed or confirmed COVID-19 patients. Contact and droplet precautions includes gloves, face shields or goggles, gowns, and surgical/procedure masks.
- Workers that were observed taking swabs from patients were wearing masks, face shields or safety glasses, gowns and gloves.
- Discussed options of face shields or goggles for workers performing swabbing of patients.
- Workers were observed donning and doffing masks while inside the assessment and swabbing tent.
- It was reported that workers performing swabbing wear level 3 masks and other workers wear level 2 masks.
- Workers are provided with one face shield or safety glasses each shift and store the facemasks and glasses inside plastic bags during breaks. Cleaning and disinfecting wipes and spray are available to disinfect face shields and glasses.
- Quantitative N95 Respirator training is conducted every two years with workers or as needed.

Infection Prevention and Control (IPC) measures and procedures:
- The persons contacted were not aware of any workers that have tested positive for Covid-19.

- An Infection Control Practitioner audits the Assessment Centre regularly.

- Physical hazards observed during this visit:
  - The electrical cords on the ground where workers were observed walking from the Assessment and Swabbing Tent between the tent and office trailer to the lunchroom trailer and washrooms create a trip hazard. ORDER ISSUED.
  - A table is leaning against a window in the Changeroom Trailer which could tip over a hit a worker. ORDER ISSUED. It was reported the table was being used to block people looking in the window while workers are changing.
  - There is no lighting inside the Walk-in tent for workers to work safely including when performing swabbing of the patients. ORDER ISSUED.
  - There was a chair and an 18 litre jug of water on the landing of the stairs into the lunchroom trailer that create a trip hazard. ORDER ISSUED. It was assumed these items were there to prop the door open.

Investigation is on-going.
