## **ARTICLE E - HOURS OF WORK - SCHEDULING**

E.1 For purposes of defining tours of duty and calculating entitlement of overtime compensation except as otherwise provided in Section E.7, the normal day shall be a twenty-four (24) hour period which includes three (3) tours of seven and a half (7 ½) hours per day:

It is understood that variations in the hours of work may occur in certain work areas. For purposes of determining entitlement to any tour differential premiums, the tour will be deemed to be worked on a specific shift when the majority of the hours worked fall within the defined tours as follows:

07h30 - 15h30 for the day shift  
15h30 - 23h30 for the evening shift  
23h30 - 07h30 for the night shift

For the purpose of scheduling, a weekend consists of a minimum of fifty-six (56) consecutive hours off from work during the period following the completion of the Friday shift until the commencement of the Monday shift.

### **E.2 Scheduling Objectives**

Objectives in the formulation of working schedules have been left to local arrangements. These local arrangements permit flexibility by encouraging individual responsibility. As a guide to the type of scheduling arrangements which the Hospital will maintain and follow, the parties set out below standard objectives, recognizing that the Hospital may not always be able to attain these objectives and that their attainment may be varied with the consent of those concerned.

- (a) The Employer will endeavour to schedule every second weekend off for nurses working on a normal daily tour and on an extended tour.
- (b) There shall be at least a period of sixteen (16) consecutive hours off between a change of tours.

A nurse will be scheduled for at least forty-eight (48) hours off when changing from night tour to a day tour, unless otherwise agreed to or except where:

- i) such tour has been worked by the nurse to satisfy specific days off requested by this registered nurse;
  - ii) such tour is worked as a result of an exchange of tours with another registered nurse;
  - iii) the registered nurse volunteers in writing to work such tour.
- (c) Schedules will be posted no less than fourteen (14) days in advance.

- (d) Where possible, a nurse will be scheduled off at least four (4) days in any two week period including at least one period of two (2) consecutive days.
- (e) A nurse will not be scheduled to work more than five (5) consecutive days except by mutual consent.
- (f) A full-time nurse who works on two rotations may not be required to change tours of duty more than once every seven (7) days.
- (g) No split tours will be scheduled unless by mutual consent of the parties.
- (h) The Hospital will schedule three days off at either Christmas or New Year's for all nurses and will endeavour to schedule at least two (2) additional days off for a total of at least five (5) consecutive days off. Time off at Christmas shall include Christmas Eve, Christmas Day, and Boxing Day, and time off at New Year's shall include New Year's Eve, New Year's Day and the day after New Year's unless mutually agreed otherwise except in areas where nurses are not normally required to work on weekends and paid holidays.
- (i) The scheduling objectives will not apply from December 15th to January 5th.
- (j) The scheduling of time off at Christmas or New Year's shall be done on a nursing unit basis according to their seniority and nurses will be alternating Christmas and New Year's each year, unless mutually agreed otherwise, provided that a qualified complement of nurses is maintained in the unit.
- (k) Prior to Christmas and New Year holidays, however, the rotation schedules shall be posted by November 10th of each year.

E.3 Requests for shifts exchange or days off on the posted schedules must be submitted in writing to the Immediate Supervisor/SRO forty-eight (48) hours in advance of the affected date, except in an emergency situation. Shifts exchanges shall be co-signed by the nurses willing to exchange. However, it is understood that such requests, when initiated by a nurse and approved by the Employer shall not result in overtime compensation or payment to any of the nurses affected.

E.4 The Employer will endeavour to continue its present practice of affording nurses the opportunity of working specific tours with the exception of temporary rotation for purposes of in-service education to upgrade the nurse's professional skills.

It is understood that in-service education may include non-classroom activities and assignments.

E.5 A nurse who normally rotates on two (2) tours shall be scheduled for a minimum of 50% of the tours on days unless mutually agreed otherwise.

A part-time nurse who normally rotates on all three (3) tours shall not be scheduled to work more than two (2) consecutive weeks of night tour and evening tour without her written consent or request. A minimum of 50% of the nurse's scheduled tours shall be on days.

E.6 Lieu time off for overtime for full-time and regular part-time nurses shall be scheduled at a mutually agreeable time. Time equivalent to two (2) tours may be

accumulated and must be taken within sixty (60) days unless agreed otherwise with the immediate supervisor.

If the time off is not taken or granted then it shall be paid out at the end of the fiscal year.

E.7 Scheduling - Hours of Work (Part-time only)

- (a) All regular part-time nurses in a unit will be scheduled up to their committed hours by seniority before any casual part-time nurses are utilized.
- (b) When regular part-time nurses on the unit have been given the opportunity to work up to their commitment, the Hospital will endeavour to offer additional tours to regular part-time nurses on the unit on the basis of seniority, prior to offering tours to casual nurses, subject to the following:
  - i) Nurses who wish not to be considered for additional tours must indicate their unavailability in the manner prescribed by the Hospital;
  - ii) Nurses must indicate to the Employer, in writing, their preferred method of communication for being offered tours. A tour will be deemed to be offered whenever a call/text/email is placed;
  - iii) It is understood that the Hospital will not be required to offer tours which would result in overtime premium pay;
  - iv) When a regular part-time nurse accepts an additional tour, she/he must report for that tour unless arrangements satisfactory to the hospital are made;
  - v) Provided they are qualified, nurses may submit their availability to work additional tours to more than one unit, if to do so is in accordance with existing Hospital practice.
- (c) All casual nurses must indicate their unavailability in writing in the manner prescribed by the Hospital.

E.8 Week-ends

A nurse will receive premium pay for all hours worked on a third consecutive and subsequent weekend save and except where:

- (a) such weekend has been worked by the nurse to satisfy specific days off requested by such nurse; or
- (b) such nurse has requested weekend work; or
- (c) such weekend is worked as the result of an exchange of shifts with another nurse.
- (d) such nurse is a Weekend Worker.
- (e) a nurse applies for and posts into a part-time position that requires the employee to work every weekend or more weekends than provided for in

Article E.2 (a). It is understood that only one position per unit will be dedicated for this type of position.

- E.9
- (a) Unless circumstances prevent a nurse from doing so, they must give the Employer, three (3) hours' notice if unable to work a scheduled night shift, three (3) hours' notice for evening scheduled shift and one and a half (1.5) hours' notice for scheduled day shift.
  - (b) A nurse called after the commencement of the shift and arrives within one hour of the call, will be paid as of the time of the call.

E.10 Self-Scheduling

The Association and the Hospital agree in principle to the concept of self-scheduling. Self-scheduling is the collective responsibility of the nurses involved to ensure the proper coverage of the unit and to ensure that all provisions of the Collective Agreement are respected at all times. Should the Hospital or the nurses wish to implement self-scheduling on a particular unit, the nurses shall do so in writing to the Employer and the Association. The Employer shall do so in writing to the Association.

- (a) The secret ballot vote will be conducted solely by the Association and the Association will inform the Hospital of the result of the vote. When eighty percent (80%) of the employees on a unit indicate their willingness to participate in self-scheduling, the Association and the Employer will meet forthwith to make arrangements to implement self-scheduling.
- (b) Self-scheduling may be cancelled by either the Hospital or the Association upon a minimum of eight (8) weeks written notice to the other party. The nurses will indicate by a seventy percent (70%) vote by secret ballot their desire to discontinue self-scheduling.

The Collective Agreement shall apply in all respects. Violation of the Collective Agreement will not be permitted.

- i) The Hospital and the Union will develop guidelines and the Immediate Supervisor will modify them with the nurses to meet the operational needs. A copy will be provided to the Bargaining Unit President.
- ii) Nurses participating in self-scheduling will be responsible to develop a Master Rotation. They will also be responsible for the preparation of each schedule by indicating their tours of duty, statutory holidays, and lieu days in accordance with the unit's self-scheduling guidelines.
- iii) The Immediate Supervisor will review the schedule to ensure that the needs of the unit are met and the Collective Agreement is respected. In cases where discrepancies occur, the schedule will be returned to the facilitator for correction. It is understood that a schedule which contravenes the scheduling guidelines or the Collective Agreement will not be posted and the Master Rotation will be in effect.

E.11 A partial or single shift reassignment of a nurse from her or his area of work assignment shall be made on the basis of seniority on the unit on that shift as follows:

The process for reassignment will be as follows:

- (a) nurses with a designated mobile position and nurses with a regular replacement position from a different unit ;
- (b) by casual nurses from a different floor/program/REB;
- (c) regular part-time nurses from another unit, job sharer nurses from another unit and nurses in temporary positions from another unit;
- (d) nurses with a designated replacement position from the home unit;
- (e) casual nurses from the home floor/program/REB;
- (f) regular part-time nurses, job sharer nurses and nurses in temporary position on the home unit;
- (g) retired nurses (eligible for a pension under HOOPP) who have been rehired in a regular part-time or casual position;
- (h) regular full-time nurses as a last resort.

When staff is reassigned to another unit, it is the responsibility of the RNs on the receiving unit to reorganize the workload in an equitable fashion based on the patient care needs.

Note: For casual nurses the “home floor/program/REB” refers to one of the following: a specific floor at Saint-Vincent Hospital, a specific program at Elisabeth-Bruyere Hospital (i.e. Palliative or Rehabilitation), or Residence Elisabeth-Bruyere (“REB”).

Clarity note: Job sharers as contemplated in the Letter of Understanding titled “Job Sharing” are treated as regular part-time nurses for the purposes of Article E.11.

E.12 The administrative duties include generally but not exclusively the following duties:

- (a) Reassignment of staff in a unit or to other units,
- (b) Calling administration or the operational on call or delegate for issues which cannot be resolved at the unit level.
- (c) If a nursing issue has been discussed with the designated administrative duties nurse and the administrative duties nurse agrees a registered nurse may call the operational on call to discuss the issue.

The administrative duties will be assigned by the manager or delegate. The manager or delegate will endeavour to assign the administrative duties on a rotational basis subject to operational requirements and the skills, abilities and experience of the nurse. There shall be one nurse assigned administrative duties per unit level.

There shall be two administrative duties nurses per unit level (one per unit) at the Saint-Vincent Hospital.

- E.13 (a) Once the Unit Schedules are completed, all Mobile Unit nurses and Replacement nurses will be prescheduled up to their commitment to work. The Hospital will endeavour to assign them the remaining available tours of duty and the available short-term vacancies as defined in article K.1) as much in advance as possible.
- (b) The above does not preclude the Hospital's right to mobilize such nurses where required in accordance with article E.11.

E.14 Nurse Practitioners (Applicable to the Family Health Team only)

The parties recognize that the position requirements of the Nurse Practitioner may not lend themselves to standard daily hours of work. In recognition of this factor, the parties agree that employees in this classification may establish their own flexible time schedules to provide the services necessary under the following guidelines:

- (a) Nurse Practitioners will be expected to manage their workload to achieve a maximum of seventy-five (75) hours in a two week pay period.
- (b) Any hours deemed overtime will be administered as per the current conditions in the Collective Agreement.

**ARTICLE F – PAID HOLIDAYS**

Job Sharing

In order to retain the most highly qualified labour force possible and to adequately meet the changing needs of our employees, Bruyère Continuing Care accepts the principle of job sharing. If Bruyère Continuing Care agrees to a job sharing agreement pursuant to Article 20.01 of the Central Agreement, it will be conducted in accordance with the following procedures:

- 1.00            Definition
- (a)        Job sharing is generally defined as being an arrangement under which two (2) employees or more share the hours of work of one full-time position, as provided in Article 20 of the full-time Collective Agreement.
- 2.00            Application for Job Sharing
- (a)        An application for job sharing is considered by Bruyère Continuing Care on an individual basis.
- 3.00            Status
- (a)        In this Agreement, the full-time position shall be shared by two (2) nurses each working (.5) at the rate of 37.5 hours per pay period.
- 4.00            Applicable Collective Agreement
- (a)        That job sharers are considered regular part-time for all purposes under the Collective Agreement, save and except scheduling provisions. The full-time scheduling provisions are applicable to job sharers.  
Clarity note: Job sharers are treated as regular part-time nurses for the purposes of Article E.11.
- (b)        Additional tours are to be distributed between job sharers and regular part-time members on the basis of seniority.
- 5.00            Hours and Work Schedule
- (a)        The procedures governing working hours and the establishment of work schedules are defined in section 13 of the Collective Agreement governing

part-time workers, and in section E of the Local Appendix. In addition, the provisions governing weekends and statutory holidays shall apply as if the position were filled by one person only.

- (b) The signatory employees shall share working hours in an equitable manner. However, such a sharing process should meet departmental needs, and receive the approval of the department heads and may also include evening shifts, night shifts and weekends, in accordance with the provision of the Collective Agreement.

In the event of any conflict between the nurses involved in the agreement regarding the choice of a statutory holiday which is to be worked or not, seniority shall be the deciding factor.

- (c) Payment for overtime approved by the Manager shall be made in accordance with the applicable Collective Agreement.
- (d) When required by the Manager or delegate, the Employees who are signatories to this Agreement shall replace each other except agreed otherwise by all parties during vacations, sick leave, statutory holidays or during any absence, in order to ensure that service is not affected.
- (e) If one of the job sharers leaves the arrangement, the remaining job sharer shall have the option of continuing in the full-time position. If she does not accept the full-time position the remaining portion of the job sharing shall be posted as per the collective agreement.

6.00 Vacant Portion of a Position

- (a) In the event of a vacant position, the person remaining on the job promises to work full-time on a temporary basis, in the expectation that the vacancy shall be filled in an adequate manner. The portion of the position to be filled resulting from this vacancy shall be posted, in accordance with the Collective Agreement.
- (b) In the event that it is impossible to adequately fill the vacancy, Bruyère Continuing Care may terminate this Agreement. The position shall then be offered to the person who remains on the job and, if this person refuses the said offer, the full position shall then be posted.

7.00 Seniority

- (a) Seniority for each member of the team shall be calculated in accordance with the Collective Agreement governing regular part-time work.

8.00 Cancellation of the Agreement

- (a) If either of the signatory parties wishes to cancel this Agreement, the party in question must give prior notice of at least ninety (90) days to the other parties to the Agreement.

If the initiative for such action originates with Bruyère Continuing Care, Bruyère Continuing Care will attempt to provide those employees sharing a job with positions which correspond to their respective qualifications and experience. In the event that it is impossible for the Hospital to find such equivalent positions, the lay-off

procedure shall then apply, in accordance with the Collective Agreement covering regular part-time workers.

If the initiative originates with one or the other of the employees sharing the position, clause numbers 7 and 8 shall apply.

9.00 Modification of the Agreement

- (a) The parties agree that any and all amendments made to the Collective Agreement, shall automatically apply to this Agreement, when applicable. In addition, this Agreement may be subject to modifications, subsequent to written agreement by the parties thereto.

The employees who are signatories to this Job Sharing Agreement have agreed and to consent to share the full-time position of a registered nurse (37.5 hours of work) under the terms and conditions set forth above.
