If the unit does not operate on a 24-hour-a-day basis, the nurse shall leave a message on the unit’s answering machine.

ARTICLE H – SCHEDULING OBJECTIVES

The Health Centre will maintain and achieve the following objectives in the formation of working schedules:

ARTICLE H.1 – NORMAL & EXTENDED TOURS

H.1 (a) The time schedule will be posted at least three (3) weeks in advance of its going into effect and will cover at least an eight (8) week period. Requests for specific days off are to be submitted in writing at least two (2) weeks in advance of posting on the appropriate form.
(b) Requests for change in posted time schedule must be submitted in writing at least forty-eight (48) hours prior to starting the shift, where possible, on the appropriate form, co-signed by the nurse willing to exchange days off or tour of duty. These requests must be submitted, in advance, to the Patient Care Manager or her or his designate for her or his approval. Such exchanges will not result in premium pay if the scheduling objectives are not met. Such a request shall not be unreasonably denied. Requests will be responded to in a timely manner but not later than five (5) business days (where applicable) following the date the request is received.

In accordance with Article 14.12, where, the Health Centre makes changes to a nurse’s schedule after it has been posted in accordance with Article H.1(a), the nurse will be notified of such change, and the nurse may request a discussion regarding the change.

(c) Where the Health Centre makes permanent changes to a nurse’s scheduling pattern, the Health Centre will endeavour to provide as much notice as possible to the nurse, and will endeavour to accommodate individual requests for additional notice if deemed appropriate and operationally feasible by the Health Centre. Such requests will not be unreasonably denied.

When an individual line on a schedule is permanently vacated, nurses on the unit may initiate a request to be moved to that line. Once the Health Centre has determined the composition of the available line, approval of such requests will give consideration to skill mix, experience/qualifications and other reasonable factors deemed appropriate by the Health Centre. Once these factors have been satisfied, the request shall be granted by seniority.

(d) A nurse who enrolls in an accredited nursing education program or course may request that her or his hours of work be adjusted to allow her or him to attend the program or course.

i) The nurse may submit to her or his Patient Care Manager, no later than two (2) weeks in advance of the time schedule being posted, a written request to have her or his scheduled time off coincide with the time of the course or program. Such a request shall not be unreasonably denied.

ii) If unable to submit a request in accordance with i) above, the nurse may endeavour to arrange an exchange of shifts in accordance with H.1(b) or may ask to use banked lieu time. Such a request shall not be unreasonably denied.

(e) For nurses rotating, the Health Centre will endeavour to equitably distribute shift assignments within classifications.

(e) Those nurses currently working permanent shifts will be permitted to continue to do so, so long as they remain in their current positions (those held as at date of issuance of this award - July 26, 1989). Notwithstanding the above, the Health Centre may rotate these nurses for a maximum
period of two months per year for purposes of assessment, evaluation or instruction.

(f) Shift Premium - The evening shift premium provided for in Article 14.10 shall be paid for each hour worked between 1530 and 2330 hours. The night shift premium provided for in Article 14.10 shall be paid for each hour worked between 2330 and 0730 hours.

(g) FULL-TIME ONLY

These scheduling regulations may be waived by the Health Centre between December 15th and January 15th, so that all nurses may receive five (5) or more consecutive days off at either Christmas or New Year's. Time off at Christmas should be interpreted to mean Christmas Eve, Christmas Day, Boxing Day. Time off at New Year's shall include New Year's Eve and New Year's Day.

The assignment of time off at Christmas and New Year's shall be on an equitable basis within the Nursing Unit.

The Health Centre and the Union agree that a nurse who has five (5) days off at Christmas in one year shall not be entitled to five (5) days off at Christmas in the ensuing year but shall be entitled to five (5) days off at New Year's, it being the intention that a nurse shall alternate from year to year between days off at Christmas and days off at New Year's.

This article does not apply to those areas where regularly scheduled work is concentrated on a Monday through Friday basis, e.g. O.R., ACC. For those areas which normally will be closed between Christmas and New Year's such as the Perioperative Unit, the Health Centre will endeavour to allow those nurses to take time off such as LOA days, time owing or vacation days etc. during the period that their Unit is closed. (Time owing may be accumulated to cover the entire time which would otherwise be considered as absent time).

If a dispute arises the parties agree that nurses scheduled to work Christmas one year shall be required to work New Year's the following year on a rotational basis. The schedule for the period up to and including January 15 will be posted no later than November 15.

ARTICLE H.2 – NORMAL TOURS (7.5 hours)

H.2 (a) The Health Centre will schedule at least every third (3rd) weekend off. Where possible, additional weekends off will be scheduled. In the event of failure to give every third weekend off, the premium rate shall be paid for the third and successive weekends until a weekend off work is scheduled. This premium rate shall not apply in the following situations:

i) Other arrangements initiated by the nurse and accepted by the Health Centre have been made.
ii) Such weekend is worked as a result of an exchange of shifts with another nurse.

iii) Such weekend work is requested by the nurse.

(b) Weekend definition – a weekend is defined as seven (7) consecutive shifts off work during the period following the completion of the Friday day shift until the commencement of the Monday day shift. The Health Centre, where possible, will endeavour to schedule eight (8) consecutive shifts off.

Weekend Premium – The premium provided for in Article 14.15 shall be paid for each hour worked between 2330 hours Friday and 2330 hours Sunday.

(c) No Nurse will be asked to work more than seven (7) consecutive days except by mutual consent, followed by at least two (2) consecutive days off. It is understood that this is a minimum requirement, and where possible, the Health Centre will attempt to schedule no more than six (6) consecutive days of work.

(d) At least two (2) consecutive tours off shall be scheduled between tours of duty and at least forty-eight (48) hours shall be scheduled following night duty. A shorter period of time may be agreed upon by mutual consent.

ARTICLE H.3 – EXTENDED TOURS (11.25 hours)

H.3 (a) The normal daily extended tour referred to in Article 13.02 shall be introduced in any unit when:

i) seventy percent (70%) of the nurses in the unit have so indicated by secret ballot, and

ii) the Health Centre agrees to implement the new scheduling arrangement; such agreement shall not be withheld in an unreasonable or arbitrary manner.

(b) If the vote indicates that the nurses wish to do so, and if the Health Centre agrees:

i) A trial period will be initiated, which shall last for a twenty-four (24) week period.

ii) All nurses on the unit must work the new scheduling arrangement during the trial period.

iii) Subsequent to the trial period, a second vote will be taken.

(c) If the second vote indicates that seventy percent (70%) of the nurses in the unit so wish, the new scheduling arrangement will become permanent
and all nurses on the unit must then work the new scheduling arrangement thereafter.

(d) The new scheduling arrangement may be discontinued in any unit when:

i) fifty percent (50%) of the nurses in the unit so indicate by secret ballot; or

ii) the Health Centre because of:

   A) adverse effects on patient care,

   B) inability to provide a workable staffing schedule, or

   C) where the Health Centre wishes to do so for other reasons which are neither unreasonable nor arbitrary, states its intention to discontinue the new scheduling arrangement in the schedule

iii) When notice of discontinuation is given by either party in accordance with paragraph M.1 (d) above, then:

   A) the parties shall meet within two (2) weeks of the giving of notice to review the request for discontinuation; and

   B) where it is determined that the new scheduling arrangement will be discontinued, affected nurses shall be given sixty (60) days’ notice before the schedules are so amended.

(e) The provisions set out in Article H.1 of this Agreement apply to nurses working extended tours referred to in Article 13.02 except as amended below:

(i) Nurses will be asked to work no more than four (4) consecutive extended tours except by mutual consent, followed by at least two (2) consecutive days off.

(ii) The Health Centre will schedule every second (2nd) weekend off which shall consist of five (5) consecutive extended tours which shall commence no later than nineteen thirty (1930) hours on Friday.

(iii) Full-time nurses will not be scheduled single days off or on duty unless by mutual consent.

Weekend Premium - The premium provided for in Article 14.15 shall be paid for each hour worked between 2330 hours Friday and 2330 hours Sunday.
ARTICLE H.4 – SELF-SCHEDULING & INNOVATIVE SCHEDULING

1. When there has been a formal written proposal by the Health Centre or the Union for the introduction of self-scheduling and/or innovative scheduling, a ballot will be held within four (4) weeks. If seventy percent (70%) of the nursing staff indicate by secret ballot their willingness to participate, self-scheduling and/or innovative scheduling will commence for a trial period at the start of the next complete timesheet.

2. A trial shall run for a twenty-four (24) week period after which the nursing staff will indicate by a seventy percent (70%) vote, by secret ballot, their willingness to continue, which shall be subject to the agreement of the Patient Care Manager.

Time spent performing off-site telephone consultation, or any other work while on standby, will be paid at the rate of one and one-half (1½) times the Nurse Practitioner’s regular hourly rate for the duration of all work performed while on standby. This amount will be paid in addition to the standby premium for the hours performing standby.

Re: Sleep Room

Whereas the parties discussed the feasibility of the on call room(s) for staff assigned to standby; when a nurse who works her/his normal tour, leaves the Health Centre on standby and is called back to work during the standby period, the Health Centre will endeavour to provide a room with a bed at the conclusion of the period worked, if the nurse makes such a request.
