ARTICLE 1 – PURPOSE

- 1.01 The general purpose of this Agreement is to establish mutually satisfactory employment relations between the Employer and ONA and its bargaining unit at the Employer under Local 137. It provides means for the settlement of grievances and for the final settlement of disputes. Salaries, hours of work and other conditions of employment are established by mutual agreement.

ARTICLE 2 – RECOGNITION

- 2.01 It is recognized that nurses and the employer wish to co-operate to provide the best possible public health services.

The Employer, that is the Board of Health, recognizes the Association as the exclusive bargaining agent for all registered and graduate nurses employed by the Employer save and except Supervisors of Nursing and those above that position.

- 2.02 The Ontario Nurses' Association recognizes its continuing responsibilities as a party to this Agreement but all references to officers, representatives, and committee members in this Agreement shall be deemed to mean officers, representatives and committee members of the Ontario Nurses' Association on whose behalf this Collective Agreement has been entered into by the Ontario Nurses' Association.
- 2.03 The Employer agrees that it shall not assign work normally performed by any member of the bargaining unit to another employee out of the bargaining unit if such re-assignment results in the lay-off of a nurse.

ARTICLE 3 – REPRESENTATION AND ASSOCIATION SECURITY

- 3.01 The Employer shall recognize the following committees from the bargaining unit as Association representatives:
- (a) The Grievance Committee, comprised of up to three (3) nurses, will process all grievances through the grievance procedure and assist nurses in the preparation of any complaints or grievances that may arise subject to Article 12;
 - (b) The Negotiation Committee, comprised of three (3) nurses and an alternate as required, will negotiate renewals of this Agreement with the Employer as required; and
 - (c) The ONA/Management Committee, comprised of three (3) nurses from the bargaining unit, will:
 - (i) discuss matters arising out of the interpretation or administration of this Agreement which are not the subject matter of a grievance;
 - (ii) discuss any changes in rules, policies, procedures or programs affecting members of the bargaining unit prior to their implementation by the Employer; and
 - (iii) discuss other matters of concern.

The Employer shall meet with the ONA/Management Committee at mutually agreeable times, or as provided by the terms of this Agreement, and in any event there shall be at least one meeting every three (3) months. The party requesting a meeting shall provide the other with an agenda as early as reasonably possible prior to the meeting.

A representative of the Ontario Nurses' Association may attend meetings if so requested by either party.

(d) Multi-Workplace Joint Health and Safety Committee

- (i) The Employer and the Association agree that they mutually desire to maintain standards of safety and health in the Health Unit in order to prevent injury and illness and accordingly, have agreed upon terms of reference for the Multi-Workplace Joint Health and Safety Committee.
- (ii) The Employer agrees to accept as a member of its Multi-Workplace Joint Health and Safety Committee, two (2) representatives selected or appointed by the Association from amongst bargaining unit employees.
- (iii) The Employer agrees to abide by the provisions of the ***Occupational Health and Safety Act of Ontario 1990***, to the extent that it applies to its operation.

(e) Financial Advisory Committee

- (i) One nurse who represents the Association will sit on the Financial Advisory Committee. The Association will be allowed an alternative representative to this Committee.

The Employer shall be notified in writing of the names of the nurses on each of the Committees and whenever any changes occur.

3.02 The Employer will deduct from the pay due to each nurse a sum equal to regular monthly Association dues for each month in which a nurse works.

The Association shall notify the Employer in writing of the amount of such dues from time to time. The Employer will send to the Association once each month its cheque for the dues deducted under this clause together with a list showing each nurse's name, Social Insurance Number and amount deducted per nurse. In addition, should dues be included in any month on behalf of a nurse(s) that are attributed to a prior month, the month(s) will be indicated.

The Association shall indemnify and save the Employer harmless with respect to all dues so deducted and remitted.

3.03 Neither party to this Agreement nor representatives of the parties shall discriminate against any nurse because of the nurse's participation in or lack of participation in the Association.

3.04 The Association will not engage in Association activities during working hours or hold meetings at any time on the premises of the Employer without permission of the Chief Executive Officer or his/her designate.

It is agreed that Union representatives and members of the Grievance Committee have their regular duties and responsibilities to perform for the Employer and shall not leave their regular duties without first informing their supervisor.

Time spent on Union business will be recorded by the Union representative(s) in the time tracking system.

- 3.05 During the orientation period an officer or representative of the Association shall be allowed a reasonable period of time within regular working hours, not to exceed one-half hour, to interview such nurse or nurses. If the time allowed is inadequate for such interview, permission may be requested from the supervisors of the representative and the employee for additional time. Such requests shall not be unreasonably denied.
- 3.06 The Association may elect or otherwise appoint one (1) representative in each office to assist nurses in the presentation of grievances under Article 12 of this Agreement. The Employer shall be kept currently advised on the names of such representatives.
- 3.07 The Employer shall provide the Association with names, addresses, and offices of employment of new nurses within one (1) month of their starting date as well as advising the Union on a monthly basis of nurses who are no longer employed by the Employer.

ARTICLE 4 – MANAGEMENT RIGHTS

- 4.01 The Association recognizes that the Employer retains the historical rights of management save insofar as they are modified by this Agreement.
- 4.02 The Association acknowledges that it is the exclusive function of the Employer to hire, promote, demote, transfer and suspend nurses and also the right of the Employer to discipline or discharge any nurse for just cause, provided that a claim by a nurse that she/he has been dealt with contrary to the provisions of this Agreement, or that she/he has been disciplined or discharged without just cause, may be the subject of a grievance and dealt with as hereinafter provided.
- 4.03 The Association further recognizes the right of the Employer to operate and manage the Health Unit in all respects in accordance with its commitments and its obligations and responsibilities as follows:
- The right to decide on the number and type of nurses needed by the Employer at any time;
 - The number and location of offices, clinics required at any time;
 - The right to use modern methods, machinery and equipment;
 - The jurisdiction over all its required offices, are solely and exclusively the responsibility of the Employer.

The Employer also has the right to make and alter from time to time rules and regulations to be observed by the nurses. The Employer agrees that any such rules shall not conflict with the provisions of this Agreement.

- 4.04 (a) In the case of a transfer of a nurse from one office to another at the request of the Employer, the Employer agrees to pay the cost of moving household furnishings and personal goods from the municipality in which the nurse is located to the municipality to which she/he is transferred, provided:
- (i) The nurse obtains and the Employer approves the cost estimate prior to such move, and
 - (ii) The nurse moves her place of residence within six (6) months following the date of such transfer.
- (b) In the case of a transfer of nurses from one office to another because of a request by the nurse or because of the exercise of seniority under this Agreement, the nurse concerned shall bear any costs involved in moving from one geographical location to another.
- 4.05 A copy of this Agreement in mutually suitable form will be issued by the Employer to each nurse within thirty (30) days of the signing of this Agreement, and to each new nurse hired. Costs will be borne by the Employer.

ARTICLE 5 – RELATIONSHIPS

- 5.01 Each of the parties hereto agree that there will be no discrimination against any nurse within the meaning of the ***Ontario Human Rights Code***, as may be amended from time to time.
- 5.02 **No Strike - No Lockout**
In view of the orderly procedure established by this Agreement for the settling of disputes and the handling of grievances, the Association agrees that, during the lifetime of this Agreement, there will be no strike, picketing, slowdown, or stoppage of work either complete or partial and the Employer agrees that there will be no lockout.
- 5.03 No nurse shall be required to undertake the care of a client when to do so would be incompatible with the Code of Ethics of the nursing profession and ***the College of Nurses of Ontario Standards and Guidelines*** or place the nurse in violation of the regulations passed under the provisions of ***The Regulated Health Professions Act***, as may be amended from time to time, except in an emergency situation where the provision or withdrawal of service would place a client's life in immediate danger.
- 5.04 The parties are committed to a harassment free environment and recognize the importance of addressing discrimination and harassment issues in a timely and effective manner. Such commitment will include workplace strategy in preventing and eliminating harassment through development of policy, implementation of guidelines, communications, training and education and a complaint-resolution process.

ARTICLE 6 – SENIORITY

- 6.01 Seniority for full time nurses shall be defined as the length of continuous service with the Employer since the last date of hire but shall not include any leaves of absence without pay of more than thirty (30) calendar days unless otherwise

provided herein. Seniority for part time, term and casual nurses will be calculated in accordance with their actual straight time hours worked as recorded in the time tracking system. A newly hired nurse shall be considered probationary until she has successfully completed the requisite probationary period. The probationary nurse's name will be added to the seniority list noting her date of hire or her seniority to the point the list is published.

- 6.02 The probationary period for all full time permanent nurses shall be six (6) months. The probationary period for all part time (permanent and temporary), full time (temporary) and casual nurses shall be for a period equal to six (6) months' time actually worked not to exceed two (2) years. The Employer may discipline or terminate the employment of a probationary employee for just cause.

The release of a probationary nurse for reasons based on performance and ability to do the job, including skills, suitability and availability shall not be subject to the grievance procedure unless the probationary nurse is released for:

- (a) reasons which are arbitrary, discriminatory or in bad faith;
- (b) exercising a right under this Collective Agreement.

- 6.03 Seniority shall be retained and accumulated when an employee is absent from work under the following conditions:

- (a) when on approved leave of absence with pay;
- (b) when on an approved leave of absence without pay of less than thirty (30) calendar days;
- (c) when in receipt of short term disability benefits;
- (d) when in receipt of Workplace Safety and Insurance Act benefits;
- (e) when on pregnancy or parental leave as defined in Article 13.05, including such extension as permitted under this Article.

- 6.04 Seniority shall be retained but not accumulated when an employee is absent from work under the following conditions:

- (b) lay-off for a period of less than eighteen (18) months due to the reduction in nursing staff.
- (c) temporarily relieving in a position outside of the bargaining unit for a period of up to one year, unless the parties mutually agree in writing to extend such time period.
- (d) for a period of six months should an employee be successful in obtaining a permanent management position. During this period if either the employee or the employer determine that the employee is not suited to the new position, the employee will be returned to his/her former position and all other employees affected will similarly revert to their former positions

- (e) on a leave of absence without pay for a period longer than thirty (30) calendar days.

6.05 Seniority rights shall cease, and employment will be terminated, for any of the following reasons:

- (a) S/he resigns;
- (b) S/he is discharged and not reinstated;
- (c) S/he is absent without leave and without just cause made known to and accepted by the Employer for any period in excess of five (5) consecutive working days;
- (d) S/he is laid off and not recalled to work within a period of eighteen (18) months from the date of lay-off;
- (e) Within seven (7) calendar days of receipt of notice of recall sent by the Employer by registered mail to the nurse's last known address, s/he fails to notify the Employer of her/his intention to return to work or, subsequently, fails to return to work within ten (10) calendar days after such notice was sent;
- (f) S/he is absent from work due to illness for a period of eighteen (18) months after short term disability benefits have been exhausted. Such period may be extended in an individual case by case agreement between the Employer and the Association;
- (g) S/he is a casual nurse who has not worked for the Employer for a period of eighteen (18) months. In the event that a casual nurse is terminated the member and the Association will be notified in writing.

6.06 There shall be one (1) seniority list for all nurses covered by this Collective Agreement. Such list shall be posted in February and in August of each year. The list will show names, professional category, the accumulation of seniority, date of hire and anniversary date. Copies of the seniority list will be posted electronically on the intranet and a copy of the list shall be sent to the Association. An updated seniority list will be created whenever a layoff is planned.

6.07 Complaints concerning the accuracy of such list must be submitted in writing to Human Resources within twenty-one (21) calendar days from the date the seniority list is posted. If no such complaint is received within that time, such list shall be presumed to be accurate. When proof of error is presented by the nurse or her representative, such error shall be corrected and when so corrected the agreed upon seniority accumulation level shall be final. Unless agreed to by the Association, no change in the seniority status of the nurse shall be made.

6.08 (a) When a vacancy occurs in a classification within the bargaining unit or a new position within the bargaining unit is established by the Employer, such vacancy will be posted for a period of seven (7) working days. The posting shall include the office location of the position, the program the vacancy is in, the responsible manager at the time of the posting, posting date and removal date, FTE equivalent, status, mandatory requirements, and preferred requirements.

At the time of posting the Employer will also send a notice of the job posting to all members of the bargaining unit on the Employer's internal e-mail list for all nurses.

In filling vacancies and in cases of transfer, promotion, demotion and lay-off, the following factors shall be considered:

- (ii) Skill, ability, experience, qualifications, and where these are relatively equal;
- (iii) Seniority.

Where the factors in (i) are relatively equal as between two or more nurses, factor (ii) shall govern. However, in the case of lay-off, factor (ii) shall govern provided that the senior nurse is qualified, able and willing to perform the available work. Nurses shall be recalled in the order of seniority providing they are qualified to do the work. No new nurse shall be hired until those laid off have been given the opportunity of re-employment;

- (b) In the event the only applicants are nurses who have not completed their probationary period and the factors in (i) above are relatively equal, the nurse who has the greatest number of hours worked with the Employer will be awarded the position.
- (c) Any nurse may fill out an appropriate transfer form, indicating an interest in working elsewhere, either program or office location, in the Health Unit and that application will be considered when a vacancy occurs.
- (d)
 - i) Nurses who are the successful applicant for a term status position will fulfil the duration of the position. The parties may mutually agree to release a nurse early from a term position for the purpose of taking another term position.
 - ii) If a nurse does not own a permanent position and is successful in attaining a permanent status position, the nurse will move to the permanent status position within one (1) month and can only apply for another term status position after a period of six (6) months.
 - iii) The above does not prevent the nurse from applying for another permanent position.

6.09 Except in the cases of newly hired nurses, the successful applicant to the above mentioned postings shall be given a three (3) month familiarization period; in the case of a term employee or a casual employee this familiarization period will be six (6) months. This familiarization period refers to a period of orientation, observation and appraisal. During such period, the Director will assess whether the nurse will remain in her/his new position, or at the nurse's own request, she/he may be returned to her/his former position and all other employees affected will similarly revert to their former positions.

6.10 (a) In the event that the Employer proposes a lay-off at the Health Unit, prior to such lay-off, the Employer shall meet with the nurses affected and a representative of the Association to discuss the reasons causing the lay-offs and the method in which the lay-off is to be implemented including those areas of cut-back and the nurses to be

laid off. Affected nurses and the Association shall be given notice of lay-off or pay in lieu thereof in an amount equal to twice that required by the Employment Standards Act.

- (b) The Employer shall lay off nurses within their classification on the basis of seniority, provided that supernumerary then probationary nurses shall be laid off first and the most junior nurses shall be laid off thereafter. The nurses remaining after such layoff shall be qualified to perform the duties and responsibilities of the available work after a familiarization period of three (3) months.
- (c) Nurses whose positions have been declared redundant may exercise their seniority by bumping into available positions on the following basis:
 - (i) A nurse may bump a more junior nurse;
 - (ii) A nurse shall only bump to a position within the bargaining unit for which she/he is qualified to perform the duties and responsibilities.
- (d) Nurses shall be recalled to positions in the bargaining unit in the reverse order of layoff provided they are qualified to perform the duties and responsibilities of the position after a familiarization period of three (3) months.
- (e) All nurses who are on layoff will be given job opportunities in the bargaining unit before any new nurse is hired into the bargaining unit, provided the nurse on layoff is qualified to perform the duties and responsibilities of the position after a familiarization period of three (3) months.

ARTICLE 7 – HOURS OF WORK

- 7.01 The hours of work for nurses shall be flexible. Flexible hours of work shall be subject to the following conditions:
- (a) The regular hours of work shall consist of seventy (70) hours in a pay period (two weeks) scheduled from Monday to Friday;
 - (b) There shall be two (2) paid fifteen (15) minute breaks each day; breaks are not cumulative, nor does the lack of a break period result in overtime or flex time.
 - (c) The regular work day shall consist of seven (7) hours which shall be worked between 0700 hours and 2200 hours of each day;
 - (d) It shall be the responsibility of the nurse in co-operation with her/his team and a supervisor to schedule her/his hours of work in any week provided;
 - (i) Work shall be conducted during regular hours of work except in special circumstances;
 - (ii) A nurse will normally work seven (7) hours per day unless mutually agreed by the nurse and her supervisor;
 - (iii) The nurse's supervisor may, from time to time, review the nurse's schedule and in the event that it is unreasonable, having regard to the requirements of the operation of the Employer and the nurse's

individual situation, the nurse may be required to amend her/his schedule;

- (iv) A nurse may split her/his hours of work in any one day;
- (v) A full time nurse shall receive overtime payment for all hours worked in excess of seventy (70) hours in a pay period (two weeks);
- (vi) A regular part time nurse shall receive overtime payments for all hours worked in excess of seventy (70) hours in a pay period (two weeks);
- (vii) A casual nurse shall receive overtime payments for all hours worked in excess of seven (7) hours per day;
- (viii) A casual nurse who is offered work on a Saturday, Sunday, or Paid Holiday will be paid the appropriate overtime premium for those hours;
- (ix) Overtime and premium pay shall be calculated in accordance with Article 7.02.

- (e) When circumstances arise that a nurse is unable to use planned flex time within the pay period such time shall be carried forward at straight time in their flex bank. However, if the Employer requires the nurse to change her scheduled flex time, the resulting hours will be at overtime rates.

7.02 (a) Overtime

When overtime is necessary (such overtime being verified and authorized by the supervisor or his/her designate) it shall be paid at one and one half (1 1/2) times the nurse's regular hourly rate for each hour of overtime worked. Where mutually agreed between the supervisor and the nurse, overtime may be paid by granting time off at time and one half (1 1/2) for each hour of overtime worked. Overtime shall be calculated according to Article 7.01 (d) (v), (vi), (vii) and (viii).

- (b) A nurse required to work on a Saturday shall be paid for all such hours worked at either the rate of one and one-half times their regular straight time hourly rate of pay or equivalent time off.
- (c) A nurse required to work on a Sunday or a paid holiday shall be paid for all such hours worked at either the rate of two (2) times their regular straight time hourly rate of pay or equivalent time off in addition to the nurse's holiday pay.
- (d) Time off for overtime worked may only be accumulated to a maximum of thirty-five (35) hours. Overtime worked in excess of accumulated time off will be paid at overtime rates per 7.02 (a) and (b) in the pay period following submission of time records.
 - (i) Overtime is to be taken at a time that is mutually agreeable to the nurses and the supervisor.
 - (ii) Nurses who have overtime standing to their credit at the end of the

calendar year are obliged to take such time off by March 31st of the following year. Overtime to be paid to the nurse will be paid prior to December 25 of the year during which it is accumulated. A nurse who has overtime accumulated after the second Friday in December will notify Human Resources within the first week in January whether the time will be paid out or taken in lieu thereof. If it is to be paid out, it will be processed on the next payroll processing date. In any event, the time must be taken before the end of March of the following year.

Overtime carried over for use in the first quarter of the next year can only be taken as time, and not paid out.

7.03 A nurse who is not at work and is called in and required to work outside her/his regular working hours shall be paid for a minimum of three (3) hours at overtime rates provided this minimum guarantee does not apply to situations where a nurse is required to work overtime immediately before or immediately after her/his regularly scheduled shift.

7.04 A compressed work week will be considered by the supervisor so long as such work week does not interfere with the agency's ability to deliver programs and services and does not have a negative impact on the work of other employees.

It shall be the responsibility of the nurse in co-operation with her team and a supervisor to schedule her/his hours of work in any week provided:

- (a) Work shall be conducted during regular hours of work except in special circumstances;
- (b) The nurse's supervisor may, from time to time, review the nurse's schedule and in the event that it is unreasonable, having regard to the requirements of the operation of the Employer, the nurse may be required to amend her/his schedule;

One (1) month prior to the end of her/his probation, or as otherwise deemed necessary, and within ten (10) calendar days prior to expiration of the probationary period, a written assessment of the probationary nurse's performance, ability, etc. will be made by the supervisor. Such assessment by the supervisor shall be discussed with the probationary nurse. During the probationary period, the Employer may discipline or terminate the

employment of the probationary nurse for just cause. No grievance may be submitted under this agreement concerning the discipline, termination of employment or lay-off of a probationary nurse. As required, during this probationary period, the Employer shall initiate the normal contributions and arrange for deductions for such items as those covered in Article 16.

- (b) With the written agreement of the Director, the probationary nurse and the President of the bargaining unit or her/his designate, the probationary period may be extended if the supervisor shows reasonable grounds for an extension. Any extensions agreed to will be in writing and will be to a maximum of two (2) months.

8.02 (a) Probationary nurses shall be given a written performance assessment by the supervisor every two (2) months during the probationary period. Thereafter, the assessment will be completed annually for the subsequent two (2) years, and at least every other year for the remainder of their employment.

- (b) When there is a review of a nurse's performance, which will be placed in the nurse's file, the nurse concerned *will* be given an opportunity to sign the review in order to indicate that its contents have been read and explained. When there are performance issues identified during an *assessment* period, a written performance improvement plan will be outlined with time limits identified.

The nurse will be given a copy of the performance assessment, and where necessary the performance improvement plan.

8.03 Any letter of reprimand, suspension or other sanction will be removed from the record of the nurse eighteen (18) months following the receipt of such letter, suspension or other sanction provided that such nurse's record has been discipline free for eighteen (18) months.

8.04 Upon making an appointment with Human Resources, a nurse may review her/his personnel file in the presence of an HR representative. If the nurse so requests, their senior management staff member or designate, or a nurse representative, may also attend.

ARTICLE 9 – NEW JOB CLASSIFICATION

9.01 When a new position is established the salary shall be negotiated and shall be retroactive to the date the position was first filled. If the parties are unable to agree on the rate of pay of the position in question, the Employer may determine a job classification and rate therefore, but the dispute may be submitted to grievance and arbitration.

- (b) When Remembrance Day falls on a regular Health Unit working day, this will be regarded as a paid holiday. When Remembrance Day falls on a Saturday or Sunday, nurses will be given a floating holiday, which shall be taken at a time mutually agreeable to the nurse and the immediate supervisor during the period November 12th to March 31st of the following year.
- (c) Part time nurses shall be entitled to the benefit of this provision on a pro-rated Basis (the proportion their hours of work bears to full time hours of work).
- (d) Casual nurses will receive paid holiday pay equal to $1/20^{\text{th}}$ of the actual hours worked in the twenty-eight (28) calendar days preceding the paid holiday at their prevailing rate of pay in accordance with Article 21.01. This payment will be processed in the pay period following the pay period in which the paid holiday occurred.

10.02 If a paid holiday falls on a Saturday or a Sunday, it shall be observed on the following working day.

10.03 When a paid holiday falls during a nurse's vacation, accumulated vacation credits will not be reduced for such day.

10.04 In order to be eligible for a paid holiday, a nurse must comply with the following:

A nurse must have worked her regular scheduled work day immediately preceding and immediately following the paid holiday, unless the nurse is absent as a result of an approved leave of absence with pay, an approved leave of absence without pay of not more than ten (10) working days approved by the Director, or is absent due to injury or bona fide illness which may be required to be substantiated by a medical certificate. If the nurse has been billed for the issuance of such certificate, the Employer shall cover those costs.

ARTICLE 11 – VACATIONS

11.01 Vacation time for nurses shall:

- (a) Accumulate at the rate of one and two-thirds ($1 \frac{2}{3} = 1.66$) working days for each month of service up to and including a total of ten 10 years of service; Effective January 1 2018, accumulate at the rate of one-twelfth ($2 \frac{1}{12} = 2.08$) working days for each month of service after ten (10) years of service.

- 11.04 When a nurse's employment is terminated or transferred to casual status for whatever reason, an amount equivalent to her/his vacation, accumulated to the date of termination but not taken, shall be paid. Likewise the equivalent of any over use of vacation entitlement earned at the time of termination will be deducted from the employee's final pay.
- 11.05 If a nurse suffers an injury or illness for which she/he would be entitled to Short Term Disability benefits, as certified by a medical certificate, or entitled to bereavement leave during a scheduled vacation, such time shall be deemed to be absence for illness or injury, pursuant to Article 14, or bereavement, pursuant to Article 13.01, as the case may be. The period of vacation so displaced shall be reinstated for use at a later date. If a medical certificate or medical examination is required by the Employer, the Employer shall cover such costs if the nurse has been billed for such services.

- 18.11 A supervisor is a role within the organization that can be fulfilled by either a Director or Manager. The supervisor is the first-line management person who monitors and regulates the work of a nurse.

ARTICLE 19 – MISCELLANEOUS

- (d) Not have Association dues deducted during this temporary replacement period;

- (f) Not be terminated while in the temporary replacement position. If the nurse's performance is not satisfactory, the nurse will be returned to her bargaining unit position without any loss of service, seniority, benefits, pay rate or vacation entitlement, and will resume accumulation of seniority.

19.03

Job Sharing

- (a) Job sharing requests shall be considered on an individual basis and shall be initiated through a written application by a full time nurse who wishes to job share her/his position. Applications shall be made to the nurse's Director. The Employer may, at its discretion, limit the number of job sharing positions.
- (b) Only a full time position in the bargaining unit may be job shared, and it is understood that the integrity of the full time position will be maintained throughout the job sharing notwithstanding the fact that it is being shared by two (2) nurses. Accordingly, upon the termination of a job sharing arrangement, the shared position will revert to a full time position.
- (c) If two (2) full time nurses wish to job share and the Employer agrees, the full time position being shared need not be posted. The remaining vacant full time position will be posted in accordance with this Collective Agreement.

If one of the employees leaves the job share position, the remaining job sharer will be given the opportunity of reverting to the full time position. If the incumbent job share employee elects to pursue a new job share arrangement, the job share position will be posted in accordance with Article 6.08. If the job share position remains vacant, the position must revert to a full time position.

- (d) An incumbent full time nurse wishing to share her position may do so if agreed by her Director. The other half of her full time position will be posted and selection will be made in accordance with the criteria set out in this Collective Agreement.
- (e) If the incumbent full time employee leaves the position, the job share position must revert to a full time position and be posted in accordance with Article 6.08. The remaining job sharer will be given written notice of lay-off and will be entitled to bump as per Article 6.10 (b).

If the incumbent full time employee's job share partner leaves the position, the incumbent full time employee shall be given the option to revert to a full time position. If the incumbent job share employee elects to pursue a new job share arrangement, the job share position will be posted in accordance with Article 6.08. If the job share position remains vacant, the position must revert to a full time position.

- (f) The Employer will not incur any increased costs as the result of the implementation of a job sharing arrangement except costs related to two (2) nurses on staff sharing a position normally filled by one (1) nurse, such costs being restricted to the issuing of two (2) pay cheques, two (2) personnel files, two (2) performance evaluations, instead of one and counselling and dealing with two (2) nurses instead of one.
- (g) The Employer and the nurses involved reserve the right to assess the suitability of the job sharing arrangement. Accordingly, the Employer shall assess and evaluate the job sharing arrangement. An informal review shall take place at three (3) months with a formal review at nine (9) months and thereafter in accordance with the provisions of this Agreement.

- (h) Either the Union or the Employer may discontinue job sharing arrangement with ninety (90) days' notice. Upon receipt of such notice a meeting shall be held between the parties within fifteen (15) days to discuss the discontinuation. It is understood and agreed that such discontinuance shall not be unreasonable or arbitrary.
- (i) Nurses sharing a job shall be subject to all the terms and conditions of this Collective Agreement between the Employer and the Association as provided for regular full time nurses except as follows:
 - (i) Each nurse shall pay regular monthly Association dues;
 - (ii) Each job sharer shall accumulate seniority according to hours worked;
 - (i) The total number of hours of the full time position will be equally divided by the two (2) job sharers so as to equal one (1) full time position. The division of hours of work over the full time position between the two (2) job sharers shall be determined by mutual agreement between the two (2) job sharers and their supervisors. The ultimate schedules shall be subject to the approval of the nurses' supervisors;
 - (ii) Vacation pay and paid holiday pay shall be pro-rated on the basis that a job sharing nurses' hours of work bear to regular full time hours. It is understood that vacations shall not overlap and that job sharers may be required to cover each other during the other's vacation period;
 - (iii) Since nurses affected by job sharing will be sharing, on an equal basis, one full time position, the Employer shall only be obligated to pay fifty (50%) percent of its normal contribution towards the cost of the premiums for any benefits payable under the provisions of this Collective Agreement to each job sharing nurse where the cost of such benefits is not based upon a nurse's salary;
 - (iv) It will be the responsibility of job sharers to make themselves available to keep themselves and each other informed with respect to Health Unit communications;
 - (v) Job sharers will be paid at their rate of pay according to their placement on the salary schedule according to hours worked; Salary increments for job share employees will be given on an annual basis.
 - (vi) Job sharers are not required to cover for their partner during sick leave, but may do so if there is a mutual agreement between the job sharer and the Director;
 - (vii) Job sharers shall be placed on the seniority list referred to in Articles 6.01 and 6.06;
 - (viii) Following the annual preparation of the seniority list, job share nurses' vacation accumulation will be adjusted for the previous year based on the seniority accumulated for the previous year.

- j) Nurses in a job share, who want to work extra hours, will provide their availability including geographic preference, if any, to HR@healthunit.org by no later than February 1st and August 1st.

When extra hours are available, they will first be offered to job sharers on the basis of seniority, as long as premium pay is not incurred, then the extra hours will be offered to part-timers then to casuals.

19.04

Individual Special Circumstance Arrangements

- (a) The Health Unit and the Association recognize that there may be situations where it is appropriate to implement Individual Special Circumstance Arrangements to temporarily reduce the regular hours of work for a full time permanent nurse based on individual requests.
- (b) The parties agree the intention of creating this type of arrangement is primarily to retain Full-time Registered Nurses who have identified a special circumstance. The decision to allow an Individual Special Circumstance Arrangement will be made in consideration of the service requirements of the Employer.
- (c) Individual requests for the coming calendar year will be submitted in writing to the nurse's Director and Manager, with a copy to the Bargaining Unit President, using the ISCA request form, developed in collaboration with the Union, by October 31st. Once a request is received, the Union and the Employer will meet via the ONA Management Committee, to discuss the number of requests received from nurses related to the service needs.
- (d) Requests will only be considered to reduce the regular hours of work for a full time permanent nurse by one (1) or two (2) days per pay period, resulting in their position becoming 0.9 FTE or 0.8 FTE for the period of the Individual Special Circumstance Arrangement. Individual Special Circumstance Arrangements shall be based on a calendar year for a minimum of 6 months duration and a maximum of one (1) year, at which time, the Nurse will return to full time hours unless an extension is agreed to by the Association and the Employer.
- (e) The decision to enter into an arrangement shall require the mutual agreement of the Association, the Employer and the Nurse. The Employer may limit the number of Individual Special Circumstance Arrangements approved in each calendar year. Approvals for this type of arrangement will be based on the departmental seniority of those who request such arrangement.
- (f) The Union, the Employer or the Nurse may request to discontinue the arrangement with ninety (90) days written notice. Upon receipt of such notice a meeting shall be held between the parties within fifteen (15) days to discuss the discontinuation unless all parties agree not to meet. It is understood and agreed that such discontinuation shall not be unreasonable or arbitrary. Should the arrangement be discontinued the Nurse shall revert back to her/his 1.0 FTE permanent position.

- (g) The parties agree that the use of the unfilled hours of work resulting from these arrangements will be determined through discussions between the Employer and Representatives of the Association.
- (h) In the event that the Nurse in a Individual Special Circumstance Arrangement resigns, transfers, or is terminated, the arrangement will end and the full time position will be posted.
- (i) Regardless of Article 6, seniority shall be prorated to reflect the Individual Special Circumstance Arrangement.
- (j) Vacation accumulation shall be prorated to reflect the reduced hours of work for the period of the Individual Special Circumstance Arrangement.
- (k) Any increase to the rate of pay or to the rate of vacation accumulation due to the Nurse during the period of the Individual Special Circumstance Arrangement shall be awarded to the Nurse in the same fashion as it would have been awarded if the Arrangement were not in place.
- (l) The Nurse will be responsible for the prorated share of the premiums to allow continuation of Extended Health Care, Semi Private and/or Dental benefits related to her/his reduction in hours. For example, if the Nurse becomes a 0.9 FTE for the period of the Individual Special Circumstances Arrangement, the Nurse will be responsible for 10% of the Employer's share of the cost of premiums for the continuation of Extended Health Care, Semi Private and/or Dental benefits in addition to the amounts paid as a full time Nurse. Likewise, a 0.8 FTE Nurse will be responsible for 20% of the premiums.
- (m) The Nurse will be given the option to purchase the OMERS broken service at the end of each calendar year. The cost of this purchase will be entirely borne by the Nurse.
- (n) The Employer will provide a letter confirming the Individual Special Circumstance Arrangement for each individual by December 1st of each year.
- (o) A nurse in an Individual Special Circumstance Arrangement will be eligible for a supplemental employment benefit during her pregnancy/parental leave based on her prorated hours, unless the ISCA is discontinued within ninety (90) days of the expected date of delivery, upon which she would receive the supplemental full time profile.

19.05 Loss or damage to equipment resulting from business activities will be the Health Unit's responsibility, as long as the loss or damage is reported immediately to the employee's supervisor.

Loss or damage to equipment resulting from personal use will be the employee's responsibility.

All cases of loss or damage to Health Unit equipment will be investigated by the supervisor.

LETTER OF UNDERSTANDING

between

**THE BOARD OF HEALTH FOR THE LEEDS,
GRENVILLE AND LANARK DISTRICT HEALTH UNIT**

and

ONTARIO NURSES' ASSOCIATION

RE: Staffing and Workload Issues

The parties agree that:

The creation of part time public health nursing positions would be advantageous to program delivery since another trained individual would be available to work extra hours as program needs arise.

A reduction in the availability of casual nurses and the reduction of biweekly hours of work for full time nurses impacts the remaining full time nurses by necessitating redistribution of workloads and overtime.

It is not the intention of the Employer to use casual nurses for normal day to day operations.

Nurses on the casual list will provide their availability including geographic preference, if any, to HR@healthunit.org by no later than February 1st and August 1st.

In the event that casual nurses are needed, they will be called in on the basis of availability. If more than one nurse is available, they will be called in on the basis of seniority.

When a temporary nursing need is known and funding for such need is available, a term position will be posted.

The Employer intends to maintain a reasonable pool of casual nurses to be called upon during periods of vacation, short term temporary absences for other reasons and during temporary times of peak workload.

The parties will look at the feasibility of implementing part time positions as opportunities arise.

The ONA/Management Committee will be used on an ongoing basis as a forum to review/discuss the issues within this letter and input from the members of the Association will be considered by management in their plans for resolution.
