- ii) The nurse shall give written notification at least one (1) month in advance of the date of commencement of such leave and the expected date of return.
- iii) The nurse shall reconfirm her intention to return to work on the date originally approved in subsection (ii) above by written notification received by the Home at least four (4) weeks in advance thereof. The nurse shall be reinstated to her former position unless the position has been discontinued in which case she shall be given a comparable job.
- iv) Nurses newly hired to replace nurses who are on approved pregnancy leave may be released and such release shall not be the subject of a grievance or arbitration. If retained by the Home, in a permanent position, the nurse shall be credited with seniority from date of hire subject to successfully completing her probationary period. The nurse shall be credited with tours worked (hours worked for nurses whose regular hours of work are other than the standard work day) towards the probationary period to a maximum of 30 tours (225 hours for nurses whose regular hours of work are other than the standard work day).

The Home will outline to nurses hired to fill such temporary vacancies the circumstances giving rise to the vacancy and the special conditions relating to such employment.

- v) The Home may request a nurse to commence pregnancy leave at such time as the duties of her position cannot reasonably be performed by a pregnant woman or the performance or non-performance of her work is materially affected by the pregnancy.
- vi) On confirmation by the Employment Insurance Commission of the appropriateness of the Home's Supplemental Employment Benefit (SUB) Plan, a nurse who is on pregnancy leave as provided under this Agreement who has applied for and is in receipt of Employment Insurance pregnancy benefits pursuant to Section 22 of the *Employment Insurance Act*, shall be paid a supplemental employment benefit. That benefit will be equivalent to the difference between eight-four percent (84%) of her regular weekly earnings and the sum of her weekly Employment Insurance benefits and any other earnings. Such payment shall commence following completion of the Employment Insurance waiting period, and receipt by the Home of the nurse's Employment Insurance cheque stub as proof that she is in receipt of Employment Insurance pregnancy benefits, and shall continue while the nurse is in receipt of such benefits for a maximum period of fifteen (15) weeks. The nurse's regular weekly earnings shall be determined by multiplying her regular hourly rate on her last day worked prior to the commencement of the leave times her normal weekly hours, which, for part-time nurses, includes the payments made in lieu of fringe benefits. This benefit will be paid biweekly.

The employee does not have any vested right except to receive payments for the covered unemployment period. The plan provides that payments in respect of guaranteed annual remuneration or in respect of deferred remuneration or severance pay benefits are not reduced or increased by payments received under the plan.

(b) Parental Leave

- i) A nurse who becomes a parent of a child is eligible to take a parental leave in accordance with the provisions of the Employment Standards Act, except where amended in this provision.
- ii) A nurse who has taken a pregnancy leave under Article 9.03 (a) is eligible to be granted a parental leave of up to eighteen (18) weeks duration, in accordance with the Employment Standards Act. A nurse who is eligible for a parental leave who is the natural father or is an adoptive parent may extend the parental leave for a period of up to six (6) months duration, consideration being given to any requirements of adoption authorities. In cases of adoption, the nurse shall advise the Home as far in advance as possible with respect to a prospective adoption and shall request the leave of absence, in writing, upon receipt of confirmation of the pending adoption. If, because of late receipt of confirmation of the pending adoption, the nurse finds it impossible to request the leave of

absence in writing, the request may be made verbally and subsequently verified in writing.

- iii) The nurse shall be reinstated to her former position, unless her former position has been discontinued, in which case she shall be given a comparable job.
- iv) Nurses newly hired to replace nurses who are on approved parental leave may be released and such release shall not be the subject of a grievance or arbitration. If retained by the Home, in a permanent position, the nurse shall be credited with seniority from date of hire subject to successfully completing her probationary period. The nurse shall be credited with tours worked (hours worked for nurses whose regular hours of work are other than the standard work day) towards the probationary period to a maximum of 30 tours (225 hours for nurses whose regular hours of work are other than the standard work day).

The Home will outline to nurses hired to fill such temporary vacancies, the circumstances giving rise to the vacancy and the special conditions relating to such employment.

- v) On confirmation by the Employment Insurance Commission of the appropriateness of the Home's Supplemental Unemployment Benefit (SUB) Plan, a nurse who is on parental leave as provided under this Agreement who has applied for and is in receipt of Employment Insurance parental benefits pursuant to Section 23 of the Employment Insurance Act, shall be paid a supplemental unemployment benefit. That benefit will be equivalent to the difference between eighty-four percent (84%) of her regular weekly earnings and the sum of her weekly Employment Insurance benefits and any other earnings. Such payment shall commence following completion of the Employment Insurance waiting period, and receipt by the Home of the nurse's Employment Insurance cheque stub as proof that she is in receipt of Employment Insurance parental benefits, and shall continue while the nurse is in receipt of such benefits for a maximum period of twelve (12) weeks. The nurse's regular weekly earnings shall be determined by multiplying her regular hourly rate on her last day worked prior to the commencement of the leave times her normal weekly hours, which, for part-time nurses, includes the payments made in lieu of fringe benefits. This benefit will be paid biweekly.

The employee does not have any vested right except to receive payments for the covered unemployment period. The plan provides that payments in respect of guaranteed annual remuneration or in respect of deferred remuneration or severance pay benefits are not reduced or increased by payments received under the plan.

12.07 Make-Up Salary

(I) Workers' Compensation

- a) If a nurse is absent from work as the result of a compensable injury for which the employee is granted benefits by the Workplace Safety and Insurance Board for a period of temporary total disability, the Corporation agrees to pay, in addition to the amount of compensation awarded by the Board, the difference between the amount of the nurse's net regular salary or wages and the amount of the benefits for the period of temporary total disability for the first twenty-six (26) weeks of such disability. Such payments shall be subject to the following conditions:

- 1) The Workplace Safety and Insurance Board shall have determined that the employee has sustained personal injury by accident arising out of and in the course of her employment with the Corporation.

- 2) The employee must have formally elected to take compensation in cases where any third party is involved.
- 3) Such payments shall not extend to cases of permanent total disability, in which cases the benefits granted by the Workplace Safety and Insurance Board shall be final, nor shall they extend to cases where the employment is terminated before the period of temporary total disability has expired.

In the event such absence continues beyond the said twenty-six week period, she will receive the amount awarded by the Workplace Safety and Insurance Board for the disability.

- b) Effective January 1, 1992, provided the Corporation continues to pay compensation as a Schedule 2 Employer under the Workers' Compensation Act, where an employee is absent as a result of an injury allegedly sustained at work, and the employee has made application for compensation and has elected to take compensation, the Corporation will make advances at the employee's normal rate of pay up to a total amount equivalent to the employee's sick leave credits. If the claim has not been approved by the Workplace Safety and Insurance Board at the exhaustion of the employee's sick leave credits and the employee continues to be absent, no further advances will be made by the Corporation.

Where the employee has no sick leave to her credit, her wages will be discontinued until the Board renders its decision. If the claim is subsequently approved, the days charged against the employee's sick leave for such absence will be accordingly credited back to the employee.

- c)
 - (i) Subject to amendment to the Workers' Compensation Act, it is agreed that whenever an employee shall recover from a third party any amount claimed for loss of wages or sick leave, she shall repay to the Corporation forthwith the amount of all monies paid to her by the Corporation, either by way of sick leave or advances of salary or wages, in respect of the period for which such amount is recovered from the third party as aforesaid, provided that the amount to be repaid to the Corporation shall not exceed the amount recovered as aforesaid, and upon such repayment to the Corporation, the equivalent amount of any sick leave credit which may have been deducted, shall be restored to such employee.
 - (ii) Where an employee is absent from work due to the recurrence of a compensable injury and for which injury the employee has been awarded a disability pension by the Workplace Safety and Insurance Board, the Corporation shall be entitled to deduct and retain the prorated amount of such pension from Workers' Compensation benefits otherwise payable to such employee.

d) Jury and Witness Duty

Nurses who are subpoenaed to serve as witnesses or nurses who are served with jury notices for jury duty in criminal or civil courts, or are required to attend a coroner's inquest in conjunction with a case arising from the nurse's duties at the Lodge, shall be granted leave of absence for such purpose without loss of any privileges. Where a nurse is excused before four (4) hours of jury/witness duty has expired she will report back promptly for work if scheduled to work on that day. For those days of work the nurse's schedule will be changed to be considered as day shift; pre-scheduled days off will not change, unless the nurse is attending four or more consecutive days of jury duty, in which case days off will be Saturday and Sunday. Basic pay will continue to be issued on the usual pay dates. At the conclusion of her witness/jury duty, the nurse shall obtain a certificate from the Court or Coroner, showing the period of her jury or witness service and the amount of compensation received, and shall deposit this certificate together with the full amount of the compensation, but not including travelling allowances, with the Commissioner of Corporate Services & Treasurer.

(II) Subrogation of Benefits

Where the City pays an amount claimed for sick leave or the City's insurer pays an amount under the Long Term Disability Plan to an employee for an injury or disease for which one or more third parties are, or may be legally liable, the City or the insurer, whichever the case may be, will be subrogated to all rights of recovery of the said employee against the third parties to the extent of the total amount of benefits which the City, or the insurer, pays to the employee. The said employee will co-operate with the City or the insurer, to allow them to do what is reasonably necessary to enforce their rights to subrogation, the signing of any documentation required to initiate or effect any settlement or legal action.

(III) Sick Leave

It is agreed that whenever an employee shall recover from a third party, any amount claimed for loss of wages or sick leave he shall repay to the Corporation forthwith the amount of all monies paid to him by the Corporation, either by way of sick leave or advances of salary or wages, in respect of the period for which such amount is recovered from the third party as aforesaid, provided that the amount to be repaid to the Corporation shall not exceed the amount recovered as aforesaid, and upon such repayment to the Corporation, the equivalent amount of any sick leave credit which may have been deducted, shall be restored to such employee.

12.09 Responsibility Allowance

A part-time nurse whose status is altered to full-time within the same classification will assume her same level on the full-time grid and a full-time nurse whose status is altered to a part-time nurse within the same classification, will assume her same level on the part-time grid. For the purpose of this clause, a nurse who is transferred will receive full credit for tours worked since her last advancement on the grid for the purposes of further progression on the grid. Such nurse shall also receive full credit for her service for purposes of vacation entitlement.

ARTICLE 13 – HOURS OF WORK

13.01 The normal standard hours of work shall be an average of seventy-five hours (75) bi-weekly and seven and one-half (7.5) hours per day, excluding a one-half hour unpaid mealtime period. The parties further agree that during the unpaid mealtime period, nurses may leave the premises upon notification to the Director of Care or designate.

13.02 The work week shall be defined as being from 2300 hrs. Saturday to 2259 hrs. the following Saturday. The night shift shall be the first shift of the day. The normal standard shifts shall be as follows:

07:00 hours – 15:00 hours (Day Shifts)

15:00 hours – 23:00 hours (Evening Shifts)

23:00 hours – 07:00 hours (Night Shifts)

The aforementioned standard hours of work and shift schedule are stated solely for the purpose of calculating overtime and shall not be construed as a guarantee of any minimum or a restriction on any maximum number of hours to be worked.

- (a) Nurses will attend for work fifteen (15) minutes before the above shift commencement hours for the purpose of report and such time shall be considered part of the nurses' normal work shifts.
- (b) Where a nurse notifies her immediate supervisor that she will be unable to take her scheduled lunch break, and where the supervisor is unable to reschedule such break, such nurse shall be paid time and one-half (1½) times her regular straight time hourly rate for all approved time worked in excess of her scheduled daily hours.

13.03

Schedule Regulations

- (a)
 - i) Two days off will be scheduled during each work week.

If the nurse is scheduled to work in excess of seven (7) consecutive days, she shall be paid time and one-half (1½) for all days scheduled in excess of seven (7) days until a day off is granted.
 - iii) There shall be a period of not less than sixteen (16) hours off between a change of shift unless mutually agreed otherwise. Split hours shall not be scheduled. The Employer will schedule forty-eight (48) hours off after a period of regularly scheduled night duty. Failure to comply with the above-noted conditions will result in the payment of time and one-half (1½) the nurse's regular straight time rate of pay for the following tour of duty worked.
- (b) Tours of duty schedules shall be posted at least four (4) weeks in advance, and shall cover a four week period. Requests for specific days off are to be submitted in writing at least two (2) weeks in advance of posting. Requests for change in posted time schedules must be submitted in writing one (1) week prior to the request, where possible, and co-signed by the nurse willing to exchange a scheduled tour of duty. Requests will be granted based upon operational requirements as determined by management. In any event, it is understood that such a tour of duty, initiated by the nurse and approved by the Lodge shall not result in overtime compensation or payment. No change in the posted tour of duty schedules for full-time nurses may be initiated by the Employer without twenty-four (24) hours' notice of such change. Failure to comply with the above noted conditions will result in overtime payment to the nurse for all hours affected by the change at the rate of one and one-half (1½) times the nurse(s)' regular straight time rate of pay.
- (c) Each nurse is entitled to at least two (2) weekends off in four (4). Each nurse is entitled to the weekend off either before or after her annual vacation leave if she so requests. Such a request will constitute a waiver of scheduling regulations by the nurse to the extent necessary to grant the request and must be made two weeks in advance of posting the schedule for the tour within which the vacation is scheduled. If a nurse is required to work a third consecutive and subsequent weekend, she will receive premium payment of time and one-half (1½) for all hours worked on that weekend and subsequent weekends until a weekend is scheduled off, save and except where:

- i) Such weekend has been worked by a nurse to satisfy specific days off requested by such nurse;
- ii) Such weekend was scheduled to accommodate the nurse's request to have the weekend off before or after her annual vacation to which each nurse is entitled;
- iii) Such nurse has requested weekend work;
- iv) Such weekend was worked as a result of an exchange with another nurse.

A weekend is defined as consisting of fifty-six (56) consecutive hours off work during the period following the completion of the Friday shift until the commencement of the Monday shift.

- (d) These scheduling regulations may be waived between December 15th and January 15th, so that all nurses will receive at least three (3) consecutive days off alternately on a yearly basis for Christmas or New Year's.

- (c)
 - i) For all authorized overtime designated by the Employer, the employee shall be paid at the rate of time and one-half (1½) of the regular rate of pay.
 - ii) When a nurse is required to work overtime on an overtime tour, on a paid holiday, on a tour that is paid at the rate of time and one-half her straight time hourly rate or on a Sunday, the nurse shall be paid two (2) times her straight time hourly rate for all additional hours worked.

all hours worked with a minimum guarantee of three (3) hours pay at time and one-half.

- (f) The provisions of payment of sick leave credits shall not extend to overtime work.
- (g)
 - i) An employee may bank overtime to a maximum of forty (40) straight time hours on an ongoing basis.
 - ii) The nurse shall be responsible for indicating on the overtime application whether the time is to be accumulated.
 - iii) Employees shall be credited with banked time at the premium rates as specified in the contract. (e.g. time and one-half; - one hour overtime work will be banked to the employee's credit as one and one-half hours; double time - one hour's overtime worked shall be banked to the employee's credit as two hours).
 - iv) An employee may use overtime hours banked for limited leave of absence with pay, subject to the approval of the Employer, so far as may be allowed to ensure the efficient operation of the Home.
 - v) All hours banked to the credit of an employee shall, if unused, and requested, be paid out to the said employee at her then current rate of pay on the first pay day after December 1st each year. The employee must make such request by no later than November 1st of each year.
- (h) All overtime for full-time nurses shall be distributed equitably. Nurses who do not wish to be offered overtime work, shall notify the Director of Care or designate in writing. A full-time or part-time nurse who is unable to attend work for a scheduled evening or night shift must provide at least four (4) hours' notice prior to the commencement of the shift. Similarly before returning to work after an absence, she must notify the Nurse on duty of her intention to return to work at least six (6) hours before the commencement of her scheduled shift.

13.06

The Corporation shall continue the practice of preferred shift selection for full-time nurses.

During the month of September in each calendar year, all full-time nurses shall indicate in writing to the Lodge which shift they prefer to work on a permanent basis. Should a conflict in selection occur seniority shall be the determining factor. Such shift selection will remain in effect for the following calendar year. Shifts shall only be changed by mutual consent. The practice of preferred shift selection does not disentitle a full-time nurse from working additional or overtime shifts on other than her permanent shift.

Notwithstanding the above, the Employer may schedule full-time nurses on other than their permanent shift for the purpose of scheduled inservice or refresher.

- 13.07 A nurse who reports to work as scheduled, unless otherwise personally notified by the Home, and is subsequently sent home, shall receive a minimum of four (4) hours pay at her regular straight time hourly rate. The actions taken here shall not be considered a lay-off within the collective agreement.

The provisions set out in Article 3(b) of this by-law are not subject to the grievance and arbitration procedures. All issues outside Article 3(b) will follow Article 5(b)(i).

5(c) All notices of hearing of any such appeal shall be mailed or delivered to all parties concerned, not less than three (3) days prior to the date set by the Chief Administrative Officer or designate for hearing any such appeal.

 - (c) The Treasurer shall provide and keep a register in which all sick leave credit shall be recorded so that the register will show the net sick leave credit of every employee which remains after all his sick leave absences have been deducted from his accumulated sick leave credit.
3.
 - (a) Each employee shall be entitled, for every month of regular attendance, to a sick leave credit at the rate of not more than 1-1/2 days per month, and the sick leave credit of an employee shall be cumulative.
