ARTICLE 1 – PURPOSE AND RECOGNITION

- 1.01 The general purpose of this Agreement is to establish mutually satisfactory employment relations between the Employer and the Union. It provides means for the settlement of grievances and for the final settlement of disputes. Salaries, hours of work, and other conditions of employment are established by mutual agreement. It is recognized that Nurses wish to work cooperatively with the Employer to provide the best possible community health services.
- 1.02 The Employer recognizes the Union as the exclusive bargaining agent for all Registered Nurses employed by the Employer save and except Managers and persons above this classification.
- 1.03 No work customarily performed by any of the classifications, as set out in this Agreement, shall be performed by another Employee of the Health Unit or contracted out if such contracting out causes Employees in the bargaining unit to work fewer than their normal number of hours, to be laid off, or if such contracting out results in the termination of bargaining unit staff. In the event that an Employee leaves the employ of the Employer and the Employer is not able to hire a replacement Nurse, then that work may be contracted out until a suitable Nurse can be hired. The Employer will not unduly delay the search for a satisfactory replacement.

ARTICLE 2 – REPRESENTATION AND ASSOCIATION SECURITY

- 2.01 The Employer will recognize the following Committees. Members of the bargaining unit shall elect the ONA members. The ONA members elected shall be members who have completed their probationary term.
- The Committees are:
- (a) Negotiating Committee;
 - (b) Grievance Committee;
 - (c) Nurse-Management Committee;
 - (d) Joint Occupational Health and Safety Committee;
 - (e) Professional Development Committee;
 - (f) Nursing Practice Council.
- 2.02 It is acknowledged that the final decision on policy matters rests with the Board of Health, as advised by the Medical Officer of Health.
- 2.03 The Employer and the Union agree that a Staff Representative of the Ontario Nurses' Association and/or Health Unit legal counsel may attend meetings of any of the Committees named in Article 2.01 above.
- 2.04 Committee Members shall not leave their regular duties to act in connection with those Committees designated in Article 2.01 without first obtaining prior permission from their immediate Manager or Designate. Committee members shall obtain such permission by speaking directly to either the immediate Manager or Designate, or, where the Committee Member knows of the meeting at least two (2) days prior to the meeting, by noting the meetings as entered on the weekly activity schedule. If permission to attend is denied, the Manager will provide this in writing to the Nurse.

In situations that arise on the same day as the Committee Member is required to attend a committee meeting, the Member shall notify the immediate Manager or Designate of the meeting.

- 2.05 The Employer will pay such Representatives at their respective salaries for all regular time lost in investigating or processing grievances and in negotiating renewals of this Agreement, and while attending meetings with the Employer, provided that no payment shall be made for meetings held outside normal working hours.
- 2.06 Both the Employer and the Union are committed to providing a workplace free of discrimination and harassment and will not engage in discrimination or harassment because of prohibited grounds. "Prohibited grounds" shall be interpreted in accordance with and subject to the provisions of the Ontario Human Rights Code (ie. race, ancestry, place of origin, colour, ethnic origin, citizenship, creed, sex, sexual orientation, age, marital status, family status, record of offences for which a pardon has been granted or disability).
- 2.07 The Employer will deduct from the pay due to each Nurse who is covered by this Agreement an amount equal to the regular monthly Association dues designated by the Union. The deduction period for a part-time Nurse may be extended where the Nurse does not receive any pay in a particular month. The remittance list shall include the Nurses social insurance number.

Where a Nurse has no dues deducted during the payroll period from which dues are normally deducted, that deduction shall be made in the next payroll provided the Nurse has earnings in the next payroll period.

If the failure to deduct dues results from an error by the Employer, then, as soon as the error is called to its attention by the Union, the Employer shall make the deduction in the manner agreed to by the parties.

The amounts so deducted shall be remitted monthly to the Vice-President, Finance of the Union, at 85 Grenville Street, Suite #400, Toronto, Ontario, M5S 3A2, no later than the end of the month following the month in which the dues were deducted.

- 2.08 (a) All new Nurses will be personally introduced to a member of the Union Executive during the first week of work.
- (b) During the orientation period, a member of the Executive shall be allowed a reasonable period of time, within regular working hours, to interview such Nurses and to discuss the benefits and duties of Association membership and responsibilities to the Union and to the Employer.

ARTICLE 3 – MANAGEMENT RIGHTS

3.01 The Union recognizes the right of the Employer to hire, layoff, promote, demote or transfer any Employee and to discipline, suspend, or discharge any Employee for just cause. The Union further recognizes such other rights as the Employer might have conferred upon it by any Statute from time to time. The exercise of such rights by the Employer shall be subject to the right of the Employee, or Association, to lodge a grievance in the manner and to the extent provided herein.

3.02 The Union further recognizes the right of the Employer to operate and manage its business in all respects in accordance with its responsibilities. In addition, the location of its places of employment, the methods, processes and means of performing the various works are the right and responsibility of the Employer. The Employer also has the right, and the Union recognizes it, to make and alter, from time to time, reasonable rules and regulations to be observed by the Employees, which rules and regulations shall not be inconsistent with the provisions of this Agreement.

3.03 No Employee shall be required or permitted to make any written or verbal agreement which may conflict with the terms of this Agreement.

ARTICLE 4 – DEFINITIONS AND HOURS OF WORK

4.01 Full-time Nurse – is a Nurse who works thirty-five (35) hours per week.

- (a) Time spent by a Nurse reporting to the office or first call or returning to her/his residence shall not constitute time worked. However, when a Nurse's first and/or last call of the day is more than 22 kilometres from his/her regular workplace, the Nurse will be paid for travel time on the basis of the time to travel to the next destination. The calculation of time will be based on the lesser of the travel time from the Nurse's home or from the Nurse's regular office on the first call and the lesser of the travel time to the Nurse's home or to the Nurse's regular office on the last call.
- (b) When a Nurse has completed his/her work for the day and has left his/her place of work and then returns to work to perform an assignment directed by the Employer, the Nurse shall be paid for travel time to the workplace. The calculation of time will be based on the lesser of the travel time to the

assigned location from the Nurse's home or from the Nurse's regular office and vice versa on the return home.

4.02 Regular Part-time Nurse – is a Nurse who works a mutually agreed pre-determined work schedule of less than five (5) days per week and/or less than the normal daily hours and/or less than twelve (12) calendar months per year.

(b) A Contract Nurse hired as a temporary replacement, for a period not to exceed twenty-four (24) consecutive months, shall be advised in writing at the time of hiring of her/his temporary status and of her/his period of employment. Notwithstanding any other term or provision of this Agreement, her/his employment shall automatically terminate at the end of the specified period. If, however, the Employer decides to offer her/him employment as a regular full-time Nurse her/his seniority will date from date of last hire

(c) A Contract Nurse will not be entitled to the coverage of Article 7 until she/he has been employed for thirty (30) working days.

(d) Temporary employment of a Contract Nurse may be extended on a temporary basis for a specified period by mutual agreement of the parties to this Agreement.

(e) Contract Employees hired after the date of ratification will be entitled to receive the Health and Welfare Benefits prescribed in Articles 14.03 to 14.07 of the collective agreement (save and except Hearing Aid coverage) during the periods they are actively working as contract employees.

To be eligible for the foregoing benefits, a contract employee must exceed sixty (60) working days in each instance where the period between the contract assignments exceeds two (2) months.

(f) A Contract Nurse who has accumulated two hundred (200) days worked as a Contract Nurse at the Health Unit within two (2) consecutive years of the proposed hiring, may be offered employment as a full-time or regular part-time Nurse when an additional full-time or regular part-time Nurse is to be hired.

4.04 (a) The normal hours of operation for the Health Unit are 8:30 a.m. to 4:30 p.m., Monday to Friday. However, it is recognized that the nature of community health nursing often requires flexible work hours.

(b) The normal work week will be thirty-five (35) hours per week (exclusive of meal times), but inclusive of two (2) fifteen (15) minute rest periods per day, or shall average seventy (70) hours over a biweekly pay period.

(c) A Nurse may, at her own discretion, adjust her work time for work related purposes within a seventy (70) hour pay period, ensuring with her

immediate Manager or Designate that there is adequate coverage in her area of work during her time off duty within normal working hours.

- (d) Nurses will maintain a planned and current activity schedule for the pay period that will be kept in their Outlook calendar.
- (e) All work in excess of seventy (70) hours in a pay period (two weeks) will be compensated in pay or time off at the rate of time and one-half, at the Nurse's discretion. Compensatory time off is to be taken within two (2) pay periods subsequent to the pay period in which it is earned, in consultation with the Employee's Supervisor. It is understood that overtime worked shall be approved, either prior or post, by the Manager, the Divisional Director, or the Medical Officer of Health.
- (f) All weekend work required by the Employer will be compensated at the rate of time and one half on Saturdays and double time on Sunday.
- (g) The scheduling of weekend work will be done on a self-scheduling basis subject to approval by the manager as outlined below:

 - ii) Nurses will schedule themselves for the required number of weekends starting with the most senior Nurse on the seniority list.
 - iii) Where a Nurse takes sick leave on a weekend she has scheduled herself to work, she is required to notify the appropriate supervisory person by 0830 hours.
 - iv) All Nurses will be permitted to exchange scheduled weekends with another Nurse provided the request is made in writing and signed by both Nurses involved. Any changes must be approved by management. Such approval shall not be unreasonably denied.
 - v) A Nurse scheduled to work a holiday weekend will make reasonable effort to cover the corresponding holiday(s). It is understood and agreed that two Nurses may agree to split a holiday long weekend. This agreement is to be in writing and signed by both Nurses involved. Any changes must be approved by management. Such approval shall not be unreasonably denied.
- (h) Weekend work that arises after 4.04 (g) has been complied with shall be shared equitably amongst the Nurses in a program on a rotating basis who are qualified to perform the work in question.

4.05

In the event an emergency is declared by the Medical Officer of Health (MOH), notwithstanding seniority, nurses will be required to work according to operational needs. All staff may be contacted and requested to work, including those nurses on vacation, leave, flex, etc. Requests to work during emergencies may be refused only in extenuating circumstances.

ARTICLE 5 – SENIORITY

5.01 Previous Public Health nursing experience will be recognized by the Employer and Nurses will be given full credit for years of service and placed on the salary grid based on years of experience to the grid maximum.

Previous nursing experience (uninterrupted) which includes education leave, other than an official Public Health Agency, will be credited on the basis of one year for each two years of service and the Nurse will be placed on the salary grid accordingly to the maximum of the 6th level on the grid.

Note: Interrupted shall be defined to be when a period of more than 2 years has lapsed since the nurse occupied a full time or part time nursing position.

5.02 Contract Nurses who are offered full-time or regular part-time employment pursuant to Article 4.03(b) of this Agreement shall be credited with seniority equal to their accumulated days worked and will be deemed to have completed their probationary period, provided the accumulated days worked exceed the probationary period. Where the Contract Nurse has worked less than the probationary period, such time worked will be credited toward the Employee completing the probationary period, in accordance with Article 5.10 of the Collective Agreement.

5.03 A Nurse who transfers to a position with the Health Unit outside the bargaining unit shall only be entitled to return without loss of seniority if he or she is not confirmed in the new position within twelve (12) months, and if he or she does not displace a non-probationary member of the bargaining unit.

5.04 Seniority shall commence and accumulate for the purposes of this Agreement from the date on which the Nurse commenced employment as a full-time or regular part-time Nurse within the bargaining unit.

It is understood that adjustments will be in compliance with 5.02.

5.05 A seniority list shall be compiled to the first of January and July in each year, listing by name, date when seniority commenced, length of seniority having regard to adjustments for leave of absence, part-time employment, increment advancement date, classification and other matters set out in this Agreement. A copy of such seniority list shall be sent to the Bargaining Unit President, the Union, and posted after preparation.

5.06 Seniority is based upon 1820 hours of work and the length of continuous employment with the Employer since the last date of hire but adjusted to recognize any periods of leave of absence in which seniority was maintained but did not accumulate, and prorating for part-time employment.

5.07 Seniority shall be retained and accumulated when a Nurse is absent from work under the following circumstances:

- approved leave of absence with or without pay not to exceed twenty-five (25) working days in any calendar year, unless absent while attending to Union business;
- approved leave of absence for education purposes related to the public health nursing field;

- when in receipt of WSIB Benefits;
- when serving as the Provincial President of ONA;
- for medical reasons for a period of up to one (1) year provided the conditions of Article 9.06 are met;
- leaves of absence to attend to College of Nurses of Ontario business and leaves of absence for Registered Nurses Association of Ontario business;
- while on pregnancy and/or parental leave.

This clause shall be interpreted in a manner consistent with the Ontario Human Rights Code and the Employment Standards Act.

5.08 Seniority shall be retained but not accumulated when a Nurse is absent from work under the following circumstances:

- approved leave of absence not specified in 5.07 above;
- when a Nurse is laid off due to reduction in nursing staff, seniority shall be retained for a period of twenty-four (24) months.

This clause shall be interpreted in a manner consistent with the Ontario Human Rights Code.

5.09 Seniority shall be lost and a Nurse shall be deprived of any further rights under this Agreement under the following circumstances:

- voluntary resignation of employment;
- discharge for just cause and not reinstated;
- laid off for a continuous period of twenty-four (24) months calculated from date of layoff;
- a Nurse who is absent from work for two consecutive working days without permission and without reporting to the Manager a proper cause for absence (unless prevented from reporting by physical inability to report or to cause others to report) shall be presumed to have voluntarily quit;
- after absence for medical reasons without pay or sick leave benefits for more than twenty-four (24) months as provided in 5.08.

This clause shall be interpreted in a manner consistent with the Ontario Human Rights Code.

PROBATION

5.10 A probationary Nurse shall be subject to a probationary period of ninety (90) days worked from the date of hiring for full-time Employees (or nine (9) calendar months of active employment in the case of a part-time Employee).

Where the Employer requests an extension of the probationary period, it will provide notice to the Union at least seven (7) calendar days prior to the expected date of expiration of the initial probationary period. It is understood and agreed that any extension to the probationary period will not exceed an additional forty (40) days worked and, where requested, the Employer will advise the nurse and the Union of the basis of such extension with recommendations for the nurse's professional development.

The Employer does not have the right to terminate a probationary Nurse because the Nurse has exercised his/her rights under the Collective Agreement or the Ontario Labour Relations Act, and for reasons that are arbitrary, in bad faith or contrary to the provisions of any provincial statute. The Employer will advise the Employee, and the Union, in writing, of the Nurse's status with respect to his/her performance within completion of sixty (60) days worked.

- 5.11 On completion of the probationary period the Nurse's name shall be placed on the seniority list and the seniority shall date from the date of commencement of employment as a full-time or regular part-time Nurse.

TRANSFER/JOB POSTING

- 5.12 In cases where performance, ability and qualifications are approximately equal, seniority shall be the deciding factor with regard to filling of a vacancy. A vacancy shall include transfer, job postings or positions which occur as a result of a program reorganization.

- 5.13 Prior to filling any vacancy covered by this Agreement, the Divisional Director shall ensure that a posting of the vacancy is sent electronically to the ONA mail group, for a minimum of six (6) working days in order that all staff will know that the position is open and be able to make written application to Human Resources. Such posting will indicate the primary office location (i.e., Windsor or specific satellite office). This does not preclude the transfer by mutual agreement, based on seniority, of a Nurse from a program to another office in the same program without an additional posting. In the event there is no agreement, the Employer has the right to transfer the junior Employee.

The successful applicant shall be notified within ten (10) days of the final interview. If a position has been posted and is not filled internally or externally for 90 days for whatever reason, it must be reposted again internally prior to filling the vacancy.

- (a) All applicants may attend an information meeting with the appropriate Divisional Director or his/her Designate to clarify the duties of the position and any other factors related to the job not fully detailed in the job posting.
- (b) The successful applicant may attend an information meeting with the Manager and Human Resources to clarify the duties of the position and any other factors related to the job not fully detailed in the job posting.

Nurses hired under Article 4.03(b) may not make application for posted vacancies during the contract period except at the discretion of the employer and following a successful probationary period. Contract nurses will be considered as external applicants for all postings.

- (c) An employee who exercises their seniority on a job pursuant to Article 5 will not be entitled to utilize seniority to deprive a junior employee of previously approved vacation. Vacation approved prior to the job posting will not be approved in the new position if coverage during this period will decline below 50% (or 25% if the Department has three (3) ONA employees).

5.14 Notwithstanding the above, where a reorganization of any or all current programs takes place, the following communication will occur:

- (a) A letter indicating the reasons for the reorganization and; the services the Health Unit will undertake after the reorganization and; the number and names of the Nurses affected by the reorganization;
- (b) The Union will be provided with copies of any new job descriptions for the program positions;
- (c) New positions will be posted for six (6) days. The successful applicant will be notified within ten (10) days of the final interview.

5.15 A Nurse who is appointed to another position involving a different type of work shall be subject to a confirmation period of twenty (20) days worked by the Nurse, at the end of which time the Employer shall either confirm the Nurse in the new position or shall return her to her former position without loss of seniority. The Employer, at its discretion, may reduce the confirmation period. Such Nurse shall be entitled to return to her former position at any time during such twenty (20) day period and without loss of seniority. If the Nurse returns to her former position, the applicant with the next highest seniority will be offered the position if performance, ability and qualifications are approximately equal with the other applicants. If there are no other candidates, the external recruitment process will be initiated.

The Nurse filling the former vacancy will not be confirmed in such position until the former Nurse in that position has relinquished her right to return to the said position either by so advising or by the passing of the twenty (20) days, whichever happens first.

A Nurse selected as a result of a posted vacancy need not be considered for a further vacancy for a period of up to nine (9) months from the date of her/his moving into the position.

Contract Nurses will only be allowed to post into another contract vacancy during the last thirty (30) working days of their contract at the employer's discretion. A full time Nurse may only post into a contract position of nine (9) months and for the length of the posted vacancy subject to her/his right to return to her/his former position within the confirmation period.

5.16 A Nurse shall not be transferred permanently from the Windsor office to a satellite office, or vice versa, except by mutual consent. However, this shall not interfere with the Board's right to open or close satellite offices, in such case, to make permanent transfers. In the event there are no applicants for such position, or there is not a successful applicant to the posting, the Employer has the right to transfer the junior Employee.

- 5.17 Prior to the Employer hiring a Contract Nurse as defined in Article 4, the Employer will first post the position in accordance with Article 5.13 of the Collective Agreement. The successful applicant will be advised of the termination date of the position and will be afforded all rights under the Collective Agreement. Upon mutual agreement, the position may be extended for a specified period. At the completion of the term of replacement, the Nurse will be reinstated to his/her former position. The Employer shall only be required to post one (1) additional vacancy after the initial posting for the original temporary vacancy.

LAYOFF

- 5.18 Where the Employer reduces staff, probationary Nurses and Contract Nurses shall be laid off first and then Nurses shall be laid off in inverse order of seniority at the time of the layoff, provided the remaining Nurses have the qualifications to perform the available work.

Nurses choosing to exercise seniority in order to displace a less senior Nurse shall within five (5) working days of receiving notice of layoff, notify Human Resources in writing of their intent to displace the least senior nurse within a department and by location.

Nurses shall be recalled in reverse order of layoff, provided the Nurse has the qualifications to perform the available work.

- 5.19 Notice of layoff shall be in accordance with the provisions of the Employment Standards Act.

- 5.20 In the event of a proposed layoff of a permanent or long term nature, the Employer will:

- (a) provide the Bargaining Unit President and the Labour Relations Officer with no less than sixty (60) days' notice of such layoff; and
- (b) meet with the Local Association through the Nurse-Management Committee to review the following:
 - i) the reasons causing the layoff;
 - ii) the method of implementation, including the areas of cutback and the Nurses affected.

RECALL

- 5.21 When recalling a Nurse after layoff, the Nurse shall be notified by registered mail and allowed ten (10) working days to report for work. In the meantime, if a Nurse is recalled and is not immediately available for work, the Employer may, at its option, recall junior Nurses in order of seniority until the senior Nurse reports for work within the ten (10) working day period as outlined.
- 5.22 A Nurse to whom a registered letter is sent in accordance with Article 5.20 must contact the Employer within seven (7) working days of the receipt of the notice of return to work if the Nurse wishes the Employer to hold the job open.
- 5.23 It shall be the Nurse's responsibility to keep the Employer notified as to any change of her address or telephone number so that they will be up to date at all times.

ARTICLE 6 – SALARIES AND PROFESSIONAL CLASSIFICATIONS

- 6.01 Salaries and professional classifications are set forth in Schedule A and remain in effect for the duration of this Agreement.
- 6.02 When the job duties of a position covered by this Agreement are proposed to be changed, the changes will be discussed with the Union and bargaining unit President prior to effecting the change. When a new position appropriately covered by this Agreement is established the salary shall be negotiated; if the parties are unable to agree, such dispute may be submitted to arbitration. The salary shall be retroactive to the date the position was first established, provided the new duties have been carried out in the interim period.

ARTICLE 7 – HOLIDAYS

- 7.01 (a) The following shall be recognized as holidays to be paid at regular salaries to Nurses in receipt of wages or sick leave credits:

- (b) If a holiday listed above is proclaimed on the day other than the calendar day, the proclaimed day will be recognized as the holiday. Any other day proclaimed as a holiday by Federal or Provincial government shall be recognized as an additional holiday.
- (c) If a holiday set out in 7.01(a) shall fall on a Saturday or Sunday, the holiday shall be granted on the previous Friday or the following Monday, at the discretion of the Chief Executive Officer.
- (d) An Employee shall not be paid, or receive time off in lieu thereof, for any of the holidays set out in 7.01(a) if he or she is absent without pay on either her or his scheduled working day immediately preceding or immediately succeeding any such holiday. The term absent without pay in the foregoing

sentence shall not include absence with leave for a period of less than five (5) consecutive days.

- 7.02 Full-time Nurses shall be entitled to be paid at their regular salary rate for the above-mentioned holidays.
- 7.03 (a) Regular part-time Nurses shall be entitled to the above holidays when such holidays fall during their regular work week and shall be entitled to holiday pay on a prorata basis for a holiday which occurs during a week when such Nurse works the pre-determined work schedule as a regular part-time Nurse.

If requests for the same period are received by the employer, seniority will govern. Requests will be approved by November 30th of each year. If a requested vacation is denied such denial will be put in writing to the Nurse by no later than November 30th of each year.

After November 30th in each year, other requests for vacations must be received at least four (4) weeks prior to the requested vacation period. Requests made with less than four (4) weeks' notice will not be unreasonably denied. Requests will be approved within fourteen (14) days of receipt. - 8.05 In the case of a Nurse who is probationary at the 31st of December and subsequently completes probation and becomes a full-time Nurse, the vacation entitlement for the period to December 31st shall be taken within ninety (90) days of becoming a non-probationary full-time Nurse.

Where a Nurse's scheduled vacation is interrupted due to serious injury or illness, that period of incapacitation shall also be considered sick leave.

The Nurse shall be entitled to reschedule her vacation at a later time, subject to the discretion and approval of the Employer.

8.09 Vacation and Holiday coverage can vary from 25% to 50% depending on the program requirements.

ARTICLE 9 – SICK LEAVE

9.01 All full-time employees will be credited on January 1 of each year with 12 sick leave days (at 100%) for use in the calendar year. These sick days credited after January 1, 2012, do not accumulate from year to year.

9.02 Regular part-time Nurses will accumulate sick leave credit on a prorata basis of one day for each month of service from date of employment.

9.03 Sick leave means absence from regular attendance by reason of sickness or other physical incapacity. In the event of illness of a school child or preschool child of the nurse, requiring her presence, the nurse shall be entitled to use her sick leave credit or take leave of absence without pay.

School age children shall be defined as all children within the grades of kindergarten to grade 8. However, this will also extend to children through Grade 12 and spouse, parent or parent in-law when the individual is hospitalized or receiving medical treatment. Usage under the above provision will be capped at six (6) days.

9.04 A full-time Nurse on sick leave shall receive pay at regular rate until sick leave credits are exhausted. A regular part-time Nurse on sick leave shall receive prorated pay based on her usual work period until sick leave credits are exhausted.

9.05 Sick leave credits will accrue while a Nurse is on sick leave and until sick leave credits are exhausted.

9.06 At least five (5) days before sick leave credits are exhausted a Nurse who is not able to return to regular employment because of continuing illness or other physical disability, may apply in writing to the Medical Officer of Health for a leave of absence without pay for a specified period. Such application shall be accompanied by an appropriate medical certificate. A Nurse who has not returned to regular employment nor applied for leave of absence as herein set out shall, when sick leave credits are exhausted be deemed to have voluntarily quit employment and shall be entitled to no further employment or employment benefits except termination benefits, if any.

9.07 Sick leave credits will not accrue in any month where a Nurse has been absent without leave or has been absent with leave, but without pay, for more than six working days or, in the case of a new Employee, a hiring after the 6th working day of the calendar month.

9.08 When leaving the employ of the Employer for any reason the Nurse shall be entitled to be paid in cash one half (½) of the accumulated sick leave credit at current salary rate up to a maximum of six months' salary, after two (2) years' service (leave of absence without pay excepted) from date of commencement of probationary employment. In the alternative, the said half of the said accumulated sick leave may be paid to another agency employing the said Nurse and which has agreed to receive the said monies on account of an accumulated illness allowance.

9.09 A Nurse shall be granted up to four (4) weeks leave with pay for the palliative care of a member of the Nurse's family upon receipt of a note from the family member's attending physician. Palliative is defined as "end of life". Family is defined as mother, father, spouse (including common-law spouse), child, or stepchild, grandparent, mother-in-law, father-in-law, sister, brother, and grandchild.

The payment for such leave will be drawn from the Nurse's accumulated sick leave bank. In the event that the Nurse does not have the requisite hours available in her sick leave bank, she will have the option of taking the difference between the time available in her sick bank and the time requested off for the palliative leave as time off without pay. A Nurse shall notify the Employer in writing as far in advance as possible of the commencement date of such leave.

The above leave is in addition to any absence available under the Employment Standards Act including but not limited to Family Care Giver Leave, Family Medical Leave, or Critically Ill Child Care Leave.

9.10 An Employee shall report his or her illness to the Manager or Designate during the first day on which such Employee is absent from work and within one-half (½) hour of the time at which the Employee would normally commence duties. Each subsequent continuous day of absence shall be reported to the Manager or Designate by the time at which the Employee would normally commence duties, unless otherwise reported to the Manager or Designate.

9.11 SHORT TERM DISABILITY PLAN

All employees with two (2) or more years of service as of December 31, 2012 will have their accumulated sick leave days eligible for payout pursuant to Article 9.08 of the collective agreement frozen. These days will henceforth be known as "banked sick leave days."

All banked sick leave days may be used in the following circumstances and will be deducted from the banked days total:

- to reach the start of the STD program if an insufficient number of sick leave days remain.
- to top up STD payment to 100%.
- to be used as vacation days, up to five (5) additional vacation days in any calendar year, upon approval of the Manager of the department. Each one (1) day of vacation taken shall reduce the sick bank by two (2) days.

If used in this manner, these days will be paid out at the applicable rate of pay at that time.

Upon cessation of employment, employees with more than 2 years of service on December 31, 2012, will be entitled to a payout equal to 50% of the value of the

number of days in the employee's bank. These days will be paid out at 50% of their value as at December 31, 2012, regardless of when they are paid out.

This allowance will be paid by direct deposit.

10.03 The agreement for such casual use on one or more occasions shall not create any future obligation on the Employee to subsequently use her own automobile for such casual use, and every such use shall be on an individual basis.

10.04 Each Nurse who is regularly required to use public transportation in her duties shall be entitled to reimbursement for the amount expended for such public transportation. In addition, a Nurse who incurs expenses for parking while on Health Unit business, will be reimbursed. Receipts will be submitted where available.

 - (i) the travel time from the Nurse's home or regular office to the first call, whichever is less.
 - (ii) For the last call:
 - (i) the travel time to the Nurse's residence or regular office, whichever is less.

LETTER OF UNDERSTANDING

B E T W E E N:

WINDSOR-ESSEX COUNTY HEALTH UNIT

(Hereinafter referred to as "the Employer")

A N D:

ONTARIO NURSES' ASSOCIATION

(Hereinafter referred to as "the Union")

RE: PREGNANCY/PARENTAL/ADOPTION LEAVE

During collective bargaining negotiations, the parties agreed that the Employer would provide supplemental employment benefits (the "Supplemental Employment Benefits"), as described in Article 12.03 of the collective agreement between the parties, dated April 4, 2016 (the "Collective Agreement").

The Collective Agreement provides that the Employer shall provide Supplemental Employment Benefits to an employee (on the completion of the two-week Employment Insurance waiting period and submission of the requisite proof that the employee is in receipt of Employment Insurance benefits), and continue same for such time as the employee is in receipt of said Employment Insurance benefits.

In December 2017, amendments to the *Employment Standards Act, 2000* and the *Employment Insurance Act* (the "Acts") came into force which provide for, among other things, the option for employees to elect to take an extended pregnancy/parental/adoption leave for an additional 26 weeks. Any language contained within the Collective Agreement that is inconsistent with the Employer's requirements as prescribed by the Acts (as amended) is hereby amended to effect compliance with same.

The parties confirm and acknowledge that the intention of the language relating to Supplemental Employment Benefits contained within the Collective Agreement was to provide employees with Supplemental Employment Benefits, up to the maximum (material) time periods as prescribed by the Acts as they existed on April 4, 2016. For greater certainty, should an employee elect to take an additional 26 weeks of leave permitted by the Acts, as amended (the "Additional Leave"), it is understood and acknowledged that the Additional Leave will not be subject to the provision of Supplemental Employment Benefits by the Employer.

The parties confirm and acknowledge that the calculation of Supplemental Employment Benefits was negotiated in the context of an employee receiving Employment Insurance benefits equal to 55% of his or her weekly insurable earnings (the "Assumed Earnings"). The parties agree and acknowledge that in the case where an employee receives Employment Insurance benefits but said benefits amount to less than 55% of his or her weekly insurable earnings, the Employer shall be entitled to calculate the amount of Supplemental Employment Benefits as if he or she was in receipt of the Assumed Earnings.

RE: JOB POSTING #50 – CERTIFICATION IN INFECTION CONTROL (CIC)

This letter is to establish an agreement between ONA and the employer Windsor-Essex County Health Unit (WECHU). This agreement shall cover only the nurse posting into Posting #50 – PHN-ICP - IDP – Windsor and will be effective from the date of signing.

This agreement pertains specifically to the qualification outlined in the above mentioned job posting which states a requirement for: *certification in Infection Control (CIC), or a commitment to obtaining CIC within two (2) years of beginning employment.* WECHU recognizes the value of CIC to the PHN-ICP role as well as the financial obligation that would be required of the nurse to obtain this certification. As a result, WECHU is prepared to provide additional financial support in order to ensure that certification is obtained within the timeframe indicated. Please note, this financial support is deemed to be in addition to any Professional Development (PD) monies regularly provided to the nurse.

WECHU agrees to purchase the essential items for CIC including certification, webinars and study guide for the approximate cost of \$720. Other related resources may be purchased through the department budget and would not be attributed directly to the nurse WECHU also agrees to two (2) hours per week during regular business hours for a period of three (3) months prior to the exam to prepare for the certification examination.

Where the nurse does not satisfactorily obtain certification within the timeframe indicated the nurse agrees to reimburse WECHU, in full, for all monies used to purchase the essential items for CIC. If, within two (2) years of the certification completion date, the nurse voluntarily resigns from WECHU or voluntarily transfer into another role where CIC is not required the nurse agrees to reimburse WECHU for the monies used to obtain the essential items for CIC on a pro-rated bases, based on the number of months remaining on the nurses' two (2) years of service of commitment, eg. if the nurse leaves the position in the fourth (4th) month of her commitment the nurse will be required to repay employer 20/24th, i.e., 5/6th of \$720.
